II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is proposing to modify NASD Rule 4704(d)(1) which governs the dissemination of the Order Imbalance Indicator prior to the Nasdaq Opening Cross. NASD Rule 4704(d)(1) currently provides that Nasdaq will disseminate the Order Imbalance Indicator every 15 seconds beginning at 9:28 a.m. and every 5 seconds beginning at 9:29 a.m. until market open. The Order Imbalance Indicator informs market participants about the expected outcome of the Nasdaq Opening Cross and enables them to determine how to participate in it.

Nasdaq has determined that disseminating the Order Imbalance Indicator beginning at 9:25 a.m. would enhance market transparency and encourage increased order interaction during the Nasdaq Opening Cross. Currently, Nasdaq's system opens all quotes and orders at 9:25 a.m. but there is no dissemination of information regarding the status of the market until 9:28 a.m. Nasdaq believes that disseminating the Order Imbalance Indicator at 9:25 a.m. would permit market participants to make earlier and better informed decisions about how they will participate in the Nasdaq Opening Cross

which would, in turn, improve the fair and orderly opening of the market. There would be no changes in the entry, display, processing, or execution of individual orders.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 15A of the Act,⁶ in general, and with Section 15A(b)(6) of the Act,⁷ in particular, in that Section 15A(b)(6) requires that the NASD's rules be designed to protect investors and the public interest. Nasdaq believes that its current proposal is consistent with the NASD's obligations under these provisions of the Act because it would result in a more orderly opening for all Nasdaq stocks. The proposed rule change would create a fair, orderly, and unified opening for Nasdaq stocks, prevent the occurrence of locked and crossed markets in halted securities, and preserve price discovery and transparency that is vital to an effective opening of trading.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change would result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Nasdaq neither solicited nor received written comments with respect to the proposed rule change.

⁶ 15 U.S.C. 78o-3.

⁷ 15 U.S.C. 78o-3(b)(6).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

(i) significantly affect the protection of investors or the public interest;

(ii) impose any significant burden on competition; and

(iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ Nasdaq has requested that the Commission waive the 30-day operative delay for “non-controversial” proposals, based upon a representation that the proposal is of the utmost importance to the fair and orderly operation of The Nasdaq Stock Market during the pre-opening trading period. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow Nasdaq to begin disseminating the Order Imbalance Indicator at the earlier 9:25 a.m. time immediately, thereby providing increased information and greater transparency to the market. For this reason, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁰

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). The Commission notes that Nasdaq provided written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change at least five business days prior to the date of filing of the proposed rule change.

¹⁰ For purposes only of waiving the 30-day operative delay of the proposed rule change, the Commission considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
