Principal – Registered Options (Series 4) examination program.⁵ The proposed revisions update the material to reflect changes to the laws, rules, and regulations covered by the examination, as well as modify the content of the examination program to track more closely the functional workflow of a Series 4 limited principal. NASD is not proposing any textual changes to the By-Laws, Schedules to the By-Laws, or Rules of NASD. The revisions that NASD is submitting with this filing supersede all prior revisions to the Series 4 examination program submitted by NASD.

The revised study outline is available on NASD’s Web site (<http://www.nasd.com>), at NASD, and at the Commission.⁶ However, NASD has omitted the Series 4 selection specifications from this filing and has submitted the specifications under separate cover to the Commission with a request for confidential treatment pursuant to Rule 24b-2 under the Act.⁷

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, NASD included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV

⁵ NASD also is proposing corresponding revisions to the Series 4 question bank, but based upon instruction from the Commission staff, NASD is submitting SR-NASD-2005-109 for immediate effectiveness pursuant to Section 19(b)(3)(A)(i) of the Act and Rule 19b-4(f)(1) thereunder, and is not filing the question bank for Commission review. See letter to Alden S. below. NASD has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Pursuant to Section 15A(g)(3) of the Act,⁸ which requires NASD to prescribe standards of training, experience, and competence for persons associated with NASD members, NASD has developed examinations, and administers examinations developed by other self-regulatory organizations (“SROs”), that are designed to establish that persons associated with NASD members have attained specified levels of competence and knowledge. NASD periodically reviews the content of the examinations to determine whether revisions are necessary or appropriate in view of changes pertaining to the subject matter covered by the examinations.

NASD Rule 1022(f) states that member firms engaged in, or intending to engage in, transactions in security futures or put or call options with the public must have at least one Registered Options and Security Futures Principal. In addition, every individual engaged in the management of the day-to-day options or security futures activities of a firm must be registered as a Registered Options and Security Futures Principal. The Series 4 examination, an industry-wide examination, qualifies an individual to function as a Registered Options and Security Futures Principal, but only for purposes of supervising a member firm’s options activities.⁹ The

⁸ 15 U.S.C. 78o-3(g)(3).

⁹ A Registered Options and Security Futures Principal also must complete a firm-element continuing education program that addresses security futures and a principal’s responsibilities for security futures before such person can supervise security futures activities.

Series 4 examination tests a candidate's knowledge of options trading generally, the industry rules applicable to trading of option contracts, and the rules of registered clearing agencies for options. The Series 4 examination covers, among other things, equity options, foreign currency options, index options, and options on government and mortgage-backed securities.

The Series 4 examination program is shared by NASD and the following SROs: the American Stock Exchange LLC, the Chicago Board Options Exchange, Incorporated, the New York Stock Exchange, Inc., the Pacific Exchange, Inc., and the Philadelphia Stock Exchange, Inc.

A committee of industry representatives, together with the staff of NASD and the SROs, recently undertook a periodic review of the Series 4 examination program. As a result of this review and as part of an ongoing effort to align the examination more closely to the supervisory duties of a Series 4 limited principal, NASD is proposing to modify the content of the examination to track the functional workflow of a Series 4 limited principal. More specifically, NASD is proposing to revise the main section headings and the number of questions on each section of the Series 4 study outline as follows: Options Investment Strategies, decreased from 35 to 34 questions; Supervision of Sales Activities and Trading Practices, increased from 71 to 75 questions; and Supervision of Employees, Business Conduct, and Recordkeeping and Reporting Requirements, decreased from 19 to 16 questions. NASD is further proposing revisions to the study outline to reflect the SEC short sale requirements. The revised examination continues to cover the areas of knowledge required to supervise options activities.

NASD proposes these changes to the entire content of the Series 4 examination, including the selection specifications and question bank. The number of questions on the Series 4 examination will remain at 125, and candidates will continue to have three hours to complete

the exam. Also, each question will continue to count one point, and each candidate must correctly answer 70 percent of the questions to receive a passing grade.

On February 9, 2005, NASD filed with the SEC for immediate effectiveness similar revisions to the Series 4 examination program.¹⁰ NASD originally proposed to implement the Series 4 examination program revisions no later than April 29, 2005. However, due to administrative issues, NASD delayed until no later than November 30, 2005 the implementation date of the revisions.¹¹ In the interim, the SROs that share the Series 4 examination program recommended additional revisions to the examination program. These additional revisions are reflected in the examination material that NASD is submitting with this filing. NASD understands that the other SROs also will file with the Commission similar proposed rule changes reflecting the revisions to the Series 4 examination program. NASD continues to propose to implement the revised Series 4 examination program no later than November 30, 2005.

2. Statutory Basis

NASD believes that the proposed revisions to the Series 4 examination program are consistent with the provisions of Sections 15A(b)(6)¹² and 15A(g)(3) of the Act,¹³ which authorize NASD to prescribe standards of training, experience, and competence for persons

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

NASD proposes to implement the revised Series 4 examination program no later than November 30, 2005. NASD will announce the implementation date in a Notice to Members to be published no later than 60 days after Notice of this filing.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
