products covered by this filing shall be \$0.15 and \$0.03 per contract, respectively, for all Public Customer Orders¹² and Firm Proprietary orders. The amount of the execution fee and comparison fee for all ISE Market Maker transactions shall be equal to the execution fee and comparison fee currently charged by the Exchange for ISE Market Maker transactions in equity options.¹³ Finally, the amount of the execution fee and comparison fee for all non-ISE Market Maker transactions shall be \$0.16 and \$0.03 per contract, respectively. All of the applicable fees covered by this filing are identical to fees charged by the Exchange for all other Premium Products. The Exchange believes the proposed rule change will further the Exchange's goal of introducing new products to the marketplace that are competitively priced.

Additionally, the Exchange has entered into a license agreement with the Frank Russell Company and Standard & Poor's in connection with the listing and trading of options on IWB, IWD and XLV, XLU, and XLK, as applicable. As with certain other licensed options, the Exchange proposes to adopt a fee of ten (10) cents per contract for trading in these options to defray the licensing costs. The Exchange believes charging the participants that trade these products is the most equitable means of recovering the costs of the licenses. However, because of competitive pressures in the industry, the Exchange proposes to exclude Public Customer Orders from this surcharge fee. Accordingly, this surcharge fee will only be charged to Exchange members with respect to non-Public Customer Orders (e.g., ISE Market Maker, non-

The execution fee is currently between \$.21 and \$.12 per contract side, depending on the Exchange Average Daily Volume, and the comparison fee is currently \$.03 per contract side.
