Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Fees for Certain Orders Executed on the Exchange

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Exchange Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on October 28, 2011, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to amend transaction fees for certain orders executed on the Exchange. The text of the proposed rule change is available on the Exchange’s website (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange currently assesses a per contract transaction charge to market participants that add or remove liquidity from the Exchange (“maker/taker fees”) in a number of options classes (the “Select Symbols”).³ For removing liquidity in the Select Symbols, the Exchange currently charges a “take” fee of: (i) \$0.26 per contract for Market Maker⁴ and Market Maker Plus orders,⁵ and (ii) \$0.28 per contract for Firm Proprietary and Customer (Professional)⁶ orders. The Exchange now proposes to increase the “take” fee for Market Maker and Market

³ Options classes subject to maker/taker fees are identified by their ticker symbol on the Exchange's Schedule of Fees.

⁴ The term “Market Makers” refers to “Competitive Market Makers” and “Primary Market Makers” collectively. See ISE Rule 100(a)(25).

⁵ A Market Maker Plus is an ISE Market Maker who is on the National Best Bid or National Best Offer 80% of the time for series trading between \$0.03 and \$5.00 (for options whose underlying stock's previous trading day's last sale price was less than or equal to \$100) and between \$0.10 and \$5.00 (for options whose underlying stock's previous trading day's last sale price was greater than \$100) in premium in each of the front two expiration months and 80% of the time for series trading between \$0.03 and \$5.00 (for options whose underlying stock's previous trading day's last sale price was less than or equal to \$100) and between \$0.10 and \$5.00 (for options whose underlying stock's previous trading day's last sale price was greater than \$100) in premium across all expiration months in order to receive the rebate. The Exchange determines whether a Market Maker qualifies as a Market Maker Plus at the end of each month by looking back at each Market Maker's quoting statistics during that month. If at the end of the month, a Market Maker meets the Exchange's stated criteria, the Exchange rebates \$0.10 per contract for transactions executed by that Market Maker during that month. The Exchange provides Market Makers a report on a daily basis with quoting statistics so that Market Makers can determine whether or not they are meeting the Exchange's stated criteria.

⁶ A Customer (Professional) is a person who is not a broker/dealer and is not a Priority Customer.

Maker Plus orders in the Select Symbols from \$0.26 per contract to \$0.28 per contract, and for Firm Proprietary and Customer (Professional) orders in the Select Symbols from \$0.28 per contract to \$0.29 per contract.

The Exchange has designated this proposal to be operative on November 1, 2011.

2. Statutory Basis

The Exchange believes that its proposal to amend its Schedule of Fees is consistent with Section 6(b) of the Securities and Exchange Act of 1934 (the “Act”)⁷ in general, and furthers the objectives of Section 6(b)(4) of the Act⁸ in particular, in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members and other persons using its facilities. The impact of the proposal upon the net fees paid by a particular market participant will depend on a number of variables, most important of which will be its propensity to add or remove liquidity in options overlying the Select Symbols.

The Exchange believes that its proposal to assess a \$0.28 per contract “take” fee for Market Maker and Market Maker Plus orders in the Select Symbols is reasonable and equitably allocated because the fee is within the range of fees assessed by other exchanges employing similar pricing schemes. For example, NASDAQ OMX PHLX, Inc. (“PHLX”) currently charges Specialists \$0.33 per contract for removing liquidity in symbols that are subject to that exchange’s maker/taker fees.⁹ Further, the proposed increase will bring this fee closer to the fee the Exchange currently charges to other market participants that employ a similar trading strategy. The Exchange also notes that with this proposed rule change, the fee charged to Market

⁹ See PHLX Fee Schedule at <http://www.nasdaqtrader.com/content/marketregulation/membership/phlx/feesched.pdf>.

Maker and Market Maker Plus orders will remain lower than the fee currently charged by the Exchange to certain other market participants.

The Exchange also believes that its proposal to assess a \$0.29 per contract “take” fee for Firm Proprietary and Customer (Professional) orders in the Select Symbols is reasonable and equitably allocated because the fee is also within the range of fees assessed by other exchanges employing similar pricing schemes. By comparison, the proposed fees assessed to Firm Proprietary and Customer (Professional) orders are lower than the rates assessed by PHLX for similar orders. PHLX currently charges a “take” fee of \$0.45 for Firm and Broker-Dealer orders and \$0.40 for Professional orders in its regular order book.¹⁰

The Exchange believes that the price differentiation between the various market participants is justified because Market Makers have obligations to the market that the other market participants do not. The Exchange believes that it is equitable to assess a higher fee to market participants that do not have the quoting requirements that Exchange Market Makers do. Moreover, the Exchange believes that the proposed fees are fair, equitable and not unfairly discriminatory because the proposed fees are consistent with price differentiation that exists today at other options exchanges. Additionally, the Exchange believes it remains an attractive venue for market participants to direct their order flow in the Select Symbols as its fees are competitive with those charged by other exchanges for similar trading strategies. The Exchange operates in a highly competitive market in which market participants can readily direct order flow to another exchange if they deem fee levels at a particular exchange to be excessive. For the reasons noted above, the Exchange believes that the proposed fees are fair, equitable and not unfairly discriminatory.
