II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 6.3C to exclude all rights and warrants from the single stock circuit breaker under the rule. The Commission approved Rule 6.3C on a pilot basis on June 10, 2010 to provide for trading pauses in individual securities due to extraordinary market volatility ("Trading Pause") in all securities included within the S&P 500® Index ("S&P 500") ("Pause Pilot").<sup>5</sup> The Exchange subsequently received approval to add to the Pause Pilot the securities included in the Russell 1000® Index ("Russell 1000") and a specified list of Exchange Traded Products ("ETPs").<sup>6</sup>

---

<sup>5</sup> The Commission approved the Pause Pilot for all equities exchanges and FINRA. See Securities Exchange Act Release No. 62252 (June 10, 2010), 75 FR 34186 (June 16, 2010) (File Nos. SR-BATS-2010-014; SR-EDGA-2010-01; SR-EDGX-2010-01; SR-BX-2010-037; SR-ISE-2010-48; SR-NYSE-2010-39; SR-NYSEAmex-2010-46; SR-NYSEArca-2010-41; SR-NASDAQ-2010-061; SR-CHX-2010-10; SR-NSX-2010-05; and SR-CBOE-2010-047) and Securities Exchange Act Release No. 62251 (June 10, 2010), 75 FR 34183 (June 16, 2010) (SR-FINRA-2010-025).

<sup>6</sup> The Commission approved the addition to the Pause Pilot of the securities included in the Russell 1000 and ETPs, where applicable, for all equities exchanges and FINRA. See Securities Exchange Act Release No. 62884 (September 10, 2010), 75 FR 56618 (September 16, 2010) (File Nos. On June 23, 2011, the Commission approved proposed rule changes to expand the Pause Pilot to include all remaining NMS stocks (“Phase III Securities”), which included rights and warrants.<sup>7</sup> Unlike the original Pause Pilot securities, amended Rule 6.3C applies wider percentage price moves to the Phase III Securities before a trading pause is triggered.<sup>8</sup> The changes to Rule 6.3C became effective on August 8, 2011.<sup>9</sup>

Analysis of the nature of the trading pauses triggered since adoption of the Pause Pilot notes that over 25% of such pauses have occurred in rights and warrants. Further, there has been a significant increase in trading pauses involving rights and warrants since the implementation of the Phase III Securities, with such pauses representing approximately 52% [sic] all trading pauses occurring through the end of August 2011. Rights and warrants trade on equity exchanges, but are closely related to call options. Rights and warrants entitle owners to purchase shares of stock at predetermined prices subject to various timing and other conditions. Like options, the price of rights and warrants are affected by the price of the underlying stock as well

NYSEArca-2010-61; and SR-NSX-2010-08 and Securities Exchange Act Release No. 62883 (September 10, 2010), 75 FR 56608 (September 16, 2010) (SR-FINRA-2010-033). The Pause Pilot, which was originally set to expire on December 10, 2010, has been extended and is currently set to expire on January 31, 2012. See Securities Exchange Act Release Nos. 63502 (December 9, 2010), 75 FR 78306 (December 15, 2010) (SR-CBOE-2010-112) (extension of Pilot through April 11, 2011); 64194 (April 5, 2011), 76 FR 20389 (April 12, 2011)(SR-CBOE-2011-031)(extension of Pilot through the earlier of August 11, 2011 or the date on which a limit up-limit down mechanism to address extraordinary market volatility, if adopted, applies to the pilot stocks) and 65070 (August 9, 2011), 76 FR 50516 (August 15, 2011)(SR-CBOE-2011-076)..

<sup>7</sup> See Securities Exchange Act Release No. 64735 (June 23, 2011), 76 FR 38243 (June 29, 2011) (SR-NASDAQ-2011-067, et al.).

<sup>8</sup> Under amended Rule 6.3C, a pause is triggered by a 30% or more price move in a Phase III Security priced at \$1 or higher, and by a 50% or more price move to such a security priced less than \$1. The price of a security is based on the closing price on the previous trading day, or, if no closing price exists, the last sale reported to the Consolidated Tape on the previous trading day.

<sup>9</sup> The Exchange notes that CBSX is not currently the primary listing market for any stocks, and thus, will not be issuing any trading pauses pursuant to its rules.

as other factors, particularly the volatility of the stock. As a consequence, the prices of rights and warrants may move more dramatically than the prices of the underlying stocks even when the rights and warrants (and the underlying stock) are trading in an orderly manner. This difference in trading behavior may result in a scenario whereby the rights and warrants trigger the circuit breaker under Rule 6.3C and are subject to a trading pause, even while the underlying stock continues to trade. This can be particularly true of rights and warrants that have low prices. Accordingly, the Exchange is proposing to exclude rights and warrants from the trading pause under Rule 6.3C.

Finally, the Exchange is proposing a conforming amendment to Rule 6.3.06, which pertains to trading halts on CBOE. In relevant part, Rule 6.3.06 currently provides that, if the primary listing market issues an individual stock trading pause in an underlying NMS stock, then CBOE will halt trading in the options on that stock until trading has resumed in the stock. Given the proposed exclusion of rights and warrants from the Pause Pilot, the Exchange is proposing to replace a reference in Rule 6.2.06 to “an underlying NMS stock” with a conforming reference to “an underlying eligible NMS stock” and to define the term “eligible NMS stocks” to mean NMS stocks, other than rights and warrants.

## 2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,<sup>10</sup> in general, and furthers the objectives of Section 6(b)(5),<sup>11</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market

<sup>11</sup> 15 U.S.C. 78f(b)(5).

and a national market system. The proposed rule change also is designed to support the principles of Section 11A(a)(1)<sup>12</sup> of the Act in that it seeks to ensure fair competition among brokers and dealers and among exchange markets. The Exchange believes that the proposed rule meets these requirements because it excludes certain securities from Rule 6.3C's coverage that are prone to triggering pauses because of their unique characteristics. These securities are unique in that they may move more dramatically than the prices of the underlying stocks to which they are related even when both securities are trading in an orderly manner. As such, the securities that are subject to this proposal may trigger the circuit breaker under Rule 6.3C and be subject to a trading pause, even while the underlying security continues to trade. Although there is little benefit in pausing trading in these securities, such pauses sequester regulatory resources that are better applied to the review of trading pauses in other securities that have a greater impact on the national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposal.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>13</sup> and Rule 19b-4(f)(6) thereunder.<sup>14</sup> Because the proposed rule change does not: (i)

significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>15</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>16</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>17</sup> normally does not become operative for 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii)<sup>18</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. Including rights and warrants in the pilot program which may trigger a circuit breaker and be subject to a trading pause, even while the underlying security continues to trade, provides little benefit and has the potential to create confusion among investors. Excluding rights and warrants from the pilot program should minimize investor confusion that could result from temporary trading pauses in these securities. For this reason, the Commission designates the proposed rule change as operative upon the date of this Notice.<sup>19</sup>

<sup>15</sup> 15 U.S.C. 78s(b)(3)(A).

<sup>16</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

<sup>17</sup> 17 CFR 240.19b-4(f)(6).

<sup>18</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>19</sup> For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
