II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ proposes to modify Rule 7050 governing fees assessed for option orders entered into NOM but routed to and executed on away markets ("Routing Fees"). Specifically, NASDAQ is proposing to amend its Customer and Professional Routing Fees for orders routed to the BATS Exchange, Inc. ("BATS").

The Exchange currently assesses the following Routing Fees to route orders to BATS: a Customer is assessed \$0.36 per contract; a Firm is assessed \$0.55 per contract; a Market Maker is assessed \$0.55 per contract; and a Professional is assessed \$0.48 per contract. The Exchange proposes to amend the Customer and Professional Routing Fees to BATS to \$0.50 per contract. The other BATS Routing Fees for Firms and Market Makers would remain the same. Recently,

BATS announced that it would amend its customer and professional fees to remove liquidity to \$0.44 per contract on January 3, 2012.³ The Exchange is proposing to amend its Customer and Professional Routing Fees to BATS to \$0.50 per contract to recoup this fee.

In addition, NASDAQ Options Services LLC (“NOS”), a member of the Exchange, is the Exchange’s exclusive order router. Each time NOS routes to away markets NOS is charged a \$0.06 clearing fee and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which are passed through to the Exchange. The Exchange is proposing this amendment in order to recoup clearing and transaction charges incurred by the Exchange when Customer and Professional orders are routed to BATS. The Exchange proposes to recoup the \$0.44 per contract customer and professional taker fee for option orders that are routed to BATS along with the \$0.06 clearing fee which is incurred by the Exchange, as explained herein.

As with all fees, the Exchange may adjust these Routing Fees in response to competitive conditions by filing a new proposed rule change.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,⁴ in general, and with Section 6(b)(4) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that this fee is reasonable because it seeks to recoup costs that are incurred by the Exchange when routing Customer and Professional orders to BATS on behalf of

its members. Each destination market's transaction charge varies and there is a standard clearing charge for each transaction incurred by the Exchange. The Exchange believes that the proposed Routing Fee would enable the Exchange to recover the customer and professional taker fees assessed by BATS, plus clearing fees for the execution of Customer and Professional orders. The Exchange also believes that the proposed Routing Fee is equitable and not unfairly discriminatory because it would be uniformly applied to all Customers and Professionals.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁶ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

⁶ 15 U.S.C. 78s(b)(3)(A)(ii).
