

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-71883; File No. SR-CBOE-2014-034)

April 7, 2014

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Market-Maker Appointment Adjustments

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 1, 2014 Chicago Board Options Exchange, Incorporated (the “Exchange” or “CBOE”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to add language to Rule 8.3 (Appointment of Market-Makers) to add clarity to when a Market-Maker must notify the Exchange of an appointment adjustment in advance of an upcoming tier rebalance. The text of the proposed rule change is available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, at the Commission’s Public Reference Room, and on the Commission’s website (<http://www.sec.gov>).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 8.3 regarding Market-Maker appointment cost rebalances and the resulting assignment of additional Trading Permits when necessary. Currently, Rule 8.3 provides that appointments to act as a Market-Maker "cost" different amounts for different classes (with no classes costing more than 1.0). Each Trading Permit held by a Market-Maker has an appointment credit of 1.0. The Exchange, on a quarterly basis, can rebalance the tiers into which different classes fall, which means that the Exchange can elect to move a class from one tier to another. As a result, the appointment costs for the corresponding classes could change.

The Exchange recently added to Rule 8.3(c)(iv) language stating that "If a Market-Maker with a VTC appointment holds a combination of appointments whose aggregate revised appointment cost is greater than the number of Trading Permits that Market-Maker holds, the Market-Maker will be assigned as many Trading Permits as necessary to ensure that the Market-Maker no longer holds a combination of appointments whose aggregate revised appointment cost is greater than the number of Trading Permits that Market-Maker holds."³ However, this proposed change can be read to give Market-Makers until 11:59 p.m. on the day before a rebalance takes effect to change their appointments in order to no longer hold a combination of

³ See Securities Exchange Act No. 71223 (January 2, 2014), 79 FR 1412 (January 8, 2014) (SR-CBOE-2013-109), which also stated that the Exchange shall announce rebalances via Regulatory Circular at least ten (10) business days before the rebalance takes effect.

appointments whose aggregate revised appointment cost is greater than the number of Trading Permits that Market-Maker holds. Under this reading, the Exchange's Registration Department may not be provided enough time to review and manage such changes. As such, the Exchange proposes to set a cutoff time of 3:30 p.m. Central Time to make such changes in order to provide the Exchange with the requisite time.⁴

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁵ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirement that the rules of an

⁴ Following the proposed change, the last sentence of Rule 8.3(c)(iv) would read:

“If, after 3:30 p.m. (Central Time) on the business day before a rebalance is to take effect, a Market-Maker with a VTC appointment holds a combination of appointments whose aggregate revised appointment cost is greater than the number of Trading Permits that Market-Maker holds, the Market-Maker will be assigned as many Trading Permits as necessary to ensure that the Market-Maker no longer holds a combination of appointments whose aggregate revised appointment cost is greater than the number of Trading Permits that Market-Maker holds.”

exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The proposed rule change will ensure that the Exchange's Registration Department will be provided enough time to review and manage appointment changes without imposing an unnecessary burden on Market-Makers (since they will still be provided with at least ten business days of notice prior to a rebalance taking effect), thereby removing impediments to and perfecting the mechanism of a free and open market and a national market system. The proposed change will apply to all Market-Makers (who are the only market participants who have class appointments).

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. CBOE does not believe that the proposed rule change will impose any burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because it will apply to all Market-Makers (who are the only market participants who have class appointments). CBOE does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the proposed rule change only applies to the Market-Maker appointment process on CBOE and is not intended for competitive purposes, but to streamline an Exchange process.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹ Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6) thereunder.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹¹ of the Act to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposal is consistent with the Act. Comments may be submitted by any of the following methods:
