

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-76232; File No. SR-ISE-2015-34)

October 22, 2015

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Limit Up-Limit Down Obvious Error Pilot

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 20, 2015, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission the proposed rule change, as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The ISE proposes to extend a pilot program under .01 of Supplementary Material to Rule 720 regarding obvious errors during Limit and Straddle States in securities that underlie options traded on the Exchange and proposes to further harmonize a related provision in its rulebook. The text of the proposed rule change is available on the Exchange’s website (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On April 5, 2013,³ the Commission approved a proposed rule change designed to address certain issues related to the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the "Limit Up-Limit Down Plan" or the "Plan").⁴ The rules adopted in that filing established a one year pilot program to exclude transactions executed during a Limit State⁵ or Straddle State⁶ from the obvious error provisions of Rule 720. On February 19, 2015, the Exchange filed to extend this pilot program to its current end date of October 23, 2015.⁷ The purpose of this filing is to extend the effectiveness of the pilot program to coincide with the proposed extension of the Limit Up-Limit Down Plan, including any

³ See Securities Exchange Act Release No. 69329 (April 5, 2013), 78 FR 21657 (April 11, 2014) (SR-ISE-2013-22) (Approval Order); 69110 (March 11, 2013) 78 FR 16726 (March 18, 2013) (SR-ISE-2013-22) (Notice of Filing).

⁴ See Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012) (the "Limit Up-Limit Down Release").

⁵ The term "Limit State" means the condition when the national best bid or national best offer for an underlying security equals an applicable price band, as determined by the primary listing exchange for the underlying security. See Rule 703A.

⁶ The term "Straddle State" means the condition when the national best bid or national best offer for an underlying security is non-executable, as determined by the primary listing exchange for the underlying security, but the security is not in a Limit State. See Rule 703A.

⁷ Securities Exchange Act Release No. 74335 (February 20, 2015), 80 FR 10549 (February 26, 2015) (SR-ISE-2015-07).

extensions to the pilot period for the Plan.⁸ The Exchange notes that nothing in .01 of Supplementary Material to Rule 720 prevents such execution from being reviewed on an Official's⁹ own motion pursuant to sub-paragraph (c)(3) of this Rule, or a bust or adjust pursuant to paragraphs (e) through (j) of this Rule.

The Exchange believes the benefits to market participants from this provision should continue on a pilot basis. The Exchange continues to believe that adding certainty to the execution of orders in Limit or Straddle States will encourage market participants to continue to provide liquidity to the Exchange, and, thus, promote a fair and orderly market during these periods. Barring this provision, the obvious error provisions of Rule 720 would likely apply in many instances during Limit and Straddle States. The Exchange believes that continuing the pilot will protect against any unanticipated consequences in the options markets during a Limit or Straddle State. Thus, the Exchange believes that the protections of current rule should continue while the industry gains further experience operating the Plan.

In connection with this proposed extension, each month the Exchange shall provide to the Commission, and the public, a dataset containing the data for each Straddle and Limit State in optionable stocks that had at least one trade on the Exchange. For each trade on the Exchange, the Exchange will provide (a) the stock symbol, option symbol, time at the start of the Straddle or Limit State, an indicator for whether it is a Straddle or Limit State, and (b) for the trades on the Exchange, the executed volume, time-weighted quoted bid-ask spread, time-weighted average quoted depth at the bid, time-weighted average quoted depth at the offer, high execution

⁸ Currently, the pilot period for the Plan is proposed to be extended to April 22, 2016. See Exchange Act Release No. 75917 (September 14, 2015), 80 FR 56515 (September 18, 2015) (Ninth Amendment to the Limit-Up Limit-Down Plan).

⁹ For purposes of Rule 720, an Official is an Officer of the Exchange or such other employee designee of the Exchange that is trained in the application of this Rule.

price, low execution price, number of trades for which a request for review for error was received during Straddle and Limit States, an indicator variable for whether those options outlined above have a price change exceeding 30% during the underlying stock's Limit or Straddle State compared to the last available option price as reported by OPRA before the start of the Limit or Straddle State (1 if observe 30% and 0 otherwise), and another indicator variable for whether the option price within five minutes of the underlying stock leaving the Limit or Straddle State (or halt if applicable) is 30% away from the price before the start of the Limit or Straddle State.

In addition, the Exchange will provide to the Commission, and the public, no later than five months prior to the pilot expiration, including any extension, assessments relating to the impact of the operation of the obvious error rules during Limit and Straddle States including: (1) an evaluation of the statistical and economic impact of Limit and Straddle States on liquidity and market quality in the options markets, and (2) an assessment of whether the lack of obvious error rules in effect during the Straddle and Limit States are problematic. This means that, if the Plan extension is approved, the next data assessment will be due no later than December 18, 2015.

Finally, the Exchange proposes to delete section (d) of Rule 703A to harmonize its rulebook. Earlier this year, the options exchanges harmonized their rules relating to the adjustment and nullification of erroneous options transactions as well as a specific provision related to coordination in connection with large-scale events involving erroneous options transactions.¹⁰ The Exchange inadvertently did not remove section (d) to Rule 703A from its rulebook in this filing. This section (d) duplicates .01 of Supplementary Material to Rule 720, and as such, the Exchange proposes to delete it.

¹⁰ Securities Exchange Act Release No. 74896 (May 7, 2015), 80 FR 27373 (May 13, 2015) (SR-ISE-2015-18).

2. Statutory Basis

The Exchange believes that its proposal is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6(b) of the Act.¹¹ In particular, the proposal is consistent with Section 6(b)(5) of the Act,¹² because it is designed to promote just and equitable principles of trade, remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹³ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange further believes that it is necessary and appropriate in the interest of promoting fair and orderly markets to exclude transactions executed during a Limit or Straddle State from certain aspects of Rule 720. The Exchange believes the application of the current rule will be impracticable given the lack of a reliable national best bid or offer in the options market during Limit and Straddle States, and that the resulting actions (i.e., nullified trades or adjusted prices) may not be appropriate given market conditions. Extending this pilot to coincide with the Limit Up-Limit Down Plan would ensure that limit orders that are filled during a Limit or Straddle State would have certainty of execution in a manner that promotes just and equitable principles of trade, removes impediments to, and perfects the mechanism of a free and open market and a national market system. Thus, the Exchange believes that the protections of the pilot should continue while the industry gains further experience operating the Plan.

¹¹ 15 U.S.C. 78f(b).

¹² 15 U.S.C. 78f(b)(5).

¹³ Id.

Finally, the Exchange proposes to delete section (d) of Rule 703A to harmonize its rulebook to prevent investor confusion.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that, by extending the expiration of the pilot, the proposed rule change will allow for further analysis of the pilot and a determination of how the pilot shall be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁴ and

¹⁴ 15 U.S.C. 78s(b)(3)(A).

Rule 19b-4(f)(6)(iii) thereunder.¹⁵

The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the obvious error pilot program to continue uninterrupted while the industry gains further experience operating under the Plan, and avoid any investor confusion that could result from a temporary interruption in the pilot program. For this reason, the Commission designates the proposed rule change to be operative upon filing.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹⁵ 17 CFR 240.19b-4(f)(6)(iii). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

¹⁶ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-ISE-2015-34 on the subject line.

Paper comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-ISE-2015-34. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, D.C. 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer

to File Number SR-ISE-2015-34, and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁷
