

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-79546; File No. SR-NASDAQ-2016-165)

December 14, 2016

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Rule 4770 (Compliance with Regulation NMS Plan to Implement a Tick Size Pilot)

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 30, 2016, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Nasdaq Rule 4770 to modify the web site data publication requirements relating to the Regulation NMS Plan to Implement a Tick Size Pilot Program (“Plan”) and to clarify the timing and format of publishing Market Maker registration statistics.

The text of the proposed rule change is available on the Exchange’s Website at <http://nasdaq.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On August 25, 2014, Nasdaq, and several other self-regulatory organizations (the “Participants”) filed with the Commission, pursuant to Section 11A of the Act³ and Rule 608 of Regulation NMS thereunder,⁴ the Plan to Implement a Tick Size Pilot Program.⁵ The Participants filed the Plan to comply with an order issued by the Commission on June 24, 2014.⁶ The Plan was published for comment in the Federal Register on November 7, 2014, and approved by the Commission, as modified, on May 6, 2015.⁷ The Commission approved the Pilot on a two-year basis, with implementation to begin no later than May 6, 2016.⁸ On November 6, 2015, the SEC exempted the Participants from implementing the Pilot until

October 3, 2016.⁹ Under the revised Pilot implementation date, the Pre-Pilot data collection period commenced on April 4, 2016. On September 13, 2016, the SEC exempted the Participants from the requirement to fully implement the Pilot on October 3, 2016, to permit the Participants to implement the pilot on a phased-in basis, as described in the Participants' exemptive request.¹⁰

The Plan is designed to allow the Commission, market participants, and the public to study and assess the impact of increment conventions on the liquidity and trading of the common stock of small-capitalization companies. Each Participant is required to comply, and to enforce compliance by its member organizations, as applicable, with the provisions of the Plan.

Nasdaq adopted rule amendments to implement the requirements of the Plan, including relating to the Plan's data collection requirements and requirements relating to website data publication.¹¹ Specifically, with respect to the website data publication requirements pursuant to Section VII and Appendices B and C to the Plan, Nasdaq Rule 4770(b)(2)(B) provides, among other things, that Nasdaq shall make the data required by Items I and II of Appendix B to the Plan, and collected pursuant to paragraph (b)(2) of Rule 4770, publicly available on the Nasdaq web site on a monthly basis at no charge and shall not identify the Trading Center that generated the data. Nasdaq Rule 4770(b)(3)(C), provides, among other things, that Nasdaq shall make the

Shillman, Associate Director, Division of Trading and Markets, Commission, to Marcia E. Asquith, Senior Vice President and Corporate Secretary, FINRA, dated February 17, 2016.

data required by Item IV of Appendix B to the Plan, and collected pursuant to paragraph (b)(3) of Rule 4770, publicly available on the Nasdaq web site on a monthly basis at no charge and shall not identify the Trading Center that generated the data. Commentary .08 to Rule 4770 provides, among other things, that the requirement that Nasdaq make certain data publicly available on the Nasdaq web site pursuant to Appendix B and C to the Plan shall commence at the beginning of the Pilot Period.

Nasdaq is proposing amendments to Rule 4770(b)(2)(B) (regarding Appendix B.I and B.II data) and Rule 4770(b)(3)(C) (regarding Appendix B.IV data) to provide that data required to be made available on Nasdaq's web site be published within 120 calendar days following month end. In addition, the proposed amendments to Commentary .08 to Rule 4770 would provide that, notwithstanding the provisions of paragraphs (b)(2)(B), (b)(3)(C) and (b)(5), Nasdaq shall make data for the Pre-Pilot period publicly available on the Nasdaq web site pursuant to Appendix B and C to the Plan by February 28, 2017.¹²

The purpose of delaying the publication of the website data is to address confidentiality concerns by providing for the passage of additional time between the market information reflected in the data and the public availability of such information.

Nasdaq also proposes to amend Rule 4770(b)(5), which relates to the collection and transmission of Market Maker registration statistics. Currently, Rule 4770(b)(5) provides that the Exchange shall collect and transmit to the SEC the data described in Item III of Appendix B of the Plan relating to daily Market Maker registration statistics in a pipe delimited format within

¹² With respect to data for the Pilot Period, the requirement that Nasdaq make data publicly available on the Nasdaq web site pursuant to Appendix B and C to the Plan shall continue to commence at the beginning of the Pilot Period. Thus, the first website publication date for Pilot Period data (covering October 2016) would be published on the Nasdaq web site by February 28, 2017, which is 120 days following the end of October 2016.

30 calendar days following month end for (1) transactions in each Pre-Pilot Data Collection Security for the period beginning six months prior to the Pilot Period through the trading day immediately preceding the Pilot Period; and (2) transactions in each Pilot Security for the period beginning on the first day of the Pilot Period through six months after the end of the Pilot Period. Although the Plan requires that such data be made publicly available,¹³ Rule 4770(b)(5) does not currently include a provision requiring the Exchange to publish such data to its website. The Exchange therefore proposes to amend Rule 4770(b)(5) to provide that the Exchange shall make Market Maker registration data publicly available on the Exchange web site within 120 calendar days following month end at no charge.

Nasdaq has filed the proposed rule change for immediate effectiveness and has requested that the Commission waive the 30-day operative delay. If the Commission waives the 30-day operative delay, the operative date of the proposed rule change will be the date of filing.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁵ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, because it is designed to assist the Participants in meeting their regulatory obligations pursuant to the Plan and is in furtherance of the objectives of the Plan, as identified by the SEC.

¹³ See Section VII.A. 4 of the Plan.

¹⁴ 15 U.S.C. 78f(b).

¹⁵ 15 U.S.C. 78f(b)(5).

In approving the Plan, the Commission recognized that requiring the publication of Market Maker data may raise confidentiality concerns, especially for Pilot Securities that may have a relatively small number of designated Market Makers.¹⁶ For this reason, the Commission modified the Plan so that the data that would be made publicly available would not contain profitability measures for each security, but would be aggregated by the Control Group and each Test Group. Nasdaq believes that this proposal is consistent with the Act in that it is designed to address confidentiality concerns by permitting Nasdaq to delay web site publication to provide for passage of additional time between the market information reflected in the data and the public availability of such information. With respect to the change to Rule 4770(b)(5), Nasdaq believes this change will clarify the timing and format of publishing Market Maker registration statistics.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Nasdaq notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Participants in meeting their regulatory obligations pursuant to the Plan.

The proposal is intended to address confidentiality concerns that may adversely impact competition, especially for Pilot Securities that may have a relatively small number of designated Market Makers, by permitting Nasdaq to delay website publication to provide for passage of additional time between the market information reflected in the data and the public availability of such information. The proposal also does not alter the information required to be submitted to the SEC.

¹⁶ See Approval Order at 27543 - 27544.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.¹⁷

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁹

A proposed rule change filed under Rule 19b-4(f)(6)²⁰ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. In this filing, the Exchange has asked that the Commission waive the requirement that the proposed rule change not become operative for 30 days after the date of the filing.

The Exchange notes that the proposed rule change implements the provisions of the Plan, and is designed to assist the Participants in meeting their regulatory obligations pursuant to the Plan. The proposal is intended to address confidentiality concerns by permitting the Exchange to

¹⁷ Nasdaq notes that Financial Information Forum (FIF) submitted a letter to the staff of the Commission raising concerns regarding the publication of certain Appendix B statistics on a disaggregated basis using a unique masked market participant identifier. delay website publication to provide for passage of additional time between the market information reflected in the data and public availability of such information. The proposal does not alter the information required to be submitted to the Commission.

The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because it will allow the Exchange to implement these proposed changes that are intended to address confidentiality concerns. The Commission notes that some Pilot data was scheduled to be published on November 30, 2016. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative on November 30, 2016.²²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

²² For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2016-165 on the subject line.
