Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Section VIII of the Nasdaq PHLX LLC Pricing Schedule

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 1, 2017, Nasdaq PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Section VIII (Nasdaq PSX Fees) of the Exchange’s Pricing Schedule to decrease both the amount of and the Consolidated Volume necessary to qualify for the credit that the Exchange pays to member organizations for displayed quotes and orders that provide liquidity throughout the Nasdaq PSX System.

The text of the proposed rule change is available on the Exchange’s website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Chapter VIII of the Exchange's Pricing Schedule to decrease both the amount of and the Consolidated Volume necessary to qualify for the credit that the Exchange pays to member organizations for displayed quotes and orders that provide liquidity throughout the Nasdaq PSX System. Presently, the Exchange provides a credit of \$0.0031 per share executed for Quotes/Orders entered by a member organization that provides and accesses 0.25% or more of Consolidated Volume during the month. The Exchange is proposing to decrease the amount of this credit from \$0.0031 to \$0.0030 while also decreasing the level of monthly Consolidated Volume that is required of a member organization to qualify for the credit from 0.25% to 0.20%.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,³ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among

⁴ 15 U.S.C. 78f(b)(4) and (5).

members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposed \$0.0030 per share executed credit provided to a member organization for displayed quotes and orders remains competitive with the fees of other exchanges. For example, Rule 7018(a)(1) of the Rules of The Nasdaq Stock Market provide for a credit of up to \$0.00305 per share executed for displayed quotes and orders. Moreover, the effect of the proposed decrease in this credit is offset, in part, by a corresponding decrease in the Consolidated Volume threshold that is applicable to the credit. The net effect of the changes, in other words, will be to increase the universe of member organizations that qualify for the credit while decreasing the size of the credit.

Meanwhile, the Exchange believes that the proposed changes are an equitable allocation and are not unfairly discriminatory because they will apply to all member organizations, any of which may provide the level of Consolidated Volume required to qualify for the credit.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In terms of inter-market competition, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust

their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

In this instance, the proposed changes to the credits available to member organizations for displayed quotes and orders do not impose a burden on competition because the Exchange's execution services are completely voluntary and subject to extensive competition both from other exchanges and from off-exchange venues. The Exchange has determined that the existing credit level and corresponding Consolidated Volume threshold has not achieved the desired participation on the Exchange. Consequently, the Exchange is decreasing to 0.20% the Consolidated Volume threshold required to receive the credit while also decreasing the amount of the credit from \$0.0031 to \$0.0030 per share executed credit [sic]. In sum, the Exchange intends to make it easier for member organizations to receive a credit in an effort to increase participation on the Exchange.

If the changes proposed herein are unattractive to market participants, it is likely that the Exchange will lose market share as a result. The Exchange notes that competing order execution venues are free to increase their credits, or decrease qualification criteria required to receive credits, in reaction to the proposed changes. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of members or competing order execution venues to maintain their competitive standing in the financial markets.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁵

If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
