(the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to clarify portions of the rules under Chapter 14 (Securities Traded) related to the applicability of certain disclosure requirements.

Currently, under Rule 14.1 (Unlisted Trading Privileges), Rule 14.2 (Investment Company Units), and Rule 14.8 (Portfolio Depositary Receipts) a Member is required to provide to all purchasers a written description of the terms and characteristics of the applicable securities (or a “product description”). In addition, Members also have a separate prospectus delivery requirement under Section 24(d) of the Investment Company Act of 1940 (“1940 Act”). A Member, however, is not required to send a Section 24(d) prospectus for a security if such security is subject of an order by the Securities and Exchange Commission (“Commission”) exempting it from Section 24(d) prospectus delivery requirements, and is not otherwise subject to prospectus delivery requirements under the Securities Act of 1933 (“1933 Act”). As such, the Exchange provides rules requiring Members to deliver a product description for securities exempt from the prospectus delivery requirements. The Exchange notes that a product description is a written description of the terms and characteristics of a security in a form

prepared or approved by the Exchange, whereas a prospectus is a legal document required by and filed with the Commission which contains detailed disclosures about a security.

Currently, Rule 14.1(c)(3)(A), Rule 14.2(d)(1), and Rule 14.8(j)(1) provide govern the written description requirements for derivative securities traded under unlisted trading privileges (“UTP Derivative Securities”), series of Investment Company Units, and series of Portfolio Depository Receipts, respectively. As written, these subparagraphs under their respective Rules do not make it explicit to Members that the product description requirement is applicable only to prospectus-exempt products. Furthermore, current Rules 14.2(d)(1) and 14.8(j)(1) do not contain a provision (like that of 14.1(c)(3)(B)) that the Exchange will inform its Members by means of an information circular when the product description delivery requirements apply. Therefore, in order to provide Members with better understanding of the provisions in connection with these requirements, the Exchange now proposes to amend its rules to explicitly state that the product description delivery requirements apply only to the respective products that are exempt from the 1940 Act prospectus delivery requirements and are not otherwise subject to the prospectus delivery requirements under the 1933 Act. The Exchange also proposes to add language to Rule 14.2(d)(1) and Rule 14.8(j)(1) to inform Members that the Exchange will announce the applicability of the product description delivery requirements to particular series of Portfolio Depository Receipts or Investment Company Units via information circular. This change is intended to provide clarity to Members regarding when and how the Exchange will notify Members of their product delivery obligations. The Exchange notes that Rule 14.1(c)(3)(B) currently provides that the Exchange informs its Members of the application of product description delivery requirements related to UTP Derivative Securities by means of information circular. The Exchange also notes that the proposed amendments are substantially similar to the

disclosure requirement provision currently applicable to Managed Fund Shares on its affiliated exchange, Cboe BZX Exchange, Inc. (“BZX”).⁵

The Exchange proposes to update the heading of Rule 14.1(c)(3)(A), which currently states “Prospectus Delivery”, to “Scope of Product Description” as it believes this better aligns with the requirements provided for under paragraph (c)(3), thus provides further clarity regarding the product description requirements contained within this paragraph.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁶ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁷ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁸ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes the proposed rule change is consistent with Section 6(b)(1) of the Act, which

provides that the Exchange be organized and have the capacity to be able to carry out the purposes of the Act and to enforce compliance by the Exchange's Members and persons associated with its Members with the Act, the rules and regulations thereunder, and the rules of the Exchange.

In particular, the Exchange believes that this proposal benefits and protects investors because it is designed to bolster Member understanding of its rules and the applicability of the subparagraphs providing for written description disclosure requirements to certain products. Because such current subparagraphs (Rule 14.1(c)(3)(A), Rule 14.2(d)(1), and Rule 14.8(j)(1)) do not explicitly state under what circumstances they will apply to the respective products under each subparagraph, the Exchange has found that it is unclear to Members that the subparagraphs in connection with the required written description only apply to securities or series that are exempt from the Section 24(d) prospectus delivery requirements, and otherwise not subject to prospectus delivery requirements under the 1933 Act. The Exchange thus believes this proposed change will enhance Members' understanding with respect to when and to which products the relevant subparagraphs are applicable, thereby protecting investors and the public interest. The Exchange notes that this proposal does not alter any of the disclosure requirements applicable to market participants, but merely intends to make explicit when the written disclosure provisions apply, as well as establish that the Exchange will notify Members via information circular of their product description obligations for particular series of Portfolio Depositary Receipts and Investment Company Units. Additionally, the Exchange believes that providing clear rules regarding the applicability of provisions requiring written product description deliveries will enable the Exchange to be organized and have the capacity to enforce compliance its Members with the Act and the rules of Exchange.

Additionally, the proposed changes are substantially similar to the rule of affiliated exchange, BZX, for disclosure requirements currently applicable to Managed Fund Shares.⁹

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. On the contrary, the proposed rule change is not designed to address any competitive issues but is only intended to bolster Member understanding of its rules with respect to the applicability of certain disclosure requirement provisions.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No comments were solicited or received on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such shorter

time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6)¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the
