IM-5900-7. Services Offered to Certain Newly Listing Companies

INTRODUCTORY NOTE: [Any company that applies to list on NASDAQ before July 31, 2014 may elect to receive services under the terms described in IM-5900-7 as approved on December 15, 2011 (the “Prior Rule”) instead of the terms described below, provided the company actually lists before September 30, 2014. The text of the Prior Rule is available at <http://nasdaq.cchwallstreet.com/NASDAQ/pdf/nasdaq-filings/2011/SR-NASDAQ-2011-122.pdf> as Exhibit 5. Companies that listed while the Prior Rule was in effect will continue to receive services under the terms of that rule.

(a) Nasdaq offers certain newly listing companies complimentary services to help them satisfy their obligations as public companies related to governance and communications, and to provide intelligence about their securities. These services are offered to companies listing on the Global or Global Select Market in connection with their initial public offering, upon emerging from bankruptcy, or in connection with a spin-off or carve-out from another company (“Eligible New Listings”). They are also offered to companies switching their listing from the New York Stock Exchange to the NASDAQ Global or Global Select Markets (“Eligible Switches”).

Nasdaq initially adopted a rule providing Eligible New Listings and Eligible Switches with services effective December 15, 2011 (the “Original Service Package”). The Original Service Package is described in the rule text available at <http://nasdaq.cchwallstreet.com/Nasdaq/pdf/nasdaq-filings/2011/SR-Nasdaq-2011-122.pdf>.

Nasdaq modified the service package effective for new listings after July 24, 2014 (the “2014 Service Package”). If, however, a Company submitted its Nasdaq listing application before July 31, 2014, and listed before September 30, 2014, then the Company was still eligible to receive the Original Service Package. The 2014 Service Package is described in the rule text available at <http://nasdaq.cchwallstreet.com/Nasdaq/pdf/nasdaq-filings/2014/SR-Nasdaq-2014-058.pdf>.

The current service package was proposed in July 2016 in SR-NASDAQ-2016-098 (the “2016 Service Package”) and is described in paragraphs (a) – (d) below. Any Company

that lists after the approval date of the 2016 Service Package is eligible to receive the services described in the 2016 Service Package.

Any Company receiving services under the Original Service Package or the 2014 Service Package on the approval date of the 2016 Service Package may continue to receive services under the terms of the Original Service Package or the 2014 Service Package, as applicable, or may elect to receive services under the 2016 Service Package (even if those services were not available at the time the company listed on Nasdaq). If a Company elects to receive the 2016 Service Package, the services that the Company is eligible to receive will be determined based on its status and market capitalization at the time of its original listing. The length of time that services are available to the Company under the 2016 Service Package will be calculated from the Company's original listing date. For example, if an Eligible Switch listed on July 22, 2015, when its market capitalization was \$4 billion, that Company would receive services for four years from date of its listing (or until July 22, 2019), as provided in paragraph (c)(2) below, instead of for three years, as provided in paragraph (c) of the 2014 Service Package.
