(a) through (b) No change.

(c) Reserved. [OFPs shall not enter into BOX, as principal or agent, Limit Orders in the same options series, for the account or accounts of the same or related beneficial owners, in such a manner that the OFP or the beneficial owner(s) effectively is operating as a market maker by holding itself out as willing to buy and sell such options contract on a regular or continuous basis. In determining whether an OFP or beneficial owner effectively is operating as a market maker, BOXR will consider, among other things: simultaneous or near-simultaneous entry of Limit Orders to buy and sell the same options contract; the acquisition and liquidation of positions in the same options series during the same day; and the entry of Limit Orders at different prices in the same options series.]
