7018. NASDAQ OMX BX Equities System Order Execution and Routing

(a) The following charges and credits shall apply to the use of the order execution and routing services of the NASDAQ OMX BX Equities System by members for all securities priced at \$1 or more per share that it trades. As used in this rule, the term “Consolidated Volume” shall mean the total consolidated volume reported to all consolidated transaction reporting plans by all exchanges and trade reporting facilities during a month in equity securities, excluding executed orders with a size of less than one round lot. For purposes of calculating Consolidated Volume and the extent of a member’s trading activity[, expressed as a percentage of or ratio to Consolidated Volume,] the date of the annual reconstitution of the Russell Investments Indexes shall be excluded from both total Consolidated Volume and the member’s trading activity. As used in this rule, “price improvement” shall mean instances when the accepted price of an order differs from the executed price of an order.
