The Corporation may also bill Members and Mutual Fund/Insurance Services Members for, and include on Members' and Mutual Fund/Insurance Services Members' (referred to in this section collectively as "participants") settlement statements, fees and charges which may be imposed on such participants by third parties such as: (a) other subsidiaries of The Depository Trust & Clearing Corporation (b) self-regulatory organizations and other security industry organizations or entities, where such third party has represented to the Corporation that it has an agreement with the participant allowing the participant's payment of such fees and charges; and (c) other organizations and entities which provide services or equipment to participants which are integral to services provided by the Corporation. Any amounts so collected will be remitted to the appropriate organization or entity imposing such fee or charge.

Such fees and charges may include those of companies that identify themselves as being an affiliate of the participant. Participants should check their settlement statements, which shall reflect all such charges, and report any problems to the Corporation immediately.

#### VII. APPLICATION OF FEES

With the exception of certain registered clearing agencies, all fees will be charged uniformly to all participants and collected through the settlement system if possible. Fees for other standard services provided to registered clearing agencies will be the same as those charged to other participants. Special services performed for registered clearing agencies will be contracted on an individual basis.

#### VIII. NSCC PRICING POLICY

The Corporation's policy is to retain only those revenues which are required to maintain an adequate revenue base in order to liquidate current production costs, provide for a continuance of product enhancements and development, provide for a discount when volume levels equal or exceed projections and provide for retained earnings as directed by the Board. In order to meet such objectives, the Corporation will:

If the Corporation's gross billable revenues before adjustment (i.e., revenues before discount) exceed the approximate level of costs, adjust downward (i.e., discount) participants' invoices.

If the Corporation's gross billable revenues before adjustment (i.e., revenues before surcharge) are less than the approximate level of costs, adjust upward (i.e., surcharge) participants' invoices.

Both the discount and the surcharge when applicable will be reflected directly on participants' invoices.
