**Rule 1000. Automatic Executions**

\* \* \* \* \*

(a) An automatically executing order shall receive an immediate, automatic execution against orders reflected in the Exchange published quotation, orders on the Display Book®, Floor broker agency file interest (“e-Quotes”), Floor broker proprietary file interest (“G-quotes”), DMM interest (“s-Quotes”), and interest placed in the Exchange’s systems by DMMs pursuant to a Capital Commitment Schedule in accordance with, and to the extent provided by Exchange rules and shall be immediately reported as Exchange transactions, unless:

(i) - (iii) No Changes.

(iv) a liquidity replenishment point has been reached, and one of the following conditions exists:

(1) residual interest of the executing order would result in a locked or crossed market; or

(2) the bid or offer is quoted beyond the revised LRP in that security.

Automatic executions will be suspended only on the side of the market that is quoted beyond the LRP except that Non Displayed Reserve Orders at price points before the LRP price will continue to be eligible for automatic executions.

A. [Beginning April 8, 2013,] Liquidity Replenishment Points (“LRPs”) will no longer be in effect for Tier 1 NMS Stocks from the time the first Price Band under the Limit Up – Limit Down Plan is published for a Tier 1 NMS Stock until 3:30 p.m. Eastern (or 30 minutes before the close on any day that the scheduled close of trading on the Exchange is earlier than 4:00 p.m. Eastern), and will be discontinued in their entirety on [for all NMS Stocks on the earlier of August 1, 2013 or] such date as Phase II of the Limit Up – Limit Down Plan is implemented for an NMS Stock. LRPs will be calculated automatically throughout the trading day as follows:

(1) - (6) No Changes.
