#### Eligible New Listings and Eligible Transfer Companies:

Tier A: For Eligible New Listings and Eligible Transfer Companies with a global market value of \$400 million or more, in each case calculated as of the date of listing on the Exchange, the Exchange offers market surveillance, market analytics, web-hosting, webcasting, and news distribution products and services for a period of [24]48 calendar months.

Tier B: For Eligible New Listings and Eligible Transfer Companies with a global market value of less than \$400 million, in each case calculated as of the date of listing on the Exchange, the Exchange offers Web-hosting, market analytics, web-casting, and news distribution products and services for a period of [24]48 calendar months.

[In addition, Eligible New Listings in both Tier A and Tier B that list before April 1, 2018 are eligible to receive complimentary corporate governance tools (with a commercial value of approximately \$50,000 annually) for a period of 24 calendar months. Companies that list on or after April 1, 2018 will not be eligible to receive any corporate governance tools.]

Global market value for an Eligible New Listing and Eligible Transfer Company is based on the public offering price; if there is no public offering in connection with listing on the Exchange, then the Exchange shall determine the issuer's global market value at the time of listing for purposes of determining whether the issuer qualifies for Tier A or B.

At the conclusion of the [24]48-month period, Tier A and Tier B issuers receive Tier One or Tier Two products and services if they qualify based on total shares of common stock (for a U.S. issuer) or equity security (for a non-U.S. issuer) issued and outstanding as described above under the heading "Eligible Current Listings."
