

Introduction

Our firm, MorganRosel Wealth Management, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services to clients. Our advisory services include Comprehensive Portfolio Management and Asset Management. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management service for no additional fee. We do not restrict our advice to limited types of products or investments.

Our firm requires a minimum household account balance of \$1,000,000 to open an account for our Asset Management and Comprehensive Portfolio Management services. This requirement may be waived by us on a case-by case basis.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or buy and sell investments in your account only after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm.

Additional information about our advisory services is in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/brochure/291065>.

Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. The maximum fee for our Asset Management and Comprehensive Portfolio Management services is 1.50%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable depending on the services you receive and the amount of assets in your account.

Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our fees from your advisory account.

The custodian that holds your assets charges a transaction fee when we buy or sell certain investments for you. The custodian's transaction fees are in addition to our firm's fees for the standard versions of our Asset Management and Comprehensive Portfolio Management services. We pay the custodian's transaction fees charged to you if you are in the wrap versions of our Asset Management or Comprehensive Portfolio Management services. We have an incentive to recommend assets without transaction fees in order to reduce the amount that we will have to pay on your behalf in wrap accounts.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments charge additional fees that will reduce the value of your investments over time. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/brochure/291065>.

Questions to Ask Us:

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

Our firm's financial professional(s) are registered representative(s) of Purshe Kaplan Sterling ("PKS"), an unaffiliated broker-dealer. Your financial professional may offer you brokerage services through PKS or advisory services through our firm. Brokerage and advisory services are different, and the fees our firm and PKS charge for those services are different. Registered representative(s) charge a transaction-based fee, commonly referred to as a commission, each time they buy or sell a security in a brokerage account. As a result, they have an incentive to trade as much as possible in order to increase their compensation. You can learn more about PKS's brokerage services and fees at <https://www.pksinvest.com>.

In the event we recommend third party money managers to assist with managing certain accounts, we have an incentive to recommend a manager who shares a larger portion of their advisory fee with us.

Additional information about our conflicts of interest is in Item 10 of our Firm Brochure and Item 9 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/brochure/291065>.

Questions to Ask Us:

- How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations.

Do you or your financial professionals have legal or disciplinary history?

Yes. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Questions to Ask Us:

- As a financial professional, do you have any disciplinary history? For what type of conduct?
