

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-63609; File No. SR-NYSEArca-2010-116)

December 27, 2010

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change Relating to the Listing and Trading of the WisdomTree Asia Bond Fund

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on December 13, 2010, NYSE Arca, Inc. (“Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (“Commission” or “SEC”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade the shares of the following fund of the WisdomTree Trust (“Trust”) under NYSE Arca Equities Rule 8.600 (“Managed Fund Shares”): WisdomTree Asia Bond Fund (“Fund”). The shares of the Fund are collectively referred to herein as the “Shares.”³ The text of the proposed rule change is available at the Exchange, the Commission’s Public Reference Room, and www.nyse.com.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places

specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of the WisdomTree Asia Bond Fund under NYSE Arca Equities Rule 8.600, which governs the listing and trading of Managed Fund Shares on the Exchange.⁴ The Fund will be an actively managed exchange-traded fund. The Shares will be offered by the Trust, which was established as a Delaware statutory trust on December 15, 2005. The Trust is registered with the Commission as an investment company and the Fund has filed a registration statement on Form N-1A ("Registration Statement") with the Commission.⁵

⁴ The Commission approved NYSE Arca Equities Rule 8.600 and the listing and trading of certain funds of the PowerShares Actively Managed Funds Trust on the Exchange pursuant to Rule 8.600 in Securities Exchange Act Release No. 57619 (April 4, 2008), 73 FR 19544 (April 10, 2008) (SR-NYSEArca-2008-25). The Commission also previously approved listing and trading on the Exchange of a number of actively managed funds under Rule 8.600. *See, e.g.*, Securities Exchange Act Release Nos. 57801 (May 8, 2008), 73 FR 27878 (May 14, 2008) (SR-NYSEArca-2008-31) (order approving Exchange listing and trading of twelve actively-managed funds of the WisdomTree Trust); 58564 (September 17, 2008), 73 FR 55194 (September 24, 2008) (SR-NYSEArca-2008-86) (order approving Exchange listing and trading of WisdomTree Dreyfus Emerging Markets Fund); 62604 (July 30, 2010), 75 FR 47323 (August 5, 2010) (SR-NYSEArca-2010-49) (order approving listing and trading of WisdomTree Emerging Markets Local Debt Fund); 62623 (August 2, 2010), 75 FR 47652 (August 6, 2010) (SR-NYSEArca-2010-51) (order approving listing and trading of WisdomTree Dreyfus Commodity Currency Fund).

⁵ See Post-Effective Amendment No. 41 to Registration Statement on Form N-1A for the Trust, dated October 19, 2010 (File Nos. 333-132380 and 811-21864). The descriptions of the Fund and the Shares contained herein are based on information in the Registration Statement.

Description of the Shares and the Fund

WisdomTree Asset Management, Inc. (“WisdomTree Asset Management”) is the investment adviser (“Adviser”) to the Fund.⁶ WisdomTree Asset Management is not affiliated with any broker-dealer. Mellon Capital Management serves as sub-adviser for the Fund (“Sub-Adviser”).⁷ The Bank of New York Mellon is the administrator, custodian and transfer agent for the Trust. ALPS Distributors, Inc. serves as the distributor for the Trust.⁸

Commentary .06 to Rule 8.600 provides that, if the investment adviser to the Investment Company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such Investment Company portfolio.⁹ In addition, Commentary .06 further requires that personnel who make

⁶ WisdomTree Investments, Inc. (“WisdomTree Investments”) is the parent company of WisdomTree Asset Management.

⁷ The Sub-Adviser is responsible for day-to-day management of the Fund and, as such, typically makes all decisions with respect to portfolio holdings. The Adviser has ongoing oversight responsibility.

⁸ The Commission has issued an order granting certain exemptive relief to the Trust under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”). See Investment Company Act Release No. 28171 (October 27, 2008) (File No. 812-13458). In compliance with Commentary .05 to NYSE Arca Equities Rule 8.600, which applies to Managed Fund Shares based on an international or global portfolio, the Trust’s application for exemptive relief under the 1940 Act states that the Fund will comply with the federal securities laws in accepting securities for deposits and satisfying redemptions with redemption securities, including that the securities accepted for deposits and the securities used to satisfy redemption requests are sold in transactions that would be exempt from registration under the Securities Act of 1933 (15 U.S.C. 77a).

⁹ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (“Advisers Act”). As a result, the Adviser and Sub-Adviser are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be

decisions on the open-end fund's portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund's portfolio. Commentary .06 to Rule 8.600 is similar to Commentary .03(a)(i) and (iii) to NYSE Arca Equities Rule 5.2(j)(3); however, Commentary .06 in connection with the establishment of a "fire wall" between the investment adviser and the broker-dealer reflects the applicable open-end fund's portfolio, not an underlying benchmark index, as is the case with index-based funds. The Sub-Adviser is affiliated with multiple broker-dealers and has implemented a "fire wall" with respect to such broker-dealers regarding access to information concerning the composition and/or changes to the Fund's portfolio.¹⁰ In addition, Sub-Adviser personnel who make decisions regarding the Fund's portfolio are subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the Fund's portfolio. In the event (a) the Adviser or the Sub-Adviser becomes newly affiliated with a

consistent with Rule 204A-1 under the Advisers Act.

¹⁰ The Exchange represents that the Adviser and Sub-Adviser, and their related personnel, are subject to Investment Advisers Act Rule 204A-1. This Rule specifically requires the adoption of a code of ethics by an investment adviser to include, at a minimum: (i) standards of business conduct that reflect the firm's/personnel fiduciary obligations; (ii) provisions requiring supervised persons to comply with applicable federal securities laws; (iii) provisions that require all access persons to report, and the firm to review, their personal securities transactions and holdings periodically as specifically set forth in Rule 204A-1; (iv) provisions requiring supervised persons to report any violations of the code of ethics promptly to the chief compliance officer ("CCO") or, provided the CCO also receives reports of all violations, to other persons designated in the code of ethics; and (v) provisions requiring the investment adviser to provide each of the supervised persons with a copy of the code of ethics with an acknowledgement by said supervised persons. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

broker-dealer, or (b) any new adviser or sub-adviser becomes affiliated with a broker-dealer, they will be required to implement a fire wall with respect to such broker-dealer regarding access to information concerning the composition and/or changes to the portfolio.

WisdomTree Asia Bond Fund

According to the Registration Statement, the Fund seeks to provide investors with a high level of total return consisting of both income and capital appreciation. The Fund is an actively managed exchange-traded fund (“ETF”). The Fund is designed to provide exposure to a broad range of Asian government and corporate bonds through investment in both local currency (e.g., Hong Kong dollar; South Korean won) and U.S. dollar-denominated Fixed Income Securities. For purposes of this proposed rule change, Fixed Income Securities include bonds, notes or other debt obligations, such as government or corporate bonds, denominated in local currencies or U.S. dollars, as well as issues denominated in Asian local currencies that are issued by “supranational issuers,” such as the European Investment Bank, International Bank for Reconstruction and Development, and the International Finance Corporation, as well as development agencies supported by other national governments. The Fund may also invest in Money Market Securities and derivative instruments, as described below.

The Fund seeks to achieve its investment objective through direct and indirect investments in Fixed Income Securities issued by governments and corporations in Asian countries. The Fund intends to focus on the developing/emerging market economies in Asia, primarily China, Hong Kong, India, Indonesia, South Korea, Malaysia, the Philippines, Singapore, Taiwan and Thailand. While the Fund is permitted to invest in developed market economies, this is not a focus of the Fund. Therefore, although the Fund is permitted to do so, the Fund is unlikely to invest in issuers in Japan, Australia, or New Zealand.

The Fund is designed to provide broad exposure to Asian government and corporate bonds and will invest in a range of instruments with varying credit risk and duration. The Fund intends to invest in both bonds and debt instruments issued by the governments of Asia and their agencies and instrumentalities and as well in bonds and other debt instruments issued by corporations organized in Asian countries. The Fund also may invest in Fixed Income Securities denominated in Asian local currencies that are issued by supranational issuers, as described above. The Fund also may invest in inflation-linked Fixed Income Securities denominated in Asian local currencies.

The Fund intends to invest at least 70% of its net assets in Fixed Income Securities.¹¹

The Fund expects to invest up to 20% of its net assets in Asian corporate bonds. The Fund will invest only in corporate bonds that the Adviser or Sub-Adviser deems to be sufficiently liquid.

¹¹ The category of “Asian debt” includes both U.S. dollar-denominated debt and non-U.S. or “local” currency debt. According to the Emerging Markets Traders Association, the global dollar amount of emerging market debt instruments traded in 2009 was \$4.445 trillion, of which Asian emerging market (i.e., excluding Japan) debt represented \$1.609 trillion. Asian sovereign debt issued by major emerging market countries in 2009 included: (1) China, \$175 billion; (2) Hong Kong, \$590 billion; (3) India, \$164 billion; (4) Indonesia, \$63 billion; (5) Malaysia, \$119 billion; (6) Philippines, \$61 billion; (7) Singapore, \$166 billion; (8) South Korea, \$172 billion; (9) Taiwan, \$27 billion; and (10) Thailand, \$43 billion. Local market instruments traded among major Asian emerging markets in 2009 included: (1) Hong Kong, \$557 billion; (2) India, \$148 billion; (3) China, \$147 billion; (4) Singapore, \$146 billion; and (5) South Korea, \$93 billion. (Source: Emerging Markets Traders Association, 2009 Annual Debt Trading Volume Survey, March 8, 2010. Additional information relating to emerging market corporate bonds is available at: www.emta.org.) Local currency bond issuance in emerging East Asian markets (comprising China, Hong Kong, Taiwan, Indonesia, South Korea, Malaysia, Philippines, Singapore, Thailand and Viet Nam) grew by 18.8% through June 2010. (Source: Asian Development Bank, Asia’s Local Bond Markets Expand 18.8%, Foreign Investment Soars (October 4, 2010), www.adb.org.)

The Adviser represents that Asian sovereign debt is typically issued in large par size and tends to be very liquid. Local currency-denominated Asian debt issued by supranational entities is also actively traded. Intra-day, executable price quotations on such instruments are available from major broker-dealer firms. Intra-day price information is available through subscription services, such as Bloomberg and Thomson Reuters, which can be accessed by Authorized Participants and other investors.

Generally, a corporate bond must have \$200 million or more par amount outstanding and significant par value traded to be considered as an eligible investment.¹² Economic and other conditions in Asia may, from time to time, lead to a decrease in the average par amount outstanding of bond issuances. Therefore, although the Fund does not intend to do so, the Fund may invest up to 5% of its net assets in corporate bonds with less than \$200 million par amount outstanding if (i) the Adviser or Sub-Adviser deems such security to be sufficiently liquid based on its analysis of the market for such security (based on, for example, broker-dealer quotations or its analysis of the trading history of the security or the trading history of other securities issued by the issuer), (ii) such investment is consistent with the Fund's goal of providing exposure to a broad range of Asian government and corporate bonds, and (iii) such investment is deemed by the Adviser or Sub-Adviser to be in the best interest of the Fund.

According to the Registration Statement, the Fund typically will maintain aggregate portfolio duration of between 2 and 8 years. Aggregate portfolio duration is a measure of the

¹² The Adviser represents that the size and liquidity of the market for emerging market bonds, including Asian corporate bonds, generally has been increasing in recent years. The aggregate dollar amount of emerging market corporate bonds traded in 2009 was \$514 billion, representing a 32% increase over the \$380 billion traded in 2008. Turnover in emerging market corporate debt accounted for 12% of the overall volume of emerging market debt of \$4.445 trillion in 2009, an increase over the 9% share in 2008. (Source: Emerging Markets Traders Association Press Release, March 8, 2010.) Additional information relating to emerging market corporate bonds is available at: www.emta.org. Annual growth in the emerging East Asian corporate bond markets (comprising China, Hong Kong, Taiwan, Indonesia, South Korea, Malaysia, Philippines, Singapore, Thailand and Viet Nam) increased by 24.4% through June 2010. China's local currency corporate bond market grew by 52.7% over that period. (Source: Asian Development Bank, www.adb.org, Asia's Local Bond Markets Expand 18.8%, Foreign Investment Soars (October 4, 2010), www.adb.org.) Corporate bonds outstanding in representative emerging East Asian markets as of June 2010, included: (1) China, \$546 billion; (2) Hong Kong, \$73 billion; (3) Indonesia, \$10 billion; (4) South Korea, \$571 billion; (5) Malaysia, \$91 billion; (6) Philippines, \$8 billion; (7) Singapore, \$70 billion; (8) Thailand, \$38 billion; and (9) Viet Nam, \$2 billion (Source: Asian Development Bank, www.adb.org, Asia Bond Monitor (October 2010), www.adb.org.)

portfolio's sensitivity to changes in the level of interest rates. The Fund's actual portfolio duration may be longer or shorter depending upon market conditions.

The universe of Asian Fixed Income Securities includes securities that are rated "investment grade" as well as "non-investment grade" securities. The Fund is designed to provide a broad-based, representative exposure to Asian government and corporate bonds and therefore will invest in both investment grade and non-investment grade securities in a manner designed to provide this exposure. The Fund expects that it will have 75% or more of its assets invested in investment grade securities, and no more than 25% of its assets invested in non-investment grade securities. Because the Fund is designed to provide exposure to a broad range of Asian government and corporate bonds, and because the debt ratings of the Asian governments and those corporate issuers will change from time to time, the exact percentage of the Fund's investments in investment grade and non-investment grade securities will change from time to time in response to economic events and changes to the credit ratings of the Asian government and corporate issuers.¹³ Within the non-investment grade category, some issuers and instruments are considered to be of lower credit quality and at higher risk of default. In order to limit its exposure to these more speculative credits, the Fund will not invest more than 15% of its assets in securities rated B or below by Moody's, or equivalently rated by S&P or Fitch. The Fund does not intend to invest in unrated securities. However, it may do so to a limited extent, such as where a rated security becomes unrated, if such security is, determined by the Adviser and Sub-Adviser to be of comparable quality. In determining whether a security is

¹³ As of October 19, 2010, government debt of China, Hong Kong, India, Malaysia, Singapore, South Korea, Taiwan and Thailand was rated investment grade by S&P and Fitch. The sovereign debt of Indonesia and the Philippines was rated just below investment grade. See <http://www.standardandpoors.com>; <http://www.fitchratings.com>.

of “comparable quality,” the Adviser and Sub-Adviser will consider, for example, whether the issuer of the security has issued other rated securities.

The Fund will hold Fixed Income Securities of at least 13 non-affiliated issuers. The Fund will not concentrate 25% or more of the value of its total assets (taken at market value at the time of each investment) in any one industry, as that term is used in the 1940 Act (except that this restriction does not apply to obligations issued by the U.S. government, or any non-U.S. government, or their respective agencies and instrumentalities or government-sponsored enterprises).

The Fund intends to qualify each year as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended. The Fund will invest its assets, and otherwise conduct its operations, in a manner that is intended to satisfy the qualifying income, diversification and distribution requirements necessary to establish and maintain RIC qualification under Subchapter M. The Subchapter M diversification tests generally require that (i) the Fund invest no more than 25% of its total assets in securities (other than securities of the U.S. government or other RICs) of any one issuer or two or more issuers that are controlled by the Fund and that are engaged in the same, similar or related trades or businesses, and (ii) at least 50% of the Fund’s total assets consist of cash and cash items, U.S. government securities, securities of other RICs and other securities, with investments in such other securities limited in respect of any one issuer to an amount not greater than 5% of the value of the Fund’s total assets and 10% of the outstanding voting securities of such issuer.

In addition to satisfying the above referenced RIC diversification requirements, no portfolio security held by the Fund (other than U.S. government securities and non-U.S. government securities) will represent more than 30% of the weight of the portfolio and the five

highest weighted portfolio securities of the Fund (other than U.S. government securities and/or non-U.S. government securities) will not in the aggregate account for more than 65% of the weight of the portfolio. For these purposes, the Fund may treat repurchase agreements collateralized by U.S. government securities or non-U.S. government securities as U.S. or non-U.S. government securities, as applicable.

Money Market Securities

The Fund intends to invest in Money Market Securities in order to help manage cash flows in and out of the Fund, such as in connection with payment of dividends or expenses, and to satisfy margin requirements, to provide collateral or to otherwise back investments in derivative instruments. For these purposes, Money Market Securities include: short-term, high-quality obligations issued or guaranteed by the U.S. Treasury or the agencies or instrumentalities of the U.S. government; short-term, high-quality securities issued or guaranteed by non-U.S. governments, agencies and instrumentalities; repurchase agreements backed by U.S. government securities; money market mutual funds; and deposits and other obligations of U.S. and non-U.S. banks and financial institutions. All Money Market Securities acquired by the Fund will be rated investment grade; except that the Fund may invest in unrated Money Market Securities that are deemed by the Adviser or Sub-Adviser to be of comparable quality to money market securities rated investment grade.

Derivative Instruments

The Fund may use derivative instruments as part of its investment strategies. Examples of derivative instruments include listed futures contracts,¹⁴ forward currency contracts, non-

¹⁴ The listed futures contracts in which the Fund will invest may be listed on exchanges either in the U.S. or in either Hong Kong or Singapore. Both Hong Kong's primary financial markets regulator, the Securities and Futures Commission, and Singapore's

deliverable forward currency contracts, currency and interest rate swaps, currency options, options on futures contracts, swap agreements and credit-linked notes.¹⁵ The Fund's use of derivative instruments (other than credit-linked notes) will be collateralized or otherwise backed by investments in short term, high-quality U.S. money market securities. The Fund expects that no more than 30% of the value of the Fund's net assets will be invested in derivative instruments. Such investments will be consistent with the Fund's investment objective and will not be used to enhance leverage.

With respect to certain kinds of derivative transactions entered into by the Fund that involve obligations to make future payments to third parties, including, but not limited to, futures, forward contracts, swap contracts, the purchase of securities on a when-issued or delayed delivery basis, or reverse repurchase agreements, under applicable federal securities laws, rules, and interpretations thereof, the Fund must "set aside" liquid assets, or engage in other measures to "cover" open positions with respect to such transactions.

The Fund may engage in foreign currency transactions, and may invest directly in foreign currencies in the form of bank and financial institution deposits, certificates of deposit, and

primary financial markets regulator, the Monetary Authority of Singapore, are signatories to the International Organization of Securities Commissions ("IOSCO") Multilateral Memorandum of Understanding ("MMOU"), which is a multi-party information sharing arrangement among major financial regulators. Both the SEC and the Commodity Futures Trading Commission are signatories to the IOSCO MMOU.

¹⁵ The Fund may invest in credit-linked notes. A credit linked note is a type of structured note whose value is linked to an underlying reference asset. Credit linked notes typically provide periodic payments of interest as well as payment of principal upon maturity. The value of the periodic payments and the principal amount payable upon maturity are tied (positively or negatively) to a reference asset such as an index, government bond, interest rate or currency exchange rate. The ongoing payments and principal upon maturity typically will increase or decrease depending on increases or decreases in the value of the reference asset. The Fund's investments in credit-linked notes will be limited to notes providing exposure to Asian Fixed Income Securities. The Fund's overall investment in credit-linked notes will not exceed 25% of the Fund's assets.

bankers acceptances denominated in a specified non-U.S. currency. The Fund may enter into forward currency contracts in order to “lock in” the exchange rate between the currency it will deliver and the currency it will receive for the duration of the contract.

The Fund may enter into swap agreements, including interest rate swaps and currency swaps (e.g., Hong Kong dollar vs. U.S. dollar), and may buy or sell put and call options on foreign currencies, either on exchanges or in the over-the-counter market. The Fund may enter into repurchase agreements with counterparties that are deemed to present acceptable credit risks, and may enter into reverse repurchase agreements, which involve the sale of securities held by the Fund subject to its agreement to repurchase the securities at an agreed upon date or upon demand and at a price reflecting a market rate of interest.

The Fund may invest in the securities of other investment companies (including money market funds and ETFs). The Fund may invest up to an aggregate amount of 10% of its net assets in illiquid securities. Illiquid securities include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets.

The Fund will not invest in non-U.S. equity securities.

The Shares

The Fund issues and redeems Shares on a continuous basis at NAV¹⁶ only in large blocks of shares (“Creation Units”) in transactions with authorized participants. Creation Units consist of 100,000 Shares.¹⁷ The Fund issues and redeems Creation Units in exchange for a portfolio of

¹⁶ The NAV of the Fund’s Shares generally is calculated once daily Monday through Friday as of the close of regular trading on the New York Stock Exchange, generally 4:00 p.m. Eastern time (“NAV Calculation Time”). NAV per Share is calculated by dividing the Fund’s net assets by the number of Fund Shares outstanding. For more information regarding the valuation of Fund investments in calculating the Fund’s NAV, see the Registration Statement.

Fixed Income Securities closely approximating the holdings of the Fund and/or an amount of cash in U.S. dollars. Once created, Shares of the Fund trade on the secondary market in amounts less than a Creation Unit.

Additional information regarding the Shares and the Fund, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, distributions and taxes is included in the Registration Statement.

Availability of Information

The Fund's website (www.wisdomtree.com), which will be publicly available prior to the public offering of Shares, will include a form of the Prospectus for the Fund that may be downloaded. The website will include additional quantitative information updated on a daily basis, including, for the Fund: (1) the prior business day's reported NAV, mid-point of the bid/ask spread at the time of calculation of such NAV ("Bid/Ask Price"),¹⁸ and a calculation of the premium and discount of the Bid/Ask Price against the NAV; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session¹⁹ on the Exchange, the Trust will disclose on its website the identities and quantities of the portfolio of securities and other assets ("Disclosed Portfolio") held by the Fund that will form the basis for the Fund's calculation of NAV at the end of the business day.²⁰ The Disclosed Portfolio will

include, as applicable, the names, quantity, percentage weighting and market value of Fixed Income Securities, and other assets held by the Fund and the characteristics of such assets. The website and information will be publicly available at no charge.

In addition, for the Fund, an estimated value, defined in Rule 8.600 as the “Portfolio Indicative Value,” that reflects an estimated intraday value of the Fund’s portfolio, will be disseminated. The Portfolio Indicative Value will be based upon the current value for the components of the Disclosed Portfolio and will be updated and disseminated by one or more major market data vendors at least every 15 seconds during the Core Trading Session on the Exchange. In addition, during hours when the markets for Fixed Income Securities in the Fund’s portfolio are closed, the Portfolio Indicative Value will be updated at least every 15 seconds during the Core Trading Session to reflect currency exchange fluctuations.

The dissemination of the Portfolio Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and to provide a close estimate of that value throughout the trading day.

Information regarding market price and volume of the Shares is and will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. The previous day’s closing price and trading volume information will be published daily in the financial section of newspapers. Quotation and last-sale information for the Shares will be available via the Consolidated Tape Association high-speed line.

Notwithstanding the foregoing, portfolio trades that are executed prior to the opening of the Exchange on any business day may be booked and reflected in NAV on such business day. Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

and broker-dealers for the Fixed Income Securities, Money Market Securities and derivative instruments held by the Fund.

Initial and Continued Listing

The Shares will be subject to Rule 8.600, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares. The Exchange represents that, for initial and/or continued listing, the Shares must be in compliance with Rule 10A-3 under the Exchange Act,²¹ as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. Shares of the Fund will be halted if the “circuit breaker” parameters in NYSE Arca Equities Rule 7.12 are reached. Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) the extent to which trading is not occurring in the securities and/or financial instruments comprising the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

²¹ See 17 CFR 240.10A-3.

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4:00 a.m. to 8:00 p.m. Eastern time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Equities Rule 7.6, Commentary .03, the minimum price variation ("MPV") for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

Surveillance

The Exchange intends to utilize its existing surveillance procedures applicable to derivative products (which includes Managed Fund Shares) to monitor trading in the Shares. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The Exchange's current trading surveillance focuses on detecting securities trading outside their normal patterns. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange may obtain information via the Intermarket Surveillance Group ("ISG") from other exchanges who are members of the ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement.²²

²² For a list of the current members of ISG, see www.isgportal.org. The Exchange notes

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin (“Bulletin”) of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated Portfolio Indicative Value will not be calculated or publicly disseminated; (4) how information regarding the Portfolio Indicative Value is disseminated; (5) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Exchange Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4:00 p.m. Eastern time each trading day.

that not all of the components of the Disclosed Portfolio for the Fund may trade on exchanges that are members of the ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

2. Statutory Basis

The basis under the Exchange Act for this proposed rule change is the requirement under Section 6(b)(5)²³ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest. The Exchange believes that the proposed rule change will facilitate the listing and trading of additional types of exchange-traded products that will enhance competition among market participants, to the benefit of investors and the marketplace. In addition, the listing and trading criteria set forth in Rule 8.600 are intended to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change, or

²³ 15 U.S.C. 78f(b)(5).

- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2010-116 on the subject line.

Paper comments:

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2010-116. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m.

and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2010-116 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁴
