(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to remove any potential cloud on the jurisdictional status of options on the CBOE Silver ETF Volatility Index, which is an index that measures the implied volatility of options on the iShares Silver Trust, an exchange-traded fund designed to reflect the performance of the price of silver.<sup>3</sup> To accomplish this purpose, OCC is proposing to amend the interpretation and policy following the introduction in Article XVII of OCC's By-Laws to clarify that OCC will clear and treat as securities options any option contracts on the CBOE Silver ETF Volatility Index. On December 29, 2010, the Commission approved rule filing SR-OCC-2010-07, which added the existing interpretation, which relates to the treatment and clearing of options on the CBOE Gold ETF Volatility Index.

In its capacity as a "derivatives clearing organization" registered as such with the CFTC, OCC is filing this proposed rule change for prior approval by the CFTC pursuant to provisions of the Commodity Exchange Act (the "CEA") in order to foreclose any potential liability under the CEA based on an argument that the clearing by OCC of such options as securities options constitutes a violation of the CEA.

OCC believes that the proposed interpretation of OCC's By-Laws is consistent with the purposes and requirements of Section 17A of the Exchange Act because it is designed to promote the prompt and accurate clearance and settlement of transactions in securities options, to foster cooperation and coordination with persons engaged in the clearance and settlement of such transactions, to remove impediments to and perfect the mechanism of a national system for the

prompt and accurate clearance and settlement of such transactions, and, in general, to protect investors and the public interest. It accomplishes this purpose by reducing the likelihood of a dispute as to the Commission's jurisdiction over options based on the CBOE Silver ETF Volatility Index. The proposed rule change is not inconsistent with the By-Laws and Rules of OCC.
