Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Amendment Nos. 2 and 3 and Order Granting Accelerated Approval of a Proposed Rule Change, as Modified by Amendment Nos. 1, 2, and 3, to Reflect Changes to the Means of Achieving the Investment Objective Applicable to the Guggenheim Enhanced Short Duration ETF

I. Introduction

On October 21, 2014, NYSE Arca, Inc. ("Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to reflect certain changes to the description of the Guggenheim Enhanced Short Duration ETF ("Fund"), a series of Claymore Exchange-Traded Fund Trust ("Trust").³ On October 29, 2014, the Exchange filed Amendment No. 1 to the proposed rule change. The proposed rule change, as modified by Amendment No. 1 thereto, was published for comment in the <u>Federal Register</u> on November 7, 2014. ⁴ The Commission received one comment on the proposal. ⁵ On December 10, 2014, the

The Commission previously approved the listing and trading of the shares ("Shares") of the Fund. See Securities Exchange Act Release No. 64550 (May 26, 2011), 76 FR 32005 (Jun. 2, 2011) (SR-NYSEArca-2011-11) ("Prior Order"). See also Securities Exchange Act Release No. 64224 (Apr. 7, 2011), 76 FR 20401 (Apr. 12, 2011) (SR-NYSEArca-2011-11) ("Prior Notice," and together with the Prior Order, collectively "Prior Release"). The Exchange represents that the Shares are currently listed and trading on the Exchange under NYSE Arca Equities Rule 8.600, which governs the listing and trading of Managed Fund Shares.

See Securities Exchange Act Release No. 73512 (Nov. 3, 2014), 79 FR 66442 ("Notice"). In Amendment No. 1 to the proposed rule change, the Exchange clarified that assetbacked securities in which the Fund may invest include collateralized debt obligations, as described in the Prior Release.

Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁶ On February 3, 2015, the Commission instituted proceedings to determine whether to approve or disapprove the proposed rule change.⁷ On March 16, 2015, the Exchange filed Amendment No. 2 to the proposed rule change,⁸ and on March 24, 2015, the Exchange filed Amendment No. 3 to the proposed rule change.⁹ The Commission is publishing this notice to solicit comments on Amendments Nos. 2 and 3 from interested persons, and is

Comments on the proposed rule change, including Amendment Nos. 2 and 3, can be found on the Commission's website, <u>available at http://www.sec.gov/comments/srnysearca-2014-107/nysearca2014107.shtml.</u>

See Securities Exchange Act Release No. 73810, 79 FR 74783 (Dec. 16, 2014). The Commission determined that it was appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider the proposed rule change. Accordingly, the Commission designated February 5, 2015 as the date by which it should approve, disapprove, or institute proceedings to determine whether to disapprove the proposed rule change.

See Securities Exchange Act Release No. 74199, 80 FR 7050 (Feb. 9, 2015) ("Order Instituting Proceedings"). In the Order Instituting Proceedings, the Commission noted, among other things, that questions remain as to whether the Exchange's proposal is consistent with the requirements of Section (6)(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and to protect investors and the public interest and asked questions regarding the liquidity and transparency of the Fund's proposed holdings in asset-backed securities.

In Amendment No. 2, the Exchange: (1) modified the proposal to permit the Fund to invest up to 20% of its assets in MBS and ABS that are privately issued, non-agency, and non-government sponsored entity, collectively defined as "Private MBS/ABS" and (2) made conforming changes in the proposal to reflect the defined term "Private MBS/ABS."

In Amendment No. 3, the Exchange made additional conforming changes in the proposal to reflect the defined term "Private MBS/ABS," the preponderance of which will be investment grade.

approving the proposed rule change, as modified by Amendment Nos. 1, 2, and 3, on an accelerated basis.

II. The Exchange's Description of the Proposal

The Exchange proposes to reflect certain changes to the measures that Guggenheim Funds Investment Advisors, LLC ("Adviser") may use to implement the Fund's investment objective, which is to seek maximum current income, consistent with preservation of capital and daily liquidity. ¹⁰

First, the Prior Release stated that the Fund may invest up to 10% of its assets in mortgage-backed securities ("MBS") or in other asset-backed securities ("ABS"). ¹¹ The Exchange proposes to modify this limitation to permit the Fund to invest up to 20% of its assets in MBS and ABS that are privately-issued, non-agency, and non-government sponsored entity ("Private MBS/ABS"). The Exchange notes that the holdings in Private MBS/ABS would be subject to the respective limitations on the Fund's investments in illiquid assets and high yield securities, as described below. According to the Exchange, this change to the Fund's investment limitations would allow the Adviser to better achieve the Fund's investment objective to seek maximum current income, consistent with preservation of capital and daily liquidity. In addition,

_

According to the Prior Release, the Fund uses a low duration strategy to seek to outperform the 1-3 month Treasury Bill Index, in addition to providing returns in excess of those available in U.S. Treasury bills, government repurchase agreements, and money market funds, while providing preservation of capital and daily liquidity. The Prior Release also stated that the Fund would hold, under normal circumstances, a diversified portfolio of fixed income instruments of varying maturities, but that have an average duration of less than one year.

As stated in the Prior Release, this 10% limitation does not apply to securities issued or guaranteed by federal agencies or U.S. government sponsored instrumentalities, such as the Government National Mortgage Administration, the Federal Housing Administration, the Federal National Mortgage Association, and the Federal Home Loan Mortgage Corporation.

to adhere to the Fund's investment strategy of investing in short duration, fixed income securities. The Exchange further notes that, because the Fund may invest no more than 10% of its net assets in high yield securities, the preponderance of the Fund's investments in Private MBS/ABS will be in investment grade instruments. Due to the quality of Private MBS/ABS in which the Fund will invest, the Exchange states that the Fund's additional investments in Private MBS/ABS should not expose the Fund to additional liquidity risk.

Second, the Prior Release stated that the Fund may invest up to an aggregate amount of 15% of its net assets in: (1) illiquid securities; and (2) Rule 144A securities. The Exchange proposes to modify this limitation and permit the Fund to hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment), 12 including Rule 144A securities deemed illiquid by the Adviser, consistent with Commission guidance. According to the Exchange, the Adviser and the Trust's Board of Trustees will continue to evaluate each Rule 144A security based on the Fund's valuation procedures to oversee liquidity and valuation concerns. With respect to investment in illiquid assets, if changes in the values of the Fund's assets cause the Fund's holdings of illiquid assets to exceed the 15% limitation (as if liquid assets have become illiquid), the Fund will take such actions as it deems appropriate and practicable to attempt to reduce its holdings of illiquid assets.

⁻

In reaching liquidity decisions, the Adviser may consider the following factors: the frequency of trades and quotes for the security; the number of dealers wishing to purchase or sell the security and the number of other potential purchasers; dealer undertakings to make a market in the security; and the nature of the security and the nature of the marketplace trades (e.g., the time needed to dispose of the security, the method of soliciting offers, and the mechanics of transfer).

Third, the Prior Release stated that the Fund primarily will invest in U.S. dollar-denominated, investment grade debt securities rated Baa or higher by Moody's Investors Service, Inc. ("Moody's"), or equivalently rated by Standard & Poor's Rating Group ("S&P") or Fitch Investor Services ("Fitch"), or, if unrated, determined by the Adviser to be of comparable quality. The Exchange proposes to modify this representation, as described above, to a representation that the Fund primarily will invest in U.S. dollar-denominated, investment grade debt securities rated Baa3 or higher by Moody's, ¹³ or equivalently rated by S&P, Fitch, or by any other nationally recognized statistical rating organizations, or, if unrated, determined by the Adviser to be of comparable quality.

Fourth, the Prior Release stated that the Fund will invest at least 80% of its net assets in fixed income securities. The Fund proposes to modify this statement to permit the Fund to invest at least 80% of its net assets in fixed income securities and in exchange-traded funds ("ETFs") and closed-end funds that invest substantially all of their assets in fixed income securities. ¹⁴ The Exchange represents that the shares of these ETFs and closed-end funds will be listed on a U.S. national securities exchange.

The Exchange represents that there is no change to the Fund's investment objective, and that the Fund will continue to comply with all initial and continued listing requirements under NYSE Arca Equities Rule 8.600. In addition, the Exchange represents that, except for the

According to the Exchange, "Baa3" is the lowest tier within the "Baa" rating.

According to the Exchange, ETFs include Investment Company Units (as described in NYSE Arca Equities Rule 5.2(j)(3)); Portfolio Depositary Receipts (as described in NYSE Arca Equities Rule 8.100); and Managed Fund Shares (as described in NYSE Arca Equities Rule 8.600). The Fund will invest in the securities of ETFs registered under the Investment Company Act of 1940 ("1940 Act") consistent with the requirements of Section 12(d)(1) of the 1940 Act, or any rule, regulation or order of the Commission or interpretation thereof.

changes noted above, all other facts presented and representations made in the Prior Release remain unchanged. ¹⁵

Additional information regarding the Trust, Fund, and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, trading halts, dissemination and availability of information, distributions, and taxes can be found in the Prior Release, Notice, as modified by Amendment Nos. 1, 2, and 3, and the registration statement, as applicable. ¹⁶

III. <u>Discussion and Commission's Findings</u>

After careful review, the Commission finds that the proposed rule change is consistent with the requirements of Section 6 of the Act¹⁷ and the rules and regulations thereunder applicable to a national securities exchange.¹⁸ In particular, the Commission finds that the proposal is consistent with Section 6(b)(5) of the Act,¹⁹ which requires, among other things, that the Exchange's rules be designed to promote just and equitable principles of trade, to remove

6

The Prior Release also stated that the Fund is considered non-diversified under the 1940 Act and can invest a greater portion of assets in securities of individual issuers than a diversified fund. According to the Exchange, Trust changed this representation in an amendment to the Trust's registration statement to state that the Fund is considered a diversified fund. To reflect this change in the registration statement, the Exchange's current proposed rule change states that the Fund is considered a diversified fund.

See <u>supra</u> notes 3 and 4; <u>see also Notice</u>, <u>supra</u> note 4, at 66443 n.6 (referring to the registration statement on Form N-1A relating to the Fund (File Nos. 333-134551 and 811-21906)).

impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Commission believes that the changes proposed by the Exchange with respect to the Fund are consistent with the listing standards applicable to other existing ETFs. Specifically, the Commission notes that, with respect to proposals to list and trade other Managed Fund Shares on the Exchange, it has previously approved similar limitations on MBS and ABS holdings and on illiquid assets. ²⁰ The Commission also notes that it has previously approved the listing and trading of other series of Managed Fund Shares based on portfolios comprising fixed income securities of any credit rating, including investment grade securities rated Baa3 or higher, ²¹ and shares of other ETFs and exchange-traded closed-end funds. ²²

In support of its proposal, the Exchange has made the following representations:
