

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-75247; File No. SR-NYSEArca-2015-42)

June 18, 2015

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change, as Modified by Amendment No. 1, Relating to the Listing and Trading of Shares of Newfleet Multi-Sector Unconstrained Bond ETF under NYSE Arca Equities Rule 8.600

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on June 5, 2015, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. On June 15, 2015, NYSE Arca filed Amendment No. 1 to the proposed rule change.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade shares of the following under NYSE Arca Equities Rule 8.600 (“Managed Fund Shares”): Newfleet Multi-Sector Unconstrained Bond ETF. The text of the proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it

¹ 15 U.S.C.78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

⁴ Amendment No. 1 replaces and supersedes the filing in its entirety.

received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade shares (“Shares”) of the following under NYSE Arca Equities Rule 8.600, which governs the listing and trading of Managed Fund Shares⁵:

Newfleet Multi-Sector Unconstrained Bond ETF,⁶ a series of the ETFis Series Trust I (“Trust”).⁷

⁵ A Managed Fund Share is a security that represents an interest in an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1) (“1940 Act”) organized as an open-end investment company or similar entity that invests in a portfolio of securities selected by its investment adviser consistent with its investment objectives and policies. In contrast, an open-end investment company that issues Investment Company Units, listed and traded on the Exchange under NYSE Arca Equities Rule 5.2(j)(3), seeks to provide investment results that correspond generally to the price and yield performance of a specific foreign or domestic stock index, fixed income securities index or combination thereof.

⁶ The Commission has approved listing and trading on the Exchange of a number of actively managed funds under Rule 8.600. See, e.g., Securities Exchange Act Release Nos. 69591 (May 16, 2013), 78 FR 30372 (May 22, 2013) (SR-NYSEArca-2013-33) (order approving Exchange listing and trading of International Bear ETF); 69061 (March 7, 2013), 78 FR 15990 (March 13, 2013) (SR-NYSEArca-2013-01) (order approving Exchange listing and trading of Newfleet Multi-Sector Income ETF); and 67277 (June 27, 2012), 77 FR 39554 (July 3, 2012) (SR-NYSEArca-2012-39) (order approving Exchange listing and trading of the Global Alpha & Beta ETF).

⁷ The Trust is registered under the 1940 Act. On January 26, 2015, the Trust filed with the Commission an amendment to its registration statement on Form N-1A under the Securities Act of 1933 (15 U.S.C. 77a) (“Securities Act”), and under the 1940 Act relating to the Fund (File Nos. 333-187668 and 811-22819) (“Registration Statement”). The description of the operation of the Trust and the Fund herein is based, in part, on the Registration Statement. In addition, the Commission has issued an order granting certain exemptive relief to the Trust under the 1940 Act. See Investment Company Act Release No. 30607 (July 23, 2013) (File No. 812-14080) (“Exemptive Order”).

The investment adviser to the Fund will be Etfis Capital LLC. (the “Adviser”). The Fund’s Sub-Adviser will be Newfleet Asset Management LLC (“Sub-Adviser”). ETF Issuer Solutions Inc. will serve as the Fund’s operational administrator. ETF Distributors LLC will serve as the distributor (the “Distributor”) of Fund Shares on an agency basis.⁸

The Bank of New York Mellon (the “Administrator”) will serve as the administrator, custodian, transfer agent and fund accounting agent for the Fund.

Commentary .06 to Rule 8.600 provides that, if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio.⁹ In addition, Commentary .06 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end

⁸ This Amendment No. 1 to SR-NYSEArca-201[5]-42 replaces SR-NYSEArca-201[5]-42 as originally filed and supersedes such filing in its entirety.

⁹ An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the “Advisers Act”). As a result, the Adviser and Sub-Adviser and their related personnel are subject to the provisions of Rule 204A-1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with other applicable securities laws. Accordingly, procedures designed to prevent the communication and misuse of non-public information by an investment adviser must be consistent with Rule 204A-1 under the Advisers Act. In addition, Rule 206(4)-7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above and the effectiveness of their implementation; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

fund's portfolio. The Adviser and Sub-Adviser are not registered as broker-dealers but each is affiliated with one or more broker-dealers and has implemented and will maintain a fire wall with respect to each such broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio. In the event (a) the Adviser or Sub-Adviser become registered broker-dealers or newly affiliated with a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel or its broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio, and will be subject to procedures designed to prevent the use and dissemination of material non-public information regarding such portfolio.

Description of the Fund

Principal Investments

According to the Registration Statement, the Fund will, under normal market conditions,¹⁰ invest at least eighty percent (80%) of the Fund's net assets in fixed income securities, across all sectors of the fixed income market, and in U.S. Treasury futures. The Fund may invest across the credit rating spectrum, which includes securities rated below investment grade by a nationally recognized statistical rating organization ("NRSRO"). The Fund also may invest in unrated securities. The Fund has no target duration for its investment portfolio and the

¹⁰ The term "under normal market conditions" includes, but is not limited to, the absence of extreme volatility or trading halts in the fixed income markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure type events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance. In the absence of normal market conditions, the Fund may invest 100% of its total assets, without limitation, in cash or cash equivalents. The Fund may be invested in this manner for extended periods depending on the Sub-Adviser's assessment of market conditions.

Fund's portfolio managers may target shorter or longer durations in response to their view of the fixed income markets generally or any sector thereof.

The Fund's investment objective will seek to provide a high level of current income and, secondarily, capital appreciation. According to the Registration Statement, the Fund will apply a time-tested approach to credit research to capitalize on opportunities across undervalued areas of the bond market. According to the Registration Statement, under normal market conditions, the Sub-Adviser will seek to select securities using a sector rotation approach and seek to adjust the proportion of Fund investments in various sectors and sub-sectors in an effort to obtain higher relative returns.

The Fund's investable assets will typically be allocated among various sectors and sub-sectors of the fixed income market using a top-down, relative value approach that looks at factors such as yield and spreads, supply and demand, investment environment, and sector fundamentals. The Sub-Adviser will then typically select particular investments using a bottom-up, fundamental research-driven analysis that includes assessment of credit risk, company management, issuer capital structure, technical market conditions, and valuations. The Sub-Adviser will select securities it believes offer the best potential to achieve the Fund's investment objective of providing a relatively high level of current income, and secondarily, capital appreciation.

The Sub-Adviser will seek to provide diversification by allocating the Fund's investments among various sectors of the fixed income markets (as described below), including corporate investment-grade, corporate high-yield, non-agency commercial mortgage-backed securities ("CMBS"), agency and non-agency residential mortgage-backed securities ("RMBS"),

non-U.S. dollar securities, emerging market high-yield securities, and asset-backed securities (“ABS”).

The Fund may invest in the following fixed income securities:

- Securities issued or guaranteed as to principal and interest by the U.S. Government, its agencies, authorities or instrumentalities, including, without limitation, collateralized mortgage obligations (“CMOs”), real estate mortgage investment conduits (“REMICs”) and other pass-through securities;
- Non-agency¹¹ CMBS, agency and non-agency RMBS, and other ABS, including equipment trust certificates;¹²
- Yankee bonds;¹³
- Loan assignments, including senior and junior bank loans (generally with floating rates);¹⁴
- Corporate bonds; and
- Taxable municipal bonds and tax-exempt municipal bonds.

¹¹ “Non-agency” securities are financial instruments that have been issued by an entity that is not a government-sponsored agency, such as the Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Federal Home Loan Banks, or the Government National Mortgage Association.

¹² The Fund may invest up to 20% of its net assets in the aggregate in non-agency CMBS, RMBS and ABS. The liquidity of any such security will be a factor in the selection of any such security.

¹³ Yankee bonds are denominated in U.S. dollars, registered in accordance with the Securities Act and publicly issued in the U.S. by foreign banks and corporations.

¹⁴ The Fund may invest in loan assignments, including senior and junior bank loans, rated C or higher by an NRSRO or is unrated but considered to be of comparable quality by the Adviser or Sub-Adviser. The Fund will not invest in loan assignments that are in default at time of purchase. The Fund will only invest in U.S. dollar-denominated loan assignments. In addition, for investment purposes, a bank loan must have a par amount outstanding of U.S. \$150 million or greater at the time it is originally issued. The Fund may invest up to 20% of its net assets in junior bank loans.

The Fund represents that the portfolio generally will include a minimum of 13 non-affiliated issuers of debt securities. The Fund will only purchase performing securities and not distressed debt.¹⁵

The Fund may invest in securities of U.S. or non-U.S. issuers of any maturity or credit quality rating. The Fund generally will consider a security to be “investment grade” if it is rated within the four highest rating categories of a NRSRO or, if unrated, it is determined to be of comparable quality by the Sub-Adviser (pursuant to procedures reviewed and approved by the Trust’s Board of Trustees (“Board”)). Securities that are not determined to be investment grade are considered below investment grade. There is no limitation to the Fund’s holdings in below investment grade securities or non-U.S. issuers (as measured by country of risk).

The fixed income securities referenced above may be issued by foreign issuers, including foreign governments and their political subdivisions and issuers located in emerging markets countries.¹⁶

The fixed income securities referenced above may be short-term securities of U.S. and non-U.S. issuers.

The Fund has no target duration for its investment portfolio and the Fund’s portfolio managers may target shorter or longer durations in response to their view of the fixed income markets generally or any sector thereof. Duration measures the interest rate sensitivity of a fixed income security by assessing and weighting the present value of the security’s payment pattern.

¹⁵ Distressed debt is debt that is currently in default and is not expected to pay the current coupon.

¹⁶ The Adviser expects that under normal market conditions, the Fund will seek to invest at least 75% of its corporate bond assets in issuances that have at least \$100,000,000 par amount outstanding in developed countries and at least \$200,000,000 par amount outstanding in emerging market countries.

Generally, the longer the maturity, the greater the duration and, therefore, the greater effect interest rate changes have on the price of the security.

The Sub-Adviser will seek to adjust (i) the proportion of Fund investments primarily in the sectors described above, and (ii) the selections within sectors to obtain higher relative returns. The Sub-Adviser will regularly review the Fund's portfolio construction, endeavoring to minimize risk exposure by closely monitoring portfolio characteristics such as sector concentration and portfolio duration and by investing no more than 5% of the Fund's total assets in securities of any single issuer (excluding the U.S. government, its agencies, authorities or instrumentalities).

The Fund may invest in U.S. Treasury futures contracts traded on U.S. futures exchanges in an attempt to protect the Fund's current or intended investments from broad fluctuations in securities prices.¹⁷

Other Investments

While the Fund, under normal market conditions, will invest at least eighty percent (80%) of its assets in fixed income securities and financial instruments, as described above, the Fund may invest its remaining assets in other assets and financial instruments, as described below.

The Fund may hold the following exchange-traded equity securities: common stocks, preferred stocks, warrants, convertible securities, unit investment trusts, master limited

¹⁷ In instances involving the purchase of futures contracts, the Fund will deposit in a segregated account with its custodian an amount of cash, cash equivalents and/or appropriate securities equal to the cost of such futures contracts, to the extent that such deposits are required under the 1940 Act.

partnerships, real estate investment trusts (“REITs”), exchange-traded funds (“ETFs”)¹⁸ and exchange-traded notes (“ETNs”).¹⁹

The Fund will purchase such equity securities traded in the U.S. on registered exchanges.

To gain exposure to the performance of foreign issuers, the Fund may invest in the following types of equity securities: American Depositary Receipts (“ADRs”), “ordinary shares,” and “New York shares” (each of which is issued and traded in the U.S.); and Global Depositary Receipts (“GDRs”), European Depositary Receipts (“EDRs”), and International Depositary Receipts (“IDRs”), which are traded on foreign exchanges (all of the foregoing financial instruments collectively referred to as “Equity Financial Instruments”).²⁰

¹⁸ The ETFs in which the Fund may invest will be registered under the 1940 Act and include Investment Company Units (as described in NYSE Arca Equities Rule 5.2(j)(3)); Portfolio Depositary Receipts (as described in NYSE Arca Equities Rule 8.100); and Managed Fund Shares (as described in NYSE Arca Equities Rule 8.600). Such ETFs all will be listed and traded in the U.S. on registered exchanges. The Fund may invest in inverse ETFs, leveraged ETFs and inverse leveraged ETFs (e.g., 2X or 3X).

¹⁹ ETNs, also called index-linked securities as would be listed, for example, under NYSE Arca Equities Rule 5.2(j)(6), are senior, unsecured, unsubordinated debt securities issued by an underwriting bank that are designed to provide returns that are linked to a particular benchmark less investor fees. The Fund will not invest in leveraged ETNs and inverse leveraged ETNs (e.g., 2X or 3X).

²⁰ ADRs are U.S. dollar denominated receipts typically issued by U.S. banks and trust companies that evidence ownership of underlying securities issued by a foreign issuer. The underlying securities may not necessarily be denominated in the same currency as the securities into which they may be converted. The underlying securities are held in trust by a custodian bank or similar financial institution in the issuer’s home country. The depositary bank may not have physical custody of the underlying securities at all times and may charge fees for various services, including forwarding dividends and interest and corporate actions. The Fund may invest in sponsored or unsponsored ADRs; however, non-exchange listed ADRs will not exceed 10% of the Fund’s net assets. Ordinary shares are shares of foreign issuers that are traded abroad and on a U.S. exchange. New York shares are shares that a foreign issuer has allocated for trading in the U.S. ADRs, ordinary shares, and New York shares all may be purchased with and sold for U.S. dollars, which protects the Fund from foreign settlement risks. GDRs, EDRs, and IDRs are similar to ADRs in that they are certificates evidencing ownership of shares of a foreign issuer; however, GDRs, EDRs, and IDRs may be issued in bearer form and denominated in other currencies, and are generally designed for use in specific or multiple securities markets

With respect to its exchange-traded equity securities investments, the Fund will normally invest in equity securities that are listed and traded on a U.S. exchange or in markets that are members of the Intermarket Surveillance Group (“ISG”) or parties to a comprehensive surveillance sharing agreement with the Exchange. In any case, not more than 10% of the net assets of the Fund in the aggregate invested in exchange-traded equity securities will consist of equity securities whose principal market is not a member of ISG or a market with which the Exchange does not have a comprehensive surveillance sharing agreement.

The Fund may invest in, to the extent permitted by Section 12(d)(1) of the 1940 Act and the rules thereunder,²¹ other affiliated and unaffiliated funds, such as open-end or closed-end management investment companies (“closed-end funds”), including other ETFs.

The Fund also may invest in the securities of other investment companies in compliance with Section 12(d)(1)(E), (F) and (G) of the 1940 Act and the rules thereunder.²²

The Fund may invest in the exchange traded securities of pooled vehicles that are not investment companies and, thus, not required to comply with the provisions of the 1940 Act. Such pooled vehicles would be required to comply with the provisions of other federal securities laws, such as the Securities Act. These pooled vehicles typically hold commodities, such as gold or oil, currency, or other property that is itself not a security.²³

outside the U.S. EDRs, for example, are designed for use in European securities markets while GDRs are designed for use throughout the world.

²¹ 15 U.S.C. 80a-12(d)(1).

²² 15 U.S.C. 80a-12(d)(1)(E),(F) and (G).

²³ Exchange-traded pooled investment vehicles include Trust Issued Receipts (as described in NYSE Arca Equities Rule 8.200); Commodity-Based Trust Shares (as described in NYSE Arca Equities Rule 8.201); Currency Trust Shares (as described in NYSE Arca Equities Rule 8.202); Commodity Index Trust Shares (as described in NYSE Arca Equities Rule 8.203); and Trust Units (as described in NYSE Arca Equities Rule 8.500).

Investment Restrictions

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid assets (calculated at the time of investment), including Rule 144A fixed income securities and bank loans, that are deemed illiquid by the Adviser, consistent with Commission guidance.²⁴ Thus, only those Rule 144A securities and bank loans, that are deemed illiquid by the Adviser would be included in the limitation of 15% of net assets in illiquid assets.²⁵

The Adviser has represented that it will invest generally in loan assignments, including bank loans, that it deems highly liquid, with readily available prices.

The Fund will not invest in options contracts or swap agreements.

²⁴ The Commission has stated that long-standing Commission guidelines have required open-end funds to hold no more than 15% of their net assets in illiquid securities and other illiquid assets. See Investment Company Act Release No. 28193 (March 11, 2008), 73 FR 14618 (March 18, 2008), footnote 34. See also, Investment Company Act Release No. 5847 (October 21, 1969), 35 FR 19989 (December 31, 1970) (Statement Regarding “Restricted Securities”); Investment Company Act Release No. 18612 (March 12, 1992), 57 FR 9828 (March 20, 1992) (Revisions of Guidelines to Form N-1A). A fund’s portfolio security is illiquid if it cannot be disposed of in the ordinary course of business within seven days at approximately the value ascribed to it by the fund. See Investment Company Act Release No. 14983 (March 12, 1986), 51 FR 9773 (March 21, 1986) (adopting amendments to Rule 2a-7 under the 1940 Act); Investment Company Act Release No. 17452 (April 23, 1990), 55 FR 17933 (April 30, 1990) (adopting Rule 144A under the Securities Act).

²⁵ Rule 144A securities and loan assignments, including bank loans, are subject to the Fund’s 15% limitation on holdings in illiquid assets only if deemed illiquid by the Adviser. In reaching liquidity decisions relating to Rule 144A securities and loan assignments, the Adviser may consider the following factors: the frequency of trades and quotes for the security; the number of dealers wishing to purchase or sell the security and the number of other potential purchasers; dealer undertakings to make a market in the security; and the nature of the security and the nature of the marketplace trades (e.g., the time needed to dispose of the security, the method of soliciting offers, and the mechanics of transfer.) The Adviser represents that the Adviser and the Board will continue to evaluate each 144A security and loan assignment based on the Fund’s valuation procedures to oversee liquidity and valuation concerns.

The Fund will seek to qualify for treatment as a regulated investment company under the Internal Revenue Code of 1986.²⁶

The Fund's investments will be consistent with its investment objective and will not be used to provide multiple returns of a benchmark or to produce leveraged returns.

Creation and Redemption of Shares

The Trust will issue and sell Shares of the Fund only in "Creation Units" on a continuous basis through the Distributor, at their NAV next determined after receipt, on any business day, for an order received in proper form. All orders to create Creation Units must be placed for one or more Creation Unit size aggregations of Shares (50,000 Shares per Creation Unit). The Creation Unit size is subject to change.

The consideration for purchase of a Creation Unit of the Fund generally will consist of an in-kind deposit of "Deposit Securities" for each Creation Unit constituting a substantial replication, or a representation, of the securities included in the Fund's portfolio and a "Cash Component" computed as described below. Together, the Deposit Securities and the Cash Component constitute the "Fund Deposit", which represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund. The Cash Component is an amount equal to the difference between the NAV of the Shares (per Creation Unit) and the market value of the Deposit Securities. If the Cash Component is a positive number (i.e., the NAV per Creation Unit exceeds the market value of the Deposit Securities), the Cash Component will be such positive amount. If the Cash Component is a negative number (i.e., the NAV per Creation Unit is less than the market value of the Deposit Securities), the Cash Component will be such negative amount, and the creator will be entitled to receive cash from the Fund in an amount equal to the

²⁶ 26 U.S.C. 851.

Cash Component. The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit and the market value of the Deposit Securities.

The Administrator, through the National Securities Clearing Corporation (“NSCC”), will make available on each business day, immediately prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time), the list of the names and the required number of Shares of each Deposit Security to be included in the current Fund Deposit (based on information at the end of the previous business day) for the Fund. Such Fund Deposit will be applicable, subject to any adjustments as described below, in order to effect creations of Creation Units of the Fund until such time as the next-announced composition of the Deposit Securities is made available.

The identity and number of Shares of the Deposit Securities required for the Fund Deposit for the Fund will change as rebalancing adjustments and corporate action events are reflected from time to time by the Sub-Adviser with a view to the investment objective of the Fund. In addition, the Trust reserves the right to permit or require the substitution of an amount of cash - i.e., a “cash in lieu” amount - to be added to the Cash Component to replace any Deposit Security that may not be available in sufficient quantity for delivery, that may not be eligible for transfer or that may not be eligible for trading by an “Authorized Participant” (as described below) or the investor for which it is acting.

In addition to the list of names and numbers of securities constituting the current Deposit Securities of the Fund Deposit, the Administrator, through NSCC, also will make available on each business day the estimated Cash Component, effective through and including the previous business day, per outstanding Creation Unit of the Fund.

Procedures for Creation of Creation Units

To be eligible to place orders to create a Creation Unit of the Fund, an entity must be (i) a “Participating Party”, i.e., a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of NSCC (the “Clearing Process”) or a clearing agency that is registered with the Commission, or (ii) a Depository Trust Company (“DTC”) Participant (see “Book Entry Only System”) and, in each case, must have executed an agreement with the Trust, the Distributor and the Administrator with respect to creations and redemptions of Creation Units (“Participant Agreement”). A Participating Party and DTC Participant are collectively referred to as an “Authorized Participant”.

All orders to create Creation Units must be received by the Distributor no later than the close of the regular trading session on the Exchange (ordinarily 4:00 p.m. Eastern Time) (“Closing Time”), in each case on the date such order is placed in order for the creation of Creation Units to be effected based on the NAV of Shares of the Fund as next determined on such date after receipt of the order in proper form.

Redemption of Creation Units

Shares may be redeemed only in Creation Units at their NAV next determined after receipt of a redemption request in proper form by the Distributor and the Fund through the Administrator and only on a business day.

With respect to the Fund, the Administrator, through NSCC, will make available immediately prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time) on each business day, the Deposit Securities that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form on that day. Deposit

Securities received on redemption may not be identical to Deposit Securities which are applicable to creations of Creation Units.

Unless cash redemptions are available or specified for the Fund, the redemption proceeds for a Creation Unit generally consist of Deposit Securities, as announced by the Administrator on the business day of the request for redemption received in proper form, plus cash in an amount equal to the difference between the NAV of the Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Deposit Securities (the “Cash Redemption Amount”), less a redemption transaction fee. In the event that the Deposit Securities have a value greater than the NAV of the Shares, a compensating cash payment equal to the differential is required to be made by or through an Authorized Participant by the redeeming shareholder.

If it is not possible to effect deliveries of the Deposit Securities, the Trust may in its discretion exercise its option to redeem such shares in cash, and the redeeming Beneficial Owner will be required to receive its redemption proceeds in cash. In addition, an investor may request a redemption in cash which the Fund may, in its sole discretion, permit.²⁷ In either case, the investor will receive a cash payment equal to the NAV of its Shares based on the NAV of Shares of the Fund next determined after the redemption request is received in proper form (minus a redemption transaction fee and additional charge for requested cash redemptions specified above, to offset the Trust’s brokerage and other transaction costs associated with the disposition of Deposit Securities). The Fund may also, in its sole discretion, upon request of a shareholder,

²⁷ The Adviser represents that, to the extent the Trust effects the redemption of Shares in cash, such transactions will be effected in the same manner for all Authorized Participants.

provide such redeemer a portfolio of securities which differs from the exact composition of the Deposit Securities but does not differ in NAV.

The right of redemption may be suspended or the date of payment postponed with respect to the Fund (1) for any period during which the Exchange is closed (other than customary weekend and holiday closings); (2) for any period during which trading on the Exchange is suspended or restricted; (3) for any period during which an emergency exists as a result of which disposal of the Shares of the Fund or determination of the Shares' NAV is not reasonably practicable; or (4) in such other circumstance as is permitted by the Commission.

Net Asset Value

The NAV of the Shares for the Fund will be equal to the Fund's total assets minus the Fund's total liabilities divided by the total number of Shares outstanding. Interest and investment income on the Trust's assets will accrue daily and will be included in the Fund's total assets. Expenses and fees (including investment advisory, management, administration and distribution fees, if any) will accrue daily and will be included in the Fund's total liabilities.

The pricing and valuation of portfolio securities will be determined in good faith in accordance with procedures approved by, and under the direction of, the Board. In determining the value of the Fund's assets, portfolio securities will generally be valued at market using quotations from the primary market in which they are traded. The Fund normally will use third party pricing services to obtain market quotations.

Securities and assets for which market quotations are not readily available or which cannot be accurately valued using the Fund's normal pricing procedures will be valued by the Trust's Fair Value Pricing Committee at fair value as determined in good faith under policies approved by the Trust's Board. Fair value pricing may be used, for example, in situations where

(i) portfolio securities, such as securities with small capitalizations, are so thinly traded that there have been no transactions for that security over an extended period of time; (ii) an event occurs after the close of the exchange on which a portfolio security is principally traded that is likely to change the value of the portfolio security prior to the Fund's NAV calculation; (iii) the exchange on which the portfolio security is principally traded closes early; or (iv) trading of the particular portfolio security is halted during the day and does not resume prior to the Fund's NAV calculation. Pursuant to policies adopted by the Board, the Adviser will consult with BNY Mellon and the Sub-Adviser on a regular basis regarding the need for fair value pricing. The Fund's policies regarding fair value pricing are intended to result in a calculation of the Fund's NAV that fairly reflects portfolio security values as of the time of pricing. A portfolio security's "fair value" price may differ from the price next available for that portfolio security using the Fund's normal pricing procedures, and the fair value price may differ substantially from the price at which the security may ultimately be traded or sold. The Board will monitor and evaluate the Fund's use of fair value pricing, and periodically reviews the results of any fair valuation under the Trust's policies.

The NAV will be determined as of the close of regular trading on the Exchange, normally 4:00 p.m. Eastern time, on each day that the Exchange is open for business.

In computing the Fund's NAV, the Fund's securities holdings will be valued based on their last readily available market price.

Exchange-traded equity securities will be valued at market value, which will generally be determined using the last reported official closing or last trading price on the exchange or market on which the security is primarily traded at the time of valuation or, if no sale has occurred, at the last quoted bid price on the primary market or exchange on which they are traded. If market

prices are unavailable or the Fund believes that they are unreliable, or when the value of a security has been materially affected by events occurring after the relevant market closes, the Fund will price those securities at fair value as determined in good faith using methods approved by the Trust's Board.

Un-sponsored ADRs, which are traded OTC, will be valued on the basis of the market closing price on the exchange where the stock of the foreign issuer that underlies the ADR is listed. Investment company securities (other than ETFs), including mutual funds and closed end funds will be valued at net asset value.

Currency spot rates will be taken from major market data vendors and will generally be determined as of the close of trading of the New York Stock Exchange. Futures contracts will generally be valued at the settlement price of the relevant exchange. In computing the Fund's net asset value per Share, Rule 144A fixed income securities will be valued based on price quotations and other equivalent indications of value provided by a third party pricing service.

Corporate debt securities, bank loans, non-agency CMBS, agency and non-agency RMBS, non-U.S. dollar securities, emerging market high-yield securities, investment-grade bonds, ABS, municipal bonds, CMOs, REMICs, junk bonds, equipment trust certificates, and money market instruments generally trade in the OTC market rather than on a securities exchange. The Fund will generally value these portfolio securities by relying on independent pricing services. The Fund's pricing services will use valuation models or matrix pricing to determine current value. In general, pricing services use information with respect to comparable bond and note transactions, quotations from bond dealers or by reference to other securities that are considered comparable in such characteristics as rating, interest rate, maturity date, option adjusted spread models, prepayment projections, interest rate spreads and yield curves.

Foreign exchange rates will be priced using 4:00 p.m. Eastern Time mean prices from major market data vendors.

Availability of Information

The Fund's website (www.newfleet.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Fund's website will include additional quantitative information updated on a daily basis, including, for the Fund, (1) daily trading volume, the prior business day's reported closing price, NAV and mid-point of the bid/ask spread at the time of calculation of such NAV (the "Bid/Ask Price"),²⁸ and a calculation of the premium and discount of the Bid/Ask Price against the NAV, and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Core Trading Session on the Exchange, the Fund's website will disclose the Disclosed Portfolio that will form the basis for the Fund's calculation of NAV at the end of the business day.²⁹

The Fund will disclose on the Fund's website the following information regarding each portfolio holding, as applicable to the type of holding: ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding); the identity of the security, commodity, index or other asset or instrument underlying the holding, if any; quantity

²⁸ The Bid/Ask Price of the Fund's Shares will be determined using the mid-point of the highest bid and the lowest offer on the Exchange as of the time of calculation of the Fund's NAV. The records relating to Bid/Ask Prices will be retained by the Fund and its service providers.

²⁹ Under accounting procedures followed by the Fund, trades made on the prior business day ("T") will be booked and reflected in NAV on the current business day ("T+1"). Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

held (as measured by, for example, par value, notional value or number of shares, contracts or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holding in the Fund's portfolio. The website information will be publicly available at no charge.

In addition, a basket composition file, which includes the security names and share quantities, if applicable, required to be delivered in exchange for the Fund's Shares, together with estimates and actual cash components, will be publicly disseminated daily prior to the opening of the Exchange via the NSCC. The basket represents one Creation Unit of the Fund. The NAV of Shares of the Fund will normally be determined as of the close of the regular trading session on the Exchange (ordinarily 4:00 p.m. Eastern Time) on each business day. Authorized participants may refer to the basket composition file for information regarding securities and financial instruments that may comprise the Fund's basket on a given day.

The approximate value of the Fund's investments on a per-Share basis, the Indicative Intra-Day Value ("IIV"), will be disseminated every 15 seconds during the Exchange Core Trading Session. The IIV should not be viewed as a "real-time" update of NAV because the IIV will be calculated by an independent third party and may not be calculated in the exact same manner as NAV, which will be computed daily.

The IIV for the Fund will be calculated during hours of trading on the Exchange by dividing the "Estimated Fund Value" as of the time of the calculation by the total number of outstanding Shares. "Estimated Fund Value" is the sum of the estimated amount of cash held in the Fund's portfolio, the estimated amount of accrued interest owing to the Fund and the estimated value of the securities held in the Fund's portfolio, minus the estimated amount of the Fund's liabilities. The IIV will be calculated based on the same portfolio holdings disclosed on

the Fund's website. In determining the estimated value for each of the component securities, the IIV will use last sale, market prices or other methods that would be considered appropriate for pricing equity securities held by registered investment companies.

Investors can also obtain the Trust's Statement of Additional Information ("SAI"), the Fund's shareholder reports, and its Form N-CSR and Form N-SAR, filed twice a year. The Trust's SAI and Shareholder Reports will be available free upon request from the Trust, and those documents and the Form N-CSR and Form N-SAR may be viewed on-screen or downloaded from the Commission's website at www.sec.gov. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers' computer screens and other electronic services. Information regarding the previous day's closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.

Quotation and last sale information for the Shares and the underlying U.S. exchange-traded equity securities will be available via the Consolidated Tape Association ("CTA") high-speed line, and from the national securities exchange on which they are listed. Price information regarding exchange-traded equity securities and futures contracts held by the Fund will be available from the exchanges trading such assets.

Quotation information from brokers and dealers or pricing services will be available for unsponsored ADRs; fixed income securities; bank loans; U.S. Treasury securities; other obligations issued or guaranteed by U.S. government agencies and instrumentalities; bank obligations; short-term securities; money market instruments; ABS; MBS; CMBS; RMBS; CMOs; shares of mutual funds; corporate debt securities; and convertible securities. Price information for investment company securities (other than ETFs and exchange-traded closed end

funds) will be available from the investment company's website and from market data vendors. Pricing information regarding each asset class in which the Fund will invest will generally be available through nationally recognized data service providers through subscription agreements. Foreign exchange prices are available from major market data vendors. Intra-day and closing price information for Rule 144A fixed income securities and loan assignments will be available from major market data vendors.

In addition, the IIV, (which is the Portfolio Indicative Value, as defined in NYSE Arca Equities Rule 8.600(c)(3)), will be widely disseminated at least every 15 seconds during the Core Trading Session by one or more major market data vendors.³⁰ The dissemination of the IIV, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and will provide a close estimate of that value throughout the trading day.

Additional information regarding the Trust and the Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings disclosure policies, distributions and taxes is included in the Registration Statement.

Trading Halts

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund.³¹ Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached. Trading also may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) the extent to

³⁰ Currently, it is the Exchange's understanding that several major market data vendors display and/or make widely available IIVs taken from CTA or other data feeds.

³¹ See NYSE Arca Equities Rule 7.12, Commentary .04.

which trading is not occurring in the securities and/or the financial instruments comprising the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Shares subject to the Exchange's existing rules governing the trading of equity securities. Shares will trade on the NYSE Arca Marketplace from 4 a.m. to 8 p.m. Eastern Time in accordance with NYSE Arca Equities Rule 7.34 (Opening, Core, and Late Trading Sessions). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Equities Rule 7.6, Commentary .03, the minimum price variation ("MPV") for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is \$0.01, with the exception of securities that are priced less than \$1.00 for which the MPV for order entry is \$0.0001.

The Shares will conform to the initial and continued listing criteria under NYSE Arca Equities Rule 8.600. Consistent with NYSE Arca Equities Rule 8.600(d)(2)(B)(ii), the Adviser will implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the actual components of the Fund's portfolio. The Exchange represents that, for initial and/or continued listing, the Fund will be in compliance with Rule 10A-3³² under the Act, as provided by NYSE Arca Equities Rule 5.3. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the

³² 17 CFR 240.10A-3.

Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio³³ as defined in NYSE Arca Equities Rule 8.600(c)(2) will be made available to all market participants at the same time. The Fund's investments will be consistent with the Fund's investment objective and will not be used to enhance leverage.

Additional information regarding the Trust, Fund, and Shares, including investment strategies, risks, creation and redemption procedures, fees, portfolio holdings, disclosure policies, distributions and taxes, availability of information, trading rules and halts, and surveillance procedures, among other things, can be found in the Registration Statement.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances, administered by the Financial Industry Regulatory Authority ("FINRA") on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and federal securities laws applicable to trading on the Exchange.³⁴

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When

³³ The term "Disclosed Portfolio" is defined in NYSE Arca Equities Rule 8.600(c)(2).

³⁴ FINRA surveils trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA's performance under this regulatory services agreement.

such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.³⁵

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares, exchange-traded equity securities and futures contracts with other markets and other entities that are members of the ISG, and FINRA, on behalf of the Exchange, may obtain trading information regarding trading in the Shares, exchange-traded equity securities and futures contracts from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares, exchange-traded equity securities and futures contracts from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. In addition, FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Fund reported to FINRA's Trade Reporting and Compliance Engine ("TRACE").

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees.

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its Equity Trading Permit Holders in an Information Bulletin ("Bulletin") of the special characteristics and risks associated with trading the Shares. Specifically, the Bulletin will discuss the following: (1) the procedures for purchases and redemptions of Shares in Creation Unit aggregations (and that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its Equity Trading Permit Holders to learn the essential facts relating to

³⁵ For a list of the current members of ISG, see www.isgportal.org. The Exchange notes that not all components of the Disclosed Portfolio may trade on markets that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

every customer prior to trading the Shares; (3) the risks involved in trading the Shares during the Opening and Late Trading Sessions when an updated IIV will not be calculated or publicly disseminated; (4) how information regarding the IIV and the Disclosed Portfolio is disseminated; (5) the requirement that Equity Trading Permit Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; and (6) trading information.

In addition, the Bulletin will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Bulletin will discuss any exemptive, no-action, and interpretive relief granted by the Commission from any rules under the Act. The Bulletin will also disclose that the NAV for the Shares will be calculated after 4:00 p.m. Eastern Time each trading day.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5)³⁶ that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NYSE Arca Equities Rule 8.600. The Exchange has in place surveillance procedures that are adequate to properly monitor trading in the Shares in all trading sessions and to deter and detect violations of Exchange rules and

³⁶ 15 U.S.C. 78f(b)(5).

applicable federal securities laws. FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares, exchange-traded equity securities and futures contracts with other markets and other entities that are members of the ISG, and FINRA, on behalf of the Exchange, may obtain trading information regarding trading in the Shares, exchange-traded equity securities and futures contracts from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares, exchange-traded equity securities and futures contracts from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement. In addition, FINRA, on behalf of the Exchange, is able to access, as needed, trade information for certain fixed income securities held by the Fund reported to TRACE. The Fund may invest up to 20% of its net assets in the aggregate in non-agency CMBS, RMBS and ABS. The Fund may invest up to 20% of its assets in junior bank loans. The Fund may not purchase or hold illiquid assets if, in the aggregate, more than 15% of its net assets would be invested in illiquid assets. The Adviser and Sub-Adviser are not registered as broker-dealers but are affiliated with two broker-dealers and have implemented and will maintain a fire wall with respect to each such broker-dealer affiliate regarding access to information concerning the composition and/or changes to the portfolio.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information is publicly available regarding the Fund and the Shares, thereby promoting market transparency. Quotation and last sale information for the Shares and

the underlying U.S. exchange-traded equity securities will be available via the CTA high-speed line, and from the national securities exchange on which they are listed. The Fund will disclose on the Fund's website the following information regarding each portfolio holding, as applicable to the type of holding: ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding); the identity of the security, commodity, index or other asset or instrument underlying the holding, if any; quantity held (as measured by, for example, par value, notional value or number of shares, contracts or units); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holding in the Fund's portfolio. Moreover, prior to the commencement of trading, the Exchange will inform its Equity Trading Permit Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Trading in Shares of the Fund will be halted if the circuit breaker parameters in NYSE Arca Equities Rule 7.12 have been reached or because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. Trading in the Shares will be subject to NYSE Arca Equities Rule 8.600(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the IIV, the Disclosed Portfolio, and quotation and last sale information for the Shares.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, the Exchange has in place surveillance procedures relating to trading in the Shares and

may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding the Fund's holdings, the IIV, the Disclosed Portfolio, and quotation and last sale information for the Shares.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purpose of the Act. The Exchange notes that the proposed rule change will facilitate the listing and trading of an additional type of actively-managed exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or such longer period up to 90 days after publication (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) by order approve or disapprove the proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2015-42 on the subject line.

Paper comments:

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2015-42. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Section, 100 F Street, NE, Washington, DC 20549 on official business days between 10:00 a.m. and 3:00 p.m. Copies of the filing will also be available for inspection and copying at the NYSE's principal office and on its Internet website at www.nyse.com. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All

submissions should refer to File Number SR-NYSEArca-2015-42 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁷

Brent J. Fields
Secretary

³⁷ 17 CFR 200.30-3(a)(12).
