FLEX Trading Procedures and Principles

Rule 8.103(a). **Initiating a FLEX Request for Quotes.**

(1) To initiate a FLEX transaction, a Submitting Member shall submit to the FLEX Market Maker a Request for Quotes, utilizing for that purpose the forms, formats and procedures established by the Exchange.

(2) On receipt of a Request for Quotes in proper form, the FLEX Market Maker shall cause the terms and specifications of the Request for Quotes to be immediately displayed at the post. Such communication shall be made over facilities maintained or approved by the Exchange for that purpose, including any off-floor communications networks approved by the Exchange.

(b) FLEX Bidding and Offering in Response to Requests for Quotes.

(1) Members may enter at the FLEX post FLEX Quotes responsive to each Request for Quotes. FLEX Quotes must be entered during the Request Response Time.

(2) Each FLEX Quote shall refer to the identifier assigned to the Request for Quotes, or to such other reference indicator as the Exchange determines appropriate from time to time.

(3) All FLEX Quotes may be entered, modified or withdrawn at any point during the Request Response Time. At the Expiration of the Request Response Time, the BBO shall be identified in accordance with the price and time priority principles set forth in Rule 8.103(e).

(c) Formation of Contracts Following the Processing of Initial Quotes.

(1) At the expiration of the Request Response Time, the BBO shall be visibly displayed both at the post and on such market data systems as are available.

(2) If the Submitting Member has not indicated an intention to cross or act as principal with respect to any part of the FLEX trade, such Member shall promptly accept or reject the displayed BBO; provided, however, that if such Submitting Member either rejects the BBO or is given a BBO for less than the entire size requested, all FLEX participating members (other than the Submitting Member) will have an opportunity during the BBO Improvement Interval, in which to match, or improve (as applicable), the BBO. At the expiration of any such BBO Improvement Interval. The Submitting Member must promptly accept or reject the BBO(s).

(3) If the Submitting Member has indicated an intention to cross or act as principal with respect to any part of the FLEX trade, acceptance of the displayed BBO shall be automatically delayed until the expiration of the BBO Improvement Interval. Prior to the BBO Improvement Interval, the Submitting Member must indicate at the post the price at which the member expects to trade. In these circumstances, the Submitting Member may participate with all other FLEX-participating members in attempting to improve or match the BBO during the BBO Improvement Interval. At the expiration of

the BBO Improvement Interval, the Submitting Member must promptly accept or reject the BBO(s).

(4) The Submitting Member has no obligation to accept any FLEX bid or offer.

(5) Whenever, following the completion of FLEX bidding and offering responsive to a given Request for Quotes, the Submitting Member rejects the BBO or the BBO size exceeds the FLEX transaction size indicated in the Request for Quotes, members may accept the entire order or the unfilled balance of the BBO.

(d) **Quote Acceptance and Rejection.** Acceptance of the BBO(s) will take place when each party to the FLEX transaction signs a Trade Sheet, which will create a binding contract.

(e) **Priority of Bids and Offers.** Quote priorities are based on price and time as set forth below. All transactions must be in compliance with Section 11(a) of the Securities Exchange Act of 1934 and the rules promulgated thereunder.

(1) **Bids.** The highest bid shall have priority, but where the two or more best bids are submitted at the same price, the bid(s) submitted first in time will have priority, and where the two or more best bids are submitted at the same time and at the same price, priority will be given to such of those bid(s) as were submitted by FLEX Appointed Market Maker(s) appointed to FLEX Index Options on that underlying index or by FLEX Qualified Market Makers appointed to FLEX Equity Options of that class.

(2) **Offers.** The lowest offer shall have priority, but where the two or more best offers are submitted at the same price, the offer(s) submitted first in time will have priority, and where the two or more best offers are submitted at the same time and at the same price, priority will be given to such of those offer(s) as were submitted by FLEX Appointed Market Maker(s) appointed to FLEX Index Options on that underlying index or by FLEX Qualified Market Makers appointed to FLEX Equity Options of that class.

(3) Notwithstanding the foregoing Subsections (1) and (2) of this Rule, whenever the Submitting Member has indicated an intention to cross or act as principal on the trade and has matched or improved the BBO during the BBO Improvement Interval, the following priority principles will apply:

(A) In the event that the Submitting Member has matched the BBO, the Submitting Member will have priority to execute the contra side of the trade that is the subject of the Request for Quotes, but only to the extent of the largest of 1/2 of the trade, \$1 million Underlying Equivalent Value, or the remaining Underlying Equivalent Value on a closing transaction valued at less than \$1 million in the case of FLEX Index Options; and

(B) In the event that the Submitting Member has improved the BBO by at least the MPV and any other FLEX-participating member matches the improved

BBO, the Submitting Member will have priority to execute the contra side, but only to the extent of the largest of 2/3 of the trade, \$1 million Underlying Equivalent Value, or the remaining Underlying Equivalent Value on a closing transaction valued at less than \$1 million in the case of FLEX Index Options, or 25% of the trade in the case of FLEX Equity Options.

(f) **Crossing Limitations.** A Submitting Member may effect crossing transactions only on public customer orders or orders respecting the Submitting Member's firm propriety account.

(g) **Incremental Changes for Bids and Offers.** Changes in decimal bids and offers for FLEX Index Options in the designated currency shall meet or exceed the following minimums (or such other minimums as the Options Floor Trading Committee sets from time to time to ensure fair and orderly markets): U.S. Dollars--\$.01; Canadian Dollars--\$.01; Japanese Yen--.01Y; Deutsche Marks--.01DM; French Francs--.01F; Swiss Francs--.01F; British Pounds--.01 pounds; European Currency Units--.01ECU.

Adopted: July 13, 1994. **Approved:** February 14, 1996; June 19, 1996; August 19, 1996; September 27, 2000 (PCX-00-23).

Discretionary Transactions

Rule 8.104. Notwithstanding Rule 6.48, a Floor Broker may be given discretion with respect to the number of FLEX contracts to be purchased or sold. Such discretion must be granted by the customer in clear terms in a manner approved by the Exchange and must be reflected in a contemporaneously-prepared, time-stamped document prepared by the Floor Broker, one copy of which shall be promptly sent to the customer and one copy of which shall be maintained by the Floor Broker for the full term of the FLEX contract or the time required by SEC Rule 17a-4 under the Securities Exchange Act of 1934, whichever period is longer.

Adopted: July 13, 1994. **Approved:** February 14, 1996.

RULES 8.105--8.106 [Reserved]

Position Limits for FLEX Index Options

Rule 8.107(a). **FLEX Index Options.** In determining compliance with Rule 7.6, FLEX Index Options shall be subject to FLEX contract position limitations fixed by the Exchange. In no event shall those limits exceed in the aggregate 200,000 contracts on the same side of the market.

(b) At the close of trading two business days prior to the last day of trading of the calendar quarter, positions in p.m. settled FLEX Index Options (i.e., options having a settlement value that is determined by the level of the index at the close of trading on the last trading day before expiration) shall be aggregated with positions in Quarterly Index Options on the same index with the same expiration shall be subject to the position limits set forth in Rule 7.6(a).

(c) There shall be no position limits for FLEX Equity Options. However, every Member or Member Organization (other than a Market Maker) that maintains a position on the same side of the market in excess of the standard position limit established pursuant to Rule 6.8 for Non-FLEX Equity Options overlying the same underlying issue on behalf of its own account or for the account of a customer shall report information on such FLEX Equity Option position, positions in any related instrument, the purpose or strategy for the position, and the collateral used by the account. This report shall be in the form and manner prescribed by the Exchange. In addition, whenever the Exchange determines that a higher margin requirement is necessary in light of the risks associated with a FLEX Equity Option position in excess of the standard position limit established for Non-FLEX Equity Options overlying the same underlying issue, the Exchange may, pursuant to its authority under Exchange Rule 2.16(a), consider imposing additional margin upon the account maintaining such under-hedged position. It should be noted that the clearing firm carrying the account will be subject to capital charges under SEC Rule 15c3-1 to the extent of any margin deficiency resulting from the higher margin requirement.

(d) **Aggregation of Positions.** Except as provided in Rule 8.107(b), FLEX Option positions shall not be aggregated with positions in Non-FLEX Options, and positions in FLEX Index Options on a given index shall not be aggregated with options on any stocks included in the index or with FLEX Index Options positions on another index.

Appointment of FLEX Market Makers and Market-Making Obligations

Rule 8.109(a). A registered Market Maker may apply on a form prescribed by the Exchange to be a "FLEX Appointed Market Maker" in one or more classes of FLEX Index Options and for settlement in one or more currencies, or to be a "FLEX Qualified Market Maker"

in one or more classes of FLEX Equity Options. From among the applicants, the Exchange shall appoint two or more FLEX Appointed Market Makers to each FLEX Index Option of a given class and settlement currency, and three or more FLEX Qualified Market Makers to each FLEX Equity Option of a given class. In making such appointments and in taking other action with respect to FLEX Appointed Market Makers or FLEX Qualified Market Makers, the Exchange shall take into account the following factors: (1) the preference of the registrants; (2) the maintenance and enhancement of competition among Market Makers; and (3) the assurance that the Market Maker will have adequate financial resources. Notwithstanding the foregoing, the Exchange may determine to solicit applications from registered Market Makers to be FLEX Appointed Market Makers in one or more specified classes of FLEX Equity Options, and from among such applicants may appoint two or more FLEX Appointed Market Makers to such classes of FLEX Equity Options in lieu of appointing FLEX Qualified Market Makers to such classes.

(b) A FLEX Appointed Market Maker shall have an obligation to enter a FLEX Quote in response to any Request for Quotes on any FLEX Option of the class to which the Market Maker is appointed. Except as provided in Rule 8.109(c), a FLEX Qualified Market Maker may, but shall not be obligated to, enter a FLEX Quote in response to a Request for Quotes on a FLEX Equity Option of the class in which he or she is qualified. Every FLEX Quote entered by a FLEX Appointed Market Maker or a FLEX Qualified Market Maker shall meet or exceed the minimum size parameters set forth in Rule 8.102(d)(4) and shall be entered within the indicated Request Response Time plus any applicable BBO Improvement Interval. (c) A FLEX Post Official may call upon FLEX Qualified Market Makers appointed in a class of FLEX Equity Options to make FLEX Quotes in response to a specific Request for Quotes in that class of FLEX Equity Options whenever in the opinion of the FLEX Post Official the interests of a fair, orderly and competitive market are best served by such action and shall make such a call upon FLEX Qualified Market Makers whenever no FLEX Quotes are made in response to a specific Request for Quotes.

(d) FLEX Appointed Market Makers need not provide continuous FLEX Quotes or quote a minimum bid-offer spread in FLEX Options.

Joint account equity may not be combined with the Market Marker's individual account equity for this purpose unless the participants in the joint account and in the individual accounts all trade for the same broker-dealer through those accounts. Failure to remain in compliance with the foregoing requirements shall be grounds for suspension or termination of a Market Maker's authorization to effect transactions in any class of FLEX Index Options, except for closing transactions and except as otherwise determined by the Exchange in unusual circumstances. A Market Maker or its clearing member, as applicable, shall inform the Financial Compliance Department immediately whenever such Market Maker ceases to remain in compliance with these requirements.

PORTFOLIO DEPOSITARY RECEIPTS

Portfolio Depositary Receipts

Rule 8.300(a). Definitions.

- (1) Portfolio Depositary Receipt. The term “Portfolio Depositary Receipt” means a security (a) that is based on a unit investment trust (“Trust”) that holds the securities that comprise an index or portfolio underlying a series of Portfolio Depositary Receipts; (b) that is issued by the Trust in a specified aggregate minimum number in return for a “Portfolio Deposit” consisting of specified numbers of shares of stock plus a cash amount; (c) that, when aggregated in

the same specified minimum number, may be redeemed from the Trust which will pay to the redeeming holder the stock and cash then comprising the “Portfolio Deposit”; and (d) that pays holders a periodic cash payment corresponding to the regular cash dividends or distributions declared with respect to the component securities of the stock index or portfolio of securities underlying the Portfolio Depositary Receipts, less certain expenses and other charges as set forth in the Trust prospectus.

- (2) Reporting Authority. The term “Reporting Authority” in respect of a particular series of Portfolio Depositary Receipts means the Exchange, an institution (including the Trustee for a series of Portfolio Depositary Receipts), or a reporting service designated by the Exchange or by the exchange that lists a particular series of Portfolio Depositary Receipts (if the Exchange is trading such series pursuant to unlisted trading privileges) as the official source for calculating and reporting information relating to such series, including, but not limited to, any current index or portfolio value; the current value of the portfolio of securities required to be deposited to the Trust in connection with the issuance of Portfolio Depositary Receipts; the amount of any dividend equivalent payment or cash distribution to holders of Portfolio Depositary Receipts, net asset value, or other information relating to the creation, redemption or trading of Portfolio Depositary Receipts.

(b) Applicability. This Rule is applicable only to Portfolio Depositary Receipts. Except to the extent inconsistent with this Rule, or unless the context otherwise requires, the provisions of the Constitution and all other rules and policies of the Board of Governors are applicable to the trading on the Exchange of such securities. Portfolio Depositary Receipts are included within the definition of “security” or “securities” as such terms are used in the Constitution and Rules of the Exchange.

(c) Members and Member Organizations shall provide to all purchasers of a series of Portfolio Depositary Receipts a written description of the terms and characteristics of such securities, in a form approved by the Exchange, not later than the time a confirmation of the first transaction in such series is delivered to such purchaser. In addition, Members and Member Organizations shall include such a written description with any sales material relating to a series of Portfolio Depositary Receipts that is provided to customers or the public. Any other written materials provided by a Member or Member Organization to customers or the public making specific reference to a series of Portfolio Depositary Receipts as an investment vehicle must include a statement in substantially the following form: “A circular describing the terms and characteristics of the [the series of Portfolio Depositary Receipts] is available from your broker. It is recommended that you obtain and review such circular before purchasing [the series of Portfolio Depositary Receipts]. In addition, upon request you may obtain from your broker or prospectus for [the series of Portfolio Depositary Receipts].”

A Member or Member Organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase a series of Portfolio Depositary Receipts for such omnibus account will be deemed to constitute

agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to Members and Member Organizations under this rule.

Upon request of a customer, a Member or Member Organization shall also provide a prospectus for the particular series of Portfolio Depositary Receipts.

(d) Designation of an Index or Portfolio. The trading of Portfolio Depositary Receipts based on one or more stock indexes or securities portfolios, whether by listing or pursuant to unlisted trading privileges, shall be considered on a case-by-case basis. The Portfolio Depositary Receipts based on each particular stock index or portfolio shall be designated as a separate series and shall be identified by a unique symbol. The stocks that are included in an index or portfolio on which Portfolio Depositary Receipts are based shall be selected by the Exchange or by such other person as shall have a proprietary interest in and authorized use of such index or portfolio, and may be revised from time to time as may be deemed necessary or appropriate to maintain the quality and character of the index or portfolio.

(e) Initial and Continued Listing and/or Trading. A Trust upon which a series of Portfolio Depositary Receipts is based will be traded on the Exchange, whether by listing or pursuant to unlisted trading privileges, subject to the following criteria:

- (1) Commencement of Trading – For each Trust, the Exchange will establish a minimum number of Portfolio Depositary Receipts required to be outstanding at the time of commencement of trading on the Exchange.
- (2) Continued Trading – Following the initial twelve-month period following formation of a Trust and commencement of trading on the Exchange, the Exchange will consider the suspension of trading in or removal from listing of or termination of unlisted trading privileges for a Trust upon which a series of Portfolio Depositary Receipts is based under any of the following circumstances:
 - (A) if the Trust has more than 60 days remaining until termination and there are fewer than 50 record and/or beneficial holders of Portfolio Depositary Receipts for 30 or more consecutive trading days; or
 - (B) if the value of the index or portfolio of securities on which the Trust is based is no longer calculated or available; or
 - (C) if such other event shall occur or condition exists which in the opinion of the Exchange, makes further dealings on the Exchange inadvisable.

Upon termination of a Trust, the Exchange requires that Portfolio Depositary Receipts issued in connection with such Trust be removed from Exchange listing or have their unlisted trading privileges terminated. A Trust may terminate in accordance with the provisions of the Trust prospectus, which may provide for termination if the value of securities in the Trust falls below a specified amount.

- (3) Term – The stated term of the Trust shall be as stated in the Trust prospectus. However, a Trust may be terminated under such earlier circumstances as may be specified in the Trust prospectus.
- (4) Trustee – The trustee must be a trust company or banking institution having substantial capital and surplus and the experience and facilities for handling corporate trust business. In cases where, for any reason, an individual has been appointed as a trustee, a qualified trust company or banking institution must be appointed co-trustee.
- (5) Voting – Voting rights shall be as set forth in the Trust prospectus. The trustee of a Trust may have the right to vote all of the voting securities of such Trust.
