RE: Freedom of Information Act (FOIA), 5 U.S.C. § 552
Request No. 18-02393-E

Dear Mr. D'Souza:

This letter is in response to your request, dated and received in this office on February 8, 2018, for access to Exhibit 10.6 to the Form SB-2/A filed by Response Genetics Inc. on March 15, 2007.

The search for responsive records has resulted in the retrieval of 34 pages of records that may be responsive to your request. They are being provided to you with this letter. Please be advised that the Commission is providing you its best available copy.

No fees have been assessed in the processing of this request. If you have any questions, please contact me at osbornes@sec.gov or (202) 551-8371. You may also contact me at foiapa@sec.gov or (202) 551-7900. You also have the right to seek assistance from Ray J. McInerney as a FOIA Public Liaison or contact the Office of Government Information Services (OGIS) for dispute resolution services. OGIS can be reached at 1-877-684-6448 or Archives.gov or via e-mail at ogis@nara.gov.

Sincerely,

Service Provider Agreement

RECEIVED

MAR 12 2007

OFFICE OF THE SECRETARY

This Service Provider Agreement (the "Agreement") is entered into as of September 29, 2006 (the "Effective Date") by and between Affymetrix, Inc., having its principal place of business at 3420 Central Expressway, Santa Clara, CA 95051 ("Affymetrix") and Response Genetics, Inc., having its principal place of business at 1640 Marengo Street, Suite 600, Los Angeles, CA 90033 ("Service Provider"), each a "Party," and together the "Parties" to this Agreement.

Affymetrix is pleased to enter into this relationship which will allow Service Provider to exploit the unique capabilities of Affymetrix' GeneChip® technology. We look forward to working with you to ensure that the GeneChip products purchased under this agreement will enable you to provide great benefits to your customers.

1. Reduced Probe Array Pricing.

During the term of this Agreement, Service Provider shall be entitled to purchase GeneChip® probe arrays* to provide services pursuant to the Agreement for Service Provider's academic customers pursuant to the Academic Tier 1 price sheet attached hereto as Exhibit 1; for Service Provider's biotech customers (biotech customers are defined as having an annual R&D budget of less than \$100M) pursuant to the Biotech Tier 1 price sheet attached hereto as Exhibit 2; and for Service Provider's other industrial customers pursuant to the Industrial Tier 1 price sheet attached hereto as Exhibit 3.

*Includes expression arrays available through Affymetrix' current CustomExpress®, NimbleExpress™ and Made-to-Order programs, as well as resequencing arrays available through Affymetrix' current CustomSeq® program, all as indicated on Exhibits 1-3. Such arrays must be purchased in whole wafer increments unless otherwise indicated in Exhibits 1-3. All other custom arrays/array designs to be mutually agreed to in writing between the Parties in advance.

Service Provider may provide Services for third parties with a pricing agreement in effect with Affymetrix and such customers may purchase probe arrays directly from Affymetrix, have such probe arrays shipped directly to Service Provider only for use in Services for such Affymetrix customer, and Affymetrix will directly invoice its customer for such probe arrays. Service Provider may not receive probe arrays directly from an Affymetrix customer. Affymetrix will release its array transfer restrictions for such third parties solely to permit performance of such services.

2. Reports.

Service Provider shall deliver to Affymetrix within thirty (30) days after the end of each calendar quarter a written report showing: (i) the location and name of each service customer that received services during that quarter; and (ii) the number of GeneChip probe arrays used in providing services to each such service customer during that quarter. However, if Service Provider is under an obligation to keep the name of such service customer confidential, Service Provider will identify such service customer as "Confidential Customer" in the written report but will report the actual total number of probe arrays used for such service customer.

3. Service Quality; Audits.

Service Provider agrees to use its best efforts to maintain at least three highly trained and competent scientists available to provide the highest level of service to Service Provider's customers in connection with Affymetrix' products and to refrain from at any time making any disparaging or adverse comments regarding Affymetrix or its employees, representatives, products or services. In order to assure that Service Provider is maintaining a high level of expertise in providing services related to Affymetrix' product, Affymetrix shall have the right to perform quarterly technical and scientific audits of Service Provider. The Parties understand and agree that Service Provider's ability to provide customers with the

highest level of service in connection with Affymetrix' GeneChip products is a material element of this agreement, and therefore, if Affymetrix receives two or more substantiated customer complaints in a one year period regarding Service Provider, or if Affymetrix determines that Service Provider has failed to maintain a high level of service, or if Affymetrix determines that Service Provider has failed to successfully meet the requirements of any reasonable technical or scientific audits administered by Affymetrix, then Affymetrix shall have the right to terminate this agreement on thirty (30) days prior written notice.

4. Trademark Use.

All advertising and trade show displays based on Affymetrix' products will be approved in advance by Affymetrix. Service Provider will also include in a prominent place on its website a link to the Affymetrix website along with a description of the relationship between Affymetrix and Service Provider that has been approved in advance by Affymetrix. Service Provider acknowledges the ownership and renown of all trademarks, logos and tradenames ("Marks") used by Affymetrix prior to this agreement. Service Provider will maintain a high quality standard in connection with products and services promoted in connection with Affymetrix' Marks. Service Provider hereby authorizes Affymetrix to use Service Provider's name and trademarks for the purpose of promoting Affymetrix' products and services. If, in each Party's sole discretion, the other Party's use of the first Party's Marks does not meet the first Party's usage policy, the first Party may, at its option, terminate the other Party's use of the first Party's Marks.

5. Terms and Conditions.

The GeneChip products provided to Service Provider under this Agreement shall be subject to the terms and conditions (including all Addenda) attached hereto as Exhibit 4 ("Terms and Conditions").

6. Term and Termination: Entire Agreement.

This Agreement will be effective as of the Effective Date and will terminate one (1) year thereafter. This Agreement may be renewed for an additional one (1) year term upon the mutual agreement of the Parties.

This Agreement (including the Terms and Conditions) shall replace and supersede any current or future purchase orders or similar forms that are not mutually signed except for the terms and conditions of the BiotechAccess Agreement, effective September 29, 2006. If any of the terms of this Agreement conflict with the Terms and Conditions, then the terms of this Agreement shall govern. Unless otherwise defined herein, all capitalized terms used in this Agreement shall have the meaning ascribed to them in the Terms and Conditions.

If these terms are agreeable to you, please have an authorized representative of Service Provider sign below and either fax, mail or send us an electronic copy for our counter-signature. A fully executed copy will then be sent back to you for your records.

Exhibit 4
Affymetrix Terms and Conditions of Sale

General. These Terms and Conditions of Sale ("Terms and Conditions") shall govern the sale and license to Response Genetics, Inc. ("Service Provider") of probe arrays, reagents, instruments, software, and other products and related services ("Products") by the Affymetrix entity named on the invoice or acknowledgement ("Affymetrix") provided to Service Provider in connection therewith. These Terms and Conditions shall replace and supersede any current or future purchase orders or similar forms that are not mutually signed by Affymetrix and Service Provider.

Price. Except for deliveries within Europe, prices exclude all insurance, freight, taxes, fees, duties and levies, which shall be payable by Service Provider.

Delivery. Products will be packed in Affymetrix' standard shipping packages. Affymetrix may make partial deliveries. Affymetrix will ship via carrier selected by Affymetrix. (a) For Deliveries Outside Europe: Tender will be F.O.B./FCA shipping point. Title (except for software in which case Affymetrix shall retain title) and risk of loss or damage will pass to Service Provider upon delivery of the Products to the carrier. (b) For Deliveries Within Europe: Products shall be Delivered Duty Paid to the Service Provider's site and the Service Provider will be the importer for the Products and be responsible for paying the import VAT or similar tax(es) within the Service Provider's country. Title (except for software in which case Affymetrix shall retain title) and risk of loss will pass to Service Provider upon delivery of the Products to the carrier. Insurance costs will be borne by Affymetrix to the Service Provider's site.

Rejection. Any claims for damaged, missing or defective Product must be reported in writing to Affymetrix by Service Provider within five (5) days from the date of receipt of Product. For any valid claim made, Affymetrix shall repair or replace the Product. The foregoing shall be Service Provider's sole and exclusive remedy for damaged or missing Products, and, except for express warranty rights, for defective Products.

Payment. Service Provider will be invoiced at the time of shipment of each Product. Service Provider shall make payment in full within 30 days of the date of the invoice. Late payments may incur a charge at the rate of one and one-half percent (1.5%) percent per month, or the maximum allowed by law, whichever is less. Further shipment of Products may be declined without advance notice if Service Provider fails to make any payment when due, or if the financial condition of Service Provider becomes unsatisfactory to Affymetrix. Affymetrix may elect to retain a security interest in all Products sold to Service Provider to secure all of Service Provider's obligations to Affymetrix under these Terms and Conditions, and Service Provider will execute any documents necessary to create and perfect this interest. Sales by Affymetrix shipped outside the U.S. may require payment on an irrevocable letter of credit reasonably acceptable to Affymetrix.

Limited Warranty. Affymetrix warrants to and only to Service Provider for thirteen (13) months from the date of shipping or one (1) year from the date of installation (or for the period specified in the Affymetrix sales quote for limited-life parts), whichever occurs first, that the software and instruments are free from defects in material and workmanship and conform to Affymetrix' published specifications in all material respects. Service will be provided pursuant to Affymetrix' standard service terms and conditions. Affymetrix' sole and exclusive liability (and Service Provider's sole and exclusive remedy) under the foregoing warranty shall be to repair or replace software and instruments or provide Service Provider a refund, as solely determined by Affymetrix. Nonconforming instruments will be serviced at Service Provider's facility or, at Affymetrix' option, Affymetrix' facility. If service is performed at Affymetrix' facility, Affymetrix will bear shipping costs. Probe Arrays or reagents reasonably determined by Affymetrix to be defective, independent of user error, shall be replaced by Affymetrix on a 1:1, like-kind basis at no cost to Service Provider provided that such defective probe arrays or reagents were used by Service Provider prior to their expiration date, and the defect was promptly reported with appropriate detail to Affymetrix' technical support. Except as provided above, this warranty does not apply to consumables, or to any defect caused by failure to provide a suitable storage, use, or operating environment, use of non-recommended reagents, spills, or the use of the Products for a purpose or in a manner other than that for which they were designed, modifications or repairs done by Service Provider, or any other abuse, misuse, or neglect of the Products. This warranty applies only to Service Provider, and not third parties. The foregoing is not intended to limit any warranty extended to Service Provider by a third party original equipment manufacturer of a Product or component thereof, provided that any remedy received by Service Provider under any such warranty shall relieve Affymetrix of its obligations with respect to the subject of such remedy. TO THE EXTENT PERMITTED BY APPLICABLE LAW, AFFYMETRIX AND ITS SUPPLIERS DISCLAIM ALL OTHER REPRESENTATIONS AND WARRANTIES, EXPRESS OR IMPLIED, WITH RESPECT TO PRODUCTS AND SERVICES, INCLUDING BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE.

Pre-release Products (Not Applicable to Products Marketed for IVD Use). If any Product is a beta, technology access, early access, or other pre-commercial release version ("Pre-release Product"), then this Section applies. To the extent that any provision in this Section is in conflict with any other term or condition in these Terms and Conditions, this Section shall supersede such other term(s) and condition(s) with respect to the Pre-release Product, but only to the extent necessary to resolve the conflict. Service Provider acknowledges that the Pre-release Product is a pre-release version, does not represent final product from Affymetrix, and may contain defects, bugs, errors and other problems that could cause system or other failures, sample loss and data loss. CONSEQUENTLY, THE PRE-RELEASE PRODUCT IS PROVIDED TO YOU "AS IS", AND AFFYMETRIX DISCLAIMS ALL WARRANTIES (INCLUDING THE LIMITED WARRANTY SET FORTH ABOVE) AND ALL LIABILITY OBLIGATIONS TO SERVICE PROVIDER OF ANY KIND. Service Provider acknowledges that Affymetrix has not promised or guaranteed to Service Provider that Pre-release Product will be announced or made available to anyone in the future, that Affymetrix has no express or implied obligation to Service Provider to announce or introduce the Pre-release Product and that Affymetrix may elect not to introduce a product similar to or compatible with the Pre-release Product. Accordingly, Service Provider acknowledges that any research or development that Service Provider performs using the Pre-release Product or any product associated with the Pre-release Product is done entirely at Service Provider's own risk.

Limited License. Subject to these Terms and Conditions, and to the terms and conditions of any license provided by Affymetrix that is specific to a particular Product (which shall govern with respect to such Product in the event of conflict with these Terms and Conditions), Affymetrix hereby grants to Service Provider a non-exclusive, non-transferable, non-sublicensable license to use the Product(s) provided to Service Provider by Affymetrix only in accordance with the manuals and written instructions provided by Affymetrix. Service Provider understands and agrees that except as expressly set forth in these Terms and Conditions (or in the Affymetrix-provided license specific to a particular Product), no right or license to any patent or other intellectual property owned or licensable by Affymetrix is conveyed or implied by these Terms and Conditions or any Product. In particular, no right or license is conveyed or implied to use any Product provided hereunder in combination with a product not provided, licensed or specifically recommended by Affymetrix for such use.

Products Marketed for Research Use Only. Products marketed by Affymetrix for research use only do not have the approval or clearance of the U.S. Food and Drug Administration ("FDA") or other regulatory approval, clearance or registration for in vitro diagnostic ("IVD") use. No

license is conveyed or implied for Service Provider to use, and Service Provider agrees not to use, such Products in any manner requiring FDA or other regulatory approval, clearance or registration relating to IVD use.

Products Marketed for In Vitro Diagnostic Use. Products marketed by Affymetrix for IVD use have been cleared by the FDA, CE marked in the European Union and registered in Canada, for IVD use. No license is conveyed or implied for Service Provider to use, and Service Provider agrees not to use, such Products in any manner requiring other regulatory approval, clearance or registration relating to IVD use.

Use Restrictions. Service Provider is not licensed to, and agrees not to: (a) resell any Affymetrix-supplied probe array or reagent, (b) transfer, or distribute any Affymetrix-supplied probe array or reagent, directly or indirectly, to any third party for any purpose or use, except as otherwise approved by Affymetrix in writing; (c) use or allow anyone to use any Affymetrix-supplied probe array or reagent more than once, or dilute any Affymetrix-supplied reagent; or (d) provide a fee-for-service or other non-collaborative sample processing service to third parties using an Affymetrix-supplied probe array or reagent (e.g., wherein the service provider offers standardized services for standardized fees to multiple third parties, the customer does not contribute scientifically to the services performed, and all rights to the results and discoveries derived therefrom are transferred to the customer), except to recover direct and indirect costs if Service Provider is a not-for-profit institution.

Product Improvements. Except to the extent prohibited by applicable law, Service Provider hereby grants to Affymetrix a non-exclusive, worldwide, fully sublicenseable, fully paid-up, royalty-free, irrevocable, perpetual license to all Product Improvements. Service Provider need not disclose any Product Improvements to Affymetrix except as may be reasonably required to comply with the foregoing license. For purposes of this Section, a "Product Improvement" shall mean any invention conceived or reduced to practice using a Product that relates to (a) design, manufacturing, layout or packaging of nucleic acid probes or probe arrays; (b) manual or automated assay techniques that may be used in connection with probe arrays or similar products (including techniques related to nucleic acid extraction, amplification, labeling, dilution and other processes); or (c) software analysis techniques relating to the extraction or storage of data generated using probe arrays. "Product Improvements" shall not include data generated using Products or discoveries derived therefrom (except as expressly set forth in (a) – (c) above).

Target Sequence Confidentiality for Custom Products. If Service Provider discloses to Affymetrix a confidential set of nucleic acid target sequences ("Target Sequences") for which Service Provider desires Affymetrix to design and manufacture custom Probe Arrays or custom nucleic acid probe panels pursuant to these Terms and Conditions, Affymetrix agrees to use reasonable efforts not to disclose or use such confidential information disclosed to it by Service Provider for any purpose other than designing and manufacturing such Products, supplying them to Service Provider and/or other parties designated by Service Provider, otherwise performing its obligations to Service Provider (and any obligations Affymetrix may have to such other parties), and for other purposes authorized by Service Provider. The provisions of this Section shall not apply to any information which (a) is known or used by Affymetrix prior to Service Provider's disclosure to Affymetrix; (b) is disclosed to Affymetrix by a third party under no obligation of confidentiality to Service Provider; (c) is or becomes published or generally known to the public through no fault of Affymetrix; or (d) is independently developed without reference to such confidential information disclosed to Affymetrix by Service Provider. Notwithstanding the foregoing, Affymetrix shall be permitted to disclose such information in order to comply with applicable laws, a court order, or governmental regulations, provided that Affymetrix has provided Service Provider with prior notice of such disclosure, to the extent reasonably practicable. Affymetrix' obligations under this Section shall terminate three (3) years following the date of disclosure.

Target Sequence Responsibility. Service Provider shall be fully responsible for the Target Sequences, and Service Provider agrees to indemnify Affymetrix and its employees, officers, directors, representatives, contractors, suppliers and any affiliate of the foregoing (the "Affymetrix Group") and hold each of them harmless from and against any losses, liabilities, demands, damages, costs and expenses, including without limitation reasonable legal fees and expenses, arising from or relating to the Target Sequences or their use. Service Provider agrees to fully cooperate with the Affymetrix Group and its counsel in its defense and preparation for any such action or proceeding.

Liability Limitation. EXCEPT TO THE EXTENT CAUSED BY AFFYMETRIX' GROSS NEGLIGENCE OR WILLFUL MISCONDUCT, OR REQUIRED BY APPLICABLE LAW, AFFYMETRIX SHALL HAVE NO LIABILITY FOR ANY LOSS OF USE OR PROFITS, PROCUREMENT OF SUBSTITUTE GOODS OR ANY INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR SPECIAL DAMAGES OF ANY KIND, HOWEVER CAUSED AND REGARDLESS OF FORM OF ACTION WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT PRODUCT LIABILITY OR OTHERWISE, EVEN IF AFFYMETRIX HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; AS TO ANY AFFYMETRIX LIABILITY NOT LEGALLY SUBJECT TO THE FOREGOING, AFFYMETRIX' LIABILITY SHALL NOT EXCEED THE AMOUNT PAID BY SERVICE PROVIDER TO AFFYMETRIX IN THE PRIOR TWELVE (12) MONTHS. SERVICE PROVIDER UNDERSTANDS THAT THE RISKS OF LOSS HEREUNDER ARE REFLECTED IN THE PRICE OF THE PRODUCTS AND THAT THESE TERMS WOULD HAVE BEEN DIFFERENT IF THERE HAD BEEN A DIFFERENT ALLOCATION OF RISK.

Export Controls. Service Provider acknowledges that the Products and related materials may be subject to export controls under the U.S. Export Administration Regulations and related U.S. laws. Service Provider will (a) comply strictly with all legal requirements established under these controls, (b) cooperate fully with Affymetrix in any official or unofficial audit or inspection that relates to these controls and (c) not export, re-export, divert, transfer or disclose, directly or indirectly, any Product or related technical documents or materials or any direct product thereof to any country (or to any national or resident thereof) which the U.S. Government determines from time to time is a country (or end-user) to which such export, re-export, diversion, transfer or disclosure is restricted, without obtaining the prior written authorization of Affymetrix and the applicable U.S. Government agency.

Unforeseen Events. Affymetrix shall not be liable for delay or failure in performance of any obligations hereunder if performance is rendered impracticable by the occurrence of any condition beyond the reasonable control of Affymetrix. In the event of any such delay or failure in performance, Affymetrix shall have such additional time within which to perform its obligations hereunder as may reasonably be necessary under the circumstances.

Miscellaneous. These Terms and Conditions constitute the entire agreement between Service Provider and Affymetrix with respect to the subject matter hereof and is the final, complete, and exclusive statement of the terms of the agreement, superseding all prior written and oral agreements, understandings and undertakings with respect to the subject matter hereof. The waiver of any provision or any breach thereof shall not affect any other provision of these Terms and Conditions. To the extent permitted by applicable law, these Terms and Conditions shall be governed by and construed according to the laws of California, without regard to conflict of law provisions. The U.N. Convention on Contracts for the International Sale of Goods shall not apply to these Terms and Conditions. In the event that any provision of this Agreement or portion thereof is found to be illegal or unenforceable, the Agreement shall be construed without the unenforceable provision or portion thereof.
