

# OneIT Program

## Contract Scope

The OneIT scope includes the following seven (7) service channels:

- Application Management and Development (PLATFORM)
- Business Solutions Delivery (NON-PLATFORM)
- IT Infrastructure and Operations Management (RESTRICTED POOL ONLY)
- Information Security
- Data Management
- IT Governance
- Technology Business Management

## NAICS Code

541512 – Professional, Scientific and Technical Services – Computer Systems Design Services

## Contract Value

IDIQ maximum is \$2,500,000,000.

The OneIT Program provides the U.S. Securities and Exchange Commission (SEC) with a streamlined, common, and flexible contracting vehicle to procure Information Technology (IT) services to meet our strategic mission and objectives.

OneIT Point of Contact:  
[ONEOIT@sec.gov](mailto:ONEOIT@sec.gov)

**OFFICE OF MINORITY AND  
WOMEN INCLUSION**

### **Contract Type**

Multiple-award IDIQ contracts with firm-fixed price, time-and-material, and labor hour task orders. There are separate pools for small businesses only (Restricted) and all awardees, which includes large businesses (Unrestricted).

### **Contract Duration**

IDIQ ordering period is up to 10 years.

### **Subcontracting Opportunities**

Contact prime contractors directly to explore subcontracting opportunities. Contact information for prime contractors can be found on SEC's Enterprise Vehicle List: <https://www.sec.gov/page/oacq>

### **On-Ramping**

SEC periodically releases on-ramping opportunities to add new awardees to the program. All future on-ramping opportunities are based on agency need (no predetermined schedule) and will be formally advertised on [beta.sam.gov](https://beta.sam.gov)
