GenSpring participates in the selection, purchase and sale of specific securities, and/or selects sub-advisers to manage Client accounts, as part of an asset allocation methodology. Accounts may include, but are not limited to, equity securities, fixed income, limited partnerships, managed accounts, mutual funds, exchange traded funds, hedge funds, commodity futures, options, private equity and venture capital investments or other alternative investments consistent with a client's suitability, overall investment strategy and risk tolerance. Depending on client needs and objectives, GenSpring may recommend and utilize unaffiliated money managers to manage a portion of a client's portfolio. Money managers will manage client assets in a discretionary capacity which will allow the money manager to determine the type and amount of securities to be purchased or sold for the client in respect to the client's assets managed by that particular money manager.</p> <p>Wealth Management services include development of a custom investment policy statement, quarterly reporting, and a formal account review meeting at least once per year. GenSpring reviews accounts periodically for compliance with Client investment objectives. Reports include asset performance, comparison to established benchmarks, holdings and transactions. GenSpring also provides related services such as family wealth planning, personal financial services, assistance with estate planning and tax planning, advice and facilitation of family dynamics, education, and governance matters.</p> <p>For discretionary clients, GenSpring will perform the same tasks and will notify the client (either in writing or by means of verbal communication) of the actions taken on the client's behalf with respect to his or her portfolio. This may include an analysis of a client's financial goals and possibly advice regarding estate planning, retirement planning, educational funding, insurance planning and benefits planning, preparation of financial analyses and personal financial statements reflecting net worth, capital sufficiency, cash flow, and income tax projections. GenSpring may also be retained by a corporation to provide financial planning services to executives of that corporation. Fees are generally borne by the corporation and are based on a fixed-fee arrangement for each executive depending upon the scope and complexity of the services being performed.</p> <p>FAMILY OFFICE SERVICES</p> <p>GenSpring's family office services may or may not involve investment advisory services, and also include administrative accounting, bookkeeping, operating business consulting services, personal services for high net worth individuals and families. GenSpring acts as a family office for clients who do not desire to operate and staff their own family office. For clients where GenSpring functions as an independent, full service "family office" (providing investment, accounting, bookkeeping, tax and estate planning services), a minimum fee of \$150,000 may be applicable, which applies to the totality of the relationship with the client, and not individual entities and may include the collection of fees in arrears or in advance. Existing clients may pay higher or lower rates than those set forth in the current basic fee schedule. Clients will be charged an annualized management fee based on assets under advisement (AUA) which will be assessed quarterly and payable either in advance or in arrears. If the Investment Advisory Agreement executed by the client provides for payment of fees in advance, the first quarterly fee will be billed on an estimate of assets under advisement (as mutually agreed by the parties), which will not be adjusted at a subsequent time to account for the difference between the estimated amount and the actual amount under GenSpring's advisement. Thereafter, GenSpring's management fee will be payable quarterly, in advance, according to the value of assets calculated as of the close of business on the last trading day of the previous calendar quarter. The Service Fee will be equal to 15% of the applicable GenSpring management fee, with a minimum charge of \$5,000, and is designed to diminish the costs and expenses to be borne by GenSpring for creating new technical interfaces with custodians other than SunTrust or Schwab. The Service Fee will only be calculated and charged to those accounts which are transactional in nature; the Service Fee will <i>not</i> be charged to those accounts which are not transactional in nature (e.g. merely holding cash reserves). The Service Fee is subject to negotiation based on factors such as the overall complexity of the client's financial affairs, the number of investing entities, nature of work, and other unique factors.</p> <p>Other Fees – GenSpring may provide additional services not covered under the terms of a contract for investment advisory services. These out of pocket expenses may include travel costs and expenses incurred by GenSpring in connection with meetings, copying expenses, long distance telephone calls, facsimile charges, messenger and/or express delivery services, and special research items. GenSpring will provide its clients with an invoice containing a detailed description of such expenses.</p> <p>Fees to GenSpring do not include any fees due to third party money managers that provide services to the client or the underlying fees and expenses associated with the mutual funds or alternative investments in which clients' assets are invested. Mutual fund fees and expenses are paid by the funds, but are ultimately borne by the client as a shareholder in the funds. Fees to GenSpring also do not include any fees due to brokers or custodians. The client may contract directly with investment managers, brokers, and custodians to provide services with regard to his or her assets, and separately will be charged by such entities for their services.</p> <p>A client may prefer for GenSpring's fees to be billed directly to, and paid by, the client's custodian. All GenSpring client assets must be held by a "qualified custodian" as that term is defined in Advisers Act Rule 206(4)-2 and GenSpring will bill such custodians at clients' direction.</p>

Fees charged by subadvisers, including subadvisers to Private Funds, depend on several factors, including size of investment, trading strategy, and degree of risk. Sub-adviser management fees range from 0.10% to 5.00% of assets per annum. In addition, some sub-advisers may charge performance fees of up to 50% of the profits. For accounts which receive reporting services only, GenSpring does not participate in the selection of subadvisers or in decisions regarding the selection, purchase or sale of specific securities in these accounts. Consequently, GenSpring assumes no liability for the appropriateness for the Client of any securities so reported or any diminution in the value of assets for which the reporting services are provided.</p> <p>GenSpring's reporting services include regular reports on asset performance, if applicable, comparison to established benchmarks, and analysis of sub-adviser fees. Fees are calculated and paid at the end of each quarter as a percentage of ending assets reported. Reporting services fees range from .10% to .25% of account assets per annum payable quarterly in arrears. Alternatively, reporting fees may be included in the Wealth Management Fee for Clients with multiple accounts.</p> <p>PRIVATE FUNDS</p> <p>GenSpring offers investment advice concerning interests in various investment partnerships, cash management, venture capital, and similar funds. GenSpring acts as the general partner to several limited partnerships and as non-member co-manager to a limited liability company (the "Private Funds"). The Private Funds are each portfolios for which GenSpring selects and oversees subadvisers, but does not participate in the selection, purchase or sale of specific securities. The Private Funds are offered and sold pursuant to their PPMs only to eligible Investors, as described above. GenSpring also offered membership interests in proprietary venture capital funds with long term capital appreciation investment objectives. These funds make investments in long term "lock-ups", which may provide a return on capital invested only when distributions are made by the investment entities or upon the liquidation of the investment entities themselves. Once established, these funds are generally closed to new Investors.</p>

Part II, Items 1A & D (continued)	<p>The Private Funds focus on specific investment objectives. Subadvisers selected for the Private Funds are chosen to diversify strategies and styles within an asset class. The investment objectives of the Private Funds typically fall within one of the following categories:</p> <ul style="list-style-type: none"> • Cash Risk Capital, consisting of strategies that maintain a lower return and lower risk profile on the investment spectrum. Asset class includes cash and enhanced cash. • Bond Risk Capital, consisting of strategies that are comprised of either a majority of fixed income securities or an investment that has an overall risk profile similar to a bond portfolio. Asset class includes U.S. Bonds, International Bonds, Low Volatility Hedge Funds and Relative Value Hedge Funds. • Equity Risk Capital, consisting of strategies that are comprised of either a majority of equity securities or an investment that maintains a higher return and risk profile on the investment spectrum. Asset class includes U.S. Equity, International Equity, Emerging Market Debt, Real Assets, Directional Hedge Funds and Opportunistic Hedge Funds. • Illiquid Capital, consisting of private equity, real estate, and similar investments for which there is no readily available “market” or sales price. <p>MULTIPLE FEES CHARGED Due to the structure of the Private Funds, there are often multiple fees charged to the Private Funds that may not be readily apparent to the Investor. For example, the Private Funds may invest in subadvisory limited partnerships that in turn may invest in other underlying limited partnerships. The fees charged to the underlying limited partnerships will be incorporated in the net income of the subadvisory limited partnership and not in the fees charged by the subadviser to the GenSpring Private Fund resulting in a fee which may not be readily visible to Investors.</p> <p>CLIENT ADMINISTRATIVE SERVICES GenSpring provides Client Administrative Services for families who request administrative support, real estate and personal property management, operating business consulting and business analysis, personal budgeting and financial statement preparation, accounting, and tax planning. GenSpring, as general partner to the proprietary limited partnerships, is restricted from certain investment activity on behalf of the proprietary limited partnerships as detailed in the limited partnership agreements.</p> <p><i>Non-Discretionary Investment Advisory Services</i></p> <p>For some clients, GenSpring does not act in a discretionary capacity. Under these circumstances, GenSpring assists clients with implementation of an agreed upon investment strategy. GenSpring may recommend various third party money managers or categories of mutual funds, exchange traded funds, and/or other investment products (e.g. hedge funds, commodities, REITs, and private equity) that GenSpring believes are consistent with the client's overall investment strategy and are suitable for the client. In connection with a client's asset allocation plan, GenSpring will identify categories of investment products that it believes are compatible with the client's objectives, risk tolerance, and other criteria, and will provide a list of such investment products from which a client may choose to implement. If a client desires to create a portfolio not of mutual funds or exchange traded funds, but of marketable securities, GenSpring will provide the client with names of third party investment managers (money managers) from which the client may choose. The names of possible mutual funds and/or money managers to be provided to clients by GenSpring will be derived from the Firm's due diligence screening process.</p> <p style="text-align: center;">Selection Criteria for Brokers and Dealers</p> <p>In general, GenSpring does relatively little trading on behalf of Clients since, in many cases, GenSpring has selected unaffiliated investment managers to handle the day-to-day investment of Client accounts. To the extent that unaffiliated investment managers selected by GenSpring to manage Client accounts purchase from other broker-dealers securities on which brokerage commissions or sales loads are charged, GenSpring relies upon the fiduciary responsibility of each unaffiliated investment manager to review such charges regularly and continuously based on comparative standards which it may regard as pertinent for the purpose of evaluating the reasonableness of such commissions. GenSpring performs due diligence reviews of the unaffiliated advisers it recommends to Clients which includes, among other things, information concerning the advisers' best execution policies.</p> <p>In cases where GenSpring is responsible for directing transactions on behalf of Client accounts, most GenSpring trading is done through SunTrust Bank, an affiliate of GenSpring's parent company. When GenSpring trades through SunTrust Bank, SunTrust Bank attempts to obtain the best combination of price and execution with respect to Clients' portfolio transactions when selecting brokers and dealers and when effecting portfolio transactions. The best net price, giving effect to brokerage commissions, spreads and other costs, is normally an important factor in this decision, but a number of other judgmental factors are considered as they are deemed relevant. The factors include, but are not limited to: the reasonableness of spreads or commissions; the adviser's or its affiliate's knowledge of negotiated commission rates and spreads currently available; the nature of the security being traded; the size and type of the transaction; the nature and character of the markets for the security to be purchased or sold; the desired timing of the trade; the activity existing and expected in the market for the particular security; the execution capabilities required by the transactions; the importance to the account of speed, efficiency and confidentiality; the broker or dealer's apparent familiarity with sources from or to whom particular securities might be purchased or sold; the reputation and perceived operational and financial soundness of the broker or dealer; as well as other matters relevant to the selection of a broker or dealer for portfolio transactions.</p> <p>Certain GenSpring client accounts may be custodied at other custodians, including Schwab, TD Waterhouse, Northern Trust, Bank of New York Mellon, and IBC, among others.</p> <p style="text-align: center;">Commission Rates or Equivalents</p> <p>GenSpring has no duty or obligation to seek in advance competitive bidding for the most favorable commission rate applicable to any particular portfolio transaction or to select any broker or dealer on the basis of its purported or "posted" commission rate, but its largest custodian, SunTrust Bank, will endeavor to be aware of the current level of the charges of eligible brokers and to minimize the expenses incurred for effecting portfolio transactions to the extent consistent with the interests and policies of the accounts. Although SunTrust Bank generally seeks competitive commission rates, it will not necessarily pay the lowest commission or commission equivalent. Transactions may involve specialized services on the part of the broker or dealer involved and thereby entail higher commissions or their equivalents than would be the case with other transactions requiring more routine services.</p> <p style="text-align: center;">Trading Policies</p> <p>GenSpring's trading practices and procedures prohibit unfair trading practices and seek to avoid or disclose any actual or potential conflicts of interests or resolve such conflicts in Clients' favor in order to ensure that Clients' interests are always put first. GenSpring may execute trades in a Client's account, but these are generally limited to liquidation of securities to raise capital for other investments or transactions with mutual funds in appropriate cases. Reports of GenSpring initiated Client trades are provided through the custodian's system. GenSpring has adopted the following trading-related policies and practices to meet its fiduciary responsibility to insure that all Clients are treated fairly and none is routinely favored over any other.</p> <p style="text-align: center;">Principal and Agency Cross Transactions</p> <p>GenSpring does not engage in principal or agency cross transactions as a matter of policy and practice.</p> <p style="text-align: center;">Best Execution</p> <p>GenSpring has a fiduciary duty to seek best execution for Client transactions meaning that Clients' total cost or proceeds in each transaction is the most favorable under the circumstances. Best execution applies to each particular transaction and an adviser must consider the full range and quality of a broker-dealer's services, including execution capability, commission rates, the value of any research, financial responsibility and responsiveness, among other things. GenSpring seeks to obtain best execution for Client transactions by utilizing SunTrust Bank as its main custodian and processor of trades. GenSpring considers the total return to the Client of the subadvisers and investment managers chosen to manage a Client's assets, including the best execution practices of the brokers chosen by such subadvisers. GenSpring's Investment Group uses an Investment Manager Review Best Execution Checklist as part of its overall manager review.</p> <p>GenSpring negotiates reasonable fees with subadvisers in order to seek the "best execution" transaction costs for its Clients. GenSpring reviews subadviser account activity and fees for reasonableness. In some circumstances, subadvisers have established relationships with brokers that provide for commissions that may not allocate the average price to Clients participating in block trades placed with a certain broker. Also, in some cases, subadvisers use brokers that are affiliates of the subadviser. As discussed above, to the extent that unaffiliated investment managers selected by GenSpring to manage Client accounts are responsible for day-to-day account management of purchase and sale of Client securities, GenSpring relies upon the fiduciary responsibility of each unaffiliated investment manager to seek best execution and performs regular due diligence reviews of their best execution policies.</p> <p style="text-align: center;">Aggregation</p> <p>Aggregation or "blocking" of Client transactions allows an adviser to execute transactions in a more timely, equitable, and efficient manner and seeks to reduce overall commission charges. In these instances, Clients participating in aggregated transactions will receive an average share price and transaction costs will be shared equally on a pro-rata basis. In the event transactions for GenSpring, its employees or principals ("proprietary accounts") are aggregated with Client transactions, conflicts may arise. These situations are governed by GenSpring's Code of Ethics and Personal Securities Transaction procedures, discussed in Item 9, above.</p> <p style="text-align: center;">Allocation</p> <p>Allocation procedures must be fair and equitable to all Clients with no particular Client or group of Clients being favored or disfavored over any others. GenSpring prohibits any allocation of trades which would result in proprietary accounts, affiliated accounts, or any particular Client(s) or group of Clients routinely receiving more favorable treatment than other Client accounts.</p> <p style="text-align: center;">IPOs</p> <p>Initial public offerings ("IPOs") are offerings of securities which frequently are of limited size and limited availability. IPOs may also become "hot issues" which are offerings that trade at a premium above the initial offering price. If GenSpring participates in IPOs, shares must be allocated fairly and equitably among our advisory Clients according to a specific and consistent basis so as not to advantage any firm, personal or related account and so as not to favor or disfavor any Client, or group of Clients, over any other.</p> <p style="text-align: center;">Directed Brokerage Policy</p> <p>Clients may limit GenSpring's discretionary authority by directing GenSpring to use particular broker-dealers to execute portfolio transactions for their accounts, particularly where Clients have pre-existing relationships with a broker or participate in commission recapture programs. GenSpring may accept such Client instructions, provided they are in writing.</p> <p>Where a Client directs the use of a particular broker-dealer, or broker-dealers, GenSpring may not be in a position where it can negotiate commission rates or spreads or obtain volume discounts and best price may not be achieved. In addition, transactions for a Client that directs brokerage may not be aggregated with orders for the same securities for other accounts managed by GenSpring. Trades for a Client that has directed use of a particular broker or dealer may be placed at the end of aggregated trading activity for a particular security. Accordingly, directed transactions may be subject to price movements, particularly in volatile markets, that may result in the Client receiving a price that is less favorable than the price obtained for the block order. Under these circumstances, the direction by a Client of a particular broker or dealer to execute transactions may result in higher</p>

GenSpring also discloses to Clients any relationships and conflicts of interest relating to arrangements in which directed brokers refer Clients to GenSpring.</p> <p style="text-align: center;">“Soft Dollar” or Research/Execution Policy</p> <p>GenSpring, as a matter of policy, no longer pays for any research, research-related products or other brokerage services on a soft dollar basis and maintains no soft dollar arrangements with SunTrust or any other Custodian or Broker/Dealer. Although it does not currently do so, GenSpring may, as permitted by law and consistent with seeking to obtain best execution, obtain research, research-related or execution services from broker-dealers or third-party providers in exchange for brokerage commissions paid by Clients for executing securities transactions for their accounts, also known as “soft dollars.” Since SunTrust trades GenSpring Client accounts and other non-GenSpring client accounts on an omnibus basis and does not identify any soft dollars credited to GenSpring, it is not possible for GenSpring to determine the extent to which any Client’s brokerage may have resulted in GenSpring’s receipt of incidental proprietary research information from any particular brokerage firm. Commissions paid for trades processed by SunTrust for Clients are paid for best execution only and do not generate any soft dollars credited to GenSpring. It is possible that SunTrust, a SunTrust affiliate or an unaffiliated subadviser may receive soft dollar benefits from Client transactions.</p>
Part II, Item 13A	<p style="text-align: center;"><u>ADDITIONAL COMPENSATION</u></p> <p>Compensation to GenSpring from Non Clients</p> <p>As noted in 8C(2) and 8C(3) above, GenSpring may cause its clients to invest in funds managed by entities that are now, or have been, affiliates. On occasion, those investments may generate fees paid to or shared with GenSpring which are in turn fully rebated to all client accounts within which the investment is held. Rebates to these client accounts may post in a quarter subsequent to the quarter of receipt due to timing and notification of amounts paid to GenSpring.</p>
Part II, Item 13B	<p>Compensation to Others for Client Referrals</p> <p>GenSpring is an affiliate of SunTrust Bank. An arrangement between GenSpring and SunTrust Bank exists that allows 40% of the fee revenue generated by GenSpring’s management of accounts referred by SunTrust Bank to be allocated to SunTrust Bank. The amount of the Wealth Management Fee paid by these GenSpring Clients is not affected by this allocation.</p>
