Item 1D

As discussed below in this disclosure statement, the registrant provides its clients with discretionary investment management and non-discretionary investment consulting services. The registrant's investment advisory services are primarily limited to the management of investment portfolios in accordance with the investment objective(s) of the client. The registrant does not regularly provide financial planning, estate planning, insurance planning or investment or non-investment related consulting services. To the extent specifically requested by the client, the registrant may provide consultation services on investment and non-investment related matters. In the event that the registrant determines to provide any requested consulting services, the registrant shall generally charge a separate and additional fee.

FINANCIAL PLANNING AND CONSULTING

The registrant may provide its clients with financial planning and/or consulting services (including investment and non-investment-related matters). The registrant's financial planning and consulting fees are negotiable, but between \$200 and \$2,000 on a fixed fee basis and between \$150 and \$500 on an hourly rate basis, depending upon the level and scope of the services required, and the professional(s) rendering the service(s). Prior to engaging the registrant to provide financial planning and/or consulting services, the client will generally be required to enter into a *Financial Planning and Consulting Agreement* with the registrant setting forth the terms and conditions of the engagement, describing the scope of the services to be provided and the fee that is due from the client prior to Registrant commencing services.

Financial planning and consulting fees are charged in advance. If the client terminates service after the fifth day, the client will receive a refund of any unused portion of planner's fee, with a maximum refund of half of the original financial planning and consulting fee.

The registrant may provide its clients with cash flow management services. The registrant's fees are charged monthly based on the services required. Prior to engaging the registrant to provide cash flow management services, the client will be required to enter into a *Financial Planning and Consultation Agreement* with the registrant setting forth the terms and conditions of the engagement, describing the scope of the services to be provided and the fee that is due from the client on a monthly basis. Cash flow management fees are charged monthly, in advance. If the client terminates service after the fifth day, the client will receive a prorated portion of the unused cash flow management fee.

In performing its services, the registrant will not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. If requested by the client, the registrant may recommend the services of other professionals for implementation purposes. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the registrant. Moreover, each client is advised that it remains his/her/their responsibility to promptly notify the registrant if there is ever any change in his/her/their financial situation or investment objectives for the purpose of reviewing/evaluating/revising the registrant's previous recommendations and/or services.

SAA Managed Opportunities Program. The registrant has established a relationship with Securities America Advisors, Inc. (SAA), a Securities and Exchange Commission (SEC) registered investment advisor, to act as a sub-advisor for SAA's Managed Opportunities Program, a wrap-free program. The registrant is only providing impersonal sub-advisory services (e.g., non-discretionary research, recommendations and commentary on recommendations and Portfolio Models) to SAA. The registrant will not have any information concerning the investment objectives or financial circumstances of an account holder and will not be obligated to or responsible for determining the suitability of any investment advice given or investment decisions made based on individual circumstances and objections of any account. SAA will have sole responsibility for all such individual investment advice. The registrant will not have any discretionary authority over the assets or investment decisions made by or on behalf of any account. SAA will pay the registrant an on-going annualized fee of up to 25 basis points (.25%) based upon the average daily balance of the market value of assets in accounts within the

model portfolios for which the registrant provides sub-advisory services to SAA.

A complete description of Managed Opportunities and related fees and charges are described in SAA's Managed Opportunities Schedule H Disclosure Brochure, which will be given to all clients prior to or at the time a Managed Opportunities Account is established.

INVESTMENT MANAGEMENT

In the event the client determines to engage the registrant to provide investment management services, the registrant shall do so on a *fee* basis. The registrant is authorized, without prior consultation with the client, to buy, sell and trade in stocks, bonds, mutual funds and other securities and/or contracts relating to the same and to give instructions in furtherance of such authority to the registered broker/dealer and the custodian of assets.

The registrant generally allocates the investment management assets of its client accounts, on a discretionary basis, among one or more of its proprietary asset management programs, whereby the registrant shall exchange and/or transfer funds owned by the client among different asset categories within the same (or different) fund family(ies), equities or bonds, in accordance with the investment objective(s) of the client. The registrant's proprietary programs have been designed to comply with the requirements of Rule 3a-4 of the *Investment Company Act of 1940*. Rule 3a-4 provides similarly managed investment programs, with a non-exclusive safe harbor from the definition of an investment company. In accordance with Rule 3a-4, the following disclosure is specifically applicable to the registrant's management of client assets:

1. **Initial Interview** – at the opening of the account, the registrant, through its designated representatives, shall obtain from the client information sufficient to determine the client's financial situation and investment objectives;
2. **Individual Treatment** – the client's account is managed on the basis of the client's financial situation and investment objectives;
3. **Quarterly Notice** – at least quarterly, the registrant shall notify the client to advise the registrant whether the client's financial situation or investment objectives have changed, or if the client wants to impose and/or modify any reasonable restrictions on the management of his/her/its account;
4. **Annual Contact** – at least annually, the registrant shall contact the client to determine whether the client's financial situation or investment objectives have changed, or if the client wants to impose and/or modify any reasonable restrictions on the management of his/her/its account.
5. **Consultation Available** – The registrant shall be reasonably available to consult with the client relative to the status of the client's account;
6. **Statement** – the client shall be provided with a report, no less than quarterly, for the account for the preceding period;
7. **Ability to Impose Restrictions** – client shall have the ability to impose reasonable restrictions on the management of the account, including the ability to instruct the registrant not to purchase certain mutual funds;
8. **No Pooling** – the client's beneficial interest in a security does not represent an undivided interest in all the securities held by the custodian, but rather represents a direct and beneficial interest in the securities which comprise the client's account;
9. **Separate Account** - a separate account is maintained for the client with the Custodian; and
10. **Ownership** – each client retains indicia of ownership of the account (e. g. right to withdraw securities or cash, exercise or delegate proxy voting and receive transaction confirmations).

The registrant's investment programs may involve above-average portfolio turnover, which could negatively impact the net after-tax gain experienced by an individual client in a taxable account.

The registrant shall charge an annual investment management fee either based upon 1) a percentage of the market value of the assets being managed by the registrant, or 2) a fixed fee schedule. The investment management fee is charged depending on the type of client account and shall vary (generally between 1.5% and 3.0%) depending upon the market value of assets under management or a fixed fee schedule, as specifically set forth in the *Investment Advisory Agreement* between the registrant and the client.

The registrant may charge a fixed fee for investment management which shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last day of the previous quarter. Fixed fees are paid directly by the client. The registrant, in its sole discretion, may charge a lesser management fee based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of

assets to be managed, historical relationship, related accounts, account composition, negotiations with client, accounts referred to advisor by another professional, etc.)

The client may choose to have direct bill management fees paid electronically. The client will sign an ACH Agreement whereby authorizing the registrant to withdraw the agreed upon fee directly from a checking or savings account.

If the fee amount changes, the client will be notified at least 10 days before payment date.

Other SAA Programs

SAA's Financial Advisors Program (FAP) and LifeGuide Program (LifeGuide) are wrap-fee programs providing investment advisory services and execution of client transactions for which the specified fee (or fees) is not based directly upon transactions in the client's account. Under FAP and LifeGuide Program, the registrant will assist the client in the establishment of an FAP or LifeGuide Account (the Account) with SAA. All brokerage transactions in the Account will be processed by SAI, an affiliated broker/dealer of SAA. The brokerage transactions will then be cleared through NFS pursuant to a clearing arrangement established by SAI with NFS. SAA has also entered into agreements with various insurance companies that allow for the management and valuation of client variable annuity accounts with SAA's FAP and/or LifeGuide Program. The custody of all funds and securities will be maintained by NFS, insurance companies or other custodians. At no time will SAA, SAI, the registrant or its representative's act as custodian of the Account or have direct access to the client's funds and/or securities. The registrant's representatives implement securities transactions for FAP and LifeGuide client Accounts in their separate capacities as registered representatives of SAI (*see* disclosure at Item 7B below). The annual management fees charged for this service will be negotiated with each client, with 3% being the maximum management fee that may be charged to clients, unless the Account only has mutual funds and then the maximum will be 2.25%. SAA retains up to 20 basis points (.20%) of the annual management fee for FAP Accounts, and up to 15% of the annual management fee for LifeGuide Accounts. A complete description of FAP and related fees and charges are described in SAA's Financial Advisor Program Schedule H Disclosure Brochure, which will be given to all clients prior to or at the time an FAP Account is established. A complete description of LifeGuide and related fees and charges are described in SAA's LifeGuide Program Schedule H Disclosure Brochure, which will be given to all clients prior to or at the time a LifeGuide Account is established.

Solicitor Referral Program

The registrant may contract with unaffiliated investment advisors to solicit the registrant's investment management services to new clients. Such arrangements will be in compliance with Rule 206(4)-3 of the *Investment Advisers Act of 1940*, and any applicable state regulations. Investment advisors referring clients on the behalf of the registrant must be registered as an investment advisor with the SEC or one or more state regulatory authorities. The outside investment advisor will provide a copy of the registrant's Disclosure Brochure, Investment Advisory Agreement and Solicitor's Disclosure Statement to the client.

Prior to referring the client to the registrant, it shall be the outside investment advisor's responsibility to interview the client in order to ascertain the client's financial position, investment goals and objectives, investment limitations and reasonable restrictions and risk tolerance. The outside investment advisor will document the findings of such interview and will provide the registrant with a completed profile questionnaire for the client. The outside investment firm will recommend to clients the strategy that is most appropriately suited to the client's investment needs in light of the above information gathered. Once the outside investment advisor has selected the strategy most appropriate for the client, the outside investment advisor will provide such information to the registrant along with the clients' financial situation and investment objective information. The client's accounts will then be managed by the registrant on the basis of the client's financial situation, investment objectives and stated strategy as provided by the client through the outside investment advisor. The outside investment advisor will maintain direct contact with the client throughout the duration of the agreement.

Whenever the client is referred by an outside investment advisor, the registrant shall have the final authority to accept or reject the client. Compensation to the outside investment advisor will be a percentage of the investment advisor fee charged to the client by the registrant in accordance with the fee disclosures previously disclosed in this section. In the event an outside investment advisor's associated persons also serve as registered representatives of a broker/dealer, a portion of the referral fee may be paid by the outside investment advisor to the associated person's broker/dealer (or affiliate of broker/dealer) if registered as an investment

advisor.

The client's electing to use the Solicitor Referral Program will be charged a set-up fee equal to the first month's fee. Set-up fees will not be pro rated based upon the number of days services were provided. The set-up fee will be deducted directly from the account when the first month's fee is deducted.

Passive Non-Discretionary Services

The registrant also renders non-discretionary investment consulting services. When providing non-discretionary investment consulting services, the client retains exclusive responsibility for investment implementation, and is free to accept or reject any recommendation from the registrant. The registrant may also provide consulting services to the sponsors of "participant-directed" retirement plans established by the sponsors pursuant to Section 404(c) of *ERISA*. Section 404(c) permits a Plan participant to exercise control over the assets contained in his/her individual retirement account. The registrant provides the Plan sponsors with advice relative to the investment alternatives available for Plan participants to choose from. In addition, if requested by the sponsor, the registrant shall provide Plan participants with general impersonal informational seminars and/or materials which describe or explain the various investment options available to them under the Plan.

Prior to engaging the registrant to provide investment management services, the client will be required to enter into a formal *Financial Planning and Consulting Agreement*. The *Financial Planning and Consulting Agreement* between the registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Financial Planning and Consulting Agreement*. The registrant's fee shall be paid in advance. If the client terminates the agreement after the fifth day, any refund that may be due shall be promptly forwarded to the client.

Custody of all investment management accounts will generally be held at an independent custodian. In most cases, the custodian will be NFS, or at the specific mutual fund or insurance company that issued the mutual fund or variable life/annuity product. In addition to the *Investment Advisory Agreement*, the client may be required to execute a separate agreement with the specific custodian, mutual fund and/or insurance company. Both the registrant's *Investment Advisory Agreement* and custodial agreement may authorize the designated custodian to debit the account for the amount of the registrant's management fee and to directly remit that management fee to the registrant in accordance with required SEC procedures.

Factors which the registrant considers in recommending NFS (or other broker-dealers/custodians) to clients include financial strength, reputation, execution, pricing, research and service. Certain broker-dealers/custodians enable the registrant to obtain many no-load mutual funds without transaction charges and other no-load and load waived funds at nominal transaction charges. Broker-dealers and custodians, generally charge commission rates which are generally considered discounted from customary retail commission rates. Although the commissions and/or transaction fees that may be paid by the registrant's clients shall comply with the registrant's duty to obtain best execution, the client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the registrant determines, in good faith, that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of broker-dealer services, including the value of research provided, execution capability, commission rates and responsiveness. Accordingly, although the registrant will seek competitive rates it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions and/or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, the registrant's investment advisory fee.

Custodians and/or broker-dealers generally charge transaction fees and/or commissions for effecting certain mutual fund securities transactions. In addition to the registrant's investment management fee, brokerage commissions and/or transaction fees, the client will also incur, relative to all mutual fund and variable investment products, charges imposed at the mutual fund and variable investment product level (e.g. advisory fees and other fund expenses). The brokerage commissions, transaction fees and/or custodial fees charged are exclusive of, and in addition to, the registrant's investment management fee. Certain of the mutual funds and/or variable life/annuity products which comprise the client's investment portfolio may have been purchased by the client, prior to, contemporaneous with or subsequent to the engagement of the registrant, through the registrant's principals and/or associated persons, in their individual capacities as registered representatives of SAI, for which product sales the registrant's principals and/or associated persons may have been paid a commission. In addition,

	<p>the registrant's principals and/or associated persons, relative to commission mutual fund sales, also in their individual capacities as registered representatives of SAI, may also receive on-going 12b-1 trailing commission compensation from a specific mutual fund company during the period that the client maintains the mutual fund investment in his/her/its portfolio managed by the registrant. The registrant's investment management fee is exclusive of, and in addition to, any such commission charges.</p> <p>Certain investment opportunities that become available to the registrant's clients may be limited. For example, various mutual funds may, from time to time, limit the number of shares available for purchase by mutual fund asset allocators, such as the registrant. In order to meet its fiduciary duties to all of its clients, the registrant will endeavor to allocate investment opportunities among all clients on a fair and equitable basis. However, except as otherwise provided by federal or state securities laws, the registrant shall not be liable for an adverse decision by a mutual fund or insurance company to unilaterally restrict and/or prohibit asset allocation activities such as those of the registrant.</p> <p>In performing its services, the registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. The client is free to accept or reject any recommendation made by the registrant. Moreover, each client is advised that it remains his/her/their responsibility to promptly notify the registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising the registrant's previous recommendations and/or services.</p> <p>The registrant's clients are advised to promptly notify the registrant if there are ever any changes in their financial situation or investment objectives, or if they wish to impose any reasonable restrictions upon the registrant's management services.</p> <p>Neither the registrant nor client may assign the <i>Financial Planning and Consulting Agreement</i> or the <i>Investment Advisory Agreement</i> without the prior consent of the other party. Transactions that do not result in a change of actual control or management of the registrant shall not be considered an assignment.</p> <p>A copy of the registrant's written disclosure statement as set forth on Part II of Form ADV shall be provided to each client prior to or contemporaneously with the execution of the <i>Financial Planning and Consulting Agreement</i> or the <i>Investment Advisory Agreement</i>. Any client who has not received a copy of the registrant's written disclosure statement at 48 hours prior to executing the <i>Financial Planning and Consulting Agreement</i> or the <i>Investment Advisory Agreement</i>, shall have five business days subsequent to executing the agreement to terminate the registrant's services without penalty.</p> <p><u>Commission Transactions</u></p> <p>In the event that the client desires, the client can engage the registrant's principals and/or associated persons, in their individual capacities as registered representatives of SAI, a FINRA member broker-dealer, to implement investment recommendations on either a commission or fee basis. In the event the client chooses to purchase investment products through SAI, brokerage commissions will be charged by SAI to effect securities transactions, a portion of which commissions shall be paid by SAI to the registrant's principals and/or associated persons, as applicable. The brokerage commissions charged by SAI may be higher or lower than those charged by other broker-dealers. In addition, SAI, as well as the registrant's Principals and/or Associated Persons, relative to commission mutual fund purchases, may also receive additional on-going 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment. The securities commission business of the registrant's Principals and Associated Person(s) is limited and separate and apart from the registrant's fee-only investment management services discussed above.</p>
Item 2G	The registrant may, as a sub-advisor, provide investment management services for investment programs sponsored by other investment advisors, including SAA. The fees that a participant may pay to access the registrant's investment management services will differ depending upon the investment program sponsor.
Item 5	All individuals that give investment advice on behalf of the registrant must have earned a college degree and/or have substantive investment-related experience. In addition, all such individuals shall have attained all required investment-related licenses and/or designations.

	<p>Records of these trades, including the reasons for the exceptions, will be maintained with the registrant's records.</p> <p>(2) Open-end mutual funds and/or the investment subdivisions which may comprise a variable insurance product are purchased or redeemed at a fixed net asset value price per share specific to the date of purchase or redemption. 	<p>dealers in return for research products and/or services which assist the registrant in its investment decision making process. Such research generally will be used to service all of the registrant's clients (including accounts that may not generate commissions used to pay for investment research), but brokerage commissions paid by the client may be used to pay for research that is not used in managing the client's account. The account may pay to a broker-dealer a commission greater than another qualified broker-dealer might charge to effect the same transaction where the registrant determines in good faith that the commission is reasonable in relation to the value of the brokerage and research services received.</p> <p><u>Proxy Voting Policy.</u> The registrant does not vote client proxies. Therefore, although the registrant may provide investment advisory services relative to client investment assets, the registrant's clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as advertising, publishing and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for whom sales have been made or it is anticipated sales will be made.</p>
Item 13 B	<p>The registrant has arrangements in which it may reimburse investment advisors using the registrant's sub-advisor services for special events and/or marketing materials, such as seminars, client appreciation dinners or client outings. The registrant may also provide reimbursement to investment advisors not affiliated with the registrant or SAA.</p> <p>The registrant and its Associated Persons may enter into arrangements with unaffiliated individuals, firms and/or introducing investment advisors (collectively referred to as Solicitors) who will refer clients that may be candidates for investment advisory services to the registrant. In return, the registrant will agree to compensate the Solicitor for the referral. Compensation to the Solicitor is dependent on the client entering into an advisory agreement with the registrant. Compensation to the Solicitor will be a percentage of the investment advisory fee charged to the client or a flat fee depending on the type of advisory services the registrant provides to clients. The registrant's referral program will be in compliance with Rule 206(4)-3 of the <i>Investment Advisers Act of 1940</i>, and any applicable state regulations.</p> <p>Solicitation/referral fees are paid pursuant to a written agreement retained by both the registrant and the Solicitor. The Solicitor will be required to provide the client with a copy of the registrant's Form ADV Part II and a Solicitor Disclosure Document prior to or at the time of entering into any investment advisory contract with the registrant. The Solicitor is not permitted to offer clients any investment advice on behalf of, or as an agent of, the registrant. However, if the Solicitor is also licensed as an investment advisor, the Solicitor may provide the client with investment advisory services separately or in connection with the services provided by the registrant.</p> <p>Typically, the advisor fee charged to clients will not increase as a result of compensation being shared with the Solicitor. However, certain clients may pay more to obtain the registrant's investment advisory services as a</p>

	<p>result of being referred by a Solicitor than if the client had engaged the registrant for its services independent of the Solicitor. Any additional compensation is retained by the Solicitor, and not the registrant, for the consulting and monitoring services provided to the client in connection with the client's engagement of the registrant. Such arrangements, and their terms and conditions, are determined between the client and the Solicitor.</p> <p>In the event the Solicitor also serves as a registered representative of a broker/dealer, a portion of the referral fee may be paid by the Solicitor to the broker/dealer (or affiliate of broker/dealer) if registered as an investment advisor.</p>
