Item 1A(2)	<p><u>Description of services</u></p> <p>Netrin Investments, LP ("Netrin") or the ("Firm") manages client accounts at brokerage houses and mutual fund companies. The firm's investment strategy is primarily to sell option contracts on selected market indices and diversified ETFs.</p> <p>Netrin agrees to provide investment advisory services by supervising and directing investments and making all investment decisions for the client with respect to the securities and funds delivered by the client to his account. Netrin will formulate and structure a portfolio, purchasing and selling open-end and closed-end mutual funds, bonds, stocks, ETFs, and options on diversified ETFs and market indices (including uncovered options) on an on-going basis. Regarding mutual funds, only no-load funds will be used unless pre-approved by the client for special situations. Netrin will choose funds and individual securities based on the Firm's analysis and evaluation of the market and the client's risk tolerance and investment objective at that time. Answer

Investment Management Fee for qualified investors

The Annual fee for qualified investors is negotiable, and up to 2.5% of assets under management. Qualified investors will also be charged a performance fee, up to 25% of the net quarterly profits. See Performance Fees section below for more information on this type of Fees.

Required disclosure: Any advisor who wished to charge 3.0% or greater of the assets under management must disclose that such fee is in excess of the industry norm and that similar advisory fees can be obtained for less.

Netrin prorates fees for new accounts that come in during a quarter, charging the account the initial fee upon receipt of the assets, based on the asset valuation of the account on the day the account is fully funded. Thereafter, quarterly fees are adjusted on a pro-rated basis for deposits and withdrawals during the prior quarter. There is no minimum dollar value on account size for retirement accounts. For non-retirement or margin accounts, the minimum is \$150,000. However, exceptions to this minimum may be considered under special circumstances.

Netrin's management fee is payment for management of the account(s) by advisor. Funds held pending investment may be invested in a money market fund, or funds may also be invested in mutual fund shares. Money market and mutual funds pay a separate management fee to their managers, which is included in the internal expenses of each fund. Money market and mutual fund fees and costs are described in the fund's prospectus, a copy of which will be furnished to the client by the custodian, and are separate from the fee paid to Netrin. Any SEC fees, commissions, transaction fees, etc. that are charged against the account(s) are separate from advisor's management fee and will be deducted from the appropriate account(s) by the custodian.

Clients receive Part II of Form ADV and Netrin's disclosure statement at the onset of each relationship. If the appropriate disclosure statement was not delivered to the client at least 48 hours prior to the client's entering into any written or oral advisory contract with this investment advisor, then the client has the right to terminate the contract without penalty within five business days after entering into the contract. For the purposes of this provision, a contract is considered entered into when all parties to the contract have signed the contract, or in the case of an oral contract, otherwise signified their acceptance.

The client agreement may be terminated by either party upon receipt of written notice from the other party. The fees for the quarter in which termination of the agreement occurs shall be refunded on a pro-rata basis. Upon termination of the agreement, advisor will have no obligation to take any action with regard to investments in the client's account(s).

Performance Fees

Netrin may charge a performance fee on accounts only to "qualified clients" as defined. The fee is charged to an account on a quarterly basis by subtracting the prior quarter end balance from the current quarter end balance and using this difference as the basis for

	<p>performance fee calculation. Performance fees may be in addition to investment management fees as outlined above, and may range up to 25% of profit net of all other fees and expenses. All applicable fees are fully disclosed in each client agreement. If the latest four consecutive quarters show any loss, then the high water mark of the portfolio value in those four quarters will be used to calculate any performance fee.</p> <p><i>General comments on Fees</i></p> <p>Performance fee arrangements may create an incentive for the firm to make investments that are riskier or more speculative than would be the case in the absence of a performance fee. There also may be an inherent conflict of interest for the firm due to the fact that some accounts may pay a performance fee and others may not. The firm attempts to mitigate this conflict by monitoring investment objectives and seeing that all investment opportunities are provided to all clients equitably as appropriate.</p> <p>Lower fees for comparable services may be available from other sources. Special circumstances may cause fees to vary from the above schedule. The firm reserves the right to negotiate fees with clients and may charge higher or lower fees than those described above, so clients receiving the same service from the adviser may be paying different fees. Each client's investment management agreement fully discloses the exact fee(s) that client will be charged.</p>
