VFA may charge a maximum fee of up to \$1500.00 for these financial plans. The fee may be negotiable between the firm and client.</p> <p>The Firm provides advisory services to participants of employee sponsored retirement plans, and administers retirement plans for corporations, not-for-profit organizations and governmental agencies. VFA consults with the client to obtain detailed financial information and their pertinent data to enable the client to determine the appropriate investment guidelines, risk tolerance and other factors that will assist in ascertaining the suitability of the client's account. VFA formulates a plan based on the assets selected by the client. The client receives quarterly performance statements provided by the custodian of the account.</p> <p>VFA will charge up to 1% of each pool of contributions deposited into the account and not based on the assets of the account. The employer, not the individual participants of the plan, will be billed in arrears as assets are deposited in the account. FundQuest screens load-waived mutual funds and "ETF's" in order to design portfolios and updates its research on a monthly basis.</p> <p>The advisory fees for this program are calculated as a percentage of assets in the account with a maximum advisory fee of 2% for mutual fund accounts and 3% for accounts which include a separate account manager. These wrap fees are negotiable. The advisory fee is calculated quarterly, in arrears, based on the average daily value of the account during the quarter. The fee is debited from the account following the end of the quarter. If cash or cash equivalent funds in the account are not sufficient to pay the wrap fee or any of the other fees charged in connection with the account or transactions for the account, investments in the account may be liquidated in order to pay the outstanding fees. If the account is managed for only a portion of a quarter, the wrap fee will be prorated accordingly.</p>

1. A,B and C (cont'd.)	<p>The Managed Investment Program is available in six accounts:</p> <ul style="list-style-type: none"> * The <i>Managed Investor Account</i> offers a professional investment strategy designed in cooperation with FundQuest. For this account, we prepare a customized plan for a client based on their goals, time horizon, and risk tolerance, and also design a diversified portfolio of mutual funds utilizing pre-selected mutual funds. The funds are selected by FundQuest and the portfolios are rebalanced periodically. The Managed Investor Account may include mutual funds from multiple fund families or from the ActivePassive Funds, for which FundQuest is the advisor, depending on the account version selected by the financial advisor and client. An investment adviser representative is continually available to answer any questions and to implement any changes the client wants to make based on changes in personal or financial circumstances, or the financial markets. This approach is more suitable for clients who prefer to defer fund selection to an asset management company for their portfolios. * The <i>Personal Managed Investor Account</i> offers an investment strategy based on asset allocation models, but allows flexibility in the selection of the mutual funds. The client and their investment adviser representative can select which funds to utilize or can transfer in other funds previously purchased by the client. The investment adviser representative will personally monitor the account and rebalance the account when appropriate, in accordance with the guidelines the client selects. In deciding what mutual funds to recommend, the investment adviser representative may consider a number of sources, including third-party research materials, corporate press releases, and prospectus information. The investment adviser representative will also take into account his or her own views and perspectives on mutual funds, as well as the client's preferences, risk tolerances, goals and, if applicable, previously purchased investments transferred to the account. This approach is more suitable for clients who prefer to have their portfolios managed personally by their investment adviser representatives. * The <i>Selected Manager Investor Account</i> allows the financial advisor to establish an investment advisory account which is then managed specifically for that client by an institutional-caliber investment manager. These investment managers, called separate account managers, usually manage large institutional accounts, but through this program, will manage individual client assets at significantly reduced investment minimums. A team of professional money managers provide ongoing manager oversight and rebalance as necessary. This account will allow the clients a higher level of specialization and service through ownership of individual securities. Each separate account can be managed for the individual client's needs, goals, time horizon, risk tolerance and other factors. * The <i>Index Plus Managed Investor Account</i> allows the financial advisor an investment advisory account that includes index mutual funds. Based on FundQuest study, index funds are substituted for actively managed funds in certain asset classes where active management tends to under perform the benchmarks. The portfolios provide investors with a combination of active and passive managed funds. * The <i>Integrated Managed Investor Account</i> combines the benefits and attributes of mutual funds, "ETF's" and separately managed accounts all into one single account. This account will allow the clients a higher level of specialization, diversification and tax management opportunities.

(for sponsors of wrap fee programs)

Name of wrap fee program or programs described in attached brochure:

1. *Applicability of Schedule.* This Schedule must be completed by applicants that are compensated under a wrap fee program for sponsoring, organizing, or administering the program, or for selecting, or providing advice to clients regarding the selection of, other investment advisers in the program ("sponsors"). A wrap fee program is any program under which a specified fee or fees not based directly upon transactions in a client's account is charged for investment advisory services (which may include portfolio management or advice concerning the selection of other investment advisers) and execution of client transactions.

2. *Use of Schedule.* This Schedule sets forth the information the sponsor must include in the wrap fee brochure it is required to deliver or offer to deliver to clients and prospective clients of its wrap fee programs under Rule 204-3 under the federal Advisers Act and similar rules of jurisdictions. The wrap fee brochure prepared in response to this Schedule must be filed with the Commission and the jurisdictions as part of Form ADV by completing the identifying information on this Schedule and attaching the brochure. Brochures should be prepared separately, not on copies of this Schedule. Any wrap fee brochure filed with the Commission as part of an amendment to Form ADV shall contain in the upper right corner of the cover page the sponsors' registration number (801-).

3. *General Contents of Brochure.* Unlike Parts I and II of this form, this Schedule is not organized in "check-the-box" format. These instructions, including the requests for information in Item 7 below, should not be repeated in the brochure. Rather, this Schedule describes minimum disclosures that must be made in the brochure to satisfy the sponsor's duty to disclose all material facts about the sponsor and its wrap fee programs. Nothing in this Schedule relieves the sponsor from any obligation under any provision of the federal Advisers Act or rules thereunder, or other federal or state law to disclose information to its advisory clients or prospective advisory clients not specifically required by this Schedule.

4. *Multiple Sponsors.* If two or more persons fall within the definition of "sponsor" in Item 1 above for a single wrap fee program, only one such sponsor need complete the Schedule. The sponsors may choose among themselves the sponsor that will complete the Schedule.

5. *Omission of Inapplicable Information.* Any information not specifically required by this Schedule that is included in the brochure should be applicable to clients and prospective clients of the sponsor's wrap fee programs. If the sponsor is required to complete this Schedule with respect to more than one wrap fee program, the sponsor may omit from the brochure furnished to clients and prospective clients of any wrap fee program or programs information required by this Schedule that is not applicable to clients or prospective clients of that wrap fee program or programs. If a sponsor of more than one wrap fee program prepares separate wrap fee brochures for clients of different programs, each brochure must be filed with the Commission and the jurisdictions attached to a separate copy of this Schedule. Each such brochure must state that the sponsor sponsors other wrap fee programs and state how brochures for those programs may be obtained.

6. *Updating.* Sponsors are required to file an amendment to the brochure promptly after any information in the brochure becomes materially inaccurate. Amendments may be made by use of a "sticker", *i.e.*, a supplement affixed to the brochure that indicates what information is being added or updated and states the new or revised information, as long as the resulting brochure is readable. Stickers should be dated and should be incorporated into the text of the brochure when the brochure itself is revised.

7. *Contents of Brochure.* Include in the brochure prepared in response to this Schedule:

(a) on the cover page, the sponsor's name, address, telephone number, and the following legend in bold type or some other prominent fashion:

This brochure provides clients with information about [name of sponsor] and the [name of program or programs] that should be considered before becoming a client of the [name of program or programs]. This information has not been approved or verified by any governmental authority.

(b) a table of contents reflecting the subject headings in the sponsor's brochure.

(c) the amount of the wrap fee charged for each program or, if fees vary according to a schedule established by the sponsor, a table setting forth the fee schedule, whether such fees are negotiable, the portion of the total fee (or the range of such amounts) paid to persons providing advice to clients regarding the purchase or sale of specific securities under the program ("portfolio managers"), and the services provided under each program (including the types of portfolio management services);

- (d) a statement that the program may cost the client more or less than purchasing such services separately and a statement of the factors that bear upon the relative cost of the program (*e.g.*, the cost of the services if provided separately and the trading activity in the client's account);
- (e) if applicable, a statement that the person recommending the program to the client receives compensation as a result of the client's participation in the program, that the amount of this compensation may be more than what the person would receive if the client participated in other programs of the sponsor or paid separately for investment advice, brokerage, and other services, and that the person may therefore have a financial incentive to recommend the wrap fee program over other programs or services;
- (f) a description of the nature of any fees that the client may pay in addition to the wrap fee and the circumstances under which these fees may be paid (including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers from whom securities were obtained by the wrap fee broker);
- (g) how the program's portfolio managers are selected and reviewed, the basis upon which portfolio managers are recommended or chosen for particular clients, and the circumstances under which the sponsor will replace or recommend the replacement of the portfolio manager;
- (h) (1) if applicable, a statement to the effect that portfolio manager performance information is not reviewed by the sponsor or a third party and/or that performance information is not calculated on a uniform and consistent basis,
(2) if performance information is reviewed to determine its accuracy, the name of the party who reviews the information and a brief description of the nature of the review,
(3) a reference to any standards (*i.e.*, industry standards or standards used solely by the sponsor) under which performance information may be calculated;
- (i) a description of the information about the client that is communicated by the sponsor to the client's portfolio manager, and how often or under what circumstances the sponsor provides updated information about the client to the portfolio manager;
- (j) any restrictions on the ability of clients to contact and consult with portfolio managers;
- (k) in narrative text, the information required by Items 7 and 8 of Part II of this form and, as applicable to clients of the wrap fee program, the information required by Items 2, 5, 6, 9A and C, 10, 11, 13 and 14 of Part II;
- (l) if any practice or relationship disclosed in response to Item 7, 8, 9A, 9C and 13 of Part II presents a conflict between the interests of the sponsor and those of its clients, explain the nature of any such conflict of interest; and
- (m) if the sponsor or its divisions or employees covered under the same investment adviser registration as the sponsor act as portfolio managers for a wrap fee program described in the brochure, a brief, general description of the investments and investment strategies utilized by those portfolio managers.

8. *Organization and Cross References.* Except for the cover page requirements in Item 7(a) above, information contained in the brochure need not follow the order of the items listed in Item 7. However, the brochure should not be organized in such a manner that important information called by the form is obscured.

Set forth below the page(s) of the brochure on which the various disclosures required by Item 7 are provided.
