KCIA will not refer a client to SAA unless SAA and the sub-advisors are registered or are exempt from registration as investment advisors in the client's state of residence. Clients will grant SAA the discretionary authority to select one or more sub-advisors to provide administrative, web site, performance reporting, transaction order entry and other services to SAA and clients. Part II, Page 5, #11B	<p>Accounts at third party money managers are reviewed when statements are received from the money manager, usually quarterly. Managed accounts are reviewed at least quarterly. These reviews are intended to ascertain that the account is structured in accordance with the client's investment objectives.</p>	
	<p>SAA reviews the performance information in Managed Opportunities accounts to determine its accuracy. Performance information provided by SAA is believed to be accurate but cannot be guaranteed. Fund and other securities values and other information are obtained from third parties. Managed Opportunities accounts are reviewed as needed by SAA supervisors, SAI principals and KCIA's representatives. Triggering factors for reviews may include material market, economic or political events, changes in clients' personal or financial situations or performance of the accounts in general. KCIA urges clients to compare performance reports you receive from KCIA with account statements you receive directly from the custodian. Inquiries or concerns regarding your account including performance reports should be directed to KCIA.</p>	
	<p>Each advisory representative will review his or her own accounts but may be assisted by other KCIA personnel. The calendar is the main triggering factor in these reviews, but reviews may also be performed pursuant to a change in the client's circumstances, client request, unusual market activity or material economic and/or political events.</p>

Item of Form (identify)	Answer	
Part II, Page 6, #12A(1) & 12A(2)	<p>Upon receiving written authorization from the client, KCIA's advisory representatives may manage the client's assets on a limited discretionary basis. When they do, they limit their discretionary authority by prohibiting themselves from withdrawing funds and/or securities from the client's account.</p> <p>KCIA offers the client model portfolios composed by a group of independent investment strategists in the KCWM Asset Allocation Program. The independent investment strategists have no direct relationship with KCIA advisory representatives or the clients, make no analysis of the clients' circumstances or objectives and do not tailor the model portfolios to any specific client's needs. KCIA's advisory representatives assist the client in selecting the model portfolio(s) that best suit the client's objectives. The client then specifically directs the account to be invested in accordance with the chosen model portfolio. When the client selects the model portfolio, the client further directs that the account be automatically adjusted to reflect any adjustment in the model portfolio by the investment strategist. This client authorization would result in the purchase and sale of certain mutual funds or transfers between variable annuity sub-accounts without further authorization by the client at such time as the investment strategist changes the composition of the selected model portfolio. KCIA advisory representatives have no authority to cause any purchase or sale of securities in the client's account, to change the Model Portfolio or to direct the account to be invested in any manner other than as previously authorized by the client.</p>	
Part II, Page 6, #12B	<p>Clients wishing to implement the advisory representative's advice are free to select any broker they wish and are so informed. If the client wishes to have the advisory representatives implement the advice in their capacity as registered representatives, their broker/dealer, SAI will be used. SAI has a wide range of approved securities products for which it performs due diligence in selecting. SAI's registered representatives are required to adhere to these products when implementing securities transactions through SAI. Commissions charged for these products may be higher or lower than commissions the client may be able to obtain if transactions were implemented through another broker/dealer.</p>	
Part II, Page 6, #13A	<p>KCIA's advisory representatives sell securities products in their separate capacities as registered representatives. Some of them are also licensed insurance agents and sell insurance products in that capacity. When selling securities and insurance products, they can receive commissions. They may also receive 12(b)-1 fees from some investment companies.</p> <p>KCIA or SAA may invest a portion of client's assets in mutual funds, variable annuities or Exchange Traded Funds (ETFs) and charges an investment management fee on client's assets invested in these securities. Therefore, clients may pay two levels of fees for the management of their assets, one directly to KCIA or SAA and one indirectly to the managers of the mutual funds, ETFs or variable annuities held in their portfolios.</p>

Part II, Page 6, #13A (continued)	<p>Some of the advice offered by the advisory representatives involves investments in mutual fund products. Load and no-load mutual funds may pay annual distribution charges sometimes referred to as 12(b)-1 fees. The advisory representatives may receive a portion of these 12(b)-1 fees from some investment companies in their separate capacities as registered representatives. The client should be aware that these 12(b)-1 fees come from fund assets, and thus, indirectly from client's assets. The receipt of these fees could represent an incentive for registered representatives to recommend funds with 12(b)-1 fees or higher 12(b)-1 fees over funds with no fees or lower fees, therefore creating a potential conflict of interest.</p> <p>KCIA from time to time may receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as advertising, publishing and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for whom sales have been made or it is anticipated sales will be made.</p>	
Part II, Page 6, #13B	<p>KCIA has established relationships with other investment advisors through which it will act as a solicitor referring clients to the other investment advisors management programs.
