1D	<p>National Asset Management ("NAM") provides investment advisory services to individuals, corporations and other entities. NAM offers its clients primarily fee-based programs to provide flexibility in investment strategy based upon the investor's financial goals, circumstances and risk tolerance. All accounts have minimum account size requirements, which may be negotiable, depending on the client household, relationship, type and size of the account. The amount of the fee assessed is reflected on periodic statements issued by the custodian (no less frequently than quarterly or in the case of performance fees and some monitoring services, a separate invoice is sent to the client). Advisory fees may be subject to negotiation depending upon a range of factors including, but not limited to, account size and overall range of services provided. Under certain circumstances the minimum \$40.00 per month fee may be waived by NAM.</p> <p>The Independent Investment Advisor Representative ("IIAR") may be replaced by NAM if he or she is unable to render investment services to the account temporarily or permanently, terminates his or her relationship with NAM, is terminated by the Client or is no longer a registered investment advisor representative.</p> <p>NAM shall never have custody of any client funds or securities except when the client has provided written authorization for the Firm to directly debit advisory fees and the services of an independently qualified custodian are used for such services. NAM does not represent, warrant, or imply that the services or methods of analysis used by NAM can or will predict future results or insulate clients from losses due to market condition. No sales commission or special compensation is received by NAM for the recommendations. Clients are hereby advised that all fees paid to NAM for investment advisory services are separate and distinct from the fees and expenses charged by custodians, variable annuities, and mutual funds (described in each fund's prospectus) to their shareholders. Further, transaction charges may apply when purchasing or selling securities. NAM does not share in any portion of the brokerage fees/transaction charges imposed by the custodian holding the client funds or securities.</p> <p>Following is a description of the firm's fee-based programs, which are more fully described in separate disclosure documents NAM's Program Disclosure Document (Schedule H), and those prepared by other program sponsors. Please contact the Chief Compliance Officer, if you have any questions about this Schedule F narrative. Additional information about NAM is available on the Internet at www.namadvisorguide.com or www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. The CRD number for NAM is 115927.</p> <p>Liberty Program / Individually Managed Accounts</p> <p>The Liberty Program is a program for individual management of accounts held with National Securities Corporation ("NSC") and vFinance Investments, Inc. In addition, NSC and vFin collect a ticket charge, which may be a flat fee per transaction or based on the size of the transaction. The AUM fee is calculated by NAM and deducted automatically from the account monthly in arrears. These fees do not include ticket charges or potential commissions imposed by NSC and vFin. The transaction ticket charge fee is deducted by NSC and vFin at the time of the transaction. Costs and fees arising out of transactions effected by NSC and vFin, including commissions, dealer mark-ups, mark-downs or "spreads", will be separately borne by Client. 1D. (continued)	<p>Monitoring of Investments</p> <p>NAM offers a program pursuant to which independent investment advisor representatives ("IIARs") associated with NAM provide asset-monitoring services with respect to variable annuity products, plans such as 401(k)s, mutual funds, and accounts held at custodians whereby NAM has no direct relationship. The IIAR monitors the investment and reallocation of assets among sub-accounts offered by the insurance company that issues a variable annuity or among investment options in 401(k)s, mutual funds and other plans in accordance with a confidential Client profile, which includes the Client's investment objectives. The IIAR may be replaced by NAM if he or she is unable to render investment services to the account temporarily or permanently, terminates his or her relationship with NAM, is terminated by the Client or is no longer a registered investment advisor representative.</p> <p>Monitoring may be done on a discretionary or non-discretionary basis. If the discretionary service is selected, the IIAR will be primarily responsible for making investment decisions with respect to the variable annuity, mutual fund or other plans, including allocations and reallocations among sub-accounts or investment options. If a non-discretionary service is elected, the IIAR will provide investment advice regarding allocations and reallocations among subaccounts or investment options, but the investment decisions will remain with the Client. Some insurance companies and mutual funds may charge fees if investments are reallocated among sub-accounts and/or mutual fund family allocations more than a certain number of times during a specified period. The Client's accounts would bear any such fees.</p> <p>A monitoring fee is negotiated between the Client and NAM. The monitoring fee is payable in arrears, quarterly, during the month following the end of each quarter. The amount of the monitoring fee agreed upon between NAM and the Client is included in the Investment Advisory Agreement, not to exceed a rate of 2.75% on an annualized basis, based upon the value of the assets in the account at the end of the monitoring period, adjusted for deposits and withdrawals during the quarter, plus a monthly administrative fee of \$7.25. NAM may also impose an additional \$25.00 per quarter for those account relationships where assets are held away and not reportable through NAM's reporting systems. The assets are valued by independent pricing services, whenever available, or obtained in good faith through other customarily acceptable sources and reflected on the client's statement by the applicable insurance company, mutual fund or other plans. During the initial monitoring period, the monitoring fee is prorated based on the number of days remaining in the monitoring period from the date of the monitoring agreement. All transaction costs and other fees charged by an insurance company that issues a variable annuity, mutual fund or other plan accounts for plan transactions are in addition to the monitoring fee. Some programs include a performance fee for qualified investors.</p> <p>A Monitoring Plus Program is also available to persons who may be deemed a Qualified Client that meet certain net worth or other criteria. The Monitoring Plus Program is a discretionary service. Monitoring Plus Accounts are charged a smaller negotiable percentage asset-based fee than in the regular program, plus a performance fee. The performance fee is an agreed percentage of quarterly appreciation in the account (as adjusted for contributions and withdrawals), limited by a "high water mark", which is the highest prior quarterly value in the account from the time the Monitoring Plus Program is elected.</p>

9.A-D	<p>Participation or interest in client transactions:</p> <p>NAM is affiliated with National Securities Corporation ("NSC") and vFinance Investments, Inc. (vFin), a registered broker-dealer. NAM does not directly execute orders for advisory clients. Under many NAM programs, the Client authorizes NAM to provide all execution services for the applicable program account through NSC / vFin. NSC / vFin may effect transactions for advisory Clients of NAM upon receipt of instructions from NAM or a non-affiliated money manager. NSC / vFin will generally execute orders received from NAM Clients on an agency basis, and will collect ticket charges and possibly commissions. In a program in which a third-party manager exercises investment management discretion, transactions may be made on a principal or agency basis. NSC / vFin will act as principal only if disclosure of its capacity is made in writing and the client consents to the transaction. Even though program contracts and applicable law may permit, as a matter of policy, NAM does not generally permit cross transactions in its advisory programs. In case-by-case exceptions, cross transactions will be permitted in advisory accounts, but only if they comply with applicable regulations, Client consent is obtained and NAM believes the transactions are in the Client's best interest. NAM may receive reports and other Client data as a result of its relationship with NSC / vFin.</p> <p>On occasion, Clients may designate, or the law may require, the use of other brokers. Costs and transaction fees arising out of transactions effected by entities other than NSC / vFin, including any dealer mark-ups, markdowns or "spreads," will be separately borne by Clients. NSC / vFin may also receive remuneration for directing orders to a particular broker or dealer or market center through which transactions for Clients are executed; the source and amount of any such compensation and any additional information concerning order flow will, if appropriate, be disclosed upon Client's written request.</p> <p>NAM has adopted a Code of Ethics, a copy of which is available to any Client upon request. The Code applies to all directors, officers, independent investment advisor representatives and employees of NAM. The Code sets forth standards for ethical conduct, including requirements to comply with all applicable laws, to not engage in any activities that create a conflict of interest, to ensure that information regarding client orders is treated confidentially and not used to the disadvantage of any Client, and to not engage in unfair practices. NAM's independent investment advisor representatives are not prohibited from buying or selling securities that they recommend to Clients, but the Code of Ethics prohibits unfair trading practices. All persons subject to the Code must report holdings of securities and trading activity to NAM's Chief Compliance officer, who reviews the reports and assesses whether any such person is trading unfairly.</p>

12.A.1, 2, and 4	<p>Investment or Brokerage Discretion</p> <p>Whether NAM, its independent investment advisor representatives or third-party managers have investment discretion depends on the Program selected by the Client. Discretionary authority will be explicitly authorized by the advisory contract, if applicable, and may be limited by the Client. In most NAM programs, the Client agreement authorizes NAM's affiliate, National Securities Corporation (NSC) or vFinance Investments, Inc. (vFin), to provide brokerage services related to the advisory services offered. Ticket charges apply in most programs. IIAR's who are dually registered as a broker with NSC / vFin may apply commission in addition to ticket charges for the Liberty programs.</p>	
12.B	<p><i>FOLIOfn Investments, Inc.</i></p> <p>In the Unified Managed Account Program, execution services are provided through <i>FOLIOfn Investments, Inc.</i> <i>FOLIOfn</i> was selected for the Program because it allows fractionalized share trading, which enables smaller accounts to take advantage of models provided through outside management firms. Transactions may also be directed to another broker-dealer if legal execution obligations so require. Costs and fees affected by other broker-dealers are separately borne by the Client.</p> <p><i>Charles Schwab & Co., Inc.</i></p> <p>NAM may recommend that Clients establish brokerage accounts with the Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab Institutional"), an unaffiliated registered broker-dealer, member SIPC/NYSE, among others, to maintain custody of the Client's assets and to effect trades for their accounts. Clients are advised that there may be transaction charges involved when purchasing or selling securities. NAM does not share in any portion of the brokerage fees/transaction charges imposed by Schwab Institutional. Additionally, the commission/transaction fees charged by Schwab Institutional may be higher or lower than those charged by other broker-dealer/custodians. Schwab Institutional provides NAM with access to its institutional trading and operations services, which are typically not available to Schwab retail investors. Schwab Institutional services may include research, brokerage, custody, access to mutual funds and other investments that are otherwise available only to institutional investors or would require significantly higher minimum initial investments. Schwab Institutional also makes available to NAM other products and services that benefit NAM but may not benefit its Clients' accounts. These include technology that provide access to Client account data (such as trade confirmations and account statements for our affiliate NSC and vFin), facilitate trade execution, provide research, pricing information and other market data, facilitate payment of NAM's fees from its Clients' accounts, and assist with back-office support, recordkeeping and Client reporting. The availability to NAM of the foregoing products and services is not contingent upon NAM committing to Schwab Institutional any specific amount of business (assets in custody or trading).</p> <p><i>Fidelity Institutional</i></p> <p>NAM may recommend that Clients establish brokerage accounts with the Fidelity Institutional, an unaffiliated registered broker-dealer, member SIPC/NYSE, among others, to maintain custody of the Client's assets and to effect trades for their accounts. TD Ameritrade Institutional is a division of TD Ameritrade, Inc. ("TD Ameritrade") member NASD/SIPC. TD Ameritrade is an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers to independent investment advisors services which include custody of securities, trade execution, clearance and settlement of transactions.</p>	

NAM participates in TD Ameritrade's institutional customer program and NAM may recommend TD Ameritrade to Clients for custody and brokerage services. There is no direct link between NAM's participation in the program and the investment advice it gives to its Clients. The services include the following products and services: receipt of duplicate Client statements and confirmations for our affiliate NSC and vFin; research related products and tools; consulting services; access to a trading desk serving advisor participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to Client accounts); the ability to have advisory fees deducted directly from Client accounts; access to an electronic communications network for Client order entry and account information; and access to mutual funds with no transaction fees. TD Ameritrade may also have paid for business consulting and professional services received by NAM's related persons. Some of the products and services made available by TD Ameritrade through the program may benefit NAM but may not benefit its Client accounts. The benefits received by NAM or its IIAR through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade.

As part of its fiduciary duties to Clients, NAM endeavors at all times to put the interests of its Clients first. Clients should be aware, however, that the receipt of economic benefits by NAM or its related persons in and of itself creates a potential conflict of interest and may indirectly influence NAM's choice of Clearing Agent for custody and brokerage services.

Aggregation and Allocation of Trade Orders

It is NAM's practice, when feasible, to aggregate for execution as a single transaction orders for the purchase or sale of a particular security for the accounts of several clients to seek a more advantageous net price. Shares purchased and sold in aggregated orders are generally allocated among the accounts that participated in the aggregated transaction. However, cash balances, account liquidations, minimum position size, small lot orders, and the need to raise cash for a particular account may result in exceptions to the normal allocation procedures. Further, those clients who have directed NAM to execute and settle their trades through a particular broker generally will not be able to share in an allocation.

13. A.	<p>Additional Compensation</p> <p>NAM contracts for some of the programs it offers require the use of the services of NAM's affiliate, NSC and vFin. NAM uses certain NSC and vFin facilities, administrative systems and technology, and does not currently fully reimburse NSC and vFin for the cost of those services. NSC and vFin, however; does receive the revenue generated through trade execution, margin interest, etc. for accounts held through these respective firms.</p> <p>NAM participates in the Institutional programs of some unaffiliated broker-dealers, such as Charles Schwab & Co., Inc., Fidelity Institutional, and TD Ameritrade, collectively the "Clearing Agents". While there is no direct link between the investment advice given and participation in the programs, economic benefits are received. These benefits include receipt of duplicate confirmations and bundled duplicate statements to our affiliate NSC and vFin; access to a trading desk serving advisor participants exclusively; access to block trading which provides the ability to aggregate securities transactions and then allocate the appropriate share to Client accounts; access to an electronic communication network via the Clearing Agent's web portal for Client order entry and account information; receipt of compliance publications; and access to mutual funds which generally require significantly higher minimum initial investments or are generally available only to institutional investors. The benefits received through participation in the program does not necessarily depend upon the proportion of transactions directed to the respective broker-dealer.</p> <p>Lastly, NAM acts as a solicitor to refer clients to other Registered Investment Advisors and receives a portion of the fees charged by those Advisors, which varies depending on the arrangement. NAM's Independent Investment Advisor Representatives receive a portion of the asset management fees paid to NAM by these Advisors.</p>	
13.B	<p>Compensation for Client Referrals</p> <p>NAM has some arrangements wherein compensation is paid to unaffiliated third parties. Such compensation may serve as an inducement to refer Clients to NAM, and therefore may present a conflict of interest. The general circumstances for such payment are as follows:</p> <p>NAM may from time to time pay compensation to unaffiliated third parties for referring Clients to NAM, as permitted under Rule 206(4)-3 of the Investment Advisers Act of 1940. Such arrangements are disclosed in writing to the Client at the time the referral is made. Appropriate disclosure would be provided to the client in any such case in accordance with SEC rules and the solicitor will be compensated by the NAM according to the specific terms of the compensation arrangement contained in the solicitation agreement.</p>	
Additional Information	<p>Proxy Voting</p> <p>NAM does not vote proxies on behalf of Clients. Under the investment management agreements between National Asset Management, Inc. and the Client, the client retains exclusive voting authority over the securities in the Client's portfolio and the firm does not have any role in proxy voting. Client shall be responsible for voting all proxies. If Client assets are invested in mutual funds, the managers of those mutual funds may vote the proxies for the securities in the funds. Client is entitled to receive information from fund managers concerning their proxy voting policies and procedures. Those managers are required to provide information to Clients about the manner in which the managers of the Funds have voted proxies in the past. Client should review the information that is provided concerning the proxy voting policies of the managers of the funds in which assets are invested.</p> <p>Action Lawsuits</p> <p>From time to time, securities held in the accounts of Clients will be the subject of class action lawsuits. NAM has no obligation to determine if securities held by the Client are subject to a pending or resolved class action lawsuit. It also has no duty to evaluate a Client's eligibility or to submit a claim to participate in the proceeds of a securities class action settlement or verdict. Furthermore, NAM has no obligation or responsibility to initiate litigation to recover damages on behalf of Clients who may have been injured as a result of actions, misconduct or negligence by corporate management of issuers whose securities are held by Clients. Where NAM receives written or electronic notice of a class action lawsuit, settlement or verdict affecting securities owned by a Client, it will forward all notices, proof of claim forms and other materials, to the Client. Electronic mail is acceptable where appropriate, and the Client has authorized contact in this manner</p>	

Privacy Policies

NAM views protecting its Clients' private information as a top priority and, pursuant to the requirements of the federal Gramm-Leach-Bliley Act, NAM has instituted policies and procedures to ensure that Client information is kept private and secure. NAM does not disclose any nonpublic personal information about its Clients or former Clients to any nonaffiliated third parties, except as permitted by law. In the course of servicing a Client's account, NAM may share some information with its service providers, such as transfer agents, custodians, broker-dealers, accountants, and lawyers.

NAM restricts internal access to nonpublic personal information about the Client to those associated persons of NAM who need access to that information in order to provide services to the Client. As emphasized above, it has always been and will always be NAM's policy never to sell information about current or former Clients or their accounts to anyone. It is also NAM's policy not to share information unless required to process a transaction, at the request of a Client, or as required by law.
