Answer

Item 1. A. (1)

Gyroscope Capital Management (the "Company"), is a SEC Registered Investment Advisor providing investment advisory services to individuals, estates, trusts, charitable organizations, pension and profit sharing plans.

Fees

The Company generally charges management fees according to the following schedules:

Managed Accounts - Annual management fee of 2.00% for the first \$5,000,000 under management, and 1.50% for amounts in excess of \$5,000,000 under management;

The Company may negotiate its fee arrangements, and some clients may be charged fees higher or lower than those reflected above.

Broker Dealer Expenses

In addition to the Company's management fee, a client may incur brokerage commissions and/or transaction fees from Moors & Cabot for effecting securities transactions. Please consult your advisory agreement for a schedule of commission/transaction fees that apply to your account.

Fee Payment Schedule & Termination

Management Fees are billed on a quarterly basis in advance. When an account is opened, the management fee is billed for the remainder of the quarter and is based on the initial contribution. Thereafter, the quarterly fee is based on the market value of the account on the last business day at the end of the previous quarter and becomes due the first day of the new quarter. Unless otherwise agreed to by the Company and the client, an Investment Advisory Agreement will provide that the Company's management fee be deducted directly from the client's account.

Either party may terminate the Investment Advisory Agreement at any time without penalty. Upon termination, the client will receive a refund for a pro-rated portion of the prepaid management fee. If a client chooses to terminate the agreement within 5 business days of signing, the client will be entitled to a full refund.

Commission Schedule

In addition to the quarterly management fee commissions will be calculated for each trade in accordance with the following schedule:

Equity - \$12.00 per trade.

Fixed Income - \$50.00 per trade.

Options - \$40.00 minimum or \$3.00 per contract (whichever is greater).

Mutual Funds - \$25.00 per trade.

COMMISSION ONLY

Gyroscope Representatives may also manage client accounts on a discretionary basis and receive commission compensation only (including 12b-1 service and marketing fees). Gyroscope Capital Management's personnel are also registered representatives with Moors & Cabot, Inc. Representatives may negotiate commission rates with individual clients (12b-1 fees are disclosed in mutual fund prospectuses). This fee arrangement creates an incentive for a Representative to generate commissions in an account pursuant to its discretionary authority, or select funds with 12b-1 fees or higher 12b-1 fees than otherwise available. In certain periods, the total commission levels or 12b-1 fees may exceed other types of advisory fees offered by Gyroscope, or other advisers. In a certain

time period, commissions and 12b-1 fees may not equal, i.e., may be lower, than the standard fee based arrangement of Gyroscope's Portfolio Management Program. However, during other periods the total commissions or 12b-1 fees may exceed such fees otherwise available to clients as a wrap fee. The total level of fees will depend on the commission rate, 12b-1 fees paid by mutual funds in client accounts, and portfolio turnover within a client's account. Periods of higher market volatility and other market conditions may result in increased portfolio turnover and the level of commissions under this arrangement may vary based on the investment strategy of a client's own individual Representative. Clients who elect discretionary management services by a Representative for commission costs only, thereby directs Gyroscope to execute all transactions through Moors & Cabot or its affiliate's brokerage services. Representatives will not consider other brokers for trade execution in such accounts. Clients should understand that by directing brokerage to the Moors & Cabot Representative that best execution may not be achieved and commission rates may be higher than those offered by other brokers.

Accounts Managed Through a Sub-advisor

Pursuant to the client's Investment Advisory Agreement with the Company, the Company may select a qualified subadvisor to manage the client's investment account.

The Company will select a subadvisor for a client when it is appropriate based on the client's investment objectives, goals and needs. The Company will select a subadvisor directly. The Company will inform the client of the relationship between the Company and the subadvisor. The Company regularly reviews performance, disciplinary record, and investment strategy of the subadvisors it maintains for clients' investment accounts.

Item 1. A. (2)

See Item 1. A.(1)

Item 1. A. (3)**PARTICIPATION IN PROGRAMS OF OTHER SPONSORS**

Gyroscope Capital Management also participates in Separately Managed Account Programs offered through Wells Fargo (Wachovia Securities), a registered investment advisor unaffiliated with Gyroscope or Moors & Cabot, Inc. These programs include "Diversified Managed Allocations (DMA)", "Masters", and "Network" (the "Programs"). Gyroscope does not manage any accounts within these Programs. A Gyroscope Representative will interview the client to gather information about the client's financial position, investment goals and objectives, investment limitations, reasonable restrictions and risk tolerance. Based on that information the Gyroscope Representative will present to the client a recommended Program in which to invest. On a periodic basis, a Gyroscope Representative will review the client profile information for any changes to a client's financial situation, investment objectives or any other change regarding the management of the client's account. Clients should notify their representative immediately of any material changes in their financial circumstances. Program clients will open a custodial brokerage account with First Clearing, LLC, Gyroscope and Moors & Cabot's clearing firm, a subsidiary of Wells Fargo, which will provide brokerage, clearing and custody of securities purchased for the client's account. Gyroscope Representatives may only accept accounts in which the client appoints FC as the client's broker custodian. Clients will receive a monthly statement from the broker custodian providing a detailed list of holdings with valuations and account activity as well as confirmations of all security transactions from the clearing firm. In addition, First Clearing, LLC will provide clients with daily online account views via Moors & Cabot's web site. The managers of these Programs may aggregate client trades with their own trades or trades of other clients. Program clients should refer to the Wells Fargo disclosure document for any policy they may have regarding aggregation of trades.

In directing the use of any broker dealer, it should be understood that Gyroscope, Moors & Cabot and Wells Fargo will not have authority to negotiate commissions or obtain volume discounts, and best execution may not be achieved.

In these wrap fee programs, Gyroscope is retained by clients as the introducing investment adviser under so called 'wrap fee' arrangements sponsored by Wells Fargo, an unaffiliated SEC registered investment adviser. Wells Fargo will directly debit the advisory fee from the client's custodial account. Wells Fargo will then pay the appropriate fees to Gyroscope and the sub-managers, and will retain its portion of the Program fee. Wells Fargo's disclosure brochure will describe any additional fees not covered by the wrap fee, including minimum custodial fees.

The total wrap fee charged to a client will vary based on the type of client account and the Program selected. The standard fee schedule is available in Wells Fargo's disclosure brochure provided to the client. Each agreed upon fee will be listed in the wrap fee advisory agreement and acknowledged by the client. The accounts in these Programs will be managed on a discretionary basis only.

Gyroscope also offers mutual fund advisory account programs through Wells Fargo including the FundSource Program and the CustomChoice Program ("Programs"). The standard fee schedule, which may be negotiable (this schedule is a guide. Please refer to your advisory agreement for your fee).

Account Asset Value Fee

First \$500,000.....1.50%

Next \$500,000.....1.25%

Next \$1,000,000.....1.00%

Over \$2,000,000.....Negotiable

Minimum Account Fee for these accounts will be \$75 per quarter.

The intent of the FundSource program is to offer a competitive roster of mutual funds representing a broad array of investment classes and styles that are complementary to one another. From this Recommended Fund Roster, Wells Fargo has created a number of Optimal Blends. The Optimal Blends represent certain mutual fund and target allocations recommended by Wells Fargo for a number of investment strategies based on the client's investment objectives and risk tolerance. Client will be provided with the Wells Fargo Investment Advisory Mutual Fund Advisory Account Disclosure Document.

The CustomChoice Consulting Program ("CustomChoice") is a non-discretionary investment advisory service designed to provide recommendations that will assist Clients in allocating their assets among open-end mutual funds in accordance with each Client's individual investment goals, objectives, and expectations. Client will be provided with the Wells Fargo Investment Advisory Mutual Fund Advisory Account Disclosure Document.

Item 5.

All individuals that render investment advisory services on behalf of the Company must have earned a college degree and a graduate degree or other appropriate professional certification and/or have substantive investment related experience. In addition, all such individuals shall have attained the required investment related licenses (Series 65/66) and/or designations, if applicable.

Applicant:	SEC File Number:	Date:

1. Full name of applicant exactly as stated in Item 1A of Part I of Form ADV: Gyroscope Capital Management Group, LLC	IRS Empl. Ident. No.: 11-3794326
Item of Form Answer	

Gyroscope Capital Management Group, LLC does manage investment advisory accounts and does impose a minimum dollar value on assets for starting an account at \$100,000.

Item 12. A. (1)**INVESTMENT DISCRETION**

For discretionary clients, Gyroscope requests that it be provided with written authority to determine the securities and amount of securities to be purchased in client accounts as part of the advisory agreement. Any limitations on this discretionary authority shall be included in this written authority statement. Clients may change/amend these limitations as required. Such amendments shall be submitted in writing. Representatives shall not have discretion to hire or fire unaffiliated advisers and managers for clients.

The Representatives' authority to purchase or sell securities for a discretionary account may be limited in accordance with any agreements entered between Gyroscope and the individual clients. Such limitations may by their very nature adversely impact the risk-reward level of a portfolio in order to gain a tax advantage or for the achievement of some other personal objective. It is the policy of the firm to honor such limitations absent extraordinary circumstances. The inclusion of such assets in a managed account may cause the client to incur management fees for a portion of their portfolio which is, in effect, not managed or not subject to the portfolio manager's discretion, expertise and judgment as to the wisdom of holding such securities. The decision by a client to retain certain assets may have an adverse impact on the amount of risk assumed by the client and may hinder the Representative's ability to properly manage the portfolio according to the stated objectives of the client.

Item 12. A. (2)

Clients may impose limits in writing to Gyroscope Capital Management Group, LLC regarding any amounts or concentration limits of the securities to be bought or sold for their account. These limitations must be included in the written authority provided by the client to Gyroscope.

Item 12. A. (3)

Gyroscope generally finds it appropriate to utilize Moors & Cabot, Inc's execution services for the purchase and sale of securities for all managed accounts, absent restrictions imposed by regulation or client concerns or designations.

Gyroscope does reserve the right to utilize the transaction facilities of other broker dealers at favorable prices and reasonable execution costs. The best net price, giving effect to commissions and other costs, is an important factor in this decision, but a number of other judgmental factors are also important. These include knowledge of commission rates generally available; the nature of the security being traded; the size and complexity of the transaction; confidentiality; and the execution, clearance and settlement expertise of the parties. If a client trade is executed at another broker dealer, client may be charged a principal mark-up or mark-down by the contra-party broker dealer.

Gyroscope and its affiliates may receive additional compensation from other firms which represents payments for order flow directed to such firms. Additional disclosure of such arrangements is furnished to the client.

Gyroscope and its affiliates do not engage in principal or "agency-cross" transactions for managed accounts. Transactions for advisory clients may be aggregated for execution purposes under appropriate circumstances. This practice will not ordinarily affect or otherwise reduce commissions or other costs incurred. Aggregated securities may be allocated among advisory clients and their respective accounts on a pro rata basis depending upon the size of the transaction or some other equitable procedure adopted. In any case, trade allocation procedure may result in certain clients paying higher or lower prices for securities than may otherwise have been obtained. If however, a security is trading in a very volatile fashion or the market is "fast", it may be in the best interest of all parties to participate in order aggregation in order to obtain timely and favorable execution.

Gyroscope does not engage in the practice of providing so-called "soft-dollars" (client commission dollars) to purchase research.
