San Diego, CA-- NOV. 2009 – Dennis Allen Korte embarked on a career in financial services in 1992. His background comes from the aerospace industry in Marketing, Planning and Business Development. His skills as a Finance and Marketing Manager contributed to the foundation for Financial Services Retirement Planning.

He earned a Master's Degree in Marketing and Finance from the University of San Diego and credits his formal education to his overall understanding of the importance that financial planning has on our future security. Risk investments are not the answer--SAFETY 1st.

Asset Marketing Systems is a 200 support-employee business-consulting firm that provides progressive state of the art marketing materials for workshops and client appreciation programs. Dennis is a 12 year qualifying member of the Million Dollar Roundtable, The National Association of Insurance and Financial Advisors (NAIFA) and qualified member of National Ethics Bureau.

In 1997, he co-founded the non-profit organization, *Networking for Seniors* to reach out to the care providers and care givers in the senior community. This organization has helped in referral of hundreds of retirees to senior services within the Inland Empire. As a Veteran of the Armed Forces, his passion is resolving Veterans Benefits issues and placement. He is still active as Vice President of that foundation.

Market focus and understanding the needs and trends of the baby boomers and the parents are the contributing factor accelerating his success. Safety of Assets, Tax Planning Strategies, while Minimizing Market Risk and Income Maximization are vital to maintaining satisfied customer and new referrals. He has maintained this posture and has visions of dynamic evolution from an internal desire to uphold others and respond to his profession with the highest esteem and ethics.

His professional interests are in Retirement Estate Planning and Preservation of Assets through educational workshops-the roadmap to increasing the net worth for his clients. I want to see my clients assets outlive them.

Instructions in securities licensing and insurance education is also an endeavor Dennis imparts to mentor new affiliates to the financial services industry.

Whenever Dennis finds time, he enjoys golf, boating, and mentoring.
