## **Item 4    Advisory Business**

Main Street Advisors, LLC is a SEC-registered investment adviser with its principal place of business located in Maryland. Main Street Advisors, LLC began conducting business in 1999.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- David Richard Peloquin, President & Managing Member

Main Street Advisors, LLC offers the following advisory services to our clients:

### **INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT**

Our firm provides continuous advice to a client regarding the investment of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on a client's particular circumstances are established, we develop a client's personal investment policy and create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Corporate debt securities (other than commercial paper)
- Certificates of deposit
- Municipal securities
- Variable annuities
- Mutual fund shares

- United States governmental securities
- Interests in partnerships investing in oil and gas interests

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

## **INVESTMENT SUPERVISORY SERVICES ("ISS")**

### **MODEL PORTFOLIO MANAGEMENT**

Our firm provides portfolio management services to clients using model asset allocation portfolios. Each model portfolio is designed to meet a particular investment goal.

**Balanced Growth & Income** (*60% equities/40% fixed income*) - This model is intended to have a risk and return profile similar to that of most pension plans. While never guaranteed we expect this model's average annual rate of return to approximate 6% net of fees. We also estimate its maximum three-month decline to be -16%.

**Moderate Growth & Income** (*40% equities/60% fixed income*) - This model is intended to have a lower risk and return profile than the Balanced Growth & Income model. While never guaranteed we expect this model's average annual rate of return to approximate 5% net of fees. We also estimate its maximum three-month decline to be -10%.

**Capital Growth & Income** (*80% equities/20% fixed income*) - This model is intended to have a higher risk and return profile than the Balanced Growth & Income model. While never guaranteed we expect this model's average annual rate of return to approximate 7% net of fees. We also estimate its maximum three-month decline to be -23%.

**Conservative Growth & Income** (*20% equities/80% fixed income*) - This model is intended to have a much lower risk and return profile than the Balanced Growth & Income model. While never guaranteed we expect this model's average annual rate of return to approximate 4% net of fees. We also estimate its maximum three-month decline to be -5%.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Through personal discussions with the client in which the client's goals and objectives are established, we determine if the model portfolio is suitable to the client's circumstances. Once we determine the suitability of the portfolio, the portfolio is managed based on the portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account. Clients retain individual ownership of all securities.

Our investment recommendations are not limited to any specific product or service offered by a broker dealer or insurance company and will generally include advice regarding the

following securities:

- Exchange-listed securities
- Securities traded over-the-counter
- Certificates of deposit
- Variable annuities
- Mutual fund shares

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

To ensure that our initial determination of an appropriate portfolio remains suitable and that the account continues to be managed in a manner consistent with the client's financial circumstances, we will:

1. send quarterly written reminders to each Model Portfolio Management Services client requesting any updated information regarding changes in the client's financial situation and investment objectives;
2. at least annually, contact each participating client to determine whether there have been any changes in the client's financial situation or investment objectives, and whether the client wishes to impose investment restrictions or modify existing restrictions;
3. be reasonably available to consult with the client; and
4. maintain client suitability information in each client's file.

## **FINANCIAL PLANNING**

We provide financial planning services. Financial planning is a comprehensive evaluation of a client's current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans. Through the financial planning process, all questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the client. Clients purchasing this service receive a written report which provides the client with a detailed financial plan designed to assist the client achieve his or her financial goals and objectives.

In general, the financial plan can address any or all of the following areas:

- **PERSONAL:** We review family records, budgeting, personal liability, estate information and financial goals.
- **TAX & CASH FLOW:** We analyze the client's income tax and spending and planning for

past, current and future years; then illustrate the impact of various investments on the client's current income tax and future tax liability.

- **INVESTMENTS:** We analyze investment alternatives and their effect on the client's portfolio.
- **INSURANCE:** We review existing policies to ensure proper coverage for life, health, disability, long-term care, liability, home and automobile.
- **RETIREMENT:** We analyze current strategies and investment plans to help the client achieve his or her retirement goals.
- **DEATH & DISABILITY:** We review the client's cash needs at death, income needs of surviving dependents, estate planning and disability income.
- **ESTATE:** We assist the client in assessing and developing long-term strategies, including as appropriate, living trusts, wills, review estate tax, powers of attorney, asset protection plans, nursing homes, Medicaid and elder law.

We gather required information through in-depth personal interviews. Information gathered includes the client's current financial status, tax status, future goals, returns objectives and attitudes towards risk. We carefully review documents supplied by the client, including a questionnaire completed by the client, and prepare a written report. Should the client choose to implement the recommendations contained in the plan, we suggest the client work closely with his/her attorney, accountant, insurance agent, and/or stockbroker. Implementation of financial plan recommendations is entirely at the client's discretion.

We also provide general non-securities advice on topics that may include tax and budgetary planning, estate planning and business planning.

- Exchange-listed securities
- Securities traded over-the-counter
- Corporate debt securities (other than commercial paper)
- Certificates of deposit
- Municipal securities
- Variable annuities
- Mutual fund shares

Typically the financial plan is presented to the client within six months of the contract date, provided that all information needed to prepare the financial plan has been promptly provided.

Financial Planning recommendations are not limited to any specific product or service offered

by a broker-dealer or insurance company. All recommendations are of a generic nature.

## FINANCIAL PLANNING FEES

Main Street Advisors, LLC's Financial Planning fee is determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Some of our Financial Planning fees are calculated and charged on an hourly basis, ranging from \$90 to \$150 per hour. Although the length of time it will take to provide a Financial Plan will depend on each client's personal situation, we will provide an estimate for the total hours at the start of the advisory relationship.

Some of our Financial Planning fees are calculated and charged on a fixed fee basis, typically ranging from \$250 to \$1,600, depending on the specific arrangement reached with the client.

We may request a retainer upon completion of our initial fact-finding session with the client; however, advance payment will never exceed \$500 for work that will not be completed within six months. The balance is due upon completion of the plan.

***Financial Planning Fee Offset:*** Main Street Advisors, LLC reserves the discretion to reduce or waive the hourly fee and/or the minimum fixed fee if a financial planning client chooses to engage us for our Portfolio Management Services.

## GENERAL INFORMATION

***Termination of the Advisory Relationship:*** A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of days remaining in the billing period.

***Mutual Fund Fees:*** All fees paid to Main Street Advisors, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

***Additional Fees and Expenses:*** In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s).

Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

**Grandfathering of Minimum Account Requirements:** Pre-existing advisory clients are subject to Main Street Advisors, LLC's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

**Advisory Fees in General:** Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

**Limited Prepayment of Fees:** Under no circumstances do we require or solicit payment of fees in excess of \$1,200 more than six months in advance of services rendered.

## **Item 6 Performance-Based Fees and Side-By-Side Management**

Main Street Advisors, LLC does not charge performance-based fees.

## **Item 7 Types of Clients**

Main Street Advisors, LLC provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Corporations or other businesses not listed above

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements, based on the nature of the service(s) being provided. For a more detailed understanding of those requirements, please review the disclosures provided in each applicable service.

## **Item 8 Methods of Analysis, Investment Strategies and Risk of Loss**

### **METHODS OF ANALYSIS**

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

**Fundamental Analysis.** We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a

potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

**Asset Allocation.** Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals.

**Mutual Fund and/or ETF Analysis.** We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

**Risks for all forms of analysis.** Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

## INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

**Long-term purchases.** We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current

projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

**Risk of Loss.** Securities investments are not guaranteed and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk.

## **Item 9 Disciplinary Information**

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

## **Item 10 Other Financial Industry Activities and Affiliations**

Our firm and our related persons are not engaged in other financial industry activities and have no other industry affiliations.

Rager, Lehman & Houck, P.C. typically recommends Main Street Advisors, LLC to accounting clients in need of advisory services. Conversely, Main Street Advisors, LLC typically recommends Rager, Lehman & Houck, P.C. to advisory clients in need of accounting services. Accounting services provided by Rager, Lehman & Houck, P.C. are separate and distinct from our advisory services, and are provided for separate and typical compensation. Main Street Advisors, LLC remits 20% of advisory fees collected from clients referred by Rager, Lehman & Houck, P.C. back to the partners of that firm. Although a referral fee may be paid to any partner of RLH who is a registered investment advisor representative, there is no increase in fees normally charged by MSA to any client as a result of this arrangement. No Main Street Advisors, LLC client is obligated to use Rager, Lehman & Houck, P.C. for any accounting services and conversely, no accounting client is obligated to use the advisory services provided by us. Rager, Lehman & Houck, P.C.'s accounting services do not include the authority to sign checks or otherwise disburse funds on any of our advisory client's behalf.

Any partner or other employee of Rager, Lehman & Houck, P.C. working with MSA within this arrangement will spend the majority of their time on their accounting practice.

## **Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading**

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Main Street Advisors, LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Main Street Advisors, LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to [dpeloquin@mainstadvisors.com](mailto:dpeloquin@mainstadvisors.com), or by calling us at 410-840-9200.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be included in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of

an advisory client.

2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
9. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
11. Any individual who violates any of the above restrictions may be subject to termination.

## **Item 12 Brokerage Practices**

Main Street Advisors, LLC requires that clients provide us with written authority to determine the broker-dealer to use and the commission costs that will be charged to our clients for these transactions. This is accomplished by the execution of account opening(s) with Charles Schwab Institutional, Inc.

As a matter of policy and practice, Main Street Advisors, LLC does not generally block client trades and, therefore, we implement client transactions separately for each account. Consequently, certain client trades may be executed before others, at a different price and/or commission rate. Additionally, our clients may not receive volume discounts available to advisers who block client trades.

Main Street Advisors, LLC may require that clients establish brokerage accounts with the

Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"), a FINRA registered broker-dealer, member SIPC, to maintain custody of clients' assets and to effect trades for their accounts. Although we require that clients establish accounts at Schwab, it is the client's decision to custody assets with Schwab in order to work with us. Main Street Advisors, LLC is independently owned and operated and not affiliated with Schwab.

Schwab provides Main Street Advisors, LLC with access to its institutional trading and custody services, which are typically not available to Schwab retail investors. These services generally are available to independent investment advisers on an unsolicited basis, at no charge to them so long as a total of at least \$10 million of the adviser's clients' assets are maintained in accounts at Schwab Institutional. These services are not contingent upon our firm committing to Schwab any specific amount of business (assets in custody or trading commissions). Schwab's brokerage services include the execution of securities transactions, custody, research, and access to mutual funds and other investments that are otherwise generally available only to institutional investors or would require a significantly higher minimum initial investment.

For our client accounts maintained in its custody, Schwab generally does not charge separately for custody services but is compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab or that settle into Schwab accounts.

Schwab Institutional also makes available to our firm other products and services that benefit Main Street Advisors, LLC but may not directly benefit our clients' accounts. Many of these products and services may be used to service all or some substantial number of our client accounts, including accounts not maintained at Schwab.

Schwab's products and services that assist us in managing and administering our clients' accounts include software and other technology that

- i. provide access to client account data (such as trade confirmations and account statements);
- ii. facilitate trade execution and allocate aggregated trade orders for multiple client accounts;
- iii. provide research, pricing and other market data;
- iv. facilitate payment of our fees from clients' accounts; and
- v. assist with back-office functions, recordkeeping and client reporting.

Schwab Institutional also offers other services intended to help us manage and further develop our business enterprise. These services may include:

- i. compliance, legal and business consulting;
- ii. publications and conferences on practice management and business succession; and

- iii. access to employee benefits providers, human capital consultants and insurance providers.

Schwab may make available, arrange and/or pay third-party vendors for the types of services rendered to Main Street Advisors, LLC. Schwab Institutional may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to our firm. Schwab Institutional may also provide other benefits such as educational events or occasional business entertainment of our personnel. In evaluating whether to recommend or require that clients custody their assets at Schwab, we may take into account the availability of some of the foregoing products and services and other arrangements as part of the total mix of factors we consider and not solely on the nature, cost or quality of custody and brokerage services provided by Schwab, which may create a potential conflict of interest.

## **Item 13    Review of Accounts**

### **INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT**

**REVIEWS:** While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least weekly and occasionally daily. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: David R. Peloquin, CFP, President

**REPORTS:** In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide monthly and/or quarterly reports summarizing account performance, balances and holdings.

### **INVESTMENT SUPERVISORY SERVICES("ISS") MODEL PORTFOLIO MANAGEMENT SERVICE**

**REVIEWS:** While the underlying securities within Model Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least weekly. Accounts are reviewed in the context of the investment objectives and guidelines of each model portfolio as well as any investment restrictions provided by the client. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: David R. Peloquin, CFP, President.

**REPORTS:** In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, we provide monthly and/or quarterly reports summarizing account performance, balances and holdings. These reports will also remind the

client to notify us if there have been changes in the client's financial situation or investment objectives and whether the client wishes to impose investment restrictions or modify existing restrictions.

## **FINANCIAL PLANNING SERVICES**

**REVIEWS:** While reviews may occur at different stages depending on the nature and terms of the specific engagement, typically no formal reviews will be conducted for Financial Planning clients unless otherwise contracted for.

**REPORTS:** Financial Planning clients will receive a completed financial plan. Additional reports will not typically be provided unless otherwise contracted for.

### **Item 14 Client Referrals and Other Compensation**

#### **CLIENT REFERRALS**

Our firm may pay referral fees to independent persons or firms ("Solicitors") for introducing clients to us. Whenever we pay a referral fee, we require the Solicitor to provide the prospective client with a copy of this document (our *Firm Brochure*) and a separate disclosure statement that includes the following information:

- the Solicitor's name and relationship with our firm;
- the fact that the Solicitor is being paid a referral fee;
- the amount of the fee; and
- whether the fee paid to us by the client will be increased above our normal fees in order to compensate the Solicitor.

As a matter of firm practice, the advisory fees paid to us by clients referred by solicitors are not increased as a result of any referral.

It is Main Street Advisors, LLC's policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients.

### **Item 15 Custody**

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a monthly and/or quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

Our firm does not have actual or constructive custody of client accounts.

## **Item 16 Investment Discretion**

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- determine the security to buy or sell; and/or
- determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Main Street Advisors, LLC requires that it be provided with written authority to determine which securities and the amounts of securities that are bought or sold in a client's account.

Clients give us discretionary investment authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

## **Item 17 Voting Client Securities**

We vote proxies for all client accounts; however, you always have the right to vote proxies yourself. You can exercise this right by instructing us in writing to not vote proxies in your account.

We will vote proxies in the best interests of its clients and in accordance with our established policies and procedures. Our firm will retain all proxy voting books and records for the requisite period of time, including a copy of each proxy statement received, a record of each vote cast, a copy of any document created by us that was material to making a decision how to vote proxies, and a copy of each written client request for information on how the adviser voted proxies. If our firm has a conflict of interest in voting a particular action, we will notify

the client of the conflict and retain an independent third-party to cast a vote.

Clients may obtain a copy of our complete proxy voting policies and procedures by contacting David R. Peloquin, CFP, President, by telephone, email, or in writing. Clients may request, in writing, information on how proxies for his/her shares were voted. If any client requests a copy of our complete proxy policies and procedures or how we voted proxies for his/her account(s), we will promptly provide such information to the client.

We will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct us to transmit copies of class action notices to the client or a third party. Upon such direction, we will make commercially reasonable efforts to forward such notices in a timely manner.

With respect to ERISA accounts, we will vote proxies unless the plan documents specifically reserve the plan sponsor's right to vote proxies. To direct us to vote a proxy in a particular manner, clients should contact David R. Peloquin, CFP, President, by telephone, email, or in writing.

You can instruct us to vote proxies according to particular criteria (for example, to always vote with management, or to vote for or against a proposal to allow a so-called "poison pill" defense against a possible takeover). These requests must be made in writing. You can also instruct us on how to cast your vote in a particular proxy contest by contacting us at 877.840.9200.

## **Item 18 Financial Information**

Under no circumstances do we require or solicit payment of fees in excess of \$1,200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonably likely to impair our ability to meet our contractual obligations. Main Street Advisors, LLC has no additional financial circumstances to report.

Main Street Advisors, LLC has not been the subject of a bankruptcy petition at any time during the past ten years, nor has its principal ever been involved in a bankruptcy petition of any kind.
