Item 4 Services, Fees and Compensation

A. INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a wrap or non-wrap *fee* basis. (*See* discussion below). If a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody). The services included in a wrap fee agreement will depend upon each client's particular need.

NON-WRAP FEE BASIS

The client can determine to engage the Registrant to provide discretionary investment advisory services on *fee* basis. The Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value of the assets placed under the Registrant's management (between 0.30% and 1.50%), payable quarterly, in arrears.

Please Note: The Registrant generally provides investment advisory services on a wrap fee basis (*see* below) *except* for smaller accounts (less than \$1 million) or upon specific client request (generally pursuant to a discounted fee arrangement).

EISNERAMPER WEALTH MANAGEMENT & CORPORATE BENEFITS, LLC WRAP PROGRAM

The Registrant provides investment management services on a wrap fee basis in accordance with the Registrant's investment management wrap fee program (the "Program"). Under the Program, the Registrant is able to offer participants discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, and investment management fees. The current annual Program fee shall vary depending upon the market value of assets under management (generally between 0.30% and 1.50%) as follows:

Assets Under Management	<u>Annual Percentage Compensation</u>
First \$500,000.00	1.50%
Next \$500,000.00 to \$1,000,000.00	1.25%
Next \$1,000,000.00 to \$2,500,000.00	0.90%
Next \$2,500,000.00 to \$5,000,000.00	0.75%
Next \$5,000,000.00 to \$10,000,000.00	0.60%
\$10,000,000.00 and over	0.30%

Charles Schwab & Co. ("*Schwab*") shall serve as the custodian for Program accounts.

Fee Calculation: The fee charged is calculated as described above and is not charged on the basis of a share of capital gains upon or capital appreciation of the funds or any portion of the funds of an advisory client, pursuant to Section 205(a)(1) of the Investment Advisers Act of 1940, as amended (hereinafter the "Act").

Fee Payment: Clients will be charged in arrears at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value, plus any credit balance or minus any debit balance), of the client's account at the end of the previous quarter. Fees are prorated for accounts opened during the quarter. An additional fee for the current quarter will be assessed if assets are deposited after the beginning of the quarter, prorated based on the number of calendar days remaining in the

quarter during which the service will be in effect. No portion of the fee will be credited to the client for the current calendar quarter should any withdrawals from the portfolio occur in the same calendar quarter.

Termination of Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of prior written notice. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable. The client has the right to terminate an agreement without penalty within five (5) business days after entering into the agreement.

MISCELLANEOUS

Client Responsibilities: In performing any of its services, the Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Furthermore, unless the client indicates to the contrary in the client's Investment Objective Confirmation letter, the Registrant shall assume that there are no restrictions on its services, other than to manage the account in accordance with the client's designated investment objective. **Moreover, it remains each client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising the Registrant's previous recommendations and/or services.**

Please Note: Investment Performance: As a condition to participating in the Program, the participant **must** accept that past performance may not be indicative of future results, and understand that the future performance of any specific investment or investment strategy (**including** the investments and/or investment strategies purchased and/or undertaken by the Registrant) **may not:** (1) achieve their intended objective; (2) be profitable; or, (3) equal historical performance level(s) or any other performance level(s).

- B. Participation in the Program may cost more or less than purchasing such services separately. Also the Program fee charged by Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

Depending upon the percentage wrap-fee charged by the Registrant, the amount of portfolio activity in the client's account, and the value of custodial and other services provided, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately and/or if the Registrant were to negotiate transaction fees and seek best price and execution of transactions for the client's account.

- C. The Program's wrap fee does not include certain charges and administrative fees, including, but not limited to, fees charged by *Independent Managers*, transaction charges (excluding mark-ups and mark-downs) resulting from trades effected through or with a broker-dealer other than *Schwab*, transfer taxes, odd lot differentials, exchange fees, interest charges, American Depository Receipt agency processing fees, and any charges, taxes or other fees mandated by any federal, state or other applicable law or otherwise agreed to with regard to client accounts. Such fees and expenses are in addition to the Program's wrap fee.

- D. Registrant's related persons who recommend the EisnerAmper Wealth Management & Corporate Benefits, LLC Wrap Fee program to clients do not receive compensation as a result of a client's participation in the wrap fee Program.

Item 5 Account Requirements and Types of Clients

The Registrant's clients shall generally include individuals, pension and profit sharing plans, business entities, trusts, estates and charitable organizations. The Registrant generally requires an annual minimum fee of \$10,000 and a minimum asset level of \$1,000,000 for investment advisory services. The Registrant, in its sole discretion, may charge a lesser investment management fee and/or reduce or waive its minimum asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 6 Portfolio Manager Selection and Evaluation

- A. The Registrant may allocate a portion of a client's Program assets among unaffiliated independent investment managers in accordance with the client's designated investment objective(s). In such situations, the *Independent Manager[s]* shall have day-to-day responsibility for the active discretionary management of the allocated Program assets. The Registrant shall continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending *Independent Manager[s]* include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.
- B. The Registrant acts as the portfolio manager for the Program. Inasmuch as the execution costs for transactions effected in the client account will be paid by the Registrant, a potential conflict of interest arises in that the Registrant may have a disincentive to trade securities in the client account. In addition, the amount of compensation received by the Registrant as a result of the client's participation in the Program may be more than what the Registrant would receive if the client paid separately for investment advice, brokerage and other services.

As the Program sponsor, the Registrant shall be responsible for the primary management of the Program, including the selection and termination of all *Independent Manager[s]*. Once selected, *Independent Manager[s]* shall be responsible for day-to-day management and selection of securities for the account.

- C. As discussed below, the Registrant also offers to its clients, discretionary investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

ADVISORY BUSINESS SERVICES

Investment Advisory Services

The client can determine to engage the Registrant to provide discretionary investment advisory services on a wrap or non-wrap *fee* basis. If a client determines to engage the Registrant on a wrap fee basis, the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody). The services included in a wrap fee agreement will depend upon each client's particular need.

NON-WRAP FEE BASIS

The client can determine to engage the Registrant to provide discretionary investment advisory services on *fee* basis. The Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value of the assets placed under the Registrant's management (between 0.30% and 1.50%), payable quarterly, in arrears.

Please Note: The Registrant generally provides investment advisory services on a wrap fee basis (*see* below) *except* for smaller accounts (less than \$1 million) or upon specific client request (generally pursuant to a discounted fee arrangement).

EISNERAMPER WEALTH MANAGEMENT & CORPORATE BENEFITS, LLC WRAP PROGRAM

The Registrant provides investment management services on a wrap fee basis in accordance with the Registrant's investment management wrap fee program (the "Program"). The services offered under, and the corresponding terms and conditions pertaining to, the Program are discussed in the Wrap Fee Program Brochure a copy of which is presented to all prospective Program participants. Under the Program, the Registrant is able to offer participants discretionary investment management services, for a single specified annual Program fee, inclusive of trade execution, custody, reporting, and investment management fees. The current annual Program fee shall vary depending upon the market value of assets under management (generally between 0.30% and 1.50%) as follows:

Assets Under Management	<u>Annual Percentage Compensation</u>
First \$500,000.00	1.50%
Next \$500,000.00 to \$1,000,000.00	1.25%
Next \$1,000,000.00 to \$2,500,000.00	0.90%
Next \$2,500,000.00 to \$5,000,000.00	0.75%
Next \$5,000,000.00 to \$10,000,000.00	0.60%
\$10,000,000.00 and over	0.30%

The terms and conditions for client participation in the Program are set forth in detail in the Wrap Fee Program Brochure, which is presented to all prospective Program participants in accordance with the disclosure requirements of Part 2A Appendix 1 of Form ADV. The Wrap Fee Program Brochure is incorporated into this Brochure by reference. All prospective Program participants should read both the Registrant's Brochure and the Wrap Fee Program Brochure, and ask any corresponding questions that they may have, prior to participation in the Program.

Schwab shall serve as the custodian for Program accounts.

Please Note: As indicated in the Wrap Fee Program Brochure, participation in the Program may cost more or less than purchasing such services separately. As also indicated in the Wrap Fee Program Brochure, the Program fee charged by Registrant for participation in the Program may be higher or lower than those charged by other sponsors of comparable wrap fee programs.

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant's planning and consulting fees are negotiable, but generally range from \$2,500 and up on a fixed fee basis, and from \$100 to \$350 on an hourly rate basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including the Registrant's representatives in their individual capacities as registered representatives of Comprehensive Asset Management and Servicing, Inc. ("*Comprehensive*") and/or as licensed insurance agents. (*See* disclosure below). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** Each client is advised that it remains the client's responsibility to promptly notify the Registrant if there is ever any change in client's financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Miscellaneous Advisory Services Disclosure

Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant *may* provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither the Registrant, nor any of its representatives, serves as an attorney, and no portion of the Registrant's services should be construed as same. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.), including representatives of the Registrant in their separate registered/licensed capacities as discussed below. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** Each client is advised that it remains the client's responsibility to promptly notify the Registrant if there

is ever any change in client's financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Financial Planning Fee Offset. In the event that any financial planning client determines to engage the Registrant or its affiliates for investment or insurance implementation purposes, the Registrant may (but is not obligated to any manner) offset a portion of the financial planning and/or consulting fee against future implementation fees earned by the: (1) Registrant from investment management services; or (2) its affiliates on a commission basis (securities via *Comprehensive* or insurance via EisnerAmper Financial Insurance Services, LLC as disclosed below). **Please Note:** No financial planning client is under any obligation to engage the Registrant and/or its affiliated entities or persons for implantation purposes.

Independent Managers. The Registrant may allocate a portion of a client's investment assets among unaffiliated independent investment managers in accordance with the client's designated investment objective(s). In such situations, the *Independent Manager[s]* shall have day-to-day responsibility for the active discretionary management of the allocated assets. The Registrant shall continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which the Registrant shall consider in recommending *Independent Manager[s]* include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

Disclosure Statement. A copy of Registrant's written disclosure statement as set forth on Part 2A and/or Appendix 1 of Part 2A on Form ADV shall be provided to each client prior to or contemporaneously with the execution of the *Investment Advisory Agreement or Financial Planning and Consulting Agreement*. Any client who has not received a copy of Registrant's written disclosure statement at least 48 hours prior to executing the *Investment Advisory Agreement or Financial Planning and Consulting Agreement* shall have five business days subsequent to executing the agreement to terminate the Registrant's services without penalty.

There is no material difference between how the Registrant manages wrap fee accounts and non-wrap fee accounts. However, as stated above, if a client determines to engage the Registrant on a wrap fee basis the client will pay a single fee for bundled services (i.e. investment advisory, brokerage, custody) (*See* Item 4.A). The services included in a wrap fee agreement will depend upon each client's particular need. If the client determines to engage the Registrant on a non-wrap fee basis the client will select individual services on an unbundled basis, paying for each service separately (i.e. investment advisory, brokerage, custody). **Please note:** When managing a client's account on a wrap fee basis, the Registrant shall receive as payment for its investment advisory services, the balance of the wrap fee after all other costs incorporated into the wrap fee have been deducted.

The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.

Performance Based Fees and Side-By-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Methods of Analysis, Investment Strategies and Risk of Loss

The Registrant shall utilize the following methods of security analysis:

- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
- Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
- Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)
- Cyclical – (analysis performed on historical relationships between price and market trends, to forecast the direction of prices)

The Registrant shall utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Trading (securities sold within thirty (30) days)
- Short Sales (contracted sale of borrowed securities with an obligation to make the lender whole)
- Margin Transactions (use of borrowed assets to purchase financial instruments)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time

period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, the Registrant may also implement and/or recommend – short selling, use of margin, and/or options transactions. Each of these strategies has a high level of inherent risk. (*See discussion below*).

Short selling is an investment strategy with a high level of inherent risk. Short selling, involves the selling of assets that the investor does not own. The investor borrows the assets from a third party lender (i.e. Broker-Dealer) with the obligation of buying identical assets at a later date to return to the third party lender. Individuals who engage in this activity shall only profit from a decline in the price of the assets between the original date of sale and the date of repurchase. Conversely, the short seller will incur a loss if the price of the assets rises. Other costs of shorting may include a fee for borrowing the assets and payment of any dividends paid on the borrowed assets.

Margin is an investment strategy with a high level of inherent risk. A margin transaction occurs when an investor uses borrowed assets to purchase financial instruments. The investor generally obtains the borrowed assets by using other securities as collateral for the borrowed sum. The effect of purchasing a security using margin is to magnify any gains or losses sustained by the purchase of the financial instruments on margin. **Please Note:** To the extent that a client authorizes the use of margin, and margin is thereafter employed by the Registrant in the management of the client's investment portfolio, the market value of the client's account and corresponding fee payable by the client to the Registrant may be increased. As a result, in addition to understanding and assuming the additional principal risks associated with the use of margin, clients authorizing margin are advised of the potential ***conflict of interest*** whereby the client's decision to employ margin *may* correspondingly increase the management fee payable to the Registrant. Accordingly, the decision as to whether to employ margin is left totally to the discretion of client.

The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by the Registrant shall be with the intent of offsetting/"hedging" a potential market risk in a client's portfolio. **Please Note:** Although the intent of the options-related transactions that may be implemented by the Registrant is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct the Registrant, in writing, not to employ any or all such strategies for his/her/their/its accounts.

Currently, the Registrant primarily allocates client investment assets among various mutual funds and/or exchange traded funds (“ETFs”) (including inverse ETFs and/or mutual funds that are designed to perform in an inverse relationship to certain market indices), on a discretionary basis, and *Independent Manager(s)*, in accordance with the client’s designated investment objective(s). (*See Independent Manager(s)* above).

As disclosed above, the Registrant may utilize long and short mutual funds and/or exchange traded funds that are designed to perform in either an: (1) inverse relationship to certain market indices (at a rate of 1 or more times the inverse [opposite] result of the corresponding index) as an investment strategy and/or for the purpose of hedging against downside market risk; and (2) enhanced relationship to certain market indices (at a rate of 1 or more times the actual result of the corresponding index) as an investment strategy and/or for the purpose of increasing gains in an advancing market. There can be **no assurance** that any such strategy will prove profitable or successful. In light of these enhanced risks/rewards, a client may direct the Registrant, in writing, not to employ any or all such strategies for his/her/their/its accounts. (*See* Item 4.B).

Private Investment Funds. Registrant may provide investment advice regarding unaffiliated private investment funds. The Registrant’s role relative to the private investment funds shall be limited to its initial and ongoing due diligence and investment monitoring services. If a client determines to become a private fund investor, the amount of assets invested in the fund(s) shall be included as part of “assets under management” for purposes of Registrant calculating its investment advisory fee. Registrant’s clients are under absolutely no obligation to consider or make an investment in a private investment fund(s).

Please Note: Private investment funds generally involve various risk factors, including, but not limited to, potential for complete loss of principal, liquidity constraints and lack of transparency, a complete discussion of which is set forth in each fund’s offering documents, which will be provided to each client for review and consideration. Unlike other liquid investments that a client may maintain, private investment funds do not provide daily liquidity or pricing. Each prospective client investor will be required to complete a Subscription Agreement, pursuant to which the client shall establish that he/she is qualified for investment in the fund, and acknowledges and accepts the various risk factors that are associated with such an investment.

Please Also Note: Valuation. In the event that the Registrant references private investment funds owned by the client on any supplemental account reports prepared by the Registrant, the value(s) for all such private investment funds shall reflect either the initial purchase and/or the most recent valuation provided by the fund sponsor. If the valuation reflects the initial purchase price (and/or a value as of a previous date), the current value(s) (to the extent ascertainable) could be **significantly more or less** than the original purchase price.

Voting Client Securities

Except for client assets managed by *Independent Manager[s]* that maintain proxy voting authority, it is the Registrant's general policy that clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.

Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact the Registrant to discuss any questions they may have with a particular solicitation.

Item 7 Client Information Provided to Portfolio Managers

The Registrant shall be the Program's portfolio manager. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.

As indicated above, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

To the extent the Program utilizes *Independent Manager[s]*, the Registrant shall provide the *Independent Manager[s]* with each client's particular investment objective(s). Any changes in the client's financial situation or investment objectives reported by the client to the Registrant shall be communicated to the *Independent Manager[s]* within a reasonable period of time.

Item 8 Client Contact with Portfolio Managers

The client shall have, without restriction, reasonable access to the Program's portfolio manager.

Item 9 Additional Information

- A. The Registrant has not been the subject of any disciplinary actions.

Other Financial Industry Activities and Affiliations

Registered Representatives of Comprehensive. As disclosed above in Item 6.C, certain of Registrant's representatives, are registered representatives of *Comprehensive*, an SEC Registered and FINRA member broker-dealer. Clients may choose to engage, certain of Registrant's representatives in their individual capacities as registered representatives of *Comprehensive*, to implement investment recommendations on a commission basis.

- **Conflict of Interest:** The recommendation by Registrant's representatives that a client purchase a securities commission product presents a *conflict of interest*, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. Clients are reminded that they may purchase securities products recommended by Registrant through other, non-affiliated broker-dealers. **The Registrant's Chief Compliance Officer, Marc L. Scudillo, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

Affiliated Accounting Firm. Registrant does not render accounting advice or tax preparation services to its clients. Rather, to the extent that a client requires accounting advice and/or tax preparation services, Registrant, if requested, may recommend the services of a Certified Public Accountant, all of which services shall be rendered independent of the Registrant pursuant to a separate agreement between the client and the Certified Public Accountant. Registrant shall not receive any of the fees charged by any recommended Certified Public Accountant, referral or otherwise. EisnerAmper LLP ("EA"), a Certified Public Accounting firm with whom the Registrant shares office space and administrative personnel, is the fifty percent (50%) owner of the Registrant. EA provides accounting and/or tax preparation services, including to clients of the Registrant. To the extent that EA provides accounting and/or tax preparation services to any clients, including clients of the Registrant, all such services shall be performed by EA, independent of the Registrant, for which services Registrant shall not receive any portion of the fees charged by EA, referral or otherwise. It is expected that members of EA, solely incidental to their respective practices as Certified Public Accountants, shall recommend the Registrant's services to certain of EA's clients. Neither EA, nor any of its members, shall receive referral fees from the Registrant. However, members of EA shall be entitled to receive distributions relative to their respective ownership interests in Registrant. Neither EA, nor any of its members, are currently involved in providing investment advice on behalf of the Registrant, nor does EA, holds itself out as providing advisory services on its own behalf or on behalf of the Registrant.

The Registrant's Chief Compliance Officer, Marc L. Scudillo, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.

*EA is also the owner of Amper Investment Banking LLC, a separate SEC registered and FINRA member broker-dealer engaged in investment banking activities separate and apart from, and not material to, the services provided by, the Registrant.

Licensed Insurance Agency/Agents. The Registrant is also affiliated with Amper Financial Insurance Services, a New Jersey licensed insurance agency, and in such capacity may offer for sale, insurance-related products on a commission basis, including the sale of such products to investment advisory clients of the Registrant. In addition, certain of Registrant's representatives, in their individual capacities, serve as licensed insurance agents with various insurance companies, and may, in such individual capacities, recommend the purchase of certain insurance-related products on a commission basis to Registrant's advisory clients.

- **Conflict of Interest:** The recommendation by Registrant or Registrant's representatives that a client an insurance commission product from Amper Financial Insurance Services and/or Registrant's representatives presents a ***conflict of interest***, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from EisnerAmper Financial Insurance Services, LLC and/or Registrant's representatives. Clients are reminded that they may purchase insurance products recommended by Registrant through other non-affiliated insurance agents. **The Registrant's Chief Compliance Officer, Marc L. Scudillo, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

B. Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

Neither the Registrant nor any related person of Registrant recommends, buys, or sells for client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as "scalping" (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, "front-running" (i.e., personal trades executed prior to those of the Registrant's clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant's "Access Persons". The Registrant's securities transaction policy requires that Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of the their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person's current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the *Registrant* has only one Access Person, he or she shall not be required to submit any securities report described above.

The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant's Access Persons.

For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and representatives. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with the Registrant on an annual basis.

The Registrant *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.

Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. The Registrant may also provide a written periodic report summarizing account activity and performance.
