Services

Legend Advisory Corporation sponsors a non-discretionary wrap fee program, Investor Advantage Plus, where advisory and brokerage services are wrapped into one account. The services you receive in the Investor Advantage Plus Wrap Fee Program include:

- Non-discretionary advice and guidance from your Investment Adviser Representative about your investments;
- Development of a target investment strategy;
- Execution, clearing and settlement of transactions;
- Periodic statements detailing account activity; and
- The opportunity to meet with your Investment Adviser Representative as needed to review your progress towards your investment goals and to discuss changes to your investment objectives and tolerances.

The Investor Advantage Plus Wrap Fee Program provides you with complete discretion over investment decisions in your account. You retain the right to withdraw securities or cash from your account and the right to vote, or delegate the authority to vote, proxies.

You must complete an Investor Profile before opening an account to receive our Investor Advantage Plus Wrap Fee Program services. The Investor Profile helps you determine your risk tolerance, investment objectives and financial goals so we can advise you based on your individual needs and circumstances. Your Investment Adviser Representative will work with you to complete the Investor Profile and help you develop an appropriate investment strategy.

Your Investment Adviser Representative is reasonably available to advise you on investment decisions and will monitor your account activity and performance to assist you in staying on track with your investment strategy. Although your Investment Adviser Representative will furnish you with advice and guidance, transactions in your account will take place only upon your specific

instruction. You direct Legend Advisory Corporation in your advisory agreement to use Legend Equities Corporation, a FINRA member brokerage firm and affiliate of Legend Advisory Corporation, to execute transactions in your account. By directing Legend Advisory Corporation to execute transactions in your account through Legend Equities Corporation, Legend Advisory Corporation may be unable to achieve the most favorable execution of your transactions. Directing us to use Legend Equities Corporation may cost you more money. For example, you may be able to obtain better prices for securities transactions from other brokerage firms. Commissions may be charged on securities transactions executed through other brokerage firms.

Investment options for your account include U.S. publicly traded stocks, preferred stocks, exchange traded funds, open-end (no-load and load-waived) and closed-end mutual funds, unit investment trusts, bonds, American Depositary Receipts and other investments. Your Investment Adviser Representative will not provide recommendations concerning shares of common stock issued by Waddell & Reed Financial, Inc., Legend Advisory Corporation's parent company. You can obtain additional information on the securities available for investment in your account by contacting your Investment Adviser Representative.

You should consider various factors when considering whether the Investor Advantage Plus Wrap Fee Program is appropriate for your individual needs and circumstances, including, but not limited to:

- Whether you prefer an advisory or brokerage relationship;
- Whether you prefer a discretionary or non-discretionary relationship;
- Whether you prefer a fee-based or commission-based relationship;
- The types of investment products that are available in the program;
- Whether you wish to invest exclusively in mutual funds;
- The frequency of trading activity you expect to take place in your account;
- The amount of assets you expect to allocate to cash; and
- The type and frequency of account reviews and reporting you wish to receive.

Selecting a Strategy

Legend Advisory Corporation recommends the following strategies for clients in the Investor Advantage Plus Wrap Fee Program:

- **Conservative:** A Conservative Strategy primarily seeks to maintain the value of your assets (preserve capital) and is designed for clients with a low tolerance for risk. To achieve this objective, Legend Advisory Corporation recommends that you allocate approximately 75% of assets in the account to debt securities and 25% of assets in the account to equity securities.
- **Moderate:** A Moderate Strategy seeks to strike a balance between maintaining assets (preserving capital) and growing the value of your assets (capital growth). To achieve this objective, Legend Advisory Corporation recommends that you allocate approximately 50% of assets in the account to debt securities and 50% of assets in the account to equity securities.
- **Aggressive:** An Aggressive Strategy primarily seeks to increase the value of your assets (capital appreciation) and is designed for clients with a high tolerance for risk. To achieve this objective, Legend Advisory Corporation recommends that you allocate approximately 25% of assets in the account to debt securities and 75% of assets in the account to equity securities.

Your Investment Adviser Representative will advise you based on the information you provide on the Investor Profile and on his or her judgment of what may be in your best interest. Your Investment Adviser Representative may consider research from various sources, such as Morningstar®, Standard & Poor's and Dow Jones, among others, when providing investment recommendations, including research developed by Legend Advisory Corporation. Your Investment Adviser Representative may also consider certain model portfolios created for other programs offered by Legend Advisory Corporation as a preliminary basis in providing recommendations and guidance to you. These model portfolios are created using proprietary artificial intelligence technology. The use of such model portfolios does not assure that the performance of your investments will be profitable or consistent with the performance of the model portfolios. You should assess the merits of any recommendation made by your Investment Adviser Representative in the context of your financial goals and circumstances. You should not rely solely

upon recommendations made by your Investment Adviser Representative when making investment decisions.

You may place unsolicited orders in your account at your discretion. An unsolicited order involves purchasing or selling a security without receiving advice or guidance from your Investment Adviser Representative. Effecting unsolicited orders may limit your Investment Adviser Representative's ability to provide recommendations to help you stay on track with your investment strategy. There may be risks associated with securities you acquire on an unsolicited basis, which are your responsibility solely.

Fees

The specific amount of fees and manner in which advisory fees are charged by Legend Advisory Corporation is established in your written agreement with Legend Advisory Corporation. Fees for the Investor Advantage Plus Wrap Fee Program are subject to negotiation. The maximum fee for the Investor Advantage Plus Wrap Fee Program is 1.75% annually.

Legend Advisory Corporation bills our fees for the Investor Advantage Plus Wrap Fee Program in advance on a quarterly basis. You authorize Legend Advisory Corporation in your advisory agreement to instruct the custodian to directly debit wrap fees from your account. Wrap fees may be deducted from cash holdings or by liquidating assets held in an account. Legend Advisory Corporation may waive wrap fees at our discretion.

Wrap fees are based on the market value of all assets held within an account (including cash and cash equivalents) on the last business day of the previous calendar quarter. Wrap fees are not prorated for capital contributions or withdrawals made during the applicable calendar quarter.

Accounts initiated or terminated during a calendar quarter will be charged a prorated fee based on the number of days services were provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded, and any earned, unpaid fees will be due and payable. Refunds are calculated by dividing the total amount of fees that were deducted from an account for the applicable calendar quarter by 90 to determine a daily wrap fee rate and multiplying the daily wrap fee rate by the number of days services were not provided in the applicable calendar quarter.

Fees for our Investor Advantage Plus Wrap Fee Program may be higher or lower than fees charged by other advisers who sponsor similar programs, or if you paid separately for investment advice and

brokerage services. You may purchase securities outside of our wrap fee program without incurring advisory fees. A wrap fee program, such as Investor Advantage Plus, may not be the lowest cost option if you would like to restrict your investments to open-end mutual funds. Legend Advisory Corporation offers a non-discretionary mutual fund service, Investor Advantage, which is similar to the Investor Advantage Plus Program in that advisory and brokerage services are wrapped into one account, but is limited to investments in open-end mutual funds. You can obtain additional information on the Investor Advantage Program by contacting your Investment Adviser Representative.

Legend Advisory Corporation's wrap fees encompass costs for advisory and brokerage services, including securities transaction execution and clearing, and investment advice and guidance. In addition to our wrap fees, you may incur certain charges imposed by custodians, brokers, investment companies and other third parties, such as transfer taxes, wire transfer and electronic fund fees and other fees and taxes on brokerage accounts and securities transactions. This includes redemption fees imposed by a mutual fund or custodian as a result of a transaction-related request you initiate (for example, a partial or complete liquidation of your account). Certain securities, such as mutual funds, exchange traded funds, unit investment trusts and American Depositary Receipts, may also charge internal management or operating fees. Fees for the Investor Advantage Plus Wrap Fee Program are exclusive of such fees and other account related costs and expenses, which will be your responsibility solely.

Compensation

Your Investment Adviser Representative receives compensation as a result of your participation in the Investor Advantage Plus Wrap Fee Program. The amount of this compensation may be more than what your Investment Adviser Representative would receive if you participated in Legend Advisory Corporation's other programs or if you paid separately for investment advice, brokerage and other services. Your Investment Adviser Representative, therefore, may have a financial incentive to recommend the Investor Advantage Plus Wrap Fee Program over other programs or services offered by Legend Advisory Corporation or our affiliates.

Investment Adviser Representatives of Legend Advisory Corporation may also serve as Registered Representatives of Legend Equities Corporation, an affiliate of Legend Advisory Corporation. Registered Representatives of Legend Equities Corporation may receive additional compensation on

certain mutual funds purchased for Investor Advantage Plus accounts when Legend Equities Corporation is utilized as broker.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear, including the possible loss of principal. Small- and mid-capitalization companies may have greater price volatility, lower trading volume and less liquidity than large-capitalization companies. Investments in fixed income securities have interest rate risk and credit risk. As interest rates rise, existing bond prices fall and can cause the value of an investment to decline. Changes in interest rates generally have a greater effect on bonds with longer maturities than on those with shorter maturities. Credit risk refers to the possibility that the issuer of the bond will not be able to make principal and/or interest payments. Mutual funds, exchange traded funds and unit investment trusts purchased for your account may invest in different types of securities, such as value or growth stocks, real estate investment trusts, corporate bonds, U.S. government bonds or international securities. There are risks associated with each asset class. Unit investment trusts are not actively managed so securities within the trust will not be sold to take advantage of changing market conditions. There are special risks associated with foreign investing, including currency fluctuations, economic instability and political developments. Fluctuations in foreign currency-denominated securities may be magnified by changes in foreign exchange rates. These risks may be magnified in emerging markets. You will find additional information regarding these risks in the prospectus for each individual mutual fund, exchange traded fund or unit investment trust held in your account. You can request a copy of a prospectus by contacting your Investment Adviser Representative or the individual mutual fund, exchange traded fund or unit investment trust issuer or sponsor directly.

Legend Advisory Corporation cannot assure that your account will increase in value, nor can we assure that your investment objectives will be realized. As more investments are added to your account, fees and expenses may increase, which may, in turn, lower investment returns.

Item 5 - Account Requirements and Types of Clients

Account Requirements

The minimum initial investment required to open an Investor Advantage Plus Wrap Fee Program account with Legend Advisory Corporation is \$50,000. An initial funding of less than the minimum

investment may be allowed at Legend Advisory Corporation's sole discretion. This may include a lower minimum for personal accounts of employees, Investment Adviser Representatives and Solicitors of Legend Advisory Corporation or our affiliates.

Investment minimums may be required for certain securities, such as mutual funds. You will find additional information regarding any required investment minimum for investments in the prospectus for each individual mutual fund held in your account. You can request a copy of a prospectus by contacting your Investment Adviser Representative or the individual mutual fund issuer directly.

Types of Clients

Legend Advisory Corporation generally provides investment advice to individuals, high net worth individuals, charitable organizations and corporations.

Item 6 - Portfolio Manager Selection and Evaluation

The Investor Advantage Plus Wrap Fee Program provides you with complete discretion over investment decisions in your account. You are ultimately responsible for selecting and reviewing the investments made in your account.

Item 7 - Client Information Provided to Portfolio Managers

Your Investment Adviser Representative will offer to periodically review your account with you to determine whether there have been any changes to your risk tolerance, investment objectives or financial goals, and may request that you complete a new Investor Profile to help you determine if any changes to your tolerance, objectives or goals warrant a change to your investment strategy.

Item 8 - Client Contact with Portfolio Managers

Your Investment Adviser Representative will be reasonably available to advise you, as needed.

Agency cross transactions may arise where an adviser is dually registered as a broker-dealer or has an affiliated broker-dealer.

assure that the personal securities transactions, activities and interests of our supervised persons will not interfere with making recommendations in your best interest while, at the same time, allowing employees to invest for their own accounts.
