ITEM 4 – ADVISORY BUSINESS

FIRM BUSINESS

The Financial Consulate, Inc. (herein referred to as “The Consulate”) is a Fee-Only financial advisory firm. The Consulate has been in operation since 1983 and is solely owned by Andrew V. Tignanelli. The Consulate provides comprehensive and modular financial planning services as well as discretionary and non-discretionary investment management services.

FIRM MISSION STATEMENT

The Consulate’s mission is “To help our clients lessen the worry and burden of money management so they have more time to spend building relationships.”

FINANCIAL PLANNING SERVICES (SEE ITEM 5 FOR FEES)

The Consulate provides comprehensive financial planning as well as investment management services in pursuit of our mission. The primary services offered are the following:

- **FINANCIAL PHYSICAL®**: This service is a complete and comprehensive overview of your personal finances. It begins with an examination of your personal and financial goals and objectives; then, through that lens, a comprehensive analysis of your financial realm is completed, to include the following: cash flow, net worth, estate planning, tax planning, company benefits, insurance planning, education planning, investment and retirement planning. Upon completion, you are provided with a framework for examining your financial decisions, a tailored list of recommendations, projections of retirement scenarios and an action plan to aid you in the implementation of the recommendations. This service is completed in two meetings totaling four-to-five consultation hours with multiple members of the planning staff.
 - **RETIREMENT FINANCIAL PHYSICAL®**: This service includes all that a Financial Physical® entails, but is designed to assist you with the unique decisions and concerns of the retiree or the pre-retiree, such as income generating investments, lump sum pension rollovers, estate planning revisions, long-term care planning and company retirement options. This service is completed in two meetings, totaling four-to-five consultation hours with multiple members of the planning staff.

- **BUSINESS OWNER'S FINANCIAL PHYSICAL®**: This service is for the self-employed individual (or family) who owns a majority (or equal) position in a company. It also includes elements of the Financial Physical® with an emphasis on how the business structure impacts your personal financial planning. It is not a corporate consulting engagement, but an in-depth analysis of the personal finances of one blessed with the benefits and burdened with the responsibilities of corporate ownership. This service is completed in two meetings, totaling five-to-seven consultation hours with multiple members of the planning staff.
- **ACTION PLAN**: This service is for today's young professionals and couples in their 20s, 30s and early 40s who are likely addressing a host of financial planning needs—many for the first time—while also struggling to balance growth in families and careers. Utilizing a compressed Financial Physical® methodology, this service is completed in one two-to-three hour meeting with two financial planners and generates a prioritized action plan to help meet your objectives in order of priority.

INVESTMENT ADVISORY SERVICES (SEE ITEM 5 FOR FEES)

- **FINANCIAL MANAGEMENT**: This service includes perpetual financial advisory services and discretionary investment management. The Financial Consulate designs actively managed portfolios using a blend of individual stocks, mutual funds, exchange traded funds, bonds, alternative investments, certificates of deposit and money market vehicles. The design of the portfolio is dependent upon your needs, goals, time horizon and risk tolerance.
 - **FINANCIAL SUPERVISION**: This is a service that compliments some clients' total investment strategy and estate planning. This unique service allows you to have assets not managed by The Consulate under our non-discretionary supervision. This allows you to manage a portion of your total portfolio as you choose, but household all investments for ease of transition in the case of a death or disability.

The Financial Consulate can custom tailor an account to blend both Management and Supervision. This allows a client to maintain total control of a pre-determined portion of the portfolio. This also creates optimal flexibility and accountability.

SPECIALTY SERVICES (SEE ITEM 5 FOR FEES)

- **ESTATE RELATIONSHIP MANAGER:** This service is designed to assist in the development & implementation of an estate plan complicated by federal and state estate tax, blended family situations, business ownership stakes and other estate oriented complexities. The Consulate works with your attorney to draft your estate plan for smooth execution when the need arises. This service includes the re-registration of assets and beneficiary designations to ensure that the plan is executed according to your wishes.
- **S.E.N.I.O.R Connect:** This service was developed to help guide seniors and families of aging loved ones through the process of organizing health and financial matters, identifying senior living communities and transition planning. These concierge services include but are not limited to bank and investment account reconciliation, income and expense reports, insurance and healthcare issues, home organization, real estate sale assistance, adult day care and family member communications.
- **CORPORATE SEMINARS :** Members of The Consulate have been providing local and regional companies and municipalities with educational seminars for over 20 years. Each seminar is based on the comprehensive Financial Physical® methodology and catered to each company's specific employee benefits package and audience.
- **MONEY, RICHES & WEALTH (Radio Show):** Hosted by Drew Tignanelli and co-hosted by Tim Maurer, "Money, Riches & Wealth" is a radio show that is designed to educate listeners about pertinent topics that affect their lives, especially in the financial realm. The show runs weekly on Wednesday nights from 6-7 p.m. on WCBM 680 AM in Baltimore, MD and online at www.wcbm.com. Select podcasts of *Money, Riches & Wealth* are available on iTunes. The Consulate also releases an electronic newsletter, MRW Express, to inform listeners and clients of discussion topics on the show as well as other financial topics available at www.mrwexpress.com.
- **GENERAL:** The Consulate does provide a la carte analysis not included in the above referenced services for an hourly charge of \$200.

FIRM PRACTICES

The Consulate tailors its advisory services to the individual needs of each client. Financial planning and investment management services are predicated on the values and goals of

each client. Also incorporated are the client's tolerance and capacity for investment risk, specific investment objectives and time horizons regarding distributions. As time progresses and clients provide feedback on financial planning recommendations and their investment portfolio's response to various market and economic stimuli, The Consulate may adjust recommendations and/or investment strategy accordingly. Clients are also invited and encouraged to provide such feedback in annual Personal Financial Reviews. Clients may also place specific restrictions on the type and allocation of investments; such instructions must be given in writing.

ASSETS UNDER MANAGEMENT

The Consulate has 261 million dollars under management as of March 14th 2011. This consists of approximately 11 million managed on a non-discretionary basis and 250 million dollars on a discretionary basis.

OTHER INVESTMENTS AVAILABLE

Individual Security Managed accounts by investment management companies that participate in Charles Schwab & Co., Inc. and/or Fidelity Investments managed account program. These accounts normally require large starting amounts with 100 thousand dollars being the minimum account size. Many companies require a 250 thousand dollar minimum. These types of managed accounts are best for clients with more than 1 million dollars of invested assets as the minimums are substantial and The Consulate desires ample diversification of managers.

- 0.7% of the remainder

The annual financial management fee is billed quarterly at a rate of $\frac{1}{4}$ of the management fee. Portfolio assets are re-valued each quarter and 25% of the applicable annual fee percentage is then due. This fee covers determination of client objectives, risk aversion, present portfolio analysis, portfolio development, portfolio monitoring and ongoing financial planning advice.

This fee is negotiable on a client-to-client basis. The Consulate also retains discretion to modify fee structure in writing to client.

New financial management clients are billed for the time remaining in the initial quarter at the beginning of the next quarter. Thereafter, fees are payable at the beginning of each quarter based on the account value at that time.

*Some accounts may be billed at a different rate based on the investment objective, such as "Income" portfolios which are billed in the manner prescribed above but at 0.5% per year.

FINANCIAL SUPERVISION

If the \$1,000 fixed fee is applicable, it will not be deducted from the account(s), but a bill will be sent for payment, unless agreed to otherwise.

ADDITIONAL INFORMATION REGARDING FEES AND COMPENSATION

The specific manner in which fees are charged by The Consulate is established in a client's written agreement with the firm. The Consulate will generally bill its fees on a quarterly basis. Clients will be billed in advance of each calendar quarter. Clients authorize The Consulate to directly debit fees from accounts under our management and supervision. In

some cases clients will be billed directly for fees (when fees are not able to be debited directly from the account). In very limited situations clients may be able to choose to be billed directly for fees.

Management fees shall be prorated for each capital contribution and withdrawal made during the applicable calendar quarter (with the exception of de minimis contributions and withdrawals, less than \$15,000 or that adjust the bill less than \$15). Accounts initiated or terminated during a calendar quarter will be charged a prorated fee. If the Advisory Contract is terminated by either party, advisory fees will be refunded on a prorated basis automatically if 45 days or more remain in the billing period. If less than 45 days remain in the billing cycle, advisory fees may be refunded at the client's request.

The Consulate's fees are exclusive of brokerage commissions, transaction fees and other related costs and expenses which may be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, third party investment and other third parties such as fees charged by managers, custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees and other fees and taxes on brokerage accounts and securities transactions. Mutual funds and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus.

Such charges, fees and commissions are exclusive of and in addition to The Consulate's fee, and The Consulate shall not receive any portion of these commissions, fees and costs.

ITEM 12 further describes the factors The Consulate considers in selecting or recommending broker-dealers for *client* transactions and determining the reasonableness of their compensation (*e.g.*, commissions).

ITEM 6 – PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

The Consulate does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a client).

ITEM 7 – TYPES OF CLIENTS

The Consulate provides portfolio management services to individuals, high net worth individuals, corporate pension and profit-sharing plans, Taft-Hartley plans, charitable institutions, foundations, endowments, municipalities, registered mutual funds, private investment funds, trust programs, sovereign funds, foreign funds such as UCITs and SICAVs, and other U.S. and international institutions.

ITEM 8 – METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

Investing in securities involves risk of loss that clients should be prepared to bear.

RISK OPPORTUNITY INVESTING

The Consulate utilizes an investment strategy known internally as Risk Opportunity Investing. This strategy places a priority on the aim of capital preservation and involves analyzing investments based on three lenses of analysis: technical, fundamental and macroeconomic. Risk Opportunity Investing seeks to blend the benefits of the following investment methods:

- Absolute Return
 - The intent is to make the client money irrespective of market conditions
- Active Tactical Asset Allocation
 - Change the composition of the portfolio in response to changes in market conditions
 - When the market is rising the portfolio should be offensively positioned; when the market is falling the portfolio is positioned to dampen volatility
- Bottom-Up Fundamental Analysis
 - Analysis of the security and its value as a business entity or an investment
- Top-Down Analysis
 - Process of gathering insight about which investments might outperform or underperform given the macroeconomic environment
- Technical Analysis
 - Analysis based on the information gained from observing the trading patterns of markets and individual securities
- Others

INHERENT INVESTING RISKS

All investments involve risks including the loss of capital. Investors should be prepared to bear risks included, but not limited to the following:

- **Interest-rate risk** is the risk that the value of a security will go down because of changes in interest rates.
- **Inflation risk** is the risk that increases in the prices of goods and services, and therefore the cost of living, reduce your purchasing power.
- **Currency risk** occurs because many world currencies float against each other. If money needs to be converted to a different currency to make an investment, any change in the exchange rate between that currency and yours can increase or reduce your investment return.
- **Liquidity risk** is the risk that you might not be able to buy or sell investments quickly for a price that is close to the true underlying value of the asset.
- **Sociopolitical risk** is the possibility that instability or unrest in one or more regions of the world will affect investment markets.
- **Management risk** also known as company risk, refers to the impact that bad management decisions, other internal missteps, or even external situations can have on a company's performance and, as a consequence, on the value of investments in that company.
- **Trading risk** is the risk that portfolio management strategies used may generate increased brokerage and other transaction costs and taxes. Such expenses, fees and taxes may have a negative impact on portfolio performance.
- **Credit risk** also called default risk, is the possibility that a bond issuer won't pay interest as scheduled or repay the principal at maturity.

The investment decisions you make—and sometimes those you fail to make—can expose you to certain risks that can impede your progress toward meeting your investment goals.

POOLED INVESTMENT RISK

The Consulate may invest client's money with pooled investment vehicles such as mutual funds. Each pooled investment vehicle may have risks specific to it. Clients should review

each investment's prospectus, offering memoranda or other documents that the client will or has received which set out a more detailed discussion of risks.

ITEM 9 – DISCIPLINARY INFORMATION

The Consulate is required to disclose all material facts regarding any legal or disciplinary events that would be material in your evaluation of our company or the integrity of its management. Neither The Consulate nor any of our firm's employees have been involved in any legal or disciplinary events applicable to this Item.

ITEM 10 – OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

FINANCIAL PLANNING AND TAX SERVICES

Clients are offered and receive not only investment advice, but also financial planning advice and in some cases, income tax preparation. The Consulate spends approximately 25% of its time rendering financial planning advice and 5% providing tax preparation.

There is a flat fee for an initial Financial Physical® (or other financial planning or specialty service mentioned in Item 4), but clients who, beyond the scope of the planning engagement, pursue Financial Management services receive ongoing financial planning advice as part of their Financial Management fee. Clients who receive tax preparation services are billed a separate fee in each year in which they receive that service.

The Financial Consulate also acts as a pension consultant and collects asset management fees for pension accounts.

HISTORICAL COST BASIS RESEARCH

Extensive analysis and review of the cost basis of specific securities purchased prior to being transferred to The Consulate for Financial Management or Supervision may be billed at a rate no higher than \$150/hour.

ANDREW V. TIGNANELLI, SOLE PROPRIETORSHIP

The Consulate's principal, Andrew V. Tignanelli, President, is a Registered Insurance Advisor for Life and Health Insurance in Maryland. Andrew V. Tignanelli was a sole proprietorship. The company still collects renewal commissions from pre-1996 sales of approximately \$700/year. The company did structured settlements (annuities for defense insurance negotiations and not retail customer sales) until 2003. Mr. Tignanelli has not

engaged in Structured Settlement placements since 2003 and has no intention of re-entering that market.

Mr. Tignanelli was also a licensed insurance agent prior to June of 1999. In June of 1999, Mr. Tignanelli dropped his insurance licenses and became an Insurance Advisor. As an insurance advisor, Mr. Tignanelli can still receive referral commissions, but he has chosen not to participate in referral fees for insurance sales.

SCHWAB AND FIDELITY

The Consulate has an arrangement with Charles Schwab & Co, National Financial Services, LLC, and Fidelity Brokerage Services LLC (collectively and together with all affiliates, "Schwab and Fidelity") through which Schwab and Fidelity provide The Consulate with "institutional platform services." The institutional platform services include, among others, brokerage, custody, and other related services. Schwab and Fidelity's institutional platform services that assist The Consulate in managing and administering clients' accounts include software and other technology that (i) provide access to client account data (such as trade confirmations and account statements); (ii) facilitate trade execution and allocate aggregated trade orders for multiple client accounts; (iii) provide research, pricing and other market data; (iv) facilitate payment of fees from client accounts; and (v) assist with back-office functions, recordkeeping and client reporting.

Schwab and Fidelity also offer other services intended to help The Consulate manage and further develop its advisory practice. Such services include, but are not limited to, performance reporting, financial planning, contact management systems, third party research, publications, access to educational conferences, roundtables and webinars, practice management resources, access to consultants and other third party service providers who provide a wide array of business related services and technology with whom The Consulate may contract directly.

The Consulate is independently operated and owned and is not affiliated with Schwab or Fidelity.

Schwab and Fidelity generally do not charge their advisor clients separately for custody services but are compensated by account holders through commissions and other transaction-related or asset-based fees for securities trades that are executed through Schwab and Fidelity or that settle into Schwab and Fidelity accounts (i.e., transactions fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Schwab and Fidelity provide access to many no-

load mutual funds without transaction charges and other no-load funds at nominal transaction charges.

Schwab and Fidelity also provide The Consulate with discounted software that facilitates client account management. The cost of the software is discounted solely from Charles Schwab & Co., Inc., and is valued at or under \$100 per year.

ITEM 11 – CODE OF ETHICS

The Consulate has adopted a Code of Ethics for all firm employees describing its high standard of business conduct and fiduciary duty to our clients. The Code of Ethics includes provisions relating to the confidentiality of client information, a prohibition on insider trading, a prohibition of rumor mongering, restrictions on the acceptance of significant gifts and the reporting of certain gifts and business entertainment items, as well as personal securities trading procedures. All Consulate employees must acknowledge the terms of the Code of Ethics annually or as amended.

PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

The Consulate anticipates that, in appropriate circumstances and consistent with clients' investment objectives, we will recommend to investment advisory clients or prospective clients the purchase or sale of securities in which The Consulate, its affiliates and/or clients, directly or indirectly, have a position of interest. The Consulate's employees and persons associated with The Consulate are required to follow our Code of Ethics. Subject to satisfying this policy and applicable laws, officers, directors and employees of The Consulate and its affiliates may trade for their own accounts in securities which are recommended to and/or purchased for The Consulate's clients.

The Code of Ethics is designed to assure that the personal securities transactions, activities and interests of the employees of The Consulate will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts. Under the Code of Ethics certain classes of securities have been designated as exempt transactions, based upon a determination that these would not materially interfere with the best interest of The Consulate's clients. In addition, the Code of Ethics requires pre-clearance of many transactions, and restricts trading in close proximity to client trading activity. Nonetheless, because the Code of Ethics in some circumstances would permit employees to invest in the same securities as clients, there is a possibility that employees might benefit from market

activity by a client in a security held by an employee. Employee trading is continually monitored under the Code of Ethics and to reasonably prevent conflicts of interest between The Consulate and its clients.

Certain affiliated accounts may trade in the same securities with client accounts on an aggregated basis when consistent with The Consulate's obligation of best execution. In such circumstances, the affiliated and client accounts will share commission costs equally and receive securities at a total average price. The Consulate will retain records of the trade order (specifying each participating account) and its allocation, which will be completed prior to the entry of the aggregated order. Completed orders will be allocated as specified in the initial trade order. Partially filled orders will be allocated in a random fashion. Any exceptions will be explained on the order.

CROSS TRADING AND TRANSACTIONS

It is The Consulate's policy that the firm will not affect any principal or agency cross securities transactions for client accounts. The Consulate will also not cross trades between client accounts. Principal transactions are generally defined as transactions in which an advisor, acting as principal for his or her own account or the account of an affiliated broker-dealer, buys from or sells any security to any advisory client. A principal transaction may also be deemed to have occurred if a security is crossed between an affiliated hedge fund and another client account. An agency cross transaction is defined as a transaction where a person acts as an investment advisor in relation to a transaction in which the investment advisor, or any person controlled by or under common control of the investment advisor, acts as broker for both the advisory client and for another person on the other side of the transaction. Agency cross transactions may arise where an advisor is dually registered as a broker-dealer or has an affiliated broker-dealer.

CODE OF ETHICS REQUESTS

The Consulate's clients or prospective clients may request a copy of the firm's Code of Ethics by contacting:

Hunt Valley, MD 21030

ITEM 12 – BROKERAGE PRACTICES

SELECTING BROKERAGE FIRMS

The Consulate annually reviews the broker dealers selected and recommended for executing client trades and custody of assets.

Factors used in selecting or recommending custodians include:

- Trading expenses
- Financial security
- Standing in the investment community
- Product offering
- Technology
- Access to markets and tools

The Consulate uses Schwab and Fidelity to handle the majority of client accounts. The Consulate chose Schwab and Fidelity because of their technical abilities to facilitate portfolio management, their financial strength and their trading practices. We regard them as two of the most financially sound broker dealers. Other brokers may be used at the Consulate's discretion and will be used primarily for unique trades, such as foreign exchanges and small U. S. Stocks, or if a material execution savings was possible.

Schwab and Fidelity do provide The Consulate with software facilitating client account management. The cost of the software is discounted solely from Charles Schwab & Co., Inc because we hold a large amount of client assets with them. Charles Schwab may also offer access to research, entry or discounted entry to trade shows and other benefits. These discounts and offerings may create an incentive for The Consulate to suggest their use.

ITEM 13 – REVIEW OF ACCOUNTS

PERIODIC REVIEWS

Reviews are offered annually or semi-annually for all clients. Reviews cover any changes in the client's goals, needs or situation. Each reviewer will go over these factors as well as the current performance and status of accounts. Reviews are completed by the senior advisors of the firm including the President, Vice President, Chief Financial Officer, Director of Financial Planning and Director of Retirement Services.

NON-PERIODIC REVIEWS

All accounts are reviewed daily for material transactions. Factors which may cause materiality include deposits, withdrawals, journals, receipt of securities, transfers of securities and return of principal. Other types of events may also trigger a review on a non-periodic basis, including direct client requests regularly solicited through updates and alerts from The Consulate via email.

REPORTING

The Consulate provides various reports as a service to its clients. Quarterly reports featuring the account performance, holdings, weightings and billings are provided to all clients. On an annual basis, tax reports featuring the client's gains, losses and expense information are provided for tax sensitive accounts. Annually or semiannually a report featuring allocation, growth, growth versus net investment, holdings, performance and summarized flows is provided to the client in conjunction with their annual or semiannual review. Reports are provided in electronic format primarily through the use of an online secured client portal.

ITEM 14 – CLIENT REFERRALS AND OTHER COMPENSATION

REFERRALS

The Consulate regularly refers clients to specialists and purveyors of financial products including, but not limited to, the following: attorneys and Certified Public Accountants as well as agents and brokers providing life, disability, home, auto, health, long-term care and liability insurance. The Consulate receives no economic benefit from any non-client to whom our clients may be referred. Additionally, we do not compensate any non-employees for referrals made to our firm.

ITEM 15 – CUSTODY

CUSTODY

The Consulate does not maintain custody of client assets. Instead, client assets are held at a qualified custodian, such as Charles Schwab or Fidelity.

Clients should receive at least quarterly statements from the broker dealer, bank or other qualified custodian that holds and maintains client's investment assets. The Consulate urges you to carefully review such statements and compare such official custodial records to the account statements that we may provide to you. Our statements may vary from custodial statements based on accounting procedures, reporting dates, or valuation methodologies of certain securities.

ITEM 16 – INVESTMENT DISCRETION

DISCRETIONARY AUTHORITY

The Consulate ordinarily receives discretionary authority from the client at the outset of an advisory relationship to select the identity and amount of securities to be bought or sold. In all cases, however, such discretion is to be exercised in a manner consistent with the stated investment objectives for the particular client account.

Investment objectives include:

- Income: Fixed Income Only
- Conservative Balanced: Income & Growth, a mixture of Fixed & Equity Broadly Diversified
- Conservative Growth & Income: Mid to Large Cap Stocks; Broadly Diversified; Income Exposure
- Conservative Growth: Mid to Large Cap Growth Stocks, Broadly Diversified

When selecting securities and determining amounts, The Consulate observes the investment policies, limitations and restrictions of each client. For registered investment companies, The Consulate's authority to trade securities may also be limited by certain

federal securities and tax laws requiring diversification of investments and favor the holding of investments once made.

The Consulate establishes its discretionary authority under its contract with the client including a limited power of attorney. Investment guidelines and restrictions must be provided to The Consulate in writing.

ITEM 17 – VOTING CLIENT SECURITIES

The Consulate monitors corporate actions of individual issuers and investment companies consistent with its fiduciary duty to vote proxies in the best interest of its clients. Regarding individual issuers, proxies may be solicited to vote on matters including corporate governance, adoption or amendments to compensation plans and matters involving social issues and corporate responsibility. Regarding investment companies, proxies may be solicited to vote on matters including the approval of advisory contracts, distribution plans, and mergers.

Unless a client directs otherwise in writing, The Consulate shall be responsible for (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the asset.

Proxies are voted on a case-by-case basis. It is The Consulate's policy to vote against stock options grants to employees and other associates of the corporate entity. If any conflicts of interest are identified, we will maintain records documenting how such conflicts are addressed. The Consulate will refrain from voting proxies in limited circumstances in which the cost of voting the proxy exceeds the expected benefit to the client, such as voting foreign security proxies that would require travel or the services of a translator.

The Consulate or the client shall instruct each client custodian to forward copies of all proxies and shareholder communications relating to the managed assets to us. Information pertaining to how The Consulate voted on any specific proxy issue is available upon written request. We shall maintain records pertaining to proxy voting as required by the Advisor's Act, including copies of all client requests for information on how The Consulate voted proxies on behalf of the client.

Clients may obtain a copy of The Consulate's complete proxy voting policies and procedures upon request. Clients may also obtain information from The Consulate about how we voted any proxies on behalf of their account(s).

ITEM 18 – FINANCIAL INFORMATION

Registered Investment Advisors are required in this Item to provide you with certain financial information or disclosures about our financial condition. The Consulate has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to clients, and has not been the subject of a bankruptcy proceeding.

ITEM 19 – REQUIREMENTS FOR STATE-REGISTERED ADVISERS & PART 2B BROCHURE SUPPLEMENT

The following brochure supplements provide information about the supervised persons of The Consulate. You should have received a copy of that document; please contact Michael McCarthy at 410-823-7283 if you did not receive our complete brochure or if you have any questions about the contents of this supplement.

Additional information about the supervised persons is available on the SEC's website at www.adviserinfo.sec.gov.

ITEM 19.1 - MINIMUM QUALIFICATIONS FOR CERTIFIED FINANCIAL PLANNER™ (CFP®) DESIGNATION:

The Financial Consulate believes the Certified Financial Planner™ (CFP®) designation is an important designation, representing a requisite level of education and professional experience. Each of the firm's advisors has or is pursuing the designation. The following is a detailed explanation of the experience and education requirements quoted from the CFP® Board's website:

CFP® certificants must pass the comprehensive CFP® Certification Examination, pass CFP Board's FITNESS STANDARDS FOR CANDIDATES AND REGISTRANTS, agree to abide by CFP Board's CODE OF ETHICS AND PROFESSIONAL RESPONSIBILITY and comply with the FINANCIAL PLANNING PRACTICE STANDARDS which spell out what clients should be able to reasonably expect from the financial planning engagement. There are four components to completing the CFP process; Education, Examination, Experience, and Ethics. These areas are briefly described below:

Education

To take the CFP® Certification Examination, candidates are required to be knowledgeable in all of areas covered by the financial planning topic list. There are three ways to complete the educational requirement: CFP Board-Registered Programs, Challenge Status or Transcript Review. Candidates for certification must have a bachelor's degree (or higher), or its equivalent, in any discipline, from an accredited college or university in order to obtain CFP® certification.

Examination

After candidates have successfully met the education requirement, they will be eligible to apply for the CFP® Certification Examination. The CFP® Certification Examination assesses their ability to apply financial planning knowledge (based on the topic list), in an integrated format, to financial planning situations. Combined with the education and experience requirements, it assures the public that they have met a level of competency appropriate for professional practice.

Experience

Because CFP® certification indicates to the public the ability to provide financial planning without supervision, CFP Board requires candidates to have experience in the financial planning process. Three years of full-time relevant personal financial planning experience is required.

Ethics

When candidates have completed the education, examination and experience components of the CFP® certification process, they will be directed to complete the CFP® Certification Application asking to disclose whether they have been a party (or involved) in any criminal, civil, governmental, or self-regulatory agency proceeding or inquiry. CFP® certification also requires candidates to agree to adhere to CFP Board's CODE OF ETHICS AND PROFESSIONAL RESPONSIBILITY, RULES OF CONDUCT and FINANCIAL PLANNING PRACTICE STANDARDS, and acknowledge CFP Board's right to enforce them through its DISCIPLINARY RULES AND PROCEDURES.

ITEM 19.2 - MINIMUM QUALIFICATIONS FOR CERTIFIED DIVORCE FINANCIAL ANALYST™ (CDFA™) DESIGNATION

With over 50% of marriages in the United States ending in divorce, expertise specific to that arena is of growing import. The CDFA™ designation denotes a minimum level of experience and education. The following description is from the Institute for Divorce Financial Analysts™:

The CDFA™ designation is available to individuals who have a minimum of two years' experience as a financial professional, accountant, or matrimonial lawyer.

To earn the designation, the participant must complete a series of self-study course modules and pass an exam for each module. In the USA, this training qualifies for 32 hours of continuing education for the CFP® Board of Standards, 25 CPE credits for the CPA designation, and 32 PACE credits for ChFCs and CLUs. The American Module Topics are:

- Financial and Legal Issues of Divorce
- Advanced Financial Issues of Divorce
- Tax Issues of Divorce
- Working as a CDFA: Case Studies.

ITEM 19.3 - MINIMUM QUALIFICATIONS FOR ACCREDITED INVESTMENT FIDUCIARY™ (AIF™) DESIGNATION

Financial mismanagement on the part of companies and advisors has spurred the creation of education and designations specifically focused on the fiduciary imperative. The Accredited Investment Fiduciary® (AIF®) designation is one such example. The following description is provided by the Center for Fiduciary Studies:

AIF designees must:

- Accrue six hours of continuing professional education with at least four coming from fi360-produced sources (outlined in the section below)
- Attest to a code of ethics
- Maintain current contact information in fi360's designee database
- Remit \$325 in annual dues

Continuing Education Requirements:

AIF designees must obtain six combined hours of continuing professional education each renewal year from the sources listed below (at least four hours must be accumulated from the listed fi360-produced sources):

- The **fi360 annual conference** (live event)
- Archived recordings from past fi360 conferences (from the on-demand fi360 CE directory)
- fi360 **Resources webinars** (live)

- Archived recordings of Resources webinars (from the on-demand fi360 CE directory)
- Relevant events produced by sources outside of fi360 (max of two hours per year allowed)
