Item 4 **Advisory Business**

- A. Breiter Capital is a corporation formed on December 16, 1991 in the State of Florida. Breiter Capital became registered as an Investment Adviser Firm in January 1992. Breiter Capital is owned by Thomas H. Breiter. Mr. Breiter is Breiter Capital's President.
- B. As discussed below, Breiter Capital offers to its clients (individuals, pension and profit sharing plans, business entities, trusts, estates and charitable organizations, etc.) investment advisory services. Breiter Capital **does not** hold itself out as providing financial planning, estate planning or accounting services.

INVESTMENT ADVISORY SERVICES

The Client may engage Breiter Capital to provide discretionary investment advisory services on a *fee-only* basis. Breiter Capital will design, implement, monitor and adjust the allocation of the client's investment accounts consistent with the stated goals and objectives outlined in the *Investment Advisory Agreement* and Investment Objectives Acknowledgement. Breiter Capital uses proprietary and third party research to make decisions pertaining to appropriate asset allocation and security selection. Ongoing dialogue between the client and Breiter Capital allow for adjustments to the stated objectives as the client's personal financial situation evolves.

MISCELLANEOUS

Limited Consulting/Implementation Services. Although Breiter Capital does not hold itself out as providing financial planning, estate planning or accounting services, to the extent specifically requested by the client, Breiter Capital *may* provide limited consultation services to its investment management clients on investment and non-investment related matters, such as estate planning, tax planning, insurance, etc. Breiter Capital shall not receive any separate or additional fee for any such consultation services. Neither Breiter Capital, nor any of its representatives, serves as an attorney, accountant, or licensed insurance agent, and no portion of Breiter Capital's services should be construed as same. To the extent requested by a client, Breiter Capital may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance, etc.). The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from Breiter Capital. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify Breiter Capital if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Breiter Capital's previous recommendations and/or services.

Sub-Advisory Arrangements. Breiter Capital may be engaged by other investment advisers for the purpose of assisting those advisers with the management of their client accounts.

Independent Managers. Breiter Capital may allocate (or recommend that the client allocate) a portion of a client's investment assets among unaffiliated independent investment managers in accordance with the client's designated investment objective(s). In such situations, the *Independent Manager[s]* shall have day-to-day responsibility for the active discretionary management of the allocated assets. Breiter Capital shall continue to render investment supervisory services to the client relative to the ongoing monitoring and review of account performance, asset allocation and client investment objectives. Factors which Breiter Capital shall consider in recommending *Independent Manager[s]* include the client's designated investment objective(s), management style, performance, reputation, financial strength, reporting, pricing, and research.

Client Obligations. In performing its services, Breiter Capital shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify Breiter Capital if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Breiter Capital's previous recommendations and/or services.

Disclosure Statement. A copy of Breiter Capital's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement*.

- C. Breiter Capital shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, Breiter Capital shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on Breiter Capital's services.
- D. Breiter Capital does not participate in a wrap fee program.
- E. As of December 31, 2011, Breiter Capital had \$64,526,272 in assets under management on a discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage Breiter Capital to provide discretionary investment advisory services on a *fee-only* basis.

INVESTMENT ADVISORY SERVICES

If a client determines to engage Breiter Capital to provide discretionary investment advisory services on a *fee-only* basis, Breiter Capital's annual investment advisory fee shall be based upon a percentage (%) of the market value of assets placed under Breiter Capital's management (between negotiable and 1.50%) as follows:

<u>Assets Under Management</u>	<u>Maximum Annualized Fee</u>
First \$1,000,000	1.50%
All Assets over \$1,000,000	1.20%

Breiter Capital's annual investment advisory fee shall include investment advisory services, and, to the **extent specifically requested** by the client, financial planning and consulting services. In the event that the client requires extraordinary planning and/or consultation services (to be determined in the sole discretion of Breiter Capital), Breiter Capital may determine to charge for such additional services, the dollar amount of which shall be set forth in a separate written notice to the client.

- B. Clients may elect to have Breiter Capital's advisory fees deducted from their custodial account. Both Breiter Capital's *Investment Advisory Agreement* and the custodial/clearing agreement may authorize the custodian to debit the account for the amount of Breiter Capital's investment advisory fee and to directly remit that management fee to Breiter Capital in compliance with regulatory procedures. In the limited event that Breiter Capital bills the client directly, payment is due upon receipt of Breiter Capital's invoice. Breiter Capital shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, Breiter Capital shall generally recommend that Charles Schwab and Co., Inc. ("*Schwab*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Breiter Capital's investment management fee, brokerage commissions and/or transaction fees, clients will also incur, relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).
- D. Breiter Capital's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. Breiter Capital generally requires a minimum asset level of \$500,000 for investment advisory services. Breiter Capital, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition,

negotiations with client, etc.).

The *Investment Advisory Agreement* between Breiter Capital and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, Breiter Capital shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.

- E. Neither Breiter Capital, nor its representatives, accepts compensation from the sale of securities or other investment products.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither Breiter Capital nor any supervised person of Breiter Capital accepts performance-based fees.

Item 7 Types of Clients

Breiter Capital's clients shall generally include individuals, pension and profit sharing plans, business entities, trusts, estates and charitable organizations. Breiter Capital generally requires a minimum asset level of \$500,000 for investment advisory services. Breiter Capital, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. Breiter Capital may utilize the following methods of security analysis:
- Charting - (analysis performed using patterns to identify current trends and trend reversals to forecast the direction of prices)
 - Fundamental - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - Technical – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

Breiter Capital may utilize the following investment strategies when implementing investment advice given to clients:

- Long Term Purchases (securities held at least a year)
- Short Term Purchases (securities sold within a year)
- Margin Transactions (use of borrowed assets to purchase financial instruments)
- Options (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment

or investment strategy (including the investments and/or investment strategies recommended or undertaken by Breiter Capital) will be profitable or equal any specific performance level(s). **Please Note:** Investing in securities involves risk of loss that clients should be prepared to bear.

- B. Breiter Capital's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis Breiter Capital must have access to current/new market information. Breiter Capital has no control over the dissemination rate of market information; therefore, unbeknownst to Breiter Capital, certain analyses may be compiled with outdated market information, severely limiting the value of Breiter Capital's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

Breiter Capital's primary investment strategies - Long Term Purchases and Short Term Purchases - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, Breiter Capital may also implement and/or recommend use of margin and/or options transactions; each of these strategies has a high level of inherent risk. (*See discussion below*).

Margin is an investment strategy with a high level of inherent risk. A margin transaction occurs when an investor uses borrowed assets to purchase financial instruments. The investor generally obtains the borrowed assets by using other securities as collateral for the borrowed sum. The effect of purchasing a security using margin is to magnify any gains or losses sustained by the purchase of the financial instruments on margin. **Please Note:** To the extent that a client authorizes the use of margin, and margin is thereafter employed by Breiter Capital in the management of the client's investment portfolio, the market value of the client's account and corresponding fee payable by the client to Breiter Capital may be increased. As a result, in addition to understanding and assuming the additional principal risks associated with the use of margin, clients authorizing margin are advised of the potential ***conflict of interest*** whereby the client's decision to employ margin *may* correspondingly increase the management fee payable to Breiter Capital. Accordingly, the decision as to whether to employ margin is left totally to the discretion of client.

The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by Breiter Capital shall be with the intent

of offsetting/"hedging" a potential market risk in a client's portfolio. **Please Note:** Although the intent of the options-related transactions that may be implemented by Breiter Capital is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct Breiter Capital, in writing, not to employ any or all such strategies for his/her/their/its accounts.

- C. Currently, Breiter Capital primarily allocates client investment assets among various individual equity, debt and fixed income securities, mutual funds and/or exchange traded funds, on a discretionary basis in accordance with the client's designated investment objective(s).

Item 9 Disciplinary Information

Breiter Capital has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. Neither Breiter Capital, nor its representatives, are registered or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.
- B. Neither Breiter Capital, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.
- C. Breiter Capital does not have any relationship or arrangement that is material to its advisory business or to its clients with any related person.
- D. Breiter Capital does not receive, directly or indirectly, compensation from investment advisors that it recommends or selects for its clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. Breiter Capital maintains an investment policy relative to personal securities transactions. This investment policy is part of Breiter Capital's overall Code of Ethics, which serves to establish a standard of business conduct for all of Breiter Capital's Representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

Breiter Capital also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by Breiter Capital or any person associated with Breiter Capital.

- B. Neither Breiter Capital nor any related person of Breiter Capital recommends, buys, or sells for client accounts, securities in which Breiter Capital or any related person of Breiter Capital has a material financial interest.
- C. Breiter Capital and/or representatives of Breiter Capital *may* buy or sell securities that are also recommended to clients. This practice may create a situation where Breiter Capital and/or representatives of Breiter Capital are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if Breiter Capital did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of Breiter Capital’s clients) and other potentially abusive practices.

Breiter Capital has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of Breiter Capital’s “Access Persons”. Breiter Capital’s securities transaction policy requires that an Access Person of Breiter Capital must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date Breiter Capital selects; provided, however that at any time that Breiter Capital has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. Breiter Capital and/or representatives of Breiter Capital *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where Breiter Capital and/or representatives of Breiter Capital are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11.C, Breiter Capital has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Breiter Capital’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that Breiter Capital recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct Breiter Capital to use a specific broker-dealer/custodian), Breiter Capital generally recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Breiter Capital to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Breiter Capital setting forth the terms and conditions under which Breiter Capital shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that Breiter Capital considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with Breiter Capital, financial strength, reputation, execution capabilities, pricing, research, and service. Although the commissions and/or transaction fees paid by Breiter Capital's clients shall comply with Breiter Capital's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where Breiter Capital determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Breiter Capital will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Breiter Capital's investment management fee. Breiter Capital's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Breiter Capital may receive from *Schwab* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist Breiter Capital to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by Breiter Capital may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Breiter Capital in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist Breiter Capital in managing and administering client accounts.

Others do not directly provide such assistance, but rather assist Breiter Capital to manage and further develop its business enterprise.

Breiter Capital's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by Breiter Capital to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

Breiter Capital's Chief Compliance Officer, Thomas H. Breiter, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. Breiter Capital does not receive referrals from broker-dealers.
3. Breiter Capital does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Breiter Capital will not seek better execution services or prices from other broker-dealers or be able to "batch" the client's transactions for execution through other broker-dealers with orders for other accounts managed by Breiter Capital. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Breiter Capital to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Breiter Capital.

Breiter Capital's Chief Compliance Officer, Thomas H. Breiter, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that Breiter Capital provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless Breiter Capital decides to purchase or sell the same securities for several clients at approximately the same time. Breiter Capital may (but is not obligated to) combine or "bunch" such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among Breiter Capital's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. Breiter Capital shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 **Review of Accounts**

- A. For those clients to whom Breiter Capital provides investment supervisory services, account reviews are conducted on an ongoing basis by Breiter Capital's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise Breiter Capital of any changes in their investment objectives and/or financial situation. All clients (in person or via telephone) are encouraged to review financial planning issues (to the extent applicable), investment objectives and account performance with Breiter Capital on an annual basis.
- B. Breiter Capital *may* conduct account reviews on an other than periodic basis upon the occurrence of a triggering event, such as a change in client investment objectives and/or financial situation, market corrections and client request.
- C. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. Breiter Capital may also provide a written periodic report summarizing account activity and performance.

Item 14 **Client Referrals and Other Compensation**

- A. As referenced in Item 12.A.1 above, Breiter Capital may receive an indirect economic benefit from *Schwab*. Breiter Capital, without cost (and/or at a discount), may receive support services and/or products from *Schwab*.

Breiter Capital's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by Breiter Capital to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

Breiter Capital's Chief Compliance Officer, Thomas H. Breiter, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.

- B. If a client is introduced to Breiter Capital by either an unaffiliated or an affiliated solicitor, Breiter Capital *may* pay that solicitor a referral fee in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements. Any such referral fee shall be paid solely from Breiter Capital's investment management fee, and shall not result in any additional charge to the client. If the client is introduced to Breiter Capital by an unaffiliated solicitor, the solicitor, at the time of the solicitation, shall disclose the nature of his/her/its solicitor relationship, and shall provide each prospective client with a copy of Breiter Capital's written Brochure with a copy of the written disclosure statement from the solicitor to the client disclosing the terms of the solicitation arrangement between Breiter Capital and the solicitor, including the compensation to be received by the solicitor from Breiter Capital.

Item 15 Custody

Breiter Capital shall have the ability to have its advisory fee for each client debited by the custodian on a quarterly basis. Clients are provided, at least quarterly, with written transaction confirmation notices and regular written summary account statements directly from the broker-dealer/custodian and/or program sponsor for the client accounts. Breiter Capital may also provide a written periodic report summarizing account activity and performance.

Please Note: To the extent that Breiter Capital provides clients with periodic account statements or reports, the client is urged to compare any statement or report provided by Breiter Capital with the account statements received from the account custodian. **Please Also Note:** The account custodian does not verify the accuracy of Breiter Capital's advisory fee calculation.

Item 16 Investment Discretion

The client can determine to engage Breiter Capital to provide investment advisory services on a discretionary basis. Prior to Breiter Capital assuming discretionary authority over a client's account, client shall be required to execute an *Investment Advisory Agreement*, naming Breiter Capital as client's attorney and agent in fact, granting Breiter Capital full authority to buy, sell, or otherwise effect investment transactions involving the assets in the client's name found in the discretionary account.

Clients who engage Breiter Capital on a discretionary basis may, at anytime, impose restrictions, **in writing**, on Breiter Capital's discretionary authority (i.e. limit the types/amounts of particular securities purchased for their account, exclude the ability to purchase securities with an inverse relationship to the market, limit or proscribe Breiter Capital's use of margin, etc.).

Item 17 Voting Client Securities

- A. Breiter Capital does not vote client proxies. Clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets.
- B. Clients will receive their proxies or other solicitations directly from their custodian. Clients may contact Breiter Capital to discuss any questions they may have with a particular solicitation.

Item 18 Financial Information

- A. Breiter Capital does not solicit fees of more than \$500, per client, six months or more in advance.
- B. Breiter Capital is unaware of any financial condition that is reasonably likely to impair its ability to meet its contractual commitments relating to its discretionary authority over certain client accounts.
- C. Breiter Capital has not been the subject of a bankruptcy petition.

Item 19 Requirements for State Registered Investment Advisers

- A. Thomas H. Breiter is the President of Breiter Capital. For more information about Mr. Breiter, please see the Brochure Supplement to Breiter Capital's Brochure.
- B. Breiter Capital is not engaged in any other business than as set forth in this Brochure.
- C. Neither Breiter Capital, nor its representatives, accepts performance-based fees.
- D. A routine examination of Breiter Capital by the Florida Division of Securities in January 1993 revealed that Mr. Breiter's registration as an advisory representative of the firm was not complete; Mr. Breiter believed the process had been previously completed. The registration was subsequently finalized, and the matter was settled in April of 1993 with Mr. Breiter ensuring that all advisory representatives of the firm would be properly registered and payment of an administrative fine of \$2,500. No further action was taken.
- E. Neither Breiter Capital, nor its representatives, has any relationship or arrangement with any issuer of securities.

Breiter's Chief Compliance Officer, Thomas H. Breiter, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest any such arrangement may create.
