Item 4 Advisory Business

- A. Ascension Capital Advisors, Inc. (the “Registrant”) is a corporation formed on April 7, 1997 in the State of Texas. The Registrant became registered as an Investment Adviser Firm in October 1997. The Registrant is owned by Paul B. Thompson, the Registrant’s President.
- B. As discussed below, the Registrant offers to its clients (individuals, business entities, trusts, estates, charitable organizations, pension and profit sharing plans) investment advisory services, and, to the extent specifically requested by a client, financial planning and related consulting services.

INVESTMENT ADVISORY SERVICES

The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee* basis. The Registrant’s annual investment advisory fee is based upon a percentage (%) of the market value of the assets placed under the Registrant’s management (between 0.25% and 1.25%) as follows:

<u>Market Value of Portfolio</u>	<u>% of Assets</u>
On the first \$250,000	1.25%
On the next \$250,000	1.15%
On the next \$500,000	1.10%
On the next \$1,000,000	1.00%
On the next \$1,000,000	0.75%
On the next \$2,000,000	0.50%
On the next \$5,000,000	0.375%
On the balance	0.25%

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone separate fee basis. Registrant’s planning and consulting fees are negotiable, but generally start at \$5,000 on a fixed fee basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s). Fees are due upfront, in total, and involve a written plan. Prior to engaging the Registrant to provide planning or consulting services, clients are generally required to enter into a *Financial Planning and Consulting Agreement* with Registrant setting forth the terms and conditions of the engagement (including termination), describing the scope of the services to be provided, and the portion of the fee that is due from the client prior to Registrant commencing services. If requested by the client, Registrant may recommend the services of other professionals for implementation purposes, including certain of the Registrant’s representatives in their individual capacities as registered representatives of a broker-dealer and/or licensed insurance agents. (*See* disclosure at Item 10 C.1 and 10 C.8). The client is under no

obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

RETIREMENT CONSULTING

The Registrant also provides non-discretionary pension consulting services, pursuant to which it assists sponsors of self-directed retirement plans with the selection and/or monitoring of investment alternatives (generally open-end mutual funds) from which plan participants shall choose in self-directing the investments for their individual plan retirement accounts. In addition, to the extent requested by the plan sponsor, the Registrant shall also provide participant education designed to assist participants in identifying the appropriate investment strategy for their retirement plan accounts. The terms and conditions of the engagement shall generally be set forth in a separate agreement between the Registrant and the plan sponsor.

MISCELLANEOUS

Non-Investment Consulting/Implementation Services. To the extent requested by the client, the Registrant *may* provide consulting services regarding non-investment related matters, such as estate planning, tax planning, insurance, etc. Neither the Registrant, nor any of its representatives, serves as an attorney or accountant, and no portion of the Registrant's services should be construed as same. To the extent requested by a client, the Registrant may recommend the services of other professionals for certain non-investment implementation purposes (i.e. attorneys, accountants, insurance agents, etc.), including certain representatives of the Registrant in their separate registered/licensed capacities as discussed below. The client is under no obligation to engage the services of any such recommended professional. The client retains absolute discretion over all such implementation decisions and is free to accept or reject any recommendation from the Registrant. **Please Note:** If the client engages any such recommended professional, and a dispute arises thereafter relative to such engagement, the client agrees to seek recourse exclusively from and against the engaged professional. **Please Also Note:** It remains the client's responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Please Note: Cash Positions. At any specific point in time, depending upon perceived or anticipated market conditions/events (there being **no guarantee** that such anticipated market conditions/events will occur), the Registrant **may** maintain cash positions for defensive purposes. All cash positions (money markets, etc.) shall be included as part of assets under management for purposes of calculating the Registrant's advisory fee. **The Registrant's Chief Compliance Officer, Milton D. Thiel, remains available to address any questions that a client or prospective client may have regarding the above fee billing practice.**

Please Note: Inverse/Enhanced Market Strategies. The Registrant may utilize long and short mutual funds and/or exchange traded funds that are designed to perform in either an: (1) inverse relationship to certain market indices (at a rate of 1 or more times the inverse [opposite] result of the corresponding index) as an investment strategy and/or for the purpose of hedging against downside market risk; and (2) enhanced relationship to certain market indices (at a rate of 1 or more times the actual result of the corresponding index) as an investment strategy and/or for the purpose of increasing gains in an advancing market. There can be **no assurance** that any such strategy will prove profitable or successful. In light of these enhanced risks/rewards, a client may direct the Registrant, in writing, not to employ any or all such strategies for his/her/their/its accounts.

Client Obligations. In performing its services, Registrant shall not be required to verify any information received from the client or from the client's other professionals, and is expressly authorized to rely thereon. Moreover, each client is advised that it remains his/her/its responsibility to promptly notify the Registrant if there is ever any change in his/her/its financial situation or investment objectives for the purpose of reviewing/evaluating/revising Registrant's previous recommendations and/or services.

Disclosure Statement. A copy of the Registrant's written Brochure as set forth on Part 2A of Form ADV shall be provided to each client prior to, or contemporaneously with, the execution of the *Investment Advisory Agreement or Financial Planning and Consulting Agreement*. Any client who has not received a copy of Registrant's written Brochure at least 48 hours prior to executing the *Investment Advisory Agreement or Financial Planning and Consulting Agreement* shall have five business days subsequent to executing the agreement to terminate the Registrant's services without penalty.

- C. The Registrant shall provide investment advisory services specific to the needs of each client. Prior to providing investment advisory services, an investment adviser representative will ascertain each client's investment objective(s). Thereafter, the Registrant shall allocate and/or recommend that the client allocate investment assets consistent with the designated investment objective(s). The client may, at anytime, impose reasonable restrictions, in writing, on the Registrant's services.
- D. The Registrant does not participate in a wrap fee program.
- E. As of December 31, 2011 the Registrant had \$97,323,690 in assets under management on a discretionary basis and \$10,326,838 in assets under management on a non-discretionary basis.

Item 5 Fees and Compensation

- A. The client can determine to engage the Registrant to provide discretionary investment advisory services on a *fee* basis.

INVESTMENT ADVISORY SERVICES

If a client determines to engage the Registrant to provide discretionary advisory services on a *fee* basis, the Registrant's annual investment advisory fee shall be based upon a percentage (%) of the market value and type of assets placed under the Registrant's management (between 0.25% and 1.25%) as follows:

<u>Market Value of Portfolio</u>	<u>% of Assets</u>
On the first \$250,000	1.25%
On the next \$250,000	1.15%
On the next \$500,000	1.10%
On the next \$1,000,000	1.00%
On the next \$1,000,000	0.75%
On the next \$2,000,000	0.50%
On the next \$5,000,000	0.375%
On the balance	0.25%

FINANCIAL PLANNING AND CONSULTING SERVICES (STAND-ALONE)

To the extent specifically requested by a client, the Registrant *may* determine to provide financial planning and/or consulting services (including investment and non-investment related matters, including estate planning, insurance planning, etc.) on a stand-alone fee basis. Registrant's planning and consulting fees are negotiable, but generally start at \$5,000 on a fixed fee basis, depending upon the level and scope of the service(s) required and the professional(s) rendering the service(s).

- B. Clients may elect to have the Registrant's advisory fees deducted from their custodial account. Both Registrant's *Investment Advisory Agreement* and the custodial/ clearing agreement may authorize the custodian to debit the account for the amount of the Registrant's investment advisory fee and to directly remit that management fee to the Registrant in compliance with regulatory procedures. In the limited event that the Registrant bills the client directly, payment is due upon receipt of the Registrant's invoice. The Registrant shall deduct fees and/or bill clients quarterly in advance, based upon the market value of the assets on the last business day of the previous quarter.
- C. As discussed below, unless the client directs otherwise or an individual client's circumstances require, the Registrant shall generally recommend that *Charles Schwab and Co., Inc.* ("*Schwab*") serve as the broker-dealer/custodian for client investment management assets. Broker-dealers such as *Schwab* charge brokerage commissions and/or transaction fees for effecting certain securities transactions (i.e. transaction fees are charged for certain no-load mutual funds, commissions are charged for individual equity and fixed income securities transactions). In addition to Registrant's investment management fee, brokerage commissions and/or transaction fees, clients will also incur,

relative to all mutual fund and exchange traded fund purchases, charges imposed at the fund level (e.g. management fees and other fund expenses).

- D. Registrant's annual investment advisory fee shall be prorated and paid quarterly, in advance, based upon the market value of the assets on the last business day of the previous quarter. The Registrant generally requires an annual minimum fee of \$10,000 and a minimum asset level of \$1,000,000 for investment advisory services. The Registrant, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum fee or asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

The *Investment Advisory Agreement* between the Registrant and the client will continue in effect until terminated by either party by written notice in accordance with the terms of the *Investment Advisory Agreement*. Upon termination, the Registrant shall refund the pro-rated portion of the advanced advisory fee paid based upon the number of days remaining in the billing quarter.

- E. **Securities Commission Transactions.** In the event that the client desires, the client can engage certain of the Registrant's representatives, in their individual capacities, as registered representatives of *Pursho Kaplan Sterling Investments ("PKS")*, an SEC registered and FINRA member broker-dealer, to implement investment recommendations on a commission basis. In the event the client chooses to purchase investment products through *PKS*, *PKS* will charge brokerage commissions to effect securities transactions, a portion of which commissions *PKS* shall pay to Registrant's representatives, as applicable. The brokerage commissions charged by *PKS* may be higher or lower than those charged by other broker-dealers. In addition, *PKS*, as well as Registrant's representatives, relative to commission mutual fund purchases, may also receive additional ongoing 12b-1 trailing commission compensation directly from the mutual fund company during the period that the client maintains the mutual fund investment.

1. **Conflict of Interest:** The recommendation that a client purchase a commission product from *PKS* presents a ***conflict of interest***, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. **The Registrant's Chief Compliance Officer, Milton D. Thiel, Jr. ("Milton D. Thiel") remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**
2. **Please Note:** Clients may purchase investment products recommended by Registrant through other, non-affiliated broker dealers or agents.
3. The Registrant does not receive more than 50% of its revenue from advisory clients as a result of commissions or other compensation for the sale of investment products the Registrant recommends to its clients.

4. When Registrant's representatives sell an investment product on a commission basis, the Registrant does not charge an advisory fee in addition to the commissions paid by the client for such product. When providing services on an advisory fee basis, the Registrant's representatives do not also receive commission compensation for such advisory services (except for any ongoing 12b-1 trailing commission compensation that may be received as previously discussed). **However**, a client may engage the Registrant to provide investment management services on an advisory fee basis and separate from such advisory services purchase an investment product from Registrant's representatives on a separate commission basis.

Item 6 Performance-Based Fees and Side-by-Side Management

Neither the Registrant nor any supervised person of the Registrant accepts performance-based fees.

Item 7 Types of Clients

The Registrant's clients shall generally include individuals, business entities, trusts, estates, charitable organizations and pension and profit sharing plans. The Registrant generally requires an annual minimum fee of \$10,000 and a minimum asset level of \$1,000,000 for investment advisory services. The Registrant, in its sole discretion, may reduce its investment management fee and/or reduce or waive its minimum fee or asset requirement based upon certain criteria (i.e. anticipated future earning capacity, anticipated future additional assets, dollar amount of assets to be managed, related accounts, account composition, negotiations with client, etc.).

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

- A. The Registrant may utilize the following methods of security analysis:
- **Fundamental** - (analysis performed on historical and present data, with the goal of making financial forecasts)
 - **Technical** – (analysis performed on historical and present data, focusing on price and trade volume, to forecast the direction of prices)

The Registrant may utilize the following investment strategies when implementing investment advice given to clients:

- **Long Term Purchases** (securities held at least a year)
- **Short Term Purchases** (securities sold within a year)
- **Trading** (securities sold within thirty (30) days)
- **Margin Transactions** (use of borrowed assets to purchase financial instruments)
- **Options** (contract for the purchase or sale of a security at a predetermined price during a specific period of time)

Please Note: Investment Risk. Different types of investments involve varying degrees of risk, and it should not be assumed that future performance of any specific investment or investment strategy (including the investments and/or investment strategies recommended or undertaken by the Registrant) will be profitable or equal any specific performance level(s).

- B. The Registrant's methods of analysis and investment strategies do not present any significant or unusual risks.

However, every method of analysis has its own inherent risks. To perform an accurate market analysis the Registrant must have access to current/new market information. The Registrant has no control over the dissemination rate of market information; therefore, unbeknownst to the Registrant, certain analyses may be compiled with outdated market information, severely limiting the value of the Registrant's analysis. Furthermore, an accurate market analysis can only produce a forecast of the direction of market values. There can be no assurances that a forecasted change in market value will materialize into actionable and/or profitable investment opportunities.

The Registrant's primary investment strategies - Long Term Purchases, Short Term Purchases, and Trading - are fundamental investment strategies. However, every investment strategy has its own inherent risks and limitations. For example, longer term investment strategies require a longer investment time period to allow for the strategy to potentially develop. Shorter term investment strategies require a shorter investment time period to potentially develop but, as a result of more frequent trading, may incur higher transactional costs when compared to a longer term investment strategy. Trading, an investment strategy that requires the purchase and sale of securities within a thirty (30) day investment time period, involves a very short investment time period but will incur higher transaction costs when compared to a short term investment strategy and substantially higher transaction costs than a longer term investment strategy.

In addition to the fundamental investment strategies discussed above, the Registrant may also implement and/or recommend – use of margin and/or options transactions. Each of these strategies has a high level of inherent risk. (*See discussion below*).

Margin is an investment strategy with a high level of inherent risk. A margin transaction occurs when an investor uses borrowed assets to purchase financial instruments. The investor generally obtains the borrowed assets by using other securities as collateral for the borrowed sum. The effect of purchasing a security using margin is to magnify any gains or losses sustained by the purchase of the financial instruments on margin. **Please note:** To the extent that a client authorizes the use of margin, and margin is thereafter employed by the Registrant in the management of the client's investment portfolio, the market value of the client's account and corresponding fee payable by the client to the Registrant may be increased. As a result, in addition to understanding and assuming the additional principal risks associated with the use of margin, clients authorizing margin are advised of the potential ***conflict of interest*** whereby the client's decision to employ margin *may* correspondingly increase the management fee payable to the Registrant. Accordingly, the decision as to whether to employ margin is left totally to the discretion of client.

The use of options transactions as an investment strategy involves a high level of inherent risk. Option transactions establish a contract between two parties concerning the buying or selling of an asset at a predetermined price during a specific period of time. During the term of the option contract, the buyer of the option gains the right to demand fulfillment by the seller. Fulfillment may take the form of either selling or purchasing a security depending upon the nature of the option contract. Generally, the purchase or the recommendation to purchase an option contract by the Registrant shall be with the intent of offsetting/"hedging" a potential market risk in a client's portfolio. **Please Note:** Although the intent of the options-related transactions that may be implemented by the Registrant is to hedge against principal risk, certain of the options-related strategies (i.e. straddles, short positions, etc), may, in and of themselves, produce principal volatility and/or risk. Thus, a client must be willing to accept these enhanced volatility and principal risks associated with such strategies. In light of these enhanced risks, client may direct the Registrant, in writing, not to employ any or all such strategies for his/her/their/its accounts.

- C. Currently, the Registrant primarily allocates client investment assets among various individual equity (stocks), debt (bonds) and fixed income securities, mutual funds, exchange traded funds ("ETFs") (including inverse ETFs and/or mutual funds that are designed to perform in an inverse relationship to certain market indices) and/or money market funds on a discretionary basis in accordance with the client's designated investment objective(s).

As disclosed above, the Registrant may utilize long and short mutual funds and/or exchange traded funds that are designed to perform in either an: (1) inverse relationship to certain market indices (at a rate of 1 or more times the inverse [opposite] result of the corresponding index) as an investment strategy and/or for the purpose of hedging against downside market risk; and (2) enhanced relationship to certain market indices (at a rate of 1 or more times the actual result of the corresponding index) as an investment strategy and/or for the purpose of increasing gains in an advancing market. There can be **no assurance** that any such strategy will prove profitable or successful. In light of these enhanced risks/rewards, a client may direct the Registrant, in writing, not to employ any or all such strategies for his/her/their/its accounts. (*See* Item 4 B).

Item 9 Disciplinary Information

The Registrant has not been the subject of any disciplinary actions.

Item 10 Other Financial Industry Activities and Affiliations

- A. **Registered Representative of PKS.** As disclosed above in Item 5.E, certain of Registrant's representatives are also registered representatives of PKS, a FINRA member broker-dealer.
- B. Neither the Registrant, nor its representatives, are registered or have an application pending to register, as a futures commission merchant, commodity pool operator, a commodity trading advisor, or a representative of the foregoing.

C.

1. **Broker Dealer.** As disclosed above in Item 5.E, certain of Registrant's representatives are registered representatives of *PKS*, an SEC registered and FINRA member broker-dealer. Clients can choose to engage certain of Registrant's representatives, in their individual capacities, to effect securities brokerage transactions on a commission basis.
8. **Licensed Insurance Agents.** Certain of Registrant's representatives, in their individual capacities, are licensed insurance agents, and may recommend the purchase of certain insurance-related products on a commission basis. As referenced in Item 4.B above, clients can engage certain of Registrant's representatives to purchase insurance products on a commission basis.
 - **Conflict of Interest:** The recommendation by Registrant's representatives that a client purchase a securities or insurance commission product presents a ***conflict of interest***, as the receipt of commissions may provide an incentive to recommend investment products based on commissions to be received, rather than on a particular client's need. No client is under any obligation to purchase any commission products from Registrant's representatives. Clients are reminded that they may purchase securities and/or insurance products recommended by Registrant through other, non-affiliated broker-dealers or insurance agents. **The Registrant's Chief Compliance Officer, Milton D. Thiel, remains available to address any questions that a client or prospective client may have regarding the above conflict of interest.**

- D. If the Registrant refers a client to certain unaffiliated registered investment advisors, the Registrant may be compensated for its services by receipt of a fee to be paid directly by the unaffiliated registered investment advisor[s] to the Registrant in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, as amended, and any corresponding state securities laws, rules, regulations, or requirements. Any such fee shall be paid solely from the unaffiliated registered investment advisor[s] investment management fee, and shall not result in any additional charge to the client.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

- A. The Registrant maintains an investment policy relative to personal securities transactions. This investment policy is part of Registrant's overall Code of Ethics, which serves to establish a standard of business conduct for all of Registrant's representatives that is based upon fundamental principles of openness, integrity, honesty and trust, a copy of which is available upon request.

In accordance with Section 204A of the Investment Advisers Act of 1940, the Registrant also maintains and enforces written policies reasonably designed to prevent the misuse of material non-public information by the Registrant or any person associated with the Registrant.

- B. Neither the Registrant nor any related person of Registrant recommends, buys, or sells for

client accounts, securities in which the Registrant or any related person of Registrant has a material financial interest.

- C. The Registrant and/or representatives of the Registrant *may* buy or sell securities that are also recommended to clients. This practice may create a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. Practices such as “scalping” (i.e., a practice whereby the owner of shares of a security recommends that security for investment and then immediately sells it at a profit upon the rise in the market price which follows the recommendation) could take place if the Registrant did not have adequate policies in place to detect such activities. In addition, this requirement can help detect insider trading, “front-running” (i.e., personal trades executed prior to those of the Registrant’s clients) and other potentially abusive practices.

The Registrant has a personal securities transaction policy in place to monitor the personal securities transactions and securities holdings of each of the Registrant’s “Access Persons”. The Registrant’s securities transaction policy requires that an Access Person of the Registrant must provide the Chief Compliance Officer or his/her designee with a written report of their current securities holdings within ten (10) days after becoming an Access Person. Additionally, each Access Person must provide the Chief Compliance Officer or his/her designee with a written report of the Access Person’s current securities holdings at least once each twelve (12) month period thereafter on a date the Registrant selects; provided, however that at any time that the Registrant has only one Access Person, he or she shall not be required to submit any securities report described above.

- D. The Registrant and/or representatives of the Registrant *may* buy or sell securities, at or around the same time as those securities are recommended to clients. This practice creates a situation where the Registrant and/or representatives of the Registrant are in a position to materially benefit from the sale or purchase of those securities. Therefore, this situation creates a potential conflict of interest. As indicated above in Item 11.C, the Registrant has a personal securities transaction policy in place to monitor the personal securities transaction and securities holdings of each of Registrant’s Access Persons.

Item 12 Brokerage Practices

- A. In the event that the client requests that the Registrant recommend a broker-dealer/custodian for execution and/or custodial services (exclusive of those clients that may direct the Registrant to use a specific broker-dealer/custodian), Registrant generally recommends that investment management accounts be maintained at *Schwab*. Prior to engaging Registrant to provide investment management services, the client will be required to enter into a formal *Investment Advisory Agreement* with Registrant setting forth the terms and conditions under which Registrant shall manage the client's assets, and a separate custodial/clearing agreement with each designated broker-dealer/custodian.

Factors that the Registrant considers in recommending *Schwab* (or any other broker-dealer/custodian to clients) include historical relationship with the Registrant, financial strength, reputation, execution capabilities, pricing, research, and service. Although the

commissions and/or transaction fees paid by Registrant's clients shall comply with the Registrant's duty to obtain best execution, a client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where the Registrant determines, in good faith, that the commission/transaction fee is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, although Registrant will seek competitive rates, it may not necessarily obtain the lowest possible commission rates for client account transactions. The brokerage commissions or transaction fees charged by the designated broker-dealer/custodian are exclusive of, and in addition to, Registrant's investment management fee. The Registrant's best execution responsibility is qualified if securities that it purchases for client accounts are mutual funds that trade at net asset value as determined at the daily market close.

1. Research and Additional Benefits

Although not a material consideration when determining whether to recommend that a client utilize the services of a particular broker-dealer/custodian, Registrant may receive from *Schwab* (or another broker-dealer/custodian) without cost (and/or at a discount) support services and/or products, certain of which assist the Registrant to better monitor and service client accounts maintained at such institutions. Included within the support services that may be obtained by the Registrant may be investment-related research, pricing information and market data, software and other technology that provide access to client account data, compliance and/or practice management-related publications, discounted or gratis consulting services, discounted and/or gratis attendance at conferences, meetings, and other educational and/or social events, marketing support, computer hardware and/or software and/or other products used by Registrant in furtherance of its investment advisory business operations.

As indicated above, certain of the support services and/or products that *may* be received may assist the Registrant in managing and administering client accounts. Others do not directly provide such assistance, but rather assist the Registrant to manage and further develop its business enterprise.

Registrant's clients do not pay more for investment transactions effected and/or assets maintained at *Schwab* as a result of this arrangement. There is no corresponding commitment made by the Registrant to *Schwab* or any other entity to invest any specific amount or percentage of client assets in any specific mutual funds, securities or other investment products as a result of the above arrangement.

The Registrant's Chief Compliance Officer, Milton D. Thiel, remains available to address any questions that a client or prospective client may have regarding the above arrangement and any corresponding perceived conflict of interest such arrangement may create.

2. The Registrant does not receive referrals from broker-dealers.

3. The Registrant does not generally accept directed brokerage arrangements (when a client requires that account transactions be effected through a specific broker-dealer). In such client directed arrangements, the client will negotiate terms and arrangements for their account with that broker-dealer, and Registrant will not seek better execution services or prices from other broker-dealers or be able to “batch” the client's transactions for execution through other broker-dealers with orders for other accounts managed by Registrant. As a result, client may pay higher commissions or other transaction costs or greater spreads, or receive less favorable net prices, on transactions for the account than would otherwise be the case.

Please Note: In the event that the client directs Registrant to effect securities transactions for the client's accounts through a specific broker-dealer, the client correspondingly acknowledges that such direction may cause the accounts to incur higher commissions or transaction costs than the accounts would otherwise incur had the client determined to effect account transactions through alternative clearing arrangements that may be available through Registrant.

The Registrant's Chief Compliance Officer, Milton D. Thiel, remains available to address any questions that a client or prospective client may have regarding the above arrangement.

- B. To the extent that the Registrant provides investment management services to its clients, the transactions for each client account generally will be effected independently, unless the Registrant decides to purchase or sell the same securities for several clients at approximately the same time. The Registrant may (but is not obligated to) combine or “bunch” such orders to obtain best execution, to negotiate more favorable commission rates or to allocate equitably among the Registrant's clients differences in prices and commissions or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among clients in proportion to the purchase and sale orders placed for each client account on any given day. The Registrant shall not receive any additional compensation or remuneration as a result of such aggregation.

Item 13 Review of Accounts

- A. For those clients to whom Registrant provides investment supervisory services, account reviews are conducted on an ongoing basis by the Registrant's Principals and/or representatives. All investment supervisory clients are advised that it remains their responsibility to advise the Registrant of any changes in their investment objectives and/or financial situation.
