Item 4 – Advisory Business

Ostrofe Financial Consultants, Inc. provides financial planning and consulting services to a variety of clients. These include individuals, pension and profit-sharing plans, trusts, estates, charitable institutions, and corporations or businesses.

The Investment Advisor first conducts an initial interview and gathers data to assist the client in determining specific needs, goals, objectives and tolerance for risk.

Financial planning and consulting services are provided in the areas of investment planning, insurance planning, pension/retirement planning, tax planning, estate planning, educational planning, debt consolidation, tax reduction, budgeting, etc. The Advisor employs fundamental, long-term financial planning and investment strategies.

For such services, Ostrofe Financial Consultants, Inc. has a basic fee schedule for managed assets.

Assets Under Management:

Discretionary Assets: \$59,591,162 (469 accounts)

Non-Discretionary Assets: \$96,472,263 (2,187 accounts)

Total: \$156,063,425 (2,656 accounts)

Item 5 – Fees and Compensation

The specific manner in which fees are charged by Ostrofe Financial Consultants, Inc. is established in a client's Investment Advisory Agreement.

Option A:

Fees for financial planning and investment advisory services will be billed on an hourly basis as follows: Principal Planner - \$170 per hour, General Financial Planner - \$112 per hour, Operational Services - \$75 per hour, General Administrative Services - \$65 per hour.

Billable fees will be offset by investment commissions actually received by the Principal. Advisory fees are non-negotiable. Commission offset is entered in our billing system as a credit. All fees are deducted from this amount. Clients excluded from the above procedure are those with commissionable investments pending, which in the near future will offset billable time.

OR

Option B:

Fees are based by a household of accounts as a percentage of assets under management, billed at the end of each quarter, as follows:

Portfolio Value	Annual Fee
\$25,000 - \$999,999	1.25%
\$1,000,000 - +	1.00%

For clients who select "Option B" on the Investment Advisory Agreement, fees are debited quarterly pro-rata to clients at the account level. We will strive to keep a 2% cash value in the client's account at all times to avoid having to sell funds to pay for fees. However, clients also agree, should cash value be insufficient to cover fees (due to client withdrawals, custodial fees, etc.), funds can be redeemed to cover fees at the broker's discretion. The client pays ticket charges, mutual fund expenses (as outlined by prospectus), and any applicable custodial fees. If the client terminates their agreement before the last quarter billed pro-rata is fulfilled, their reimbursement will be as follows:

Last quarterly fee paid/days of billing period divided by the number of days remaining in billing period = Reimbursement Amount

All fees and charges go through our Broker/Dealer, National Planning Corporation.

Item 6 – Performance-Based Fees and Side-By-Side Management

Ostrofe Financial Consultants, Inc. does not charge any performance-based fees (fees based on a share of capital gains on or capital appreciation of the assets of a Client).

Item 7 – Types of Clients

Ostrofe Financial Consultants, Inc. provides financial planning services to individuals, pension and profit-sharing plans, trusts, estates, charitable institutions, and corporations or businesses.

Item 8 – Methods of Analysis, Investment Strategies and Risk of Loss

Security analysis methods at Ostrofe Financial Consultants, Inc. include fundamental and technical analysis. The main sources of information include Morningstar reports, fund prospectus, S & P reports, financial newspapers and magazines, research materials prepared by others, filings with the Securities and Exchange Commission, and annual reports.

The primary investment strategy we utilize in providing financial planning and consulting services to client portfolios is strategic asset allocation. We may use passive and actively managed mutual funds, exchange-traded funds and, when appropriate for the client, individual stocks, options and individual municipal bonds where there are opportunities to make a difference by security selection. Portfolios are generally globally diversified to control the risk associated with traditional markets. The investment strategy for a specific client is based upon the objectives, income needs, and tax situation stated by the client during consultations. The client may change these objectives at any time. Each client portfolio is constructed solely for that client.

All investment programs have certain risks that are borne by the investor. Our investment approach keeps the risk of loss in mind. However, as with all investments, clients face investment risks including the following: Loss of principal risk, interest rate risk, market risk, inflation risk, currency risk, business risk, liquidity risk, and financial risk.

Item 9 – Disciplinary Information

Ostrofe Financial Consultants, Inc. has had no legal or disciplinary events, and does not have any pending events.

Item 10 – Other Financial Industry Activities and Affiliations

Investment Advisor Representatives of Ostrofe Financial Consultants, Inc. are Registered Representatives of National Planning Corporation (“NPC”) or NPC of America (in the states of Florida and New York). As such, Investment Advisor Representatives may recommend or suggest the use of NPC as the Broker/Dealer to effect securities recommendations, but does not require that clients choose NPC as the Broker/Dealer.

Investment Advisor Representatives of Ostrofe Financial Consultants, Inc. may, in their capacity as Registered Representatives of National Planning Corporation (“NPC”), or as agents appointed with various life, disability or other insurance companies, receive commissions, 12(b)-1 fees, or other compensation from the respective product sponsors and/or as a result of effecting securities transactions for clients.

Item 11 – Code of Ethics

Ostrofe Financial Consultants, Inc. maintains a Code of Ethics. The Code of Ethics sets forth standards of conduct expected of personnel; requires compliance with Federal securities laws, and addresses conflicts that arise from personal trading by personnel. Clients may request a copy of the Code of Ethics.

At times, Ostrofe Financial Consultants, Inc. officers, directors or employees may take positions in the same securities as clients, and we will follow Ostrofe Financial Consultants, Inc.’s Code of Ethics. The firm and its Investment Advisors will generally be “last in” and “last out” for the trading day when trading occurs in close proximity to client trades. We will not violate our fiduciary responsibilities to our clients. Trading shortly ahead of clients is prohibited. Should a conflict occur because of materiality (i.e. a thinly traded stock), disclosure will be made to the client(s) at the time of trading. Incidental trading not deemed to be a conflict (i.e. a purchase or sale which is minimal in relation to the total outstanding value, and as such would have negligible effect on the market price), would not be disclosed at the time of trading.

Item 12 – Brokerage Practices

As Ostrofe Financial Consultants, Inc. only provides consulting and financial planning services, Ostrofe Financial Consultants, Inc. does not manage any client accounts and as such does not direct any brokerage transactions.

Soft Dollar Practices

While in the course of business, company investment officers deal often with brokers and dealers of securities. As a result of the nature of company business, however, the company uses neither “soft dollar” arrangements nor “directed brokerage” arrangements.

Item 13 – Review of Accounts

Ostrofe Financial Consultants, Inc. has three investment review personnel: Allen F. Ostrofe (President), Frederick A. Fisher (Registered Principal/Financial Consultant), and Michael S. Fronk (Investment Advisor Representative). Review of client financial plans occur on a regular basis at least annually, or at the request of the client, on new information about an investment, changes in tax laws, or other important change, and as market conditions dictate. The scope includes an entire financial review, including investments purchased through (or not through) Ostrofe Financial Consultants, Inc., balance sheet, financial statement, tax return, estate, retirement, and insurance updates.

Each client receives, generally, a review from their Registered Investment Advisor him/herself. There is currently no limit to the amount of accounts an Advisor may handle. Each Advisor is backed by client service personnel who monitor each client’s separate accounts on a daily basis to ensure follow-up and back-up between client and vehicles in which clients are invested.

Reports are provided to clients during review appointments at least once a year. These reports are provided on a computer updated Confidential Financial Analysis form, and notes/comments are recorded on the same form to preserve meeting results for the future.

Statements and trade confirmations from either Broker/Dealers of the New York Stock Exchange or corporate trust departments serve as monthly or quarterly reports to clients on their accounts. These statements outline all securities positions, monthly activity in accounts, and current market value.

Item 14 – Client Referrals and Other Compensation

Ostrofe Financial Consultants, Inc. has been fortunate to receive many client referrals over the years. The referrals have come from current clients, estate planning attorneys, accountants, employees, personal friends of employees and other sources. The firm does not pay for referrals.

Ostrofe Financial Consultants, Inc. does not accept referral fees or any form of remuneration from other professionals when a prospect or client is referred to them, nor pay any referral fees or any form of remuneration for referrals from other professionals.

Item 15 - Custody

As Ostrofe Financial Consultants, Inc. only provides consulting and financial planning services, Ostrofe Financial Consultants, Inc. does not maintain any client accounts and does not take custody of client accounts. However, clients will receive statements from the Broker/Dealer, bank or other qualified custodian that holds

and maintains client investment assets. Ostrofe Financial Consultants, Inc. urges you to carefully review such statements and compare such official custodial records to the account reports that we may provide to you.

Item 16 – Investment Discretion

Ostrofe Financial Consultants, Inc. does not accept discretionary authority to manage securities accounts on behalf of clients.

Item 17 – Voting Client Securities

As a matter of firm policy and practice, Ostrofe Financial Consultants, Inc. does not have any authority to and does not vote proxies on behalf of advisory clients. Clients retain the responsibility for receiving and voting proxies for any and all securities maintained in Client portfolios. Clients maintain exclusive responsibility for directing the manner in which proxies solicited by issuers of securities beneficially owned by the Client shall be voted as well as making all other elections relative to mergers, acquisitions, tender offers or other events pertaining to the Client's investment assets.

Item 18 – Financial Information

Registered Investment Advisors are required in this Item to provide you with certain financial information or disclosures about Ostrofe Financial Consultants, Inc.'s financial condition. Ostrofe Financial Consultants, Inc. has no financial commitment that impairs its ability to meet contractual and fiduciary commitments to clients, and has not been the subject of a bankruptcy proceeding.

*The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. (“CFP Board”).

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 62,000 individuals have obtained CFP® certification in the United States.

To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board’s studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor’s Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board’s financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP® Certification Examination. The examination, administered in 10 hours over a two-day period, includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*. The Standards prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.
