Web Address: www.nesteggs.cc

3/19/2012

This brochure provides information about the qualifications and business practices of NestEggs, Inc.. If you have any questions about the contents of this brochure, please contact us at (904) 348-3131 or kevin@nesteggs.cc. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about NestEggs, Inc. also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 133507.

Item 2 Material Changes

The SEC adopted "Amendments to Form ADV" in July, 2010. This Firm Brochure, dated 03/19/2012, is our new disclosure document prepared according to the SEC's new requirements and rules. As you will see, this document is a narrative that is substantially different in form and content, and includes some new information that we were not previously required to disclose.

After our initial filing of this Brochure, this Item will be used to provide our clients with a summary of new and/or updated information. We will inform you of the revision(s) based on the nature of the updated information.

Consistent with the new rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

Item 4 Advisory Business

Nesteggs Retirement Plan Services, Inc. is a SEC-registered investment adviser with its principal place of business located in Florida. Nesteggs Retirement Plan Services, Inc. began conducting business in 2000.

Listed below are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

- Constance Cromwell Slimmon, President

NestEggs, Inc. offers the following advisory services to our clients:

PENSION CONSULTING SERVICES

We provide several advisory services separately or in combination. While the primary clients for these services will be pension, profit sharing and 401(k) plans, we offer these services, where appropriate, to individuals and trusts, estates and charitable organizations. Pension Consulting Services are comprised of four distinct services. Clients may choose to use any or all of these services. NestEggs also provides Third Party Administration for its pension, profit sharing and/or 401(k) plan clients.

Investment Policy Statement Preparation (hereinafter referred to as "IPS"):

We will meet with the client (in person or over the telephone) to determine an appropriate investment strategy that reflects the plan sponsor's stated investment objectives for management of the overall plan. Our firm then prepares a written IPS detailing those needs and goals, including an encompassing policy under which these goals are to be achieved. The IPS also lists the criteria for selection of investment vehicles as well as the procedures and timing interval for monitoring of investment performance.

Selection of Investment Vehicles:

We assist plan sponsors in constructing appropriate asset allocation models. We will then review various mutual funds (both index and managed) to determine which investments are appropriate to implement the client's IPS. The number of investments to be recommended will be determined by the client, based on the IPS.

Monitoring of Investment Performance:

We monitor client investments continually, based on the procedures and timing intervals delineated in the Investment Policy Statement. Although our firm is not

involved in any way in the purchase or sale of these investments, we supervise the client's portfolio and will make recommendations to the client as market factors and the client's needs dictate.

Employee Communications:

For pension, profit sharing and 401(k) plan clients with individual plan participants exercising control over assets in their own account ("self-directed plans"), we may also provide semi-annual educational support and investment workshops designed for the plan participants. The nature of the topics to be covered will be determined by us and the client under the guidelines established in ERISA Section 404(c). The educational support and investment workshops will NOT provide plan participants with individualized, tailored investment advice or individualized, tailored asset allocation recommendations.

At a plan participant's request, and if so arranged with the client, Nesteggs, Inc. may also provide limited consulting advice to the participant, with regard to the participant's asset allocation decision. Fees for this advisory service are included in the fee paid by the plan to Nesteggs, Inc. In addition, Nesteggs, Inc. provides non-investment related consulting services related to retirement plan compliance and administration.

MODEL PORTFOLIO MANAGEMENT

Our firm provides continuous portfolio management services to clients using mutual fund model asset allocation portfolios. Each mutual fund model portfolio is designed to meet a particular investment goal. In addition to providing mutual fund model portfolio management to our Pension, Profit Sharing and 401k Plan clients above, we also offer these services to Non-Pension clients. Non-Pension clients include but are not limited to Individual Retirement Accounts, Individuals and High net worth individuals. Below are the three mutual fund model asset allocation portfolios we provide:

Aggressive Portfolio

Balanced Portfolio

Conservative Portfolio

Through personal discussions with the client in which the client's goals and objectives are established, we initially determine whether the model portfolio is suitable to the client's circumstances. Once we confirm suitability, the portfolio is managed based on the portfolio's goal, rather than on each client's individual needs. Clients are under no obligation to select from the three mutual fund model asset allocation portfolios offered by NestEggs, Inc. Clients,

nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account. Clients retain individual ownership of all securities.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Once the client's portfolio has been established, we review the portfolio allocations annually, and if necessary, rebalance the portfolio on an annual basis, based on the client's individual needs.

Our investment recommendations are not limited to any specific product or service offered by a broker dealer or insurance company and will generally include advice regarding:

- Mutual fund shares

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

To ensure that our initial determination of an appropriate portfolio remains suitable and that the account continues to be managed in a manner consistent with the client's financial circumstances, we will:

1. send quarterly statements with reminders to each Model Portfolio Management Services client requesting any updated information regarding changes in the client's financial situation and investment objectives;
2. at least annually, contact each client in our model portfolios that we feel are in an inappropriate portfolio to determine whether there have been any changes in the client's financial situation or investment objectives, and whether the client wishes to impose investment restrictions or modify existing restrictions;
3. be reasonably available to consult with the client and Plan participants of the client; and
4. maintain client suitability information in each client's file.

Item 5 Fees and Compensation

PENSION CONSULTING FEES

Our fees for Pension Consulting Services will be charged in one of two different ways:

1) As a fixed monthly fee of \$200 and up, based upon the plan features (including whether or not the plan will include Nesteggs' Mutual Fund Model Portfolios), reporting requirements and the number of participants in the Retirement Plan. Nesteggs, Inc. generally charges a fixed fee of \$9 per participant per month. We also charge a Platform fee for our Third Party Administration services as described in the General Information section below.

2) As an hourly fee, ranging between \$90/hour and \$225/hour, depending on the experience of the individual conducting the work, and the specific nature of the client's circumstances. The exact rate will be mutually agreed upon with the client prior to the inception of the work. Fees for this service will be collected in arrears at stages throughout the consulting process, which have been agreed upon with the client. There is a minimum annual fee requirement of \$1,800 for this service, although under certain circumstances this may be negotiable.

MODEL PORTFOLIO MANAGEMENT FEES

The annualized fee for our Mutual Fund Model Portfolio Management Services is included in the fees charged for Pension Consulting Services above, negotiated on a case-by-case basis. Overall factors to be considered will include the type and amount of assets to be managed and the complexity of the client's circumstances.

Non-Pension clients will be charged a minimum monthly fee of \$83.33 per month and a Platform charge as described in the General Information section below and in our annual Service Agreement.

GENERAL INFORMATION

Nesteggs, Inc. may charge a bona fide, one-time records takeover fee of up to \$15,000. When acting in the capacity of a Third-Party Administrator or

managing Non-Pension client accounts, Nesteggs, Inc. may also charge a platform fee, typically 4 Basis Points per month, to cover certain back-office and technological support functions. This fee is separate and distinct from any fee charged for advisory services and is directly debited from client accounts. This fee may be negotiable. No investment advice is rendered with respect to this charge.

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 30 days written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded.

Mutual Fund Fees: All fees paid to NestEggs, Inc. for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Wrap Fee Programs and Separately Managed Account Fees: NestEggs, Inc. does not participate in any Wrap Fee Programs. Pension clients may select an Independent Investment advisor to assist with the management of their Pension, Profit Sharing and/or 401k Plan assets in a Separately Managed Account. Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which are subject to the terms agreed upon in a separate service agreement with the independent advisor. Such fees require a client's signed authorization before they will be charged. We will review with clients any separate program fees that may be charged to clients.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to NestEggs, Inc.'s minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

ERISA Accounts: NestEggs, Inc. is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"), and regulations under the Internal Revenue Code of 1986 (the "Code"), respectively. As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, NestEggs, Inc. may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however, only when such fees are used to offset NestEggs, Inc.'s advisory fees.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

NestEggs, Inc. does not charge performance-based fees.

Item 7 Types of Clients

NestEggs, Inc. provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals
- Pension and profit sharing plans (other than plan participants)

There are no Investment minimums applied for any of the clients referenced above.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following method of analysis in formulating our investment advice and/or managing client assets:

Mutual Fund and/or ETF Analysis. We primarily use Index Funds, however, in the case of managed mutual funds, we look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

Nesteggs, Inc. primarily focuses on asset class diversification and underlying fund characteristics in its analysis of securities. In comparing mutual funds within an asset class, NestEggs, Inc. uses comparative historical data published by Morningstar, particularly the Sharpe Ratio, Standard Deviation, and 10-year performance relative to asset-class peers.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy in managing client accounts, provided that such strategy is appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

NestEggs, Inc. acts as a Third Party Administrator for its Pension Clients and receives distinct fees for such services as described in Item 5 above. NestEggs, Inc. requires Pension Clients to utilize our Third Party Administration services. Clients should be aware that the receipt of additional compensation by NestEggs, Inc. and its management persons or employees creates a conflict of interest that may impair the objectivity of our firm and these individuals when making advisory recommendations. NestEggs, Inc. endeavors at all times to put the interest of its clients first as part of our fiduciary duty as a registered investment adviser; we take the following steps to address this conflict:

- we disclose to clients the existence of all material conflicts of interest,

- including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- we disclose to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
 - we collect, maintain and document accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
 - our firm's management conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
 - we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
 - we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
 - we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

NestEggs, Inc. and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

NestEggs, Inc.'s Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to kevin@nesteggs.cc, or by calling us at (904) 348-3131.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. Clients can decline to implement any advice rendered, except in situations

- where our firm is granted discretionary authority.
8. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
 9. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
 10. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
 11. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 Brokerage Practices

As a matter of policy and practice, NestEggs, Inc. does not generally block client trades and, therefore, we implement client transactions separately for each account. Consequently, certain client trades may be executed before others, at a different price and/or commission rate. Additionally, our clients may not receive volume discounts available to advisers who block client trades. NestEggs primarily invests in Mutual Funds so in general, block trading does not apply.

We do not have any formal or informal soft-dollar arrangements and do not receive any soft-dollar benefits.

We do not request or accept the discretionary authority to determine the broker dealer to be used for client accounts. Clients must direct us as to the broker dealer to be used for all client securities transactions. In directing the use of a particular broker or dealer, it should be understood that we will not have authority to negotiate commissions among various brokers, and best execution may not be achieved, resulting in higher transaction costs for clients.

TD Ameritrade Institutional

NestEggs, Inc. participates in the institutional customer program offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member SIPC ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. NestEggs, Inc. receives some benefits from TD Ameritrade through our participation in the program.

NestEggs, Inc. participates in TD Ameritrade's Institutional customer program and we may recommend TD Ameritrade to our clients for custody and brokerage services. There is no direct link between our firm's participation in the program

and the investment advice we give to our clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors.

These benefits include the following products and services (provided without cost or at a discount): duplicate client statements and confirmations; research related products and tools; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain Institutional money managers.

Some of the products and services made available by TD Ameritrade through the program may benefit NestEggs, Inc. but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise. The benefits received by NestEggs, Inc. through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by NestEggs, Inc. or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our recommendation of TD Ameritrade for custody and brokerage services.

NestEggs, Inc.'s receipt of Additional Services raises potential conflicts of interest. In providing Additional Services to our firm, TD Ameritrade most likely considers the amount and profitability to TD Ameritrade of the assets in, and trades placed for, our client accounts maintained with TD Ameritrade. TD Ameritrade has the right to terminate the Additional Services Addendum with NestEggs, Inc., in its sole discretion, provided certain conditions are met. Consequently, in order to continue to obtain the Additional Services from TD Ameritrade, we may have an incentive to recommend to our clients that the assets under management by us be held in custody with TD Ameritrade and to place transactions for client accounts with TD Ameritrade.

NestEggs, Inc.'s receipt of Additional Services does not diminish our duty to act in the best interests of our clients, including seeking best execution of trades for client accounts.

Item 13 Review of Accounts

MODEL PORTFOLIO MANAGEMENT SERVICES

REVIEWS: While the underlying securities within Model Portfolio Management Services accounts are regularly monitored, these accounts are reviewed on an annual basis. Accounts are reviewed in the context of the investment objectives and guidelines of each mutual fund model portfolio as well as any investment restrictions provided by the client. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: Robert F. Slimmon, Constance C. Slimmon and Kevin B. Cheezum.

REPORTS: In addition to the monthly statements and confirmations of transactions that Model Portfolio Management Services clients receive from their broker-dealer, NestEggs, Inc. will provide quarterly reports summarizing account performance, balances and holdings. These reports will also remind the client to notify us if there have been changes in the client's financial situation or investment objectives and whether the client wishes to impose investment restrictions or modify existing restrictions.

PENSION CONSULTING SERVICES

REVIEWS: NestEggs, Inc. will review the client's Investment Policy Statement (IPS) whenever the client advises us of a change in circumstances regarding the needs of the plan. NestEggs, Inc. will also review the investment options of the plan according to the agreed upon time intervals established in the IPS. Such reviews will generally occur annually.

These accounts are reviewed by: Robert F. Slimmon, Constance C. Slimmon and Kevin B. Cheezum.

REPORTS: NestEggs, Inc. will provide reports to Pension Consulting Services clients based on the terms set forth in the client's Investment Policy Statement (IPS).

Item 14 Client Referrals and Other Compensation

We currently pay referral fees to 401kExchange, Inc. for referring advisory clients to our firm. Payment of referral fees for prospective client referrals creates a potential conflict of interest to the extent that such a referral is not unbiased and the solicitor is, at least partially, motivated by financial gain. Therefore, such a referral may be made even if our advisory services are not suitable to a particular client's needs or entering into an advisory relationship with us is not, overall, in the best interest of the client. As these situations represent a conflict of interest, we have established the following restrictions in

order to ensure our fiduciary responsibilities:

- All such referral fees are paid in accordance with the requirements of Rule 206(4)-3 of the Investment Advisers Act of 1940, and any corresponding state securities law requirements;
- Any such referral fee will be paid solely from our investment management fee, and will not result in any additional charge to the client;
- If the client is introduced to us by an unaffiliated solicitor, NestEggs, Inc., at the time of the initial meeting, will disclose the nature of his/her/its solicitor relationship and provide each prospective client with a copy of our Form ADV Part 2 Brochure, including the compensation to be received by the solicitor from us; and
- All referred clients will be carefully screened to ensure that our fees, services, and investment strategies are suitable to their investment needs and objectives.

It is NestEggs, Inc.'s policy not to accept or allow our related persons to accept any form of compensation, including cash, sales awards or other prizes, from a non-client in conjunction with the advisory services we provide to our clients. NestEggs may subcontract certain retirement plan record-keeping functions for client plans that are not within its geographic region. Such functions could include:

- Extracting and assembling payroll data to enable NestEggs to generate retirement plan contribution calculations,
- Delivering and reviewing preliminary contributions,
- Delivering and reviewing final contributions.

Where such subcontracting of services is contemplated or executed, it will be disclosed in writing to the client and will specifically exclude any services which are investment advisory in nature, unless the service provider is itself a Registered Investment Advisor with its own separate contractual agreement with the client.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts. Our clients receive monthly invoices detailing our Recordkeeping and Investment Management fee for the respective period.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis,

the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

In addition to the periodic statements that clients receive directly from their custodians, we also send account statements directly to our clients on a quarterly basis. We urge our clients to carefully compare the information provided on these statements to ensure that all account transactions, holdings and values are correct and current.

Our firm does not have actual or constructive custody of client accounts.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- determine the security to buy or sell; and/or
- determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for

instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We may provide clients with consulting assistance regarding proxy issues if they contact us with questions at our principal place of business.

Item 18 Financial Information

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

As an advisory firm that maintains discretionary authority for client accounts, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. NestEggs, Inc. has no additional financial circumstances to report.

NestEggs, Inc. has not been the subject of a bankruptcy petition at any time during the past ten years.
