Advisory Business

Form ADV Part 2A, Item 4

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe your advisory firm, including how long you have been in business. Identify your principal owner(s).

Notes: (1) For purposes of this item, your principal owners include the persons you list as owning 25% or more of your firm on Schedule A of Part 1A of Form ADV (Ownership Codes C, D or E). (2) If you are a publicly held company without a 25% shareholder, simply disclose that you are publicly held. (3) If an individual or company owns 25% or more of your firm through subsidiaries, you must identify the individual or parent company and intermediate subsidiaries. If you are an SEC-registered adviser, you must identify intermediate subsidiaries that are publicly held, but not other intermediate subsidiaries. If you are a state-registered adviser, you must identify all intermediate subsidiaries.

Erisey Wealth Management, LLC (EWM) is an investment advisory firm that provides advice to clients concerning investments they utilize to meet several investment objectives. Each client's investment strategy is personalized based on their particular risk tolerance and investment horizon. EWM employs an asset allocation process that promotes diversification and risk management.

EWM began operations in December of 2005. Kenneth R. Hartley Jr., CFA is the principal owner of the firm and controls 100% of the company's stock.

B. Describe the types of advisory services you offer. If you hold yourself out as specializing in a particular type of advisory service, such as financial planning, quantitative analysis, or market timing, explain the nature of that service in greater detail. If you provide investment advice only with respect to limited types of investments, explain the type of investment advice you offer, and disclose that your advice is limited to those types of investments.

Erisey Wealth Management, LLC (EWM) provides fee-based investment advisory services to individuals and corporations based on the specific investment objectives of the client. EWM utilizes asset allocation methodologies to manage risk in portfolios. EWM uses exchange traded funds, publicly traded equities, fixed income securities (both taxable and tax exempt) and cash equivalents as investment vehicles in client accounts.

C. Explain whether (and, if so, how) you tailor your advisory services to the individual needs of clients. Explain whether clients may impose restrictions on investing in certain securities or types of securities.

Each client's portfolio is managed according to the risk tolerances of the client and the time horizon of the client's investment objectives. At inception of the relationship, each client's risk return expectations are determined using modern portfolio theory and efficient market hypothesis software. Clients are asked to disclose any investment restrictions at this time. These restrictions will be incorporated in the client's investment policy, which governs the decision of investment selection during the relationship.

D. If you participate in wrap fee programs by providing portfolio management services, (1) describe the differences, if any, between how you manage wrap fee accounts and how you manage other accounts, and (2) explain that you receive a portion of the wrap fee for your services.

Not applicable.

E. If you manage client assets, disclose the amount of client assets you manage on a discretionary basis and the amount of client assets you manage on a non-discretionary basis. Disclose the date "as of" which you calculated the amounts.

Note: Your method for computing the amount of "client assets you manage" can be different from the method for computing "assets under management" required for Item 5.F in Part 1A. However, if you choose to use a different method to compute "client assets you manage," you must keep documentation describing the method

you use. The amount you disclose may be rounded to the nearest \$100,000. Your “as of” date must not be more than 90 days before the date you last updated your brochure in response to this.

As of December 31, 2011, asset under discretionary management were approximately \$24,750,000. There were no assets managed on a non-discretionary basis as of the same date.

Fees and Compensation

Form ADV Part 2A, Item 5

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe how you are compensated for your advisory services. Provide your fee schedule. Disclose whether the fees are negotiable.

Note: If you are an SEC-registered adviser, you do not need to include this information in a brochure that is delivered only to qualified purchasers as defined in section 2(a)(51)(A) of the Investment Company Act of 1940. Erisey Wealth Management LLC (EWM), is a fee only advisor. Fees are billed quarterly, in advance, according to the following schedule:

Up to \$2,500,000 in assets under management, annual fee is 100 basis points or 1%
The next \$2,500,000 in assets under management are charged 55 basis points or .55%
All asset above \$5,000,001 under management are charged 30 basis points or .30%

All fees are negotiable.

B. Describe whether you deduct fees from clients' assets or bill clients for fees incurred. If clients may select either method, disclose this fact. Explain how often you bill clients or deduct your fees.

All management fees are deducted directly from client's accounts. Clients are billed quarterly, in advance, using the prior three months ending account balances.

C. Describe any other types of fees or expenses clients may pay in connection with your advisory services, such as custodian fees or mutual fund expenses. Disclose that clients will incur brokerage and other transaction costs, and direct clients to the section(s) of your brochure that discuss brokerage.

Clients may incur additional fees charged by the managers of publicly traded ETF's or exchange traded funds. Erisey Wealth Management will provide disclosure to clients of those fees, but has no control over them. Clients will be charged a brokerage commission to execute the purchase and sale of any security. Erisey Wealth Management receives no benefit from the brokerage commissions charged.

D. If your clients either may or must pay your fees in advance, disclose this fact. Explain how a client may obtain a refund of a pre-paid fee if the advisory contract is terminated before the end of the billing period. Explain how you will determine the amount of the refund.

Clients are charged a management fee quarterly, in advance. If a client terminates the relationship, they must give Erisey Wealth Management 30 days notice of intention to end the relationship. Erisey Wealth Management will refund any unearned portion of the management fee (notice date plus 30 days) to client within 30 days of final termination date.

E. If you or any of your supervised persons accepts compensation for the sale of securities or other investment products, including asset-based sales charges or service fees from the sale of mutual funds, disclose this fact and respond to Items 5.E.1, 5.E.2, 5.E.3 and 5.E.4.

1. Explain that this practice presents a conflict of interest and gives you or your supervised persons an incentive to recommend investment products based on the compensation received, rather than on a client's needs. Describe generally how you address conflicts that arise, including your procedures for disclosing the conflicts to clients. If you primarily recommend mutual funds, disclose whether you will recommend "no-load" funds.

Not applicable.

2. Explain that clients have the option to purchase investment products that you recommend through other brokers or agents that are not affiliated with you.

Not applicable.

3. If more than 50% of your revenue from advisory clients results from commissions and other compensation for the sale of investment products you recommend to your clients, including asset-based distribution fees from the sale of mutual funds, disclose that commissions provide your primary or, if applicable, your exclusive compensation.

Not applicable.

4. If you charge advisory fees in addition to commissions or markups, disclose whether you reduce your advisory fees to offset the commissions or markups.

Note: If you receive compensation in connection with the purchase or sale of securities, you should carefully consider the applicability of the broker-dealer registration requirements of the [Securities Exchange Act of 1934](#) and any applicable state securities statutes.

Not applicable.

Performance-Based Fees and Side-By-Side Management

Form ADV Part 2A, Item 6

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

If you or any of your supervised persons accepts performance-based fees – that is, fees based on a share of capital gains on or capital appreciation of the assets of a client (such as a client that is a hedge fund or other pooled investment vehicle) – disclose this fact. If you or any of your supervised persons manage both accounts that are charged a performance-based fee and accounts that are charged another type of fee, such as an hourly or flat fee or an asset-based fee, disclose this fact. Explain the conflicts of interest that you or your supervised persons face by managing these accounts at the same time, including that you or your supervised persons have an incentive to favor accounts for which you or your supervised persons receive a performance-based fee, and describe generally how you address these conflicts.

Not applicable.

Types of Clients

Form ADV Part 2A, Item 7

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

Describe the types of clients to whom you generally provide investment advice, such as individuals, trusts, investment companies, or pension plans. If you have any requirements for opening or maintaining an account, such as a minimum account size, disclose the requirements.

Currently, Erisey Wealth Management, LLC has clients from the following categories: Individuals, trusts, corporations.

Methods of Analysis, Investment Strategies and Risk of Loss

Form ADV Part 2A, Item 8

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe the methods of analysis and investment strategies you use in formulating investment advice or managing assets. Explain that investing in securities involves risk of loss that clients should be prepared to bear.

Erisey Wealth Management LLC (EWM), employs asset allocation strategies based on the efficient market hypothesis and modern portfolio theory. Each clients risk tolerance is determined at the beginning of the relationship. Each client account is rebalanced quarterly to conform to the original risk desired by the client based on their investment objectives and investment time horizon. Clients incur the risk of investing in markets that may or may not provide historical correlations into the future.

B. For each significant investment strategy or method of analysis you use, explain the material risks involved. If the method of analysis or strategy involves significant or unusual risks, discuss these risks in detail. If your primary strategy involves frequent trading of securities, explain how frequent trading can affect investment performance, particularly through increased brokerage and other transaction costs and taxes.

Asset allocation strategies involve correlation of returns between different asset types. If the historical correlations of these asset classes do not continue into the future, they expected returns may not be met or could be exceeded. Asset allocation attempts to incorporate these correlations on a continuous basis. Because of rebalancing quarterly, portfolios will capture the historical correlations of asset classes with a small lag.

C. If you recommend primarily a particular type of security, explain the material risks involved. If the type of security involves significant or unusual risks, discuss these risks in detail.

Erisey Wealth Management LLC (EWM) uses publicly traded stocks, bonds and ETF's (exchange traded funds). These securities carry the traditional risks associated with the public market. There are no unusual risks associated with these securities provided that the publicly traded markets are functioning properly.

Disciplinary Information

Form ADV Part 2A, Item 9

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

If there are legal or disciplinary events that are material to a client's or prospective client's evaluation of your advisory business or the integrity of your management, disclose all material facts regarding those events.

Items 9.A, 9.B, and 9.C list specific legal and disciplinary events presumed to be material for this Item. If your advisory firm or a management person has been involved in one of these events, you must disclose it under this Item for ten years following the date of the event, unless (1) the event was resolved in your or the management person's favor, or was reversed, suspended or vacated, or (2) you have rebutted the presumption of materiality to determine that the event is not material (see Note below). For purposes of calculating this ten-year period, the "date" of an event is the date that the final order, judgment, or decree was entered, or the date that any rights of appeal from preliminary orders, judgments or decrees lapsed.

Items 9.A, 9.B, and 9.C do not contain an exclusive list of material disciplinary events. If your advisory firm or a management person has been involved in a legal or disciplinary event that is not listed in Items 9.A, 9.B, or 9.C, but nonetheless is material to a client's or prospective client's evaluation of your advisory business or the integrity of its management, you must disclose the event. Similarly, even if more than ten years have passed since the date of the event, you must disclose the event if it is so serious that it remains material to a client's or prospective client's evaluation.

A. A criminal or civil action in a domestic, foreign or military court of competent jurisdiction in which your firm or a management person

1. was convicted of, or pled guilty or nolo contendere ("no contest") to (a) any felony; (b) a misdemeanor that involved investments or an investment-related business, fraud, false statements or omissions, wrongful taking of property, bribery, perjury, forgery, counterfeiting, or extortion; or (c) a conspiracy to commit any of these offenses;

Not applicable.

Not applicable.

4. was the subject of any order, judgment, or decree permanently or temporarily enjoining, or otherwise limiting, your firm or a management person from engaging in any investment-related activity, or from violating any investment-related statute, rule, or order.

Hartley Jr., CFA were named as co-defendants in an action by Compass Bank seeking injunctive relief for alleged breach of provisions in an employment contract between the two parties. B. An administrative proceeding before the SEC, any other federal regulatory agency, any state regulatory agency, or any foreign financial regulatory authority in which your firm or a management person

1. was found to have caused an investment-related business to lose its authorization to do business; or

Not applicable.

2. was found to have been involved in a violation of an investment-related statute or regulation and was the subject of an order by the agency or authority

(a) denying, suspending, or revoking the authorization of your firm or a management person to act in an investment-related business;

(b) barring or suspending your firm's or a management person's association with an investment-related business;

(ii) otherwise significantly limited from investment-related activities; or (iii) fined more than \$2,500.

Note: You may, under certain circumstances, rebut the presumption that a disciplinary event is material. If an event is immaterial, you are not required to disclose it. When you review a legal or disciplinary event involving your firm or a management person to determine whether it is appropriate to rebut the presumption of materiality, you should consider all of the following factors: (1) the proximity of the person involved in the disciplinary event to the advisory function; (2) the nature of the infraction that led to the disciplinary event; (3) the severity of the disciplinary sanction; and (4) the time elapsed since the date of the disciplinary event. If you conclude that the materiality presumption has been overcome, you must prepare and maintain a file memorandum of your determination in your records. See [SEC rule 204-2\(a\)\(14\)\(iii\)](#).

Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Form ADV Part 2A, Item 11

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. If you are an SEC-registered adviser, briefly describe your code of ethics adopted pursuant to [SEC rule 204A-1](#) or similar state rules. Explain that you will provide a copy of your code of ethics to any client or prospective client upon request.

See Items 11A, 11B, 11C.

Brokerage Practices

Form ADV Part 2A, Item 12

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. Describe the factors that you consider in selecting or recommending broker-dealers for client transactions and determining the reasonableness of their compensation (e.g., commissions).

1. **Research and Other Soft Dollar Benefits.** If you receive research or other products or services other than execution from a broker-dealer or a third party in connection with client securities transactions ("soft dollar benefits"), disclose your practices and discuss the conflicts of interest they create.

Note: Your disclosure and discussion must include all soft dollar benefits you receive, including, in the case of research, both proprietary research (created or developed by the broker-dealer) and research created or developed by a third party.

Not applicable.

a. Explain that when you use client brokerage commissions (or markups or markdowns) to obtain research or other products or services, you receive a benefit because you do not have to produce or pay for the research, products or services.

Not applicable

b. Disclose that you may have an incentive to select or recommend a broker-dealer based on your interest in receiving the research or other products or services, rather than on your clients' interest in receiving most favorable execution.

Not applicable

c. If you may cause clients to pay commissions (or markups or markdowns) higher than those charged by other broker-dealers in return for soft dollar benefits (known as paying-up), disclose this fact.

Not applicable

d. Disclose whether you use soft dollar benefits to service all of your clients' accounts or only those that paid for the benefits. Disclose whether you seek to allocate soft dollar benefits to client accounts proportionately to the soft dollar credits the accounts generate.

Not applicable

e. Describe the types of products and services you or any of your related persons acquired with client brokerage commissions (or markups or markdowns) within your last fiscal year.

Note: This description must be specific enough for your clients to understand the types of products or services that you are acquiring and to permit them to evaluate possible conflicts of interest. Your description must be more detailed for products or services that do not qualify for the safe harbor in [section 28\(e\) of the Securities Exchange Act of 1934](#), such as those services that do not aid in investment decision-making or trade execution. Merely disclosing that you obtain various research reports and products is not specific enough.

Not applicable

f. Explain the procedures you used during your last fiscal year to direct client transactions to a particular broker-dealer in return for soft dollar benefits you received.

Not applicable

2. **Brokerage for Client Referrals.** If you consider, in selecting or recommending broker-dealers, whether you or a related person receives client referrals from a broker-dealer or third party, disclose this practice and discuss the conflicts of interest it creates.

a. Disclose that you may have an incentive to select or recommend a broker-dealer based on your interest in receiving client referrals, rather than on your clients' interest in receiving most favorable execution.

Not applicable

b. Explain the procedures you used during your last fiscal year to direct client transactions to a particular broker-dealer in return for client referrals.

Not applicable

3. Directed Brokerage.

a. If you routinely recommend, request or require that a client direct you to execute transactions through a specified broker-dealer, describe your practice or policy. Explain that not all advisers require their clients to direct brokerage. If you and the broker-dealer are affiliates or have another economic relationship that creates a material conflict of interest, describe the relationship and discuss the conflicts of interest it presents. Explain that by directing brokerage you may be unable to achieve most favorable execution of client transactions, and that this practice may cost clients more money.

Not applicable

b. If you permit a client to direct brokerage, describe your practice. If applicable, explain that you may be unable to achieve most favorable execution of client transactions. Explain that directing brokerage may cost clients more money. For example, in a directed brokerage account, the client may pay higher brokerage commissions because you may not be able to aggregate orders to reduce transaction costs, or the client may receive less favorable prices.

Note: If your clients only have directed brokerage arrangements subject to most favorable execution of client transactions, you do not need to respond to the last sentence of Item 12.A.3.a. or to the second or third sentences of Item 12.A.3.b.

Erisey Wealth Management LLC (EWM) has one client that directed her account be held at a specific brokerage firm. This firm does the trades in the account, and also acts as the custodian on the account. The request was honored because the client works at the firm and is required by compliance to maintain the account there.

B. Discuss whether and under what conditions you aggregate the purchase or sale of securities for various client accounts. If you do not aggregate orders when you have the opportunity to do so, explain your practice and describe the costs to clients of not aggregating.

Erisey Wealth Management will attempt to aggregate purchases of securities when possible. On sales of securities, EWM will aggregated the trades and allocate sale price across each account.

Form ADV Part 2A, Item 13

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

Client accounts are monitored daily for unusual transactions. Each account is reviewed monthly by Kenneth R. Hartley Jr., CFA.

B. If you review client accounts on other than a periodic basis, describe the factors that trigger a review.
Not applicable.

C. Describe the content and indicate the frequency of regular reports you provide to clients regarding their accounts. State whether these reports are written.

Clients receive statements from the custodian monthly. A quarterly review is sent to clients by Erisey Wealth Management. Best efforts are made to review accounts with the client annually.

Client Referrals and Other Compensation

Form ADV Part 2A, Item 14

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

A. If someone who is not a client provides an economic benefit to you for providing investment advice or other advisory services to your clients, generally describe the arrangement, explain the conflicts of interest, and describe how you address the conflicts of interest. For purposes of this Item, economic benefits include any sales awards or other prizes.

Not applicable.

B. If you or a related person directly or indirectly compensates any person who is not your supervised person for client referrals, describe the arrangement and the compensation.

Note: If you compensate any person for client referrals, you should consider whether [SEC rule 206\(4\)-3](#) or similar state rules regarding solicitation arrangements and/or state rules requiring registration of investment adviser representatives apply.

Referral is paid based on amounts collected from client and remitted to Goldwater within 30 days.

Form ADV Part 2A, Item 15

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

If you have custody of client funds or securities and a qualified custodian sends quarterly, or more frequent, account statements directly to your clients, explain that clients will receive account statements from the broker-dealer, bank or other qualified custodian and that clients should carefully review those statements. If your clients also receive account statements from you, your explanation must include a statement urging clients to compare the account statements they receive from the qualified custodian with those they receive from you.

Not applicable.

Investment Discretion

Form ADV Part 2A, Item 16

THIS SECTION IS REQUIRED. YOU MAY NOT OMIT THIS HEADING. You must answer each item. If an item is not applicable, you must state that it is not applicable.

If you accept discretionary authority to manage securities accounts on behalf of clients, disclose this fact and describe any limitations clients may (or customarily do) place on this authority. Describe the procedures you follow before you assume this authority (e.g., execution of a power of attorney).

Erisey Wealth Management LLC (EWM) manages client's accounts on a discretionary basis only. Authority is granted to EWM through the client agreement executed at inception of the relationship. Any client imposed limitations are disclosed in the investment policy, which is incorporated into the advisory agreement signed by both client and EWM.
