This brochure provides information about the qualifications and business practices of Southern Financial Group, LLC. If you have any questions about the contents of this brochure, please contact us at 205-383-1415 or david@thesouthernfinancialgroup.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Southern Financial Group, LLC also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 142644.

Item 2 Material Changes

The SEC adopted "Amendments to Form ADV" in July, 2010. This Firm Brochure, dated 01/01/2011, is our new disclosure document prepared according to the SEC's new requirements and rules. As you will see, this document is a narrative that is substantially different in form and content, and includes some new information that we were not previously required to disclose.

After our initial filing of this Brochure, this Item will be used to provide our clients with a summary of new and/or updated information. We will inform you of the revision(s) based on the nature of the updated information.

Consistent with the new rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

Item 18	Financial Information	17

Item 4 Advisory Business

Southern Financial Group, LLC is a SEC-registered investment adviser with its principal place of business located in Alabama. Southern Financial Group, LLC began conducting business in 2006.

Listed below are the firm's only shareholders and/or advisors.

- Christopher T Holder, Owner / Partner
- David F Painter, Owner / Partner

Southern Financial Group, LLC offers the following advisory services to our clients:

INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT

Our firm provides continuous advice to a client regarding the investment of client funds based on the individual needs of the client. Through personal discussions in which goals and objectives based on a client's particular circumstances are established, we develop a client's personal investment policy and create and manage a portfolio based on that policy. During our data-gathering process, we determine the client's individual objectives, time horizons, risk tolerance, and liquidity needs. As appropriate, we also review and discuss a client's prior investment history, as well as family composition and background.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., maximum capital appreciation, growth, income, or growth and income), as well as tax considerations.

Clients may impose reasonable restrictions on investing in certain investments, types of investments, or industry sectors.

Our investment recommendations are not limited to any specific products or services offered by a broker-dealer or insurance company and will generally include advice regarding the following:

- Exchange-listed securities
- Securities traded over-the-counter
- Foreign issuers
- Warrants
- Corporate debt securities (other than commercial paper)
- Commercial paper
- Certificates of deposit

- Municipal securities
- Variable life insurance
- Variable annuities
- Mutual fund shares
- United States governmental securities
- Other

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

FINANCIAL PLANNING

We provide financial planning services. Financial planning is a comprehensive evaluation of a client's current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans. Through the financial planning process, all questions, information and analysis are considered as they impact and are impacted by the entire financial and life situation of the client. Clients requesting this service receive a written report which provides the client with a detailed financial plan designed to assist the client in achieving his or her financial goals and objectives.

In general, the financial plan can address any or all of the following areas:

- **PERSONAL:** We review family records, budgeting, personal liability, estate information and financial goals.
- **TAX & CASH FLOW:** We analyze the client's income tax and spending and planning for past, current and future years; then illustrate the impact of various investments on the client's current income tax and future tax liability.
- **INVESTMENTS:** We analyze investment alternatives and their effect on the client's portfolio.
- **INSURANCE:** When requested we review existing policies to ensure proper coverage for life, health, disability, long-term care, liability, home and automobile.
- **RETIREMENT:** We analyze current strategies and investment plans to help the client achieve his or her retirement goals.
- **ESTATE:** We assist the client in developing long-term strategies, including as appropriate, living trusts, wills, review of estate tax, powers of attorney, etc.

We gather required information through in-depth personal interviews. Information gathered includes the client's current financial status, tax status, future goals, returns objectives and attitudes towards risk. We carefully review documents supplied by the client, including a questionnaire completed by the client, and prepare a written report. Should the client choose to implement the recommendations contained in the plan we will assist them, however, implementation of financial plan recommendations is entirely at the client's discretion.

We also provide general advice on topics that may include tax and budgetary planning, estate planning and business planning.

Typically the financial plan is presented to the client promptly, provided that all information needed to prepare the financial plan has been provided.

CONSULTING, INCOME TAX PREPARATION, ESTATE SETTLEMENT SERVICES

Clients can also receive general advice and services on a more focused basis. This may include advice on only an isolated area(s) of concern such as income tax preparation, estate settlement issues, or any other specific topic. These services will be offered on a case by case basis.

AMOUNT OF MANAGED ASSETS

As of 12/31/2011, we were actively managing \$258,343,231 of clients' assets on a discretionary basis.

Item 5 Fees and Compensation

INVESTMENT SUPERVISORY SERVICES INDIVIDUAL PORTFOLIO MANAGEMENT FEES

The annualized fee for Investment Supervisory Services will be charged as a percentage of assets under management, according to the following schedule:

<u>Assets Under Management</u>	<u>Annual Fee</u>
First \$500,000	1%
Next \$500,000	.85%
Next \$1,000,000	.75%
Above \$2,000,000	.50%

Our fees are billed quarterly, in advance, at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value), of the client's account at the end of the previous quarter. Fees will be debited from the account in accordance with the client authorization in the Investment Advisory Agreement.

A minimum account size of \$50,000 of assets under management and a minimum quarterly fee of \$75 per account is required for this service. This account size and minimum quarterly fee may be negotiable under certain circumstances. Southern Financial Group, LLC may group certain related client accounts for the purposes of achieving the minimum account size and determining the annualized fee.

Limited Negotiability of Advisory Fees: Although Southern Financial Group, LLC has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs will be considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets; related accounts; portfolio style, account composition, reports, among other factors. The specific annual fee schedule will be identified in the contract between the adviser and each client.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

FINANCIAL PLANNING FEES

Southern Financial Group, LLC's Financial Planning fee will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

Our Financial Planning fees are calculated and charged on an hourly basis, ranging from \$50 to \$200 per hour. Although the length of time it will take to provide a Financial Plan will depend on each client's personal situation, we will provide an estimate for the total hours at the start of the advisory relationship. There is a minimum fee of \$1,000 for this service.

These fees may be waived for clients who choose to use the firm's investment supervisory services or other services provided by the firm's associated persons in their capacities as registered representatives or insurance agents.

Fees Offset By Commissions: If a Financial Planning client executes recommended securities transactions through associated persons of our firm in their separate capacities as registered representatives of a broker dealer, these individuals will earn commissions which are separate and distinct from fees charged for advisory services. In some instances, depending on the size of the transaction, advisory fees will be discounted, at our discretion, for commissions earned.

CONSULTING, INCOME TAX PREPARATION, ESTATE SETTLEMENT SERVICES FEES

Southern Financial Group, LLC's fee for these services will be determined based on the nature of the services being provided and the complexity of each client's circumstances. All fees are agreed upon prior to entering into a contract with any client.

These fees are calculated and charged on an hourly basis, ranging from \$50 to \$200 per hour. An estimate for the total hours is determined at the start of these relationships.

Mr. Holder and Mr. Painter are licensed as registered representatives of a broker-dealer and/or licensed as insurance agents with various insurance companies. In their separate capacity(ies), these individuals are able to implement investment recommendations for advisory clients for separate and typical compensation (i.e., commissions, 12b-1 fees or other sales-related forms of compensation). This presents a conflict of interest to the extent that these individuals recommend that a client invest in a product which results in a commission being paid to the individuals. Clients are not under any obligation to engage these individuals when considering implementation of recommendations. The implementation of any or all recommendations is solely at the discretion of the client.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of 24 hours written notice. As disclosed above, certain fees are paid in advance of services provided. Upon termination of any account, any prepaid, unearned fees will be promptly refunded. In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of days remaining in the billing period.

Mutual Fund Fees: All fees paid to Southern Financial Group, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or EFTs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Wrap Fee Programs and Separately Managed Account Fees: Clients who choose to participate in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with

which an independent investment manager effects transactions for the client's account(s). Refer to the "Brokerage Practices" section (Item 12) of this Form ADV for more information.

Additional Portfolio Recordkeeping Fees Clients will be charged a nominal annual fee of \$30 to \$35 to cover the cost of portfolio management software. This software allows the performance, cost basis, and other records pertaining to a client's portfolio to be available upon request by the client.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to Southern Financial Group, LLC's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

ERISA Accounts: Southern Financial Group, LLC is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"). As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Southern Financial Group, LLC may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however, only when such fees are used to offset Southern Financial Group, LLC's advisory fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Additional Compensation and Benefits: Although it is not common, Mr. Holder and Mr. Painter may receive incentive awards from broker-dealers or product issuers as a result of our clients purchasing their products. In such situations, the best interest of the client will be placed first in deciding whether to recommend the products provided by such third party.

Item 6 Performance-Based Fees and Side-By-Side Management

Southern Financial Group, LLC does not charge performance-based fees.

Item 7 Types of Clients

Southern Financial Group, LLC provides advisory services to the following types of clients:

- Individuals
- High net worth individuals
- Pension and profit sharing plans
- Trusts, Corporations, and other businesses not listed above

As previously disclosed in Item 5, our firm has established certain initial minimum account requirements. Please review the disclosures provided in each applicable service.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

We use the following methods of analysis in formulating our investment advice.

Asset Allocation. Rather than focusing primarily on investment selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals. For this reason, we will rebalance the portfolios as dictated by changes in economical conditions.

Risks for all forms of analysis. Our investment analysis methods rely on the assumption that the investments we purchase and sell, the rating agencies that review these investments, and other publicly-available sources of information about these investments, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase investments with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when we want exposure to a particular asset class over time.

Short-term purchases. When utilizing this strategy, we purchase investments with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a positive price swing in the investments we purchase.

Trading. Although not common, upon client request we may purchase investments with the idea of selling them very quickly (typically within 30 days or less). We do this in an attempt to take advantage of potential brief price swings.

Margin transactions. Although not common, upon client request we will purchase investments for your portfolio with money borrowed from your brokerage account. This allows you to purchase more investments than you would be able to with your available cash, and allows us to purchase investments without selling other current holdings.

Risk of Loss. Investments are not guaranteed and you may lose money. We ask that you work with us to help us understand your tolerance for risk.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Mr. Holder and Mr. Painter are registered representatives of Triad Advisors, Inc. Each receives separate and typical compensation when placing products for clients through this broker-dealer. Examples include but are not limited to life insurance, annuities, college 529 plans, etc.

While Southern Financial Group, LLC and these individuals endeavor at all times to put the interest of the clients first as part of our fiduciary duty, clients should be aware that the receipt of additional compensation itself creates a conflict of interest, and may affect the judgment of these individuals when making recommendations.

Triad Advisors, Inc. will not be used to implement transactions in our Investment Advisory Services accounts.

Mr. Holder and Mr. Painter are also shareholders of National Advisors Holdings, Inc. (NAH) a Delaware corporation organized in August of 1998. Each hold a minority interest in the aggregate stock of NAH. NAH has formed a federally chartered trust company, "National Advisors Trust Company (NATC). NATC offers trust services to clients of investment advisory firms, such as Southern Financial Group, LLC across the United States. When consistent with its fiduciary duty to act in the best interests of its clients, a client may be recommended to the trust services of NATC. Due to this minority interest of Mr. Holder and Mr. Painter in NATC, a conflict of interest in recommending a client to these services exists.

We take the following steps to address conflicts of interest due to the items mentioned above:

- we disclose to clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- we disclose to clients that they are not obligated to purchase recommended investment products from our representatives;
- we collect, maintain and document accurate, complete and relevant client background information, including the client's financial goals, objectives and risk tolerance;
- our firm's partners conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
- we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;

- we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and
- we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with federal securities laws.

Southern Financial Group, LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

Southern Financial Group, LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to david@thesouthernfinancialgroup.com, or by calling us at 205-383-1415.

Southern Financial Group, LLC and individuals associated with our firm are prohibited from engaging in principal transactions.

Southern Financial Group, LLC and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be included in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by Mr. Painter.
6. We have established procedures for the maintenance of all required books and records.
7. All clients are fully informed that related persons may receive separate commission compensation when effecting transactions during the implementation process.
8. Clients can decline to implement any recommendation rendered.
9. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
10. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.

11. We have established policies requiring the reporting of Code of Ethics violations to Mr. Holder or Mr. Painter.

12. Any individual who violates any of the above restrictions may be subject to termination.

As disclosed in the preceding section of this Brochure (Item 10), Mr. Holder and Mr. Painter are separately registered with Triad Advisors, Inc. Please refer to Item 10 for a detailed explanation of these relationships and important conflict of interest disclosures.

Item 12 Brokerage Practices

As our firm does not have the discretionary authority to determine the broker-dealer to be used or the commission rates to be paid, clients must direct Southern Financial Group, LLC as to the broker-dealer to be used.

Clients may ask that we recommend a broker-dealer to be used. The factors considered when making these recommendations are the broker's ability to provide professional services, our experience with the broker, the broker's reputation, the broker's quality of execution services and costs of such services, among other factors. Clients are not under any obligation to effect trades through any recommended brokers and should evaluate each before opening an account.

Southern Financial Group, LLC has an arrangement with National Financial Services LLC, and Fidelity Brokerage Services LLC (together with all affiliates, "Fidelity") through which Fidelity provides our firm with their "platform" services. The platform services include, among others, brokerage, custodial, administrative support, record keeping and related services that are intended to support intermediaries like Southern Financial Group, LLC in conducting business and in serving the best interests of our clients but that may also benefit us.

Fidelity charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transactions fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Fidelity enables Southern Financial Group, LLC to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by Fidelity may be higher or lower than those charged by other custodians and broker-dealers. As part of the arrangement, Fidelity also makes available to our firm, at no additional charge to us, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies, as selected by Southern Financial Group, LLC (within specified parameters). These services are used by our firm to manage accounts for which we have investment discretion. Without this arrangement, we might be compelled to purchase the same or similar services at our own expense.

As a result of receiving such services for no additional cost, we may have an incentive to recommend our clients to use or expand the use of Fidelity's services. We examined this potential conflict of interest when we chose to enter into the relationship with Fidelity and have determined that the relationship is in the best interests of Southern Financial Group, LLC's clients and satisfies our client obligations, including our duty to seek best execution. A

client may pay a commission that is higher than another qualified broker-dealer might charge to effect the same transaction where we determine in good faith that the commission is reasonable in relation to the value of the brokerage and research services received. In seeking best execution, the determinative factor is not the lowest possible cost, but whether the transaction represents the best qualitative execution, taking into consideration the full range of a broker-dealer's services, including the value of research provided, execution capability, commission rates, and responsiveness. Accordingly, while Southern Financial Group, LLC will seek competitive rates, to the benefit of all clients, we may not necessarily obtain the lowest possible commission rates for specific client account transactions. Although the investment research products and services that may be obtained by us will generally be used to service all of our clients, a brokerage commission paid by a specific client may be used to pay for research that is not used in managing that specific client's account. Southern Financial Group, LLC and Fidelity are not affiliated.

Southern Financial Group, LLC may also recommend the trust services of National Advisors Trust Company if appropriate and in the best interest of the client.

Southern Financial Group, LLC will block trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of investments composed of assets from multiple client accounts, so long as transaction costs are shared equally and on a pro-rated basis between all accounts included in any such block. Block trading may allow us to execute trades in a timelier, more equitable manner, at an average share price. No client or account will be favored over another.

Item 13 Review of Accounts

INVESTMENT SUPERVISORY SERVICES INDIVIDUAL PORTFOLIO MANAGEMENT

REVIEWS: The underlying investments within accounts are continually monitored by each advisor and their support staff. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, the market, political, or economic environment.

REPORTS: In addition to the monthly statements and confirmations of transactions that clients receive from their broker-dealer, upon client request we provide reports summarizing account performance, balances, and holdings.

FINANCIAL PLANNING SERVICES

REVIEWS: While reviews may occur at different stages depending on the nature and terms of the specific engagement, formal reviews will be conducted for Financial Planning clients upon client request. These reviews will be conducted by each advisor and their support staff.

REPORTS: Financial Planning clients will receive a completed financial plan. Additional reports will be provided upon client request.

CONSULTING, TAX PREPARATION, ESTATE SETTLEMENT SERVICES

REVIEWS: While reviews may occur at different stages depending on the nature and terms of the specific engagement, formal reviews will be conducted for clients upon request. Such reviews will be conducted by each advisor and their support staff.

REPORTS: These clients will receive reports as deemed appropriate to complete the services provided.

Item 14 Client Referrals and Other Compensation

It is Southern Financial Group, LLC's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

OTHER COMPENSATION

Our advisors are eligible to receive incentive awards (including prizes such as trips or bonuses) for recommending certain types of insurance policies or other investment products that we recommend.

While we endeavor at all times to put the interest of our clients first as part of our fiduciary duty, the possibility of receiving incentive awards creates a conflict of interest, and may affect the judgment of these individuals when making recommendations.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Our firm does not have actual or constructive custody of client accounts.

Item 16 Investment Discretion

Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- Determine the investment to buy or sell; and/or
- Determine the amount of the investment to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

VOTING CLIENT SECURITIES

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We may provide clients with consulting assistance regarding proxy issues if they contact us with questions at our principal place of business.

Item 18 Financial Information

Southern Financial Group, LLC:

- does not require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.
- has not been the subject of a bankruptcy petition at any time during the past ten years.
- has no additional financial circumstances that exists which would impair the ability to meet contractual commitments to our clients.
