Disclosure Brochure

March 26, 2012

This brochure provides information about the qualifications and business practices of TBH Global Asset Management, LLC. If you have any questions about the contents of this brochure, please contact us at 615-690-4820. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

TBH Global Asset Management, LLC is a registered investment adviser. Registration of an investment adviser does not imply any level of skill or training. The oral and written communications of an adviser provide you with information about which you determine to hire or retain an adviser.

Additional information about TBH Global Asset Management, LLC also is available on the SEC's website at www.adviserinfo.sec.gov

Material Changes

There are no material changes to our Brochure which was last published March 14, 2011.

We deliver our Brochure initially when an agreement for our advisory services is executed. We will offer or deliver information about our qualifications and business practices to clients on an annual basis thereafter, no later than April 29. We may also provide updated disclosure information about material changes on a more frequent basis. Any summaries of changes will include the date of our last annual update of our brochure.

Our current brochure may be requested by contacting

David S. Merrell, President, at 615.690.4820 or dmerrell@tbhglobalasset.com . We will provide you with a brochure at any time without charge.

Additional information about us and about persons affiliated with us who are registered as our investment adviser representatives (“your advisory representative, or IAR”) is also available via the SEC’s website, at www.adviserinfo.sec.gov. Information regarding your advisory representative can also be found in the supplement to this brochure on the page shown in the table of contents to the right of this column.

Advisory Business

TBH Global is a Limited Liability Company organized under the laws of the State of Tennessee. David Merrell founded the Nashville, TN-based investment advisory firm in 2007 and is the principal owner. TBH Global is an SEC registered investment adviser.

We offer investment advisory services which include the discretionary management of investment portfolios in accordance with your investment objective(s). In addition, we may provide consulting services on investment-related matters.

Investment Management Services

Through the use of discussions, interviews and/or client questionnaires, we assist you in determining your investment goals and identifying your risk tolerance levels. Once this process is complete, we will develop a customized portfolio for you using a mix of domestic and foreign equities, fixed income securities, mutual funds and exchange traded funds. We may also use alternative investments, such as limited partnerships, private equity funds, and REITs, on a limited basis.

Portfolios are diversified based upon your risk profile, investment horizon, financial goals, income (current and potential), and other various suitability factors. We select individual securities with the aid of fundamental analysis and the review of independent research, news

sources and rating services. We generally manage portfolios directly, although we may engage third party asset managers to meet specific needs.

If a third party asset manager is engaged to manage a portion of your assets, you will sign an advisory agreement with us allowing us discretionary authority to hire and fire managers. The third party manager will also have discretionary authority with respect to investment management of your accounts. We will monitor the third party asset manager(s) on an on-going basis for financial soundness, performance, and to insure that the third party asset manager is adhering to your goals and investment objectives.

Financial Planning

We also offer financial planning services. We meet with you to gather information about your current financial position including securities and business holdings, insurance policies, real estate, other investments and potential inheritance. In addition, we will gather income and gift tax returns as well as estate planning documents. We will evaluate your current position and make recommendations on how you can achieve your business, estate and retirement goals. We do not make recommendations on specific securities but will recommend types of investments within specific asset classes. We will not draft legal documents but will recommend legal tools that can be drafted by your attorney. We will meet

with you as often as requested, but no less than annually during the engagement period.

Consulting Services

We may provide consulting services to you involving a review of various wealth management concerns. These services are not to be considered financial planning services as we do not perform a comprehensive analysis of your financial position and do not prepare a written report documenting the review.

Retirement Plan Services

We provide services to pension and profit sharing plans that include establishing plans and related documents through data gathering, assessment of participant's goals, meeting with plan participants, fund selection and conducting education and enrollment meetings. The services also include a quarterly review of fund performance and an annual fund review meeting.

In managing your investment portfolio, we consider your

- financial situation,
- risk tolerance,
- investment horizon,
- liquidity needs,
- tax considerations,
- investment objectives, and
- any other issues important to your state of affairs.

You should notify us promptly if there

are any changes in your financial situation or investment objectives or if you wish to impose any reasonable restrictions upon the management of your account.

As of December 31, 2011, we managed approximately \$198 million in client assets where we made all of the investment decisions. Approximately \$9 million in client assets were managed where our clients made the investment decisions based upon our recommendations.

Fees and Compensation

Investment Management Services

We offer our services on a fee-only basis. Our fee is calculated based upon the market value of the assets in your account on the last day of the previous quarter.

Broker-dealers and other financial institutions that hold client accounts are referred to as custodians). Your custodian determines the values of the assets in your portfolio.

Fees for the initial quarter are based on the value of your cash and securities on the date the custodian receives them and are prorated based upon the number of calendar days in the calendar quarter that our agreement is in effect.

Our fee schedule is described below:

<u>Assets under Management</u>	<u>Advisory Fee</u>
First \$250,000	1.35%
Next \$750,000	1.10%
Next \$2,000,000	0.80%
Next \$2,000,000	0.60%
Above \$5 million	0.55%

All fees are negotiable at our sole discretion.

The fee charged by third party asset managers varies depending on the manager. A copy of the disclosure documents for each manager will be provided to you at the time you execute the management agreement with the third party asset manager.

Financial Planning

We offer our financial planning services for either an hourly or fixed fee.

Hourly fees for planning services are billed at \$175 per hour. Fixed fees range from \$1,500 to \$30,000 and are based upon the complexity of assets, number of areas analyzed, depth of analysis required, or other unique reasons agreed upon by you and us. . An estimate of the time involved will be provided before signing the advisory agreement. All fees are negotiable at our discretion.

Consulting Services

Consulting services are generally provided at an hourly rate of \$175.

Consulting service fees are negotiable.

Retirement Plan Services

The fee for pension and profit sharing planning service is determined by the assets in the pension trust. The billable amount will be based upon the market value of the plan assets at the end of each calendar quarter and will range from 10 to 100 basis points. Fees are negotiable at our discretion.

You must authorize us to have the custodian pay us directly by charging your account. This authorization must be provided in writing. One-fourth of the annual fee is charged each calendar quarter.

We send a statement that includes the value of your investments, our advisory fee, and how it is calculated. Your custodian also provides you with statements that show the amount paid directly to us. You should compare the statement we send to your custodian's statement and verify the calculation of our fees. Your custodian does not verify the accuracy of fee calculations.

The manner of payment of the fee charged by third party asset managers varies depending on the manager. A copy of the disclosure documents for each third party asset manager will be provided at the time you execute the management agreement with the third party asset manager.

Hourly fees for planning services are billed and paid on a monthly basis as services are provided.

Fixed fees are billed 50% upon engagement and the remainder is due upon completion of the project.

Fees for consulting services are billed and due monthly as services are rendered.

Fees for retirement plan services may be payable either in advance or in arrears as negotiated at the time of execution of the advisory agreement.

In addition to our fee, you may be required to pay other charges such as:

- custodial fees,
- brokerage commissions,
- transaction fees,
- internal fees and expenses charged by mutual funds or exchange traded funds (“ETFs”), and
- other fees and taxes on brokerage accounts and securities transactions.

None of these fees are paid to or are shared with us.

Mutual fund companies, ETFs, and variable annuity issuers charge internal fees and expenses for their products. These fees and expenses are in addition to any advisory fees charged by us. Complete details of these internal fees and expenses are explained in the prospectuses for each investment. You are strongly encouraged to read these explanations before investing any money.

You may ask us any questions you have about fees and expenses.

If you purchase mutual funds through the custodian, you may pay a transaction fee that would not be charged if the transactions were made directly through the mutual fund company. Also, mutual funds held in accounts at brokerage firms may pay internal fees that are different from funds held at the mutual fund company.

While you may purchase shares of mutual funds directly from the mutual fund company without a transaction fee, those investments would not be part of our advisory relationship with you. This means that they would not be included in our investment strategies, investment performance monitoring, or portfolio reallocations.

Please be sure to read the section entitled “Brokerage Practices,” which follows later in this brochure.

You must pay our advisory fees in advance of receiving our services. You may terminate the advisory agreement within five (5) business days from the date the agreement is executed without penalty. You will receive a full refund of any fees paid.

Should either one of us terminate the advisory agreement we have entered into before the end of a billing period, any unearned fees that were deducted from your account will be returned to you by us. The amount refunded to you is

calculated by dividing the most recent advisory fee you paid by the total number of days in the quarter. This daily fee is then multiplied by the number of calendar days in the quarter that our agreement was in effect. This amount, which equals the amount we earned for the partial quarter, is subtracted from the total fee you paid in advance to determine your refund.

The fixed fee for financial planning services is billed 50% upon engagement. You have the right to terminate any advisory contract within five (5) business days after executing the agreement. After that time, our services may be terminated at any time upon written notice and payment in full of all fees and expenses we have earned at the time of termination. Any unearned fees will be refunded. The amount of the refund will be the difference between the deposit amount and the hourly rate of \$175 times the number of hours spent to date on the planning project.

The agreement for retirement plan services may be terminated at any time with written notice. If you pay in arrears, any outstanding fees will be due immediately upon termination. If you are billed in advance, any prepaid fees will be returned on a pro-rata basis.

Our advisory representatives may also recommend various asset management firms. If you establish an investment advisory relationship with one of these firms, our financial advisors may share in

the advisory fees you pay to these asset management firms.

Performance-Based Fees

We do not charge performance-based fees on any of our client accounts. Performance-based fees are based on a percentage of the capital gains on or appreciation of the client account assets.

Types of Clients

We provide advisory services primarily to individuals and high net worth individuals, including their trusts, estates and retirement accounts. We also provide services to corporations or business entities including their pension and profit sharing plans. As a condition for starting and maintaining an advisory relationship, we generally require a minimum portfolio size of \$250,000. We, at our sole discretion, may accept clients with smaller portfolios based upon certain factors including anticipated future earning capacity, anticipated future additional assets, account composition, related accounts, and pre-existing client relationships. We may consider the portfolios of your family members to determine if your portfolio meets the minimum size requirement.

Methods of Analysis, Investment Strategies and Risk of Loss

We select specific investments for your portfolios through the use of fundamental analysis.

Fundamental analysis is a method of evaluating a company that has issued a security by attempting to measure the value of its underlying assets. It entails studying overall economic and industry conditions as well as the financial condition and the quality of the company's management. Earnings, expenses, assets, and liabilities are all important in determining the value of a company. The value is then compared to the current price of the issuing company's security to determine whether to purchase, sell or hold the security.

Our investment strategies may include long-term and short-term purchases and sales. You may place reasonable restrictions on the strategies to be employed in your portfolio and the types of investments to be held in your portfolio.

All investments involve risks that can result in loss:

- loss of principal,
- a reduction in earnings (including interest, dividends and other distributions), and
- the loss of future earnings.

Additionally, these risks may include:

- market risk,
- interest rate risk,
- issuer risk, and
- general economic risk.

Although we manage your portfolio in a

manner consistent with your risk tolerances, we cannot guarantee that our efforts will be successful. You should be prepared to bear the risk of loss.

Disciplinary Information

We have not been the subject of any legal or disciplinary events that would be material to your evaluation of our business or the integrity of our management.

Other Financial Industry Activities and Affiliations

TBH Global Asset Management, LLC. is not engaged in any other financial industry activities or affiliations. Our IARs may be registered with unaffiliated broker/dealers. If you choose to implement your financial plan through our IAR in this capacity, he may receive commissions or other compensation such as mutual fund 12b-1 fees as a result of those securities transactions. This may create a conflict of interest for the IAR as he may recommend products based on the compensation he may receive.

Code of Ethics; Participation or Interest in Client Transactions and Personal Trading

We have adopted a *Code of Ethics* ("Code") to address the securities-related conduct of our advisory representatives and employees. The *Code* includes our policies and procedures developed to

protect your interests in relation to the following:

- the duty at all times to place your interests ahead of ours;
- that all personal securities transactions of our advisory representatives and employees be conducted in a manner consistent with the *Code* and avoid any actual or potential conflict of interest, or any abuse of an advisory representative's or employee's position of trust and responsibility;
- that advisory representatives may not take inappropriate advantage of their positions;
- that information concerning the identity of your security holdings and financial circumstances are confidential; and
- that independence in the investment decision-making process is paramount.

We will provide a copy of the *Code* to you or any prospective client upon request.

We do not buy or sell securities for our firm that we also recommend to clients. Our advisory representatives and employees are permitted to buy or sell the same securities for their personal and family accounts that are bought or sold for your account(s). The personal securities transactions by advisory representatives and employees may raise potential conflicts of interest when they trade in a security that is:

- owned by you or
- considered for purchase or sale for you.

We have adopted policies and procedures that are intended address these conflicts of interest. These policies and procedures:

- require our advisory representatives and employees to act in your best interest,
- prohibit favoring one client over another, and
- provide for the review of transactions to discover and correct any same-day trades that result in an advisory representative or employee receiving a better price than a client.

Advisory representatives and employees must follow our procedures when purchasing or selling the same securities purchased or sold for you.

Brokerage Practices

We may recommend that the broker-dealer/custodian for your account be either Fidelity Brokerage Services, LLC and their affiliate national Financial Services, LLC (collectively, "Fidelity"); Schwab Institutional division of Charles Schwab & Co., Inc. ("Schwab"); or, LPL Financial ("LPL"). Fidelity, Schwab, and LPL are broker-dealers and members of FINRA and SIPC. Fidelity, Schwab, or LPL will assist us in servicing your accounts. We are independently owned

and operated and not affiliated with any custodian. Our use of Fidelity, Schwab, or LPL is, however, a beneficial business arrangement for us and for them.

Information regarding the benefits of this relationship is described below.

In recommending Fidelity, Schwab or LPL as custodian and as the securities brokerage firm responsible for executing transactions for your portfolios, we consider at a minimum Fidelity, Schwab or LPL's:

- existing relationship with us,
- financial strength,
- reputation,
- reporting capabilities,
- execution capabilities,
- pricing, and
- types and quality of research.

The determining factor in the selection of Fidelity, Schwab or LPL to execute transactions for your accounts is not the lowest possible transaction cost, but whether Fidelity, Schwab or LPL can provide what is in our view the best qualitative execution for your account.

Fidelity, Schwab or LPL provides us with access to its institutional trading and custody services, which includes:

- brokerage,
- custody,
- research, and
- access to mutual funds and other investments that are otherwise generally available only to institutional

investors or would require a significantly higher minimum initial investment.

We are not required to effect a minimum volume of transactions or maintain a minimum dollar amount of client assets to receive these services. We have not entered into soft dollar arrangements with any broker/dealer or custodian.

Fidelity, Schwab or LPL does not charge separately for holding our clients accounts, but may be compensated by you through other transaction-related fees associated with the securities transactions it executes for your accounts.

Fidelity, Schwab or LPL also makes available to us other products and services that benefit us but may not benefit you directly. Some of these products and services assist us in managing and administering our client accounts, such as software and other technology that:

- provide access to account data such as:
 - duplicate trade confirmations,
 - bundled duplicate account statements, and
 - access to an electronic communication network for client order entry and account information;
- facilitate trade execution, including:
 - access to a trading desk serving advisory participants exclusively and

- access to block trading which provides the ability to combine securities transactions and then allocate the appropriate number of shares to each individual account;
- provide research, pricing information and other market data;
- facilitate payment of our fees from client accounts; and
- assist with back-office functions, record keeping and client reporting; and
- receipt of compliance publications.

Fidelity, Schwab or LPL also makes available to us other services intended to help us manage and further develop our business. These services may include:

- consulting,
- publications and conferences on practice management,
- information technology,
- business succession,
- regulatory compliance, and
- marketing.

Fidelity, Schwab or LPL may also make available or arrange for these types of services to be provided to us by independent third parties. Fidelity, Schwab or LPL may discount or waive the fees it would otherwise charge for some of the services it makes available to us. It may also pay all or a part of the fees of a third party providing these services to us. Thus, we receive economic benefits as a result of our relationship with Fidelity, Schwab or

LPL, because we do not have to produce or purchase the products and services listed above.

Because the amount of our compensation or the products or services we receive may vary depending on the custodian we recommend to be used by our clients, we may have a conflict of interest in making that recommendation. Our recommendation of specific custodians may be based in part on the economic benefit to us and not solely on the nature, cost or quality of custody and brokerage services provided to you and our other clients. We nonetheless strive to act in your best interests at all times.

Commissions and other fees for transactions executed through Fidelity, Schwab or LPL may be higher than commissions and other fees available if you use another custodian firm to execute transactions and maintain custody of your account. We believe, however, that the overall level of services and support provided to our clients by Fidelity, Schwab or LPL outweighs the benefit of possibly lower transactions cost which may be available under other brokerage arrangements.

Many of the services described above may be used to benefit all or a substantial number of our accounts, including accounts not maintained at through Fidelity, Schwab or LPL. We do not attempt to allocate these benefits to specific clients.

You may direct us in writing to use a particular broker-dealer to execute some or all of the transactions for your account. If you do so, you are responsible for negotiating the terms and arrangements for the account with that broker-dealer. We may not be able to negotiate commissions, obtain volume discounts, or best execution. In addition, under these circumstances a difference in commission charges may exist between the commissions charged to clients who direct us to use a particular broker or dealer and other clients who do not direct us to use a particular broker or dealer.

We may engage in bunched trading, which is the purchase or sale of a security for the accounts of multiple clients in a single transaction. If a bunched trade is executed, each participating client receives a price that represents the average of the prices at which all of the transactions in a given bunch were executed. Accounts that participate in the same bunched trade will be charged commissions, if applicable, in accordance with their advisory contracts. Different accounts participating in a bunched transaction may not be charged the same commission rates. If the order is not completely filled, the securities purchased or sold are distributed among participating clients on a pro rata basis or in some other equitable manner.

Bunched trades are placed only when we reasonably believe that the combination of the transactions provides better prices for clients than had individual

transactions been placed for clients. Transactions for nondiscretionary client accounts are not bunched with transactions for discretionary client accounts. Transactions for the accounts of our employees and advisory representatives may be included in bunched trades. They receive the same average price and pay the same commissions and other transaction costs, as clients. Transactions for the accounts of our advisory representatives or employees will not be favored over transactions for client accounts.

We are not obligated to include any client account in a bunched trade. Bunched trades will not be effected for any client's account if doing so is prohibited or otherwise inconsistent with that client's investment advisory agreement. No client will be favored over any other client.

Review of Accounts

All client accounts are monitored on an ongoing basis with a formal review conducted at least annually or as agreed upon with individual clients. The reviews focus on the consistency of portfolio investments with each client's stated objectives and risk tolerances. Reviews also consider investment restrictions requested by individual clients, investment time horizons, liquidity needs, tax considerations and other circumstances unique to each client.

On a quarterly basis, the performance of

your account is reviewed to monitor consistency with market benchmarks that we deem applicable. Thereafter, your account is reviewed on a transaction, monthly, quarterly or annual basis, as needed. Account reviews may also be triggered by other factors such as changes in general economic and market conditions, analyst reports, issuer news and interest rate movement. Your advisory representative is responsible for all reviews.

You will receive statements from the custodian at least quarterly. These statements identify your current investment holdings, the cost of each of those investments, and their current market values. You will also receive performance analysis reports prepared by us which describe the returns realized on the investments in your account.

Client Referrals and Other Compensation

We have entered into written compensation agreements with certain unaffiliated investment adviser representatives and professionals such as CPAs, attorneys, etc. We pay these persons a percentage of the fee that you pay to us if it is determined you have become a client as a result of their direct or indirect efforts. These payments are a portion of the fee that we charge and do not result in an increase in the amount of the fee that you pay. Any solicitation or referral arrangements will comply with applicable laws that govern:

- 1) the nature of the service,
- 2) fees to be paid,
- 3) disclosures to clients and
- 4) any necessary client consents.

We receive certain economic benefits as a result of our participation in Fidelity, Schwab or LPL's institutional program. Those benefits are described in detail in the preceding section entitled "Brokerage Practices."

Custody

You will receive statements from the custodian that holds your investment account on at least a quarterly basis. We urge you to carefully review these statements and compare them to the account statements that we may provide you. You should verify that the transactions in your account are consistent with your investment goals and the objectives for your account. We also encourage you to contact your advisory representative or our Chief Compliance Officer should you have any questions or concerns regarding your account.

Investment Discretion

We offer our advisory services on a discretionary basis. This means that we do not need advance approval from you to determine the type and amount of securities to be bought and sold for your accounts. If you use a third party asset manager, our advisory agreement will

grant us discretionary authority to hire and fire third party asset managers. We do not, however, have the ability to choose the broker-dealer through which transactions will be executed.

Additionally, we do not have the ability to withdraw funds from your account (other than to withdraw our advisory fees which, may only be done with your prior written authorization.)

This discretion is used in a manner consistent with the stated investment objectives for your account, if you have given us written authorization to do so. We only exercise discretion in accounts where we have been authorized by you. This authorization is typically included in the investment advisory agreement you enter into with us.

We also manage accounts on a non-discretionary basis, which means we must obtain your approval before for each transaction. In the event of a market correction, if we cannot contact you to obtain consent, we would be

unable to effect any recommended action.

Voting Client Securities

We do not take any action or give any advice with respect to voting of proxies solicited by or with respect to the issuers of securities in which your accounts may be invested. In addition, we do not take any action or give any advice with respect to any securities held in any accounts that are named in or subject to class action lawsuits. We will, however, forward to you any information received by us regarding proxies and class action legal matters involving any securities held in your accounts.

Financial Information

We have no financial commitment that impairs our ability to meet contractual and fiduciary commitments to you and we have not been the subject of a bankruptcy proceeding.

CERTIFIED TRUST AND FINANCIAL ADVISOR (“CTFA”) is a professional certification granted by

American Bankers Association Institute of Certified Bankers. Certification requires a combination of wealth management experience and education; recommendation from candidates’ manager attesting to his or her qualifications; and, successful completion of the required examination. To maintain the CTFA certification, an individual must adhere to ICB’s Professional Code of Ethics, pay an annual fee, and complete 45 credits of continuing education every three years.

Disciplinary Information

This brochure supplement provides information about Taylor Irwin that supplements the TBH Global Asset Management, LLC brochure. You should have received a copy of that brochure. Please contact Holly Merrell, Chief Compliance Officer, if you did not receive TBH Global Asset Management, LLC's brochure or if you have any questions about the contents of this supplement.

Educational Background and Business Experience

Taylor Irwin

Year of Birth: 1988

Formal Education:

- University of the South (Sewanee)
 - 2011, B.A.

Business Background:

- LPL Financial – Registered Representative; (10/11 – Present)
- TBH Global Asset Management, LLC – Advisory Representative; (7/11 – Present)

Disciplinary Information

Mr. Irwin has not been the subject of any legal or disciplinary event.

Other Business Activities

Mr. Irwin is a registered representative with, and services offered through LPL Financial, member FINRA/SIPC.

Investment Advice offered through TBH Global Asset Management, LLC, a Registered Investment Advisor and separate entity from LPL Financial.

Additional Compensation

Mr. Irwin may receive additional compensation through LPL Financial, an unaffiliated broker/dealer. If a client chooses to implement a financial plan through our IAR in this capacity, he may receive commissions or other compensation such as mutual fund 12b-1 fees as a result of those securities transactions. This may create a conflict of interest for the IAR as he may recommend products based on the compensation he may receive.

Supervision

Mr. Irwin is supervised by Holly Merrell, Chief Compliance Officer. Ms. Merrell can be reached at 615.690.4820.

We supervise Mr. Irwin by requiring that he adhere to our processes and procedures as described in our firm's Code of Ethics. We will monitor the advice that Mr. Irwin gives to you by performing the following reviews:

- A review of relevant account opening documentation when the relationship is established
- A weekly review of account transactions,

- Review custodial information on a quarterly basis to assess account activity,
- Perform annual oversight so that Mr. Irwin is aware of your current financial situation, objectives, and individual investment needs
- A review of client correspondence on an as needed basis.
