Additional information about Soledad Investment Management, LLC also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. Our firm's CRD number is 145975.

Item 2 Material Changes

SEC Registration

In 2011, Soledad Investment Management (Soledad) became qualified to become SEC registered rather than state-registered as an investment advisor because it became the sub-advisor to an investment company (see Mutual Funds, below.) Soledad filed for SEC-registration on November 7, 2011 and such registration became effective December 9, 2011.

Mutual Funds

In December, 2011, we became the sub-advisor to a newly launched Mutual Fund, which is registered under the Investment Company Act of 1940. This fund is based on previously managed mondel portfolios. The sub-managed fund is:

Christopher Weil & Company Global Dividend Fund (CWGDX)

Louie Nguyen serves as the sub-advisor and Christopher Weil & Company, Inc. (CWC) serves as the investment manager to this Mutual Fund, and continuously manages the fund assets based on the investment goals and objectives as outlined in the Mutual Fund's prospectus.

The Mutual Fund's prospectus and Statement of Additional Information (SAI) are available on-line at www.cweil.com and contain important information regarding objectives, investments, time-horizon, risks, fees and additional disclosures.

Consistent with the new rules, we will ensure that you receive a summary of any material changes to this and subsequent Brochures within 120 days of the close of our business' fiscal year. Furthermore, we will provide you with other interim disclosures about material changes as necessary.

Item 4 Advisory Business

Soledad Investment Management, LLC is a state-registered investment adviser with its principal place of business located in California. Soledad Investment Management, LLC began conducting business in 2008 and became SEC registered in 2011.

Attached are the firm's principal shareholders (i.e., those individuals and/or entities controlling 25% or more of this company).

Soledad Investment Management, LLC offers the following advisory services to our clients:

INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT and MODEL PORTFOLIO MANAGEMENT

Our firm provides continuous advice to a client regarding the investment of client funds based on the individual needs of the client using model portfolios. Each model portfolio is designed to meet a particular investment goal.

International Value

Seeks long-term growth by investing in equity securities of non-US companies.

Global Value

Seeks long-term growth by investing in equity of securities of US and non-US companies.

Global Dividend

Seeks long-term growth by investing in equity securities of US and non-US countries providing *the portfolio an aggregate dividend yield of over 2%*.

Vietnam

Seeks long-term growth by investing in equity securities of Vietnam and non-Vietnam countries with significant economic exposure to Vietnam.

Through personal discussions with the client or discussions with the client's Investment Advisor, the client's goals and objectives are established, and the suitable model portfolio is established based on the client's circumstances. Once we determine the suitability of the portfolio, the portfolio is managed based on the portfolio's goal, rather than on each client's individual needs. Clients, nevertheless, have the opportunity to place reasonable restrictions on the types of investments to be held in their account. Clients retain individual ownership of all securities.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., international, global, growth, income, or growth and income), as well as tax considerations.

Our investment recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company and will generally include advice regarding the following securities:

- Exchange-listed securities
- Securities traded over-the-counter

- Foreign issuers
- Warrants
- Corporate debt securities (other than commercial paper)
- Commercial paper
- Certificates of deposit
- Municipal securities
- Mutual fund shares
- United States governmental securities

Because some types of investments involve certain additional degrees of risk, they will only be implemented/recommended when consistent with the client's stated investment objectives, tolerance for risk, liquidity and suitability.

We manage these advisory accounts on a discretionary basis. Account supervision is guided by the client's stated objectives (i.e., international, global, growth, income, or growth and income), as well as tax considerations.

Mutual Fund Portfolio Management

Our firm provides discretionary portfolio management services to a Mutual Fund on a sub-advisory basis, using model asset allocation portfolios managed by Christopher Weil & Company, Inc. (CWC). The model portfolio is designed to meet a particular investment goal. The sub-advised fund is Christopher Weil & Company Global Dividend Fund which is registered under the Investment Company Act of 1940.

Soledad serves as the sub-adviser of the Mutual Fund, and continuously sub-manages the funds assets based on the investment goals and objectives as outline dint eh Mutual Fund's prospectus.

Interested investors should refer to the Mutual Fund's prospectus and Statement of Additional Information (SAI) for important information regarding objectives, investments, time-horizon, risks, fees and additional disclosures. These documents are available on-line at www.cweil.com.

Prior to making any investment in the fund, investors and prospective investors should carefully review these documents for a comprehensive understanding of the terms and conditions applicable for investment in the Mutual Funds.

Item 5 Fees and Compensation

**INVESTMENT SUPERVISORY SERVICES ("ISS")
INDIVIDUAL PORTFOLIO MANAGEMENT FEES**

The annualized fee for Investment Supervisory Services are charged as a percentage of assets under management, according to the following schedule:

<u>Assets Under Management</u>	<u>Annual Fee</u>
Institutional Clients:	
First \$ 5,000,000	0.75%
Next \$ 5,000,000	0.60%
Next \$ 40,000,0000	0.50%
Remaining Balance	0.35%
Retail Clients:	
First \$ 3,000,000	1.00%
Next \$ 7,000,000	0.75%
Next \$ 40,000,0000	0.50%
Remaining Balance	0.35%

Our fees are billed quarterly, in advance, at the beginning of each calendar quarter based upon the value (market value or fair market value in the absence of market value), of the client's account at the end of the previous quarter. Fees will be debited from the account in accordance with the client authorization in the Client Services Agreement. Fee Schedules are subject to change upon 30-day notice.

Limited Negotiability of Advisory Fees: Although Soledad Investment Management, LLC has established the aforementioned fee schedule(s), we retain the discretion to negotiate alternative fees on a client-by-client basis. Client facts, circumstances and needs are considered in determining the fee schedule. These include the complexity of the client, assets to be placed under management, anticipated future additional assets, related accounts, portfolio style, account composition, reports, among other factors. The specific annual fee schedule is identified in the contract between the adviser and each client.

We may group certain related client accounts for the purposes of achieving the minimum account size requirements and determining the annualized fee.

Discounts, not generally available to our advisory clients, may be offered to family members and friends of associated persons of our firm.

GENERAL INFORMATION

Termination of the Advisory Relationship: A client agreement may be canceled at any time, by either party, for any reason upon receipt of written notice. **As disclosed above, certain fees are paid in advance of services provided.** Upon termination of any account, any prepaid, unearned fees will be promptly refunded. **In calculating a client's reimbursement of fees, we will pro rate the reimbursement according to the number of**

days remaining in the billing period.

Mutual Fund Fees: All fees paid to Soledad Investment Management, LLC for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. I

Wrap Fee Programs and Separately Managed Account Fees: Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker dealers, including, but not limited to, any transaction charges imposed by a broker dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$1200 more than six months in advance of services rendered.

Item 6 Performance-Based Fees and Side-By-Side Management

Soledad Investment Management, LLC does not charge performance-based fees.

Item 7 Types of Clients

Soledad Investment Management, LLC provides advisory services to the following types of clients:

- Individuals (other than high net worth individuals)
- High net worth individuals

- Corporations or other businesses not listed above
- Foundations
- Institutional Investors
- Mutual Fund, registered under the Investment Company Act of 1940

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

Particular attention is paid to understated asset values and changing industry economics.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. While no time constraints are placed on portfolio holdings, we generally purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when we believe the securities to be currently undervalued.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the

decision to sell.

Risk of Loss. Securities investments are not guaranteed and you may lose money on your investments. We ask that you work with us to help us understand your tolerance for risk. Clients should understand that investing in any securities, including mutual funds, involves a risk of loss of both income and principal.

Item 9 Disciplinary Information

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have no reportable disciplinary events to disclose.

Item 10 Other Financial Industry Activities and Affiliations

Management personnel of Soledad Investment Management, LLC have an active strategic relationship with Christopher Weil & Company, Inc., a separately owned and managed Registered Investment Advisor for the co-management of Christopher Weil & Company Global Dividend Fund (CWGDX). These individuals, in their separate capacity, can effect securities transactions for which they will receive separate, yet customary compensation.

While Soledad Investment Management, LLC and these individuals endeavor at all times to put the interest of the clients first as part of our fiduciary duty, clients should be aware that the receipt of additional compensation itself creates a conflict of interest, and may affect the judgment of these individuals when making recommendations. Soledad Investment Management, LLC endeavors at all times to put the interest of its clients first as part of our fiduciary duty as a registered investment adviser; we take the following steps to address this conflict:

- we disclose to clients the existence of all material conflicts of interest, including the potential for our firm and our employees to earn compensation from advisory clients in addition to our firm's advisory fees;
- we disclose to clients that they are not obligated to purchase recommended investment products from our employees or affiliated companies;
- our firm's management conducts regular reviews of each client account to verify that all recommendations made to a client are suitable to the client's needs and circumstances;
- we require that our employees seek prior approval of any outside employment activity so that we may ensure that any conflicts of interests in such activities are properly addressed;
- we periodically monitor these outside employment activities to verify that any conflicts of interest continue to be properly addressed by our firm; and

- we educate our employees regarding the responsibilities of a fiduciary, including the need for having a reasonable and independent basis for the investment advice provided to clients.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Soledad Investment Management, LLC and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities. Our code also provides for oversight, enforcement and recordkeeping provisions.

Soledad Investment Management, LLC's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to info@soldedadinvestment.com, or by calling us at 858-724-6070.

Soledad Investment Management, LLC and individuals associated with our firm are prohibited from engaging in principal transactions.

Soledad Investment Management, LLC and individuals associated with our firm are prohibited from engaging in agency cross transactions.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

We may aggregate our employee trades with client transactions where possible and when compliant with our duty to seek best execution for our clients. In these instances, participating

clients will receive an average share price and transaction costs will be shared equally and on a pro-rata basis. In the instances where there is a partial fill of a particular batched order, we will allocate all purchases pro-rata, with each account paying the average price. Our employee accounts will be **included** in the pro-rata allocation.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

1. No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
2. No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
3. It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
4. Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
5. We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
6. We have established procedures for the maintenance of all required books and records.
7. All clients are fully informed that related persons may receive separate commission compensation when effecting transactions during the implementation process.
8. Clients can decline to implement any advice rendered, except in situations where our firm is granted discretionary authority.
9. All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
10. We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
11. We have established policies requiring the reporting of Code of Ethics violations to our senior management.
12. Any individual who violates any of the above restrictions may be subject to termination.

Item 12 Brokerage Practices

Soledad Investment Management, LLC does not have any soft-dollar arrangements and does not receive any soft-dollar benefits.

Soledad Investment Management, LLC requires that clients provide us with notification of the broker-dealer that they use.

Soledad Investment Management, LLC will block trades where possible and when advantageous to clients. This blocking of trades permits the trading of aggregate blocks of securities composed of assets from multiple client accounts, so long as transaction costs are shared equally and on a pro-rated basis between all accounts included in any such block.

Block trading may allow us to execute equity trades in a timelier, more equitable manner, at an average share price. Soledad Investment Management, LLC will typically aggregate trades among clients whose accounts can be traded at a given broker, and generally will rotate or vary the order of brokers through which it places trades for clients on any particular day. Soledad Investment Management, LLC's block trading policy and procedures are as follows:

- Transactions for any client account may not be aggregated for execution if the practice is prohibited by or inconsistent with the client's advisory agreement with Soledad Investment Management, LLC, or our firm's order allocation policy.
- The portfolio manager must reasonably believe that the order aggregation will benefit, and will enable Soledad Investment Management, LLC to seek best execution for each client participating in the aggregated order. This requires a good faith judgment at the time the order is placed for the execution. It does not mean that the determination made in advance of the transaction must always prove to have been correct in the light of a "20-20 hindsight" perspective. Best execution includes the duty to seek the best quality of execution, as well as the best net price.
- Prior to entry of an aggregated order, an order ticket must be completed which identifies each client account participating in the order and the proposed allocation of the order, upon completion, to those clients.
- If the order cannot be executed in full at the same price or time, the securities actually purchased or sold by the close of each business day must be allocated pro rata among the participating client accounts in accordance with the initial order ticket or other written statement of allocation. However, adjustments to this pro rata allocation may be made to participating client accounts in accordance with the initial order ticket or other written statement of allocation. Furthermore, adjustments to this pro rata allocation may be made to avoid having odd amounts of shares held in any client account, or to avoid excessive ticket charges in smaller accounts.
- Generally, each client that participates in the aggregated order must do so at the average price for all separate transactions made to fill the order, and must share in the commissions on a pro rata basis in proportion to the client's participation. Under the

client's agreement with the custodian/broker, transaction costs may be based on the number of shares traded for each client.

- If the order will be allocated in a manner other than that stated in the initial statement of allocation, a written explanation of the change must be provided to and approved by the Chief Compliance Officer no later than the morning following the execution of the aggregate trade.
- Soledad Investment Management, LLC's client account records separately reflect, for each account in which the aggregated transaction occurred, the securities which are held by, and bought and sold for, that account.
- Funds and securities for aggregated orders are clearly identified on Soledad Investment Management, LLC's records and to the broker-dealers or other intermediaries handling the transactions, by the appropriate account numbers for each participating client.
- No client or account will be favored over another.

Item 13 Review of Accounts

INVESTMENT SUPERVISORY SERVICES ("ISS") INDIVIDUAL PORTFOLIO MANAGEMENT

REVIEWS: While the underlying securities within Individual Portfolio Management Services accounts are continually monitored, these accounts are reviewed at least *monthly but generally weekly*. Accounts are reviewed in the context of each client's stated investment objectives and guidelines. More frequent reviews may be triggered by material changes in variables such as the client's individual circumstances, or the market, political or economic environment.

These accounts are reviewed by: *Luong ("Louie") D Nguyen*

Item 14 Client Referrals and Other Compensation

It is Soledad Investment Management, LLC's policy not to engage solicitors or to pay related or non-related persons for referring potential clients to our firm.

Item 15 Custody

We previously disclosed in the "Fees and Compensation" section (Item 5) of this Brochure that our firm directly debits advisory fees from client accounts.

As part of this billing process, the client's custodian is advised of the amount of the fee to be deducted from that client's account. On at least a quarterly basis, the custodian is required to send to the client a statement showing all transactions within the account during the reporting

period.

Because the custodian does not calculate the amount of the fee to be deducted, it is important for clients to carefully review their custodial statements to verify the accuracy of the calculation, among other things. Clients should contact us directly if they believe that there may be an error in their statement.

Our firm does not have actual or constructive custody of client accounts.

Item 16 Investment Discretion

Clients may hire us to provide discretionary asset management services, in which case we place trades in a client's account without contacting the client prior to each trade to obtain the client's permission.

Our discretionary authority includes the ability to do the following without contacting the client:

- determine the security to buy or sell; and/or
- determine the amount of the security to buy or sell

Clients give us discretionary authority when they sign a discretionary agreement with our firm, and may limit this authority by giving us written instructions. Clients may also change/amend such limitations by once again providing us with written instructions.

Item 17 Voting Client Securities

We do not vote proxies for client accounts.

We will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. I

Item 18 Financial Information

As an advisory firm that **maintains discretionary authority for client accounts**, we are also required to disclose any financial condition that is reasonable likely to impair our ability to meet our contractual obligations. Soledad Investment Management, LLC has no additional financial circumstances to report.

Under no circumstances do we require or solicit payment of fees in excess of \$1200 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

Soledad Investment Management, LLC has not been the subject of a bankruptcy petition at any time during the past ten years.
