FORM ADV PART 2A

BROCHURE

This brochure provides information about the qualifications and business practices of RNB Wealth Management Group, LLC. If you have any questions about the contents of this brochure, please contact us at 305.653.6669. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about RNB Wealth Management Group, LLC is also available on the SEC's website at www.adviserinfo.sec.gov. The searchable IARD/CRD number for RNB Wealth Management Group, LLC is 148994.

RNB Wealth Management Group, LLC is a registered investment adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

Item 2. Material Changes

Form ADV Part 2 requires registered investment advisers to amend their brochure when information becomes materially inaccurate. If there are any material changes to an adviser's disclosure brochure, the adviser is required to notify you and provide you with a description of the material changes.

Generally, RNB WEALTH MANAGEMENT GROUP, LLC will notify clients of material changes on an annual basis. However, where we determine that an interim notification is either meaningful or required, we will notify our clients promptly. In either case, we will notify our clients in a separate document.

Item 4 Advisory Business

Description of Services and Fees

RNB Wealth Management Group, LLC is a registered investment adviser based in Aventura, Florida. We are organized as a limited liability company under the laws of the State of Florida. We have been providing investment advisory services since 2004. Richard Brooks, Managing Member is our principal owner. Currently, we offer the following investment advisory services, which are personalized to each individual client:

- Portfolio Management Services
- Selection of Other Advisers

The following paragraphs describe our services and fees. Please refer to the description of each investment advisory service listed below for information on how we tailor our advisory services to your individual needs. As used in this brochure, the words "we", "our" and "us" refer to RNB Wealth Management Group, LLC and the words "you", "your" and "client" refer to you as either a client or prospective client of our firm. Also, you may see the term Associated Person throughout this brochure. As used in this brochure, our Associated Persons are our firm's officers, employees, and all individuals providing investment advice on behalf of our firm. The use of these terms is not intended to imply that there is more than one individual associated with this firm.

Portfolio Management Services

We offer discretionary and non-discretionary portfolio management services. Our investment advice is tailored to meet our clients' needs and investment objectives. If you retain our firm for portfolio management services, we will meet with you to determine your investment objectives, risk tolerance, and other relevant information at the beginning of our advisory relationship. We will use the information we gather to develop a strategy that enables our firm to give you continuous and focused investment advice and/or to make investments on your behalf. As part of our portfolio management services, we may customize an investment portfolio for you in accordance with your risk tolerance and investing objectives. We may also invest your assets using a predefined strategy, or we may invest your assets according to one or more model portfolios developed by our firm. Once we construct an investment portfolio for you, or select a model portfolio, we will monitor your portfolio's performance on an ongoing basis, and will rebalance the portfolio as required by changes in market conditions and in your financial circumstances.

If you participate in our discretionary portfolio management services, we require you to grant our firm discretionary authority to manage your account. Discretionary authorization will allow our firm to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. Discretionary authority is typically granted by the investment advisory agreement you sign with our firm and the appropriate trading authorization forms. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased for your account) by providing our firm with your restrictions and guidelines in writing. If you enter into non-discretionary arrangements with our firm, we must obtain your approval prior to executing any transactions on behalf of your account.

Selection of Other Advisers

We may refer you to various third-party investment advisers for portfolio management services. After gathering information about your financial situation and investment objectives, an Associated person of our firm may assist you in selecting a particular third-party adviser/program. We utilize a number of factors in determining which third-party investment advisers to refer you to including but not limited to performance, investment objectives, fees and methods of analysis. Third party investment advisers to which we may refer you to may not achieve the best rate of returns or charge the lowest fees in comparison to other third-party investment advisers.

Types of Investments

We may advise you on any type of investment that we deem appropriate based on your stated goals and objectives. We may also provide advice on any type of investment held in your portfolio at the inception of our advisory relationship.

You may request that we refrain from investing in particular securities or certain types of securities. You must provide these restrictions to our firm in writing.

Assets Under Management

As of December 15, 2011, we manage \$30,000,000 in client assets on a discretionary basis, and \$31,000,000 in client assets on a non-discretionary basis.

Item 5 Fees and Compensation

Portfolio Management Services

Portfolio management fees are billed monthly in advance based on the value of your account at the end of the previous month and based on the following negotiable tiered fee schedule:

Portfolio Size Annualized Fee

Less than \$250,000 1.65%

\$250,000 to \$1,000,000 1.50%

\$1,000,001 to \$5,000,000 1.25%

\$5,000,001 to \$10,000,000 1.00%

Over \$10,000,000 0.75%

We may allow accounts of members of the same household to be aggregated for purposes of meeting the minimum account size or fee breakpoints. We may allow such aggregation, for example, where we service accounts on behalf of your minor children, individual and joint accounts for a spouse, and other types of related accounts.

We will send you an invoice for the payment of our advisory fee or we will deduct our fee directly from your account through the qualified custodian holding your funds and securities. We will deduct our advisory fee only when the following requirements are met:

- You provide our firm with written authorization permitting the fees to be paid directly from your account held by the qualified custodian.
- We send you an invoice showing the amount of the fee, the value of the assets on which the fee is based, and the specific manner in which the fee was calculated.
- The qualified custodian agrees to send you a statement, at least quarterly, indicating all amounts dispersed from your account including the amount of the advisory fee paid directly to our firm.

The fees charged are calculated as described above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds, or any portion of the funds of an advisory client

Fees will be assessed pro rata in the event the portfolio management agreement is executed at any time other than the first day of a calendar month. Either party may terminate the management agreement within five days of the date of acceptance without any penalty. After the five-day period, either party, upon 30 days' written notice to the other, may terminate the management agreement. In the event of termination, fees will be charged on a pro-rata basis.

We encourage you to reconcile our invoices with the statement(s) you receive from the qualified custodian. If you find any inconsistent information between our invoice and the statement(s) you receive from the qualified custodian please call our main office number located on the cover page of this brochure.

Selection of Other Advisers

Fees paid by you to a third-party investment adviser are established and payable in accordance with the Form ADV Part 2 or other equivalent disclosure document provided by each third-party investment adviser to whom you are referred, and may or may not be negotiable. Fees charged by third party money managers are separate and apart from the fees charged by us and we will include the assets under management by the third party money manager when calculating our advisory fee. If you are referred to a third-party investment adviser you will receive full disclosure, including services rendered and fee schedules, at the time of the referral, by delivery of a copy of the relevant third-party investment adviser's Form ADV Part 2 or equivalent disclosure document. We will monitor the performance of the third-party investment adviser on at least a quarterly basis and will make recommendations as necessary.

You will be required to sign an agreement directly with the recommended third party money manager ("MM"). You may terminate your advisory relationship with the MM according to the terms of your agreement with the MM. You should review each MM's this brochure for specific information on how you may terminate your advisory relationship with the MM and how you may receive a refund, if applicable. You should contact the MM directly for questions regarding your advisory agreement with the MM.

Additional Fees and Expenses

As part of our investment advisory services to you, we may invest, or recommend that you invest, in mutual funds and exchange traded funds. The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by mutual funds or exchange traded funds (described in each fund's prospectus) to their shareholders. These fees will generally include a management fee and other fund expenses. You will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian through whom your account transactions are executed. We do not share in any portion of the brokerage fees/transaction charges imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by mutual funds, exchange traded funds, our firm, and others. For information on our brokerage practices, please refer to the "Brokerage Practices" section of this brochure.

Compensation for the Sale of Securities or Other Investment Products

Persons providing investment advice on behalf of our firm are registered representatives with ProEquities, Inc, a registered broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. In their capacity as registered representatives, these persons will receive commission-based compensation in connection with the purchase and sale of securities, including 12b-1 fees for the sale of investment company products. Compensation earned by these persons in their capacities as registered representatives is separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase securities products through any person affiliated with our firm.

Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate and in addition to our advisory fees. This practice presents a conflict of interest because persons providing investment advice on behalf of our firm who are insurance agents have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs. However, you are under no obligation, contractually or otherwise, to purchase insurance products through any person affiliated with our firm.

At our discretion, we may offset our advisory fees to the extent our Associated Persons earn commissions in their separate capacities as registered representatives and/or insurance agents.

Item 6 Performance-Based Fees and Side-By-Side Management

We do not accept performance-based fees or participate in side-by-side management. Side-by-side management refers to the practice of managing accounts that are charged performance-based fees while at the same time managing accounts that are not charged performance-based fees. Performance-based fees are fees that are based on a share of capital gains or capital appreciation of a client's account. Our fees are calculated as described in the **Advisory Business** section above, and are not charged on the basis of a share of capital gains upon, or capital appreciation of, the funds in your advisory account.

Item 7 Types of Clients

We offer investment advisory services to individuals, pension and profit sharing plans, trusts, estates, charitable organizations, corporations, and other business entities.

In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your Account if it falls below a minimum size which, in our sole opinion, is too small to effectively manage.

Item 8 Methods of Analysis, Investment Strategies and Risk of Loss

Our Methods of Analysis and Investment Strategies

We may use one or more of the following methods of analysis or investment strategies when providing investment advice to you:

- **Charting Analysis** - involves the gathering and processing of price and volume information for a particular security. This price and volume information is analyzed using mathematical equations. The resulting data is then applied to graphing charts, which is used to predict future price movements based on price patterns and trends.
- **Fundamental Analysis** - involves analyzing individual companies and their industry groups, such as a company's financial statements, details regarding the company's product line, the experience and expertise of the company's management, and the outlook for the company's industry. The resulting data is used to measure the true value of the company's stock compared to the current market value.
- **Technical Analysis** - involves studying past price patterns and trends in the financial markets to predict the direction of both the overall market and specific stocks.
- **Long Term Purchases** - securities purchased with the expectation that the value of those securities will grow over a relatively long period of time, generally greater than one year.
- **Short Term Purchases** - securities purchased with the expectation that they will be sold within a relatively short period of time, generally less than one year, to take advantage of the securities' short-term price fluctuations.

Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial horizon, financial information, liquidity needs, and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio.

Charting and Technical Analysis - The risk of market timing based on technical analysis is that charts may not accurately predict future price movements. Current prices of securities may reflect all information known about the security and day to day changes in market prices of securities may follow random patterns and may not be predictable with any reliable degree of accuracy.

Fundamental Analysis - The risk of fundamental analysis is that information obtained may be incorrect and the analysis may not provide an accurate estimate of earnings, which may be the basis for a stock's value. If securities prices adjust rapidly to new information, utilizing fundamental analysis may not result in favorable

We may use short-term trading (in general, selling securities within 30 days of purchasing the same securities) as an investment strategy when managing your account(s). Short-term trading is not a fundamental part of our overall investment strategy, but we may use this strategy occasionally when we determine that it is suitable given your stated investment objectives and tolerance for risk.

Our strategies and investments may have unique and significant tax implications. However, unless we specifically agree otherwise, and in writing, tax efficiency is not our primary consideration in the management of your assets. Regardless of your account size or any other factors, we strongly recommend that you continuously consult with a tax professional prior to and throughout the investing of your assets.

Moreover, as a result of revised IRS regulations, custodians and broker-dealers will begin reporting the cost basis of equities acquired in client accounts on or after January 1, 2011. Your custodian will default to the FIFO (First-In First-Out) accounting method for calculating the cost basis of your investments. You are responsible for contacting your tax advisor to determine if this accounting method is the right choice for you. If your tax advisor believes another accounting method is more advantageous, please provide written notice to our firm immediately and we will alert your account custodian of your individually selected accounting method. Please note that decisions about cost basis accounting methods will need to be made before trades settle, as the cost basis method cannot be changed after settlement.

Risk of Loss

Investing in securities involves risk of loss that you should be prepared to bear. We do not represent or guarantee that our services or methods of analysis can or will predict future results, successfully identify market tops or bottoms, or insulate clients from losses due to market corrections or declines. We cannot offer any guarantees or promises that your financial goals and objectives will be met. Past performance is in no way an indication of future performance.

Recommendation of Particular Types of Securities

As disclosed under the "Advisory Business" section in this Brochure, we recommend various types of securities and we do not necessarily recommend one particular type of security over another since each client has different needs and different tolerance for risk. Each type of security has its own unique set of risks associated with it and it would not be possible to list here all of the specific risks of every type of investment. Even within the same type of investment, risks can vary widely. However, in very general terms, the higher the anticipated return of an investment, the higher the risk of loss associated with it.

Item 9 Disciplinary Information

RNB Wealth Management Group, LLC has been registered and providing investment advisory services since 2004. Neither our firm nor any of our Associated Persons has any reportable disciplinary information.

Item 10 Other Financial Industry Activities and Affiliations

Persons providing investment advice on behalf of our firm are registered representatives with ProEquities, Inc, a registered broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation.

Persons providing investment advice on behalf of our firm are licensed as insurance agents. These persons will earn commission-based compensation for selling insurance products, including insurance products they sell to you. Insurance commissions earned by these persons are separate from our advisory fees. Please see the "Fees and Compensation" section in this brochure for more information on the compensation received by insurance agents who are affiliated with our firm.

Recommendation of Other Advisers

We may recommend that you use a third party money manager ("MM") based on your needs and suitability. We will receive compensation from the MM for recommending that you use their services. These compensation arrangements present a conflict of interest because we have a financial incentive to recommend the services of the third party money manager. You are not obligated, contractually or otherwise, to use the services of any MM we recommend.

Item 11 Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

Description of Our Code of Ethics

We strive to comply with applicable laws and regulations governing our practices. Therefore, our Code of Ethics includes guidelines for professional standards of conduct for our Associated Persons. Our goal is to protect your interests at all times and to demonstrate our commitment to our fiduciary duties of honesty, good faith, and fair dealing with you. All of our Associated Persons are expected to adhere strictly to these guidelines. Our Code of Ethics also requires that certain persons associated with our firm submit reports of their personal account holdings and transactions to a qualified representative of our firm who will review these reports on a periodic basis. Persons associated with our firm are also required to report any violations of our Code of Ethics. Additionally, we maintain and enforce written policies reasonably designed to prevent the misuse or dissemination of material, non-public information about you or your account holdings by persons associated with our firm.

Clients or prospective clients may obtain a copy of our Code of Ethics by contacting us at the telephone number on the cover page of this brochure.

Participation or Interest in Client Transactions

Neither our firm nor any of our Associated Persons has any material financial interest in client transactions beyond the provision of investment advisory services as disclosed in this brochure.

Personal Trading Practices

Our firm or persons associated with our firm may buy or sell the same securities that we recommend to you or securities in which you are already invested. A conflict of interest exists in such cases because we have the ability to trade ahead of you and potentially receive more favorable prices than you will receive. To eliminate this conflict of interest, it is our policy that neither our Associated Persons nor we shall have priority over your account in the purchase or sale of securities.

Item 12 Brokerage Practices

We recommend the brokerage and custodial services of ProEquities, Inc, a registered broker-dealer and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. We believe that ProEquities, Inc provides quality execution services for you at competitive prices. Price is not the sole factor we consider in evaluating best execution. We also consider the quality of the brokerage services provided by ProEquities, Inc, including the value of research provided, the firm's reputation, execution capabilities, commission rates, and responsiveness to our clients and our firm. In recognition of the value of research services and additional brokerage products and services ProEquities, Inc provides, you may pay higher commissions and/or trading costs than those that may be available elsewhere.

Brokerage for Client Referrals

We do not receive client referrals from broker-dealers in exchange for cash or other compensation, such as brokerage services or research.

Directed Brokerage

We routinely recommend that you direct our firm to execute transactions through ProEquities, Inc. As such, we may be unable to achieve the most favorable execution of your transactions and you may pay higher brokerage commissions than you might otherwise pay through another broker-dealer that offers the same types of services. Not all advisers require their clients to direct brokerage.

Persons providing investment advice on behalf of our firm who are registered representatives of ProEquities, Inc will recommend ProEquities, Inc to you for brokerage services. These individuals are subject to applicable rules that restrict them from conducting securities transactions away from ProEquities, Inc unless ProEquities, Inc provides the representative with written authorization to do so. Therefore, these individuals are generally limited to conducting securities transactions through ProEquities, Inc. It may be the case that ProEquities, Inc charges higher transactions costs and/or custodial fees than another broker charges for the same types of services. If transactions are executed through ProEquities, Inc, these individuals (in their separate capacities as registered representatives of ProEquities, Inc) may earn commission-based compensation as result of placing the recommended securities transactions through ProEquities, Inc. This practice presents a conflict of interest because these registered representatives have an incentive to effect securities transactions for the purpose of generating commissions rather than solely based on your needs. You may utilize the broker-dealer of your choice and have no obligation to purchase or sell securities through such broker as, we recommend. However, if you do not use ProEquities, Inc, we may not be able to accept your account. Please see the "Fees and Compensation" section in this brochure for more information on the compensation received by registered representatives who are affiliated with our firm.

Block Trades

For discretionary accounts we may combine multiple orders for shares of the same securities purchased for advisory accounts we manage (this practice is commonly referred to as "block trading"). We will then distribute a portion of the shares to participating accounts in a fair and equitable manner. The distribution of the shares purchased is typically proportionate to the size of the account, but it is not based on account performance or the amount or structure of management fees. Subject to our discretion regarding factual and market conditions, when we combine orders, each participating account pays an average price per share for all transactions and pays a proportionate share of all transaction costs. Accounts owned by our firm or persons associated with our firm may participate in block trading with your accounts; however, they will not be given preferential treatment.

If we manage your account on a non-discretionary basis we may not be able to aggregate transactions for you. Accordingly, you are hereby advised that non-discretionary accounts may receive different prices for the same securities transactions than discretionary accounts. Additionally, if you entered into non-discretionary arrangements with us we may not be able to buy and sell the same quantities of securities and may be charged higher commissions or fees than clients who enter into discretionary arrangements.

Item 13 Review of Accounts

Richard Brooks, Managing Principal, will monitor accounts on a continuous basis and will conduct a formal review on at least a quarterly basis. For those clients whose assets are held away from our recommended custodian or with a Third Party Adviser your account will be monitored and reviewed on a quarterly basis. Triggering factors that may stimulate a review include, but are not limited to, significant market corrections, large deposits or withdrawals from your account, substantial changes in the value of your portfolio and a change in your investment objectives. We will provide you with quarterly performance reports. In addition, you will receive statements directly from your account custodian(s) on a quarterly basis.

Item 14 Client Referrals and Other Compensation

We do not receive any compensation from any third party in connection with providing investment advice to you nor do we compensate any individual or firm for client referrals.

Please refer to the **Brokerage Practices** section above for disclosures on research and other benefits we may receive resulting from our relationship with ProEquities.

As disclosed under the "Fees and Compensation" section in this brochure, persons providing investment advice on behalf of our firm are licensed insurance agents, and are registered representatives with ProEquities, Inc, a registered broker-dealer, and a member of the Financial Industry Regulatory Authority and the Securities Investor Protection Corporation. For information on the conflicts of interest this presents, and how we address these conflicts, please refer to the "Fees and Compensation" section.

Item 15 Custody

As paying agent for our firm, your independent custodian will directly debit your account(s) for the payment of our advisory fees. This ability to deduct our advisory fees from your accounts causes our firm to exercise limited custody over your funds or securities. We do not have physical custody of any of your funds and/or securities. Your funds and securities will be held with a bank, broker-dealer, or other independent, qualified custodian. You will receive account statements from the independent, qualified custodian(s) holding your funds and securities at least quarterly. The account statements from your custodian(s) will indicate the amount of our advisory fees deducted from your account(s) each billing period. You should carefully review account statements for accuracy. If you have a question regarding your account statement, or if you did not receive a statement from your custodian, please contact us directly at the telephone number on the cover page of this brochure.

Item 16 Investment Discretion

Before we can buy or sell securities on your behalf, you must first sign our discretionary management agreement, a power of attorney, and/or trading authorization forms.

You may grant our firm discretion over the selection and amount of securities to be purchased or sold for your account(s) without obtaining your consent or approval prior to each transaction. You may specify investment objectives, guidelines, and/or impose certain conditions or investment parameters for your account(s). For example, you may specify that the investment in any particular stock or industry should not exceed specified percentages of the value of the portfolio and/or restrictions or prohibitions of transactions in the securities of a specific industry or security. Please refer to the "Advisory Business" section in this brochure for more information on our discretionary management services.

If you enter into non-discretionary arrangements with our firm, we will obtain your approval prior to the execution of any transactions for your account(s). You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Item 17 Voting Client Securities

Proxy Voting

We will not vote proxies on behalf of your advisory accounts. At your request, we may offer you advice regarding corporate actions and the exercise of your proxy voting rights. If you own shares of applicable securities, you are responsible for exercising your right to vote as a shareholder.

In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward any electronic solicitation to vote proxies.

Item 18 Financial Information

We are not required to provide financial information to our clients because we do not:

- require the prepayment of more than \$ 500 in fees and six or more months in advance, or
- take custody of client funds or securities, or
- have a financial condition that is reasonably likely to impair our ability to meet our commitments to you.

Item 19 Requirements for State-Registered Advisers

Refer to the Part(s) 2B for background information about management personnel and those giving advice on behalf of our firm.

Our firm is not actively engaged in any business other than giving investment advice.

Neither our firm, nor any persons associated with our firm are compensated for advisory services with performance-based fees. Please refer to the "Performance-Based Fees and Side-By-Side Management" section above for additional information on this topic.

Neither our firm, nor any of our management persons have any reportable arbitration claims, civil, self-regulatory organization proceedings or administrative proceedings.

Neither our firm, nor any of our management persons have a material relationship or arrangement with any issuer of securities.

Item 20 Additional Information

Your Privacy

We view protecting your private information as a top priority. Pursuant to applicable privacy requirements, we have instituted policies and procedures to ensure that we keep your personal information private and secure.

We do not disclose any nonpublic personal information about you to any nonaffiliated third parties, except as permitted by law. In the course of servicing your account, we may share some information with our service providers, such as transfer agents, custodians, broker-dealers, accountants, consultants, and attorneys.

We restrict internal access to nonpublic personal information about you to employees, who need that information in order to provide products or services to you. We maintain physical and procedural safeguards that comply with regulatory standards to guard your nonpublic personal information and to ensure our integrity and confidentiality. We will not sell information about you or your accounts to anyone. We do not share your information unless it is required to process a transaction, at your request, or required by law.

You will receive a copy of our privacy notice prior to or at the time you sign an advisory agreement with our firm. Thereafter, we will deliver a copy of the current privacy policy notice to you on an annual basis. Please contact our main office at the telephone number on the cover page of this brochure if you have any questions regarding this policy.

Trade Errors

On occasion, an error may be made in a client account. For example, a security may be erroneously purchased for a client account instead of sold. In these situations, RNB generally seeks to rectify the error by placing the client account in a similar position as it would have been had there been no error. Depending on the circumstances, various corrective steps may be taken, including but not limited to, canceling the trade, adjusting an allocation, and/or reimbursing the account. In the event the trading error results in an erroneous profit, the profit would be retained by broker-dealer/custodian and would not be allocated to the client.

Class Action Lawsuits

We do not determine if securities held by you are the subject of a class action lawsuit or whether you are eligible to participate in class action settlements or litigation nor do we initiate or participate in litigation to recover damages on your behalf for injuries as a result of actions, misconduct, or negligence by issuers of securities held by you.
