Item 4 - Services, Fees and Compensation

- A. Description of our services, including the types of portfolio management services, provided under each program. We must indicate the wrap fee charged for each program, or, if fees vary according to a schedule, provide such schedule. Further, we are required to indicate whether fees are negotiable and identify the portion of the total fee, or range of fees, paid to portfolio managers.

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals, risk tolerance, etc.

(i) Our Asset Management Wrap Fee Program:

We emphasize continuous and regular account supervision. As part of our asset management service, we generally create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals, and objectives. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We are authorized to delegate the active discretionary management of all or part of the assets to one or more independent investment managers and/or investment management programs (collectively referred to as "Independent Managers") based upon the client's stated investment objectives. The terms and conditions under which our clients may engage the Independent Managers, which may include separate fees in addition to our management fee, may be set forth in a separate written agreement between a client and the designated Independent Managers. Clients agree to execute in a timely manner any such separate written agreements with the Independent Managers that we may deliver to our client. The Independent Managers shall have limited power-of-attorney and trading authority over those Assets our firm directs to them for management and they shall be authorized to buy, sell, and trade in securities in accordance with the client's investment objectives as communicated by us and to give instructions in furtherance of such trading authority to the Broker-Dealer and the Custodian. Our firm is authorized to terminate or change Independent Managers when, in our sole discretion, our firm believes such termination or change is in a client's best interest. We will continue to render services to the client relative to the supervision of the Independent Managers and ongoing monitoring and review of account performance, asset allocation, and investment objectives, for which services we shall be paid the our firm's Fee.

We pay compensation to Independent Managers for services rendered by these firms to clients and our firm. This compensation, is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory

fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to seventy-five percent (50%) of the overall advisory fee to Independent Managers for their services.

Our clients acknowledge and agree that if there is not enough liquid cash in a client's accounts, we or any third party Independent Manager will instruct the relevant custodian to liquidate the necessary positions in such accounts to cover the amount of the fees under the Agreement.

FEE SCHEDULE: Beverly Hills Wealth Management Wrap Fee Program Portfolio Management

<u>Assets under Management</u>	<u>Annual Advisory Fee</u>
Any Assets	2.00%

Our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the time-weighted daily average of the previous quarter. Our firm's fees are generally negotiable.

- B. Explanation that a wrap fee program may cost you more or less than purchasing such services separately and description of the factors that bear upon the relative cost of the program, such as the cost of the services if provided separately and the trading activity in your account(s).

A wrap fee programs allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

- C. Description of any fees that you may pay in addition to a wrap fee, and description of the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers.

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and

securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

- D. If someone recommending a wrap fee program to you, receives compensation as a result of your participation in the program, we must disclose this fact. Further, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if you participated in our other wrap fee program or paid separately for investment advice, brokerage and other services. Finally, we must explain that someone recommending a wrap fee program may have a financial incentive to recommend the wrap fee program over other programs or services.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

- 3) If applicable, an explanation that neither our firm nor a third-party reviews portfolio manager performance information, and/or that performance information may not be calculated on a uniform and consistent basis.
