Part 2A Brochure

This brochure provides information about the qualifications and business practices of Barber Financial Group, Inc. If you have any questions about the contents of this brochure, please contact us at 913-393-1000. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any state securities authority.

Additional information about Barber Financial Group, Inc. also is available on the SEC's website at www.adviserinfo.sec.gov. You can search this site by a unique identifying number, known as a CRD number. The CRD number for Barber Financial Group, Inc. is 152043.

Barber Financial Group, Inc. is a Registered Investment Adviser. Registration with the United States Securities and Exchange Commission or any state securities authority does not imply a certain level of skill or training.

MATERIAL CHANGES

Summary of Material Changes

Set for below is a summary of material changes in this brochure from our last annual update. Our last annual update was dated March 28, 2011.

New Advisory Services: Estate Planning and Legacy Planning.

Estate Planning

BFG will provide estate planning advice which, depending on needs, may address cash needs at death, income needs of surviving dependents, minimizing the impact of taxes on an estate, and an analysis of strategies and investment plans to help clients achieve their goals.

Legacy Planning

BFG, working with the client's attorney, will assist in the design and set up of a trust or other vehicle that will grow and distribute wealth well beyond the clients life. We may also provide Investment Supervisory Services to manage the assets used to fund the trust or other vehicle established for this purpose.

Risk On, Risk Off

The firm slightly modified an existing strategy and added new language for describing the strategy. The Firm is now using the phrase "Risk On, Risk Off". This term is used in the Core models and using ETF's. When Risk is "on", the strategy might buy equities and high dividend paying or high yielding ETFs. When risk is "off", the strategy believes there is a bear market and the model will use treasury ETF's and/or will short the S&P index. 75% of the strategy will remain in the core allocation and 25% of the model will be allocated to this "risk on, risk off" philosophy.

If you would like another copy of this Brochure, please download it from the SEC Website as indicated above or you may contact our Chief Compliance Officer, Dean Barber, 913-393-1000 or dean@barberfinancialgroup.com.

We encourage you to read this document in its entirety.

ADVISORY BUSINESS

This Disclosure document is being offered to you by Barber Financial Group, Inc. (“BFG”) in connection with the investment advisory services we provide. It discloses information about the services we provide and the manner in which those services are made available to you, the client.

We are a fee-based investment management firm located in Lenexa, Kansas, specializing in investment advisory services for investors. The firm was established by F. Dean Barber, the firm’s principal owner, as Comprehensive Financial Planning Services (CFPS, Inc) in October, 1998. The name was officially changed to Barber Financial Group in November, 2004 and became a registered investment adviser in January, 2010.

We are committed to helping clients build, manage, and preserve your wealth and to providing assistance to clients to help achieve their stated financial goals. We may offer an initial complimentary meeting; however, investment advisory services are initiated only after you and BFG execute an engagement letter or client agreement.

Investment Management and Supervision Services

We offer discretionary investment management and investment supervisory services for a fee based on a percentage of your assets under management. These services include investment analysis, allocation of investments, quarterly portfolio statements and ongoing monitoring services for the portfolio.

BFG determines your portfolio composition based on your needs, portfolio restrictions, if any, financial goals and risk tolerances. We will work with you to obtain necessary information regarding your financial condition, investment objectives, liquidity requirements, risk tolerance, time horizons, and any restrictions on investing. This enables us to determine the portfolio best suited for your investment objective and needs.

In performing our services, we are not required to verify any information received from you or from other professionals. If you request, we may recommend and/or engage the services of other professionals for implementation purposes. You are under no obligation to engage the services of any such recommended professional.

Once we have determined the types of investments to be included in your portfolio, and allocated them, we will provide ongoing portfolio review and management services. This approach requires us to review our portfolios on a frequent basis.

We will rebalance the portfolio, as we deem appropriate, to meet your financial objectives. We will trade these portfolios and rebalance them on a discretionary basis.

Our advisory services are tailored to meet your individual needs. You will have the ability to leave written standing instructions with us to refrain from investing in particular industries or invest in limited amounts of securities.

In all cases, you have a direct and beneficial interest in your securities, rather than an undivided interest in a pool of securities. We do not and will not have custody of your funds or securities. We have limited authority to direct the Custodian to deduct investment advisory fees, but only with the appropriate authorization from you.

Third Party Manager Program (“TPM Program” or “TPM”)

Selected Third Party Managers ("Managers") are evaluated by BFG for Client use. TPM services may include assisting you in identifying your investment objectives and matching personal and financial data with a select list of Managers that meet the TPM minimum quantitative and qualitative criteria. The intent of the Program is to have a selected list of high quality and recognizable third party investment management firms from which you select one or more Managers to handle the day-to-day management of the your account(s). Following recommendations by our Investment Adviser Representatives (“IAR”), you will have final authority to select a Manager. The IAR may assist you in completing appropriate documents. Following selection of a Manager, BFG will approve the appropriateness of such Manager.

Managers selected for your investments under TPM need to meet several quantitative and qualitative criteria established by BFG. Among the criteria that may be considered are the manager’s experience, assets under management, performance record, client retention, the level of client services provided, investment style, buy and sell disciplines, capitalization level, and the general investment process. Prior to selection, all Managers are interviewed by a member of the BFG diligence committee. Each Client must have a profile that matches the Manager’s stated objectives.

You are advised and should understand that:

- A Manager’s past performance is no guarantee of future results;
- There is a certain market and/or interest rate risk which may adversely affect any Manager’s objectives and strategies, and could cause a loss in a Client's account(s); and
- Client risk parameters or comparative index selections provided to BFG are guidelines only and there is no guarantee that they will be met or not be exceeded.

All accounts are managed by the selected Manager and BFG does not have any discretionary trading authority with respect to such accounts. Information collected by our firm regarding TPM Managers is believed to be reliable and accurate but BFG does not necessarily independently review or verify it on all occasions. All performance reporting will be the responsibility of the respective Manager. Such performance reports

will be provided directly to you and BFG. BFG does not audit or verify that these results are calculated on a uniform or consistent basis as provided by a Manager directly to BFG or through the consulting service utilized by the Manager.

Financial Planning Services

Financial advisory services provided by us may include the analysis of your situation and assistance in identifying and implementing appropriate financial planning and investment management techniques to help you meet your specific financial objectives. Such services may include a written financial analysis and specific or general investment and/or planning recommendations.

In preparing your financial plan, we may address any or all of the six areas of financial planning established by the National Endowment for Financial Education and endorsed by the Certified Financial Planner Board of Standards, depending on your specific needs. These include: financial position, protection planning, investment planning, income tax planning, retirement planning, and estate planning.

Our specific services in preparing your plan may include:

- Determining appropriate income planning strategies for both pre- and post-retirement timeframes;
- Reviewing existing and proposed investment asset mixes to help you meet your overall financial objectives. This would include reviewing risk/return issues and a suggested plan of action consistent with your risk tolerance and overall financial objectives.
- Calculating your pre-retirement savings and investing needs;
- Assessing your overall financial position including net worth, cash flow, and debt;
- Providing a comprehensive analysis of IRA-related issues including rollover, distribution, and inheritance planning options;
- Evaluating strategies designed to maximize the utilization and protection of your IRA assets;
- Estimating your federal estate taxes and suggesting a plan of action to help meet estate planning objectives.
- Reviewing and determining your life and disability insurance needs;
- Providing suggestions for minimizing your federal and state income tax obligations; and
- Developing investment strategies consistent with your business ownership succession and transition planning, if applicable.

Estate Planning

BFG also provides estate planning advice which, depending on your needs, may address cash needs at death, income needs of surviving dependents, minimizing the impact of taxes on your estate, and an analysis of strategies and investment plans to help you achieve your goals. BFG, working closely with your attorney, can also assist you in setting up and funding a trust or other vehicle that may be useful in meeting your goals.

Legacy Planning

BFG, working with your attorney, assists you in designing and setting up a trust or other vehicle that will grow and distribute your wealth well beyond your life. We may also provide Investment Supervisory Services to manage the assets used to fund the trust or other vehicle established for this purpose.

Consulting Services

We also provide clients investment advice on a more limited basis on one or more isolated areas of concern such as estate planning, real estate, retirement planning, or any other similar specific topic. Additionally, the Firm may provide advice on non-securities matters in connection with the rendering of estate planning, insurance, real estate, maximizing social security benefits and/or annuity advice.

Wrap Fee Programs

We do not place Client assets into a wrap fee program.

Assets

As of December 31, 2011, we managed \$218,844,457 in client assets on a discretionary basis.

FEES AND COMPENSATION

Investment Management Fees and Compensation

BFG charges a fee as compensation for providing Investment Management services to your account. These services include advisory and consulting services, trade entry, investment supervision, and other account maintenance activities. The custodian may charge custodial fees, transaction costs, redemption fees, retirement plan and administrative fees or commissions. See Additional Fees and Expenses below.

The fees for accounts are based on an annual percentage of your assets that we manage. The fees are applied to the account asset value on a pro-rated basis, billed quarterly in advance. The initial fee will be based upon the market value of the account on the date the account is accepted for management by execution of the investment advisory contract by the Firm and the assets are transferred, and then prorated for the number of days in the calendar quarter that your account is under management.

Thereafter, the fee will be based on the market value of the account on the last day of the previous calendar quarter and will cover the period from the first day of the calendar quarter through the last day of the calendar quarter. The market value will be determined as reported by the Custodian. Fees are assessed on all assets under management, including securities, cash and money market balances. Margin debit balances do not reduce the value of assets under management.

Fees may vary based on the size of the account, complexity of the portfolio, extent of activity in the account or other reasons agreed upon by us and you as the client. Fees will generally follow the schedule of assets under management outlined below. In certain circumstances at our discretion, we may allow you to negotiate fees.

Market Value of the Advisory Assets	Maximum Annual Advisory Fees%
\$0.00 to \$100,000	1.75%
\$100,000 to \$249,999	1.65%
\$250,000 to \$499,999	1.50%
\$500,000 to \$749,999	1.35%
\$750,000 to \$999,999	1.25%
\$1,000,000 to \$1,999,999	1.00%
\$2,000,000 to \$2,999,999	0.90%
\$3,000,000 to \$3,999,999	0.80%
\$4,000,000 to \$4,999,999	0.70%
\$5,000,000 to \$9,999,999	0.60%
\$10,000,000 and Up	0.50%

In our discretion, we may add (aggregate) asset amounts in accounts from your same household together to determine the advisory fee for all your accounts. We may do this, for example, where we also service accounts on behalf of your minor children, individual and joint accounts for a spouse, and/or other types of related accounts. This consolidation practice is designed to allow you the benefit of an increased asset total, which could potentially cause your account(s) to be assessed a reduced advisory fee based on the asset levels available in our fee schedule.

You authorize us to debit your account quarterly for our fee. The independent qualified custodian holding your funds and securities will debit your account directly for the advisory fee and pay that fee to us.

You will provide written authorization permitting the fees to be paid directly from your account held by the qualified custodian. Further, the qualified custodian agrees to deliver an account statement at least quarterly directly to you indicating all the amounts deducted from the account including our advisory fees. You are encouraged to review your account statements for accuracy. We will receive a duplicate copy of the custodian's statement that was delivered to you.

Either BFG or you may terminate the management agreement, upon 30 day written notice to the other party. The management fee will be pro-rated to the date of termination, for the quarter in which the cancellation notice was given, and any unearned fees will be refunded to you. Upon termination, you are responsible for monitoring the securities in your account, and we will have no further obligation to act or advise with respect to those assets.

Third Party Management ("TPM Program" or "TPM") Fees

Fees and billing methods are outlined in each respective Manager's Brochure and Advisory Contract. BFG will be paid an on-going fee by the Manager based upon a percentage of your assets under management with respect to each Manager. You will receive a copy of our agreement with the TPM which will disclose all fees. BFG negotiates its solicitor fee with each Manager.

BFG has a potential conflict of interest to recommend selections of management style and Managers that would result in higher advisory fees paid to BFG. However, BFG will make all recommendations independent of such fee consideration and based solely on its obligations to consider your objectives and needs.

The minimum account size for participating in a TPM Program will vary from Manager to Manager. All such minimums will be disclosed in the respective Manager's Brochure. BFG may have the ability to negotiate such minimums for you.

You may terminate your relationship in accordance with the respective Managers' disclosure documents. If you terminate your participation in the Program within five business days of inception, you will receive a full refund of the fee. Pre-paid fees will be

refunded in accordance with the respective Manager's agreement and disclosure documents.

A Manager relationship may be terminated at your or your IAR's discretion. BFG may at any time terminate the relationship with a Manager that manages your assets. BFG will notify you of instances where we have terminated a relationship with any Manager you are investing with. BFG will not conduct on-going supervisory reviews of the Manager following such termination.

Factors involved in the termination of a Manager may include a failure to adhere to their stated management style or your objectives, a material change in the professional staff of the Manager, unexplained poor performance, unexplained inconsistency of account performance, or our decision to no longer include the Manager on our list of approved Managers.

Financial Planning Fees

BFG will negotiate planning fees with you. Fees may vary based on the extent and complexity of your individual personal circumstances, your gross income and amount of assets under management. Your fee for the designated financial advisory services will be based on one of the following ways:

- **Fixed Fee:** Under a fixed fee arrangement, any fee will be agreed upon by you and your advisor in advance of services being performed. The fee will be determined based on factors including the complexity of your financial situation, agreed upon deliverables, and whether or not you intend to implement any recommendations through your IAR at BFG.

When BFG is chosen to implement your plan, we may waive or reduce a portion of our financial planning fee. The type of fee and, in the case of a fixed fee, the amount of the fee will be agreed to by you and your advisor prior to the signing of the financial planning agreement. One half of the total fee will be due and payable at the time you enter into the financial planning agreement, with the balance due and payable at the time the financial plan is delivered.

Typically, we complete a plan within a week or two and will present it to you within 90 days of the contract date, provided that you have provided us all information needed to prepare the financial plan. If the work is not completed in such a time, we may refund your fee on a pro-rated basis. The financial planning flat fee refund is calculated as follows: within the first week of signing the agreement, if the client cancels we will refund 50% of the fee. Fixed fees shall not exceed \$5,000.

- **Hourly Rate:** Under an hourly rate agreement, your total cost for financial planning services will be based on the amount of time your advisor and our staff spend developing your financial plan. This includes time spent meeting with you, analyzing your financial objectives, and evaluating and documenting your strategies. Our hourly rates vary between \$150.00 and \$500.00. The hourly rate will be agreed upon by you and your

advisor in advance of services being performed. The fee and the number of hours will be determined based on factors including, the complexity of your financial situation, agreed upon deliverables and the level of experience of the advisor(s) completing your plan. Either party may terminate the agreement. Upon termination, fees will be prorated to the date of termination and any unearned portion of the fee will be refunded to you.

In no case are our fees based on, or related to, the performance of your funds or investments.

When both investment management or plan implementation and financial planning services are offered, there is a potential conflict of interest since there is an incentive for the party offering financial planning services to recommend products or services for which BFG or an affiliated company may receive compensation. However, BFG will make all recommendations independent of such considerations and based solely on our obligations to consider your objectives and needs. As a financial planning client, you are under no obligation to act upon any of our recommendations or effect the transaction(s) through us if you decide to follow the recommendations.

Estate Planning and Legacy Planning

Estate Planning and Legacy Planning are a flat fee arrangement, any fee will be agreed upon by you and BFG in advance of services being performed. The fee will be determined based on factors including your net worth, the complexity of your financial situation, agreed upon deliverables, and whether or not you intend to implement any recommendations through BFG. The type of fee and, in the case of a flat fee, the amount of the fee will be agreed to by you and BFG prior to the signing of the agreement. The total fee will be due and payable at the time you enter into the agreement. Typically plans are completed within 4-6 weeks and will be presented to you within 90 days of the contract date, provided that all information needed to prepare the plan has been provided to BFG. If you terminate the agreement prior to completion of the plan, any prepaid, unearned fees will be refunded promptly, and any earned, unpaid fees will be due and payable. Flat fees for planning services will typically range from \$500.00 to \$25,000.00.

Consulting

BFG will negotiate consulting fees with you. Fees may vary based on the extent and complexity of the consulting project. Your fee for the designated consulting agreement is based on one of the following ways:

- **Fixed Fee:** Under a fixed fee arrangement, any fee will be agreed upon by you and your advisor in advance of services being performed. The fee will be determined based on factors of the consulting project and fully detailed in our agreement. A portion of the fee is payable upon signing the agreement. We will complete work within six months of the date your initial fee is paid. If the work is not completed in such a time, we will refund your fee based upon the % of the completion of the project. The fixed fee shall not exceed \$10,000.

- **Hourly Rate:** Under an hourly rate agreement, your total cost for consulting services will be based on the amount of time your advisor and our staff spend working with you on your specific project. Our hourly rates vary between \$150.00 and \$500.00. You will be billed monthly as services are rendered.

Either party may terminate the agreement. Upon termination, fees will be prorated to the date of termination and any unearned portion of the fee will be refunded to you as described above.

Estate Planning, Legacy Planning and Consulting Fees Offset by Commissions

If an Estate Planning, Legacy Planning or Consulting client executes recommended securities transactions through associated persons of BFG in their separate capacities as registered representatives of a broker/dealer, these individuals will earn commissions which are separate and distinct from fees charged for advisory services. In some instances depending on the size of the transaction, advisory fees will be discounted, at our discretion, for commissions earned.

When both investment management or plan implementation and financial planning services are offered, there is a potential conflict of interest since there is an incentive for the party offering financial planning services to recommend products or services for which BFG, or a related party, may receive compensation. However, as a financial planning client, you are under no obligation to act upon any of our recommendations or effect the transaction(s) through us if you decide to follow the recommendations.

Additional Fees and Expenses:

Advisory fees payable to us do not include the fees you may pay when we purchase or sell securities for your Account(s). The following list of fees or expenses are what you may pay directly to third parties, whether a security is being purchased, sold or held in your Account(s) under our management.

- Brokerage commissions;
- Transaction fees;
- Exchange fees;
- SEC fees;
- Advisory fees and administrative fees charged by Mutual Funds (MF), and/or Exchange Traded Funds (ETFs)
- Advisory fees charged by sub-advisers (if any are used for your account)
- Custodial Fees;
- Deferred sales charges (on MF or annuities);
- Odd-Lot differentials;
- Transfer taxes;
- Wire transfer and electronic fund processing fees;

- Fees on existing variable annuities that may have been subject to trailing service fees, deferred sales charges, and mortality and expense fees.
- Fees on Mutual fund assets deposited in the account that may have been subject to deferred sales charges and 12 (b)(1) fees and other mutual fund annual expenses as described in the fund's prospectus.

Please refer to the "Brokerage Practices" for discussion of BFG's brokerage practices.

PERFORMANCE BASED FEES AND SIDE-BY-SIDE MANAGEMENT

We do not charge advisory fees on a share of the capital appreciation of the funds or securities in a client account (so-called performance based fees). Our advisory fee compensation is charged only as disclosed above in Fees and Compensation.

TYPES OF CLIENTS

We provide investment advice to individuals, trusts, pension plans, estates, charitable organizations and corporations. Our initial account value requirement is \$50,000 for establishing or maintaining a client's account or \$250,000 per family. The account minimum may, however, be subject to waiver or negotiation, at our discretion.

METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

The method of analysis we utilize is both fundamental and technical. We gather our information for investment purposes from financial newspapers, magazines, research prepared by others, corporate rating services, company press releases, annual reports, prospectuses and filings with the Securities and Exchange Commission.

We seek to achieve long-term client objectives through analysis based on the long-term returns of various asset classes to determine asset allocation by account type. We intend to focus investment strategies on longer-term purchases. As market conditions indicate, we may recommend defensive strategies for preservation of capital over both the short- and long-term. Our primary investment strategy is to provide a disciplined application of capital management in order to achieve your long-term goals.

We determine how to allocate assets among the various asset classes based on the investment strategy chosen, prevailing economic conditions and our determination of where we are in the economic cycle. Potential risks and opportunities are weighed to determine to what degree the portfolio should be invested net long¹, short² or neutral.

Asset Allocation Programs

We may use model asset allocation programs (Model Portfolios) researched and provided by a third party. Under this strategy, BFG and the Client will determine and select the appropriate Program Model Portfolio(s).

Under this strategy, the third party provides research and builds, monitors and updates the Model Portfolios. The third party will provide us investment analysis, allocation of investments, quarterly portfolio summaries and ongoing monitoring services for the Model Portfolio investment classes

A Model Portfolio(s) composition will be determined based on research and selection of a mix of mutual funds and other investment products using the Program's proprietary process. The Program screens potential fund investments on key criteria, including, but not limited to:

¹ To be "long" means to be invested in the traditional sense. When one buys a stock, they are said to be "long" that stock. To be positioned net long means to be invested in such a way that the overall portfolio seeks to benefit from increases in asset values.

² To be "short" means to borrow a stock, fund or other asset and immediately sell it. The intention is to buy it back later at a lower price, then return the asset to the source from which it was borrowed, keeping the profit. Shorting is a way to benefit from expected falling asset prices. To be positioned net short means to be invested in such a way that the overall portfolio seeks to benefit from declines in asset values. Normally, short selling involves the potential for unlimited loss. However, because our short positions are only established through mutual funds or ETF's that hold short positions and not through direct short sales, there is not the risk of unlimited loss. Normally, our short positions represent only a small percentage of the overall portfolios.

- Fund objectives and investment styles,
- Superior performance relative to fund peer groups over a number of years,
- Asset size providing liquidity and maneuverability,
- Consistent fund management,
- Relatively low expense ratios after investments are selected for a portfolio.
- The Model Portfolio is monitored closely by the third party vendor to ensure that each fund continues to be aligned with the portfolio's specific needs while enhancing its return.

Model Portfolios may include:

- Mutual Fund Portfolios: Capital Preservation Plus; Income Plus; Conservative Growth; Moderate Growth; Growth; Growth Plus; Bear Market Entry; Cautious Bear Plus
- ETF Portfolios: Income First and Tactical Allocator

BFG, through the third party, will regularly review your Accounts for adherence to Model Portfolio(s) targets. BFG will rebalance your Account as it deems appropriate or as signals are received from the third party, to achieve the objectives of each respective Model Portfolio.

We may also use a "Risk On, Risk Off". This term is used in the Core models and using ETF's. When Risk is "on", the strategy might buy equities and high dividend paying or high yielding ETFs. When risk is "off", the strategy believes there is a bear market and the model will use treasury ETF's and/or will short the S&P index. 75% of the strategy will remain in the core allocation and 25% of the model will be allocated to this "risk on, risk off" philosophy.

From time-to-time, market conditions may cause your account to vary from the established allocation. To remain consistent with the asset allocation guidelines established, we monitor all accounts on an ongoing basis. We rebalance accounts at least once annually to the original allocation, or if deemed beneficial, to a new allocation based on the then-prevailing economic conditions and within the guidelines of the chosen investment strategy.

You are advised and are expected to understand that our past performance is not a guarantee of future results and that certain market and economic risks exist that may adversely affect your account's performance resulting in capital losses in your account.

Risks

Investing in securities involves risk of loss which you should be prepared to bear. Our past performance is not a guarantee of future results. Certain market and economic risks exist that may adversely affect an account's performance that could result in capital losses in your account.

There are principal and material risks involved with investing which may adversely affect the account value and total return of your portfolio(s). There are other circumstances (including additional risks that are not described here) which could prevent your portfolios from achieving its investment objective. It is important to read all the disclosure information provided and to understand that you may lose money by investing in the any of our strategies.

Your account is subject to the following risks:

- **Stock Market Risk** – The value of securities in the portfolio will fluctuate and, as a result, the value may decline suddenly or over a sustained period of time.
- **Managed Portfolio Risk** – The manager's investment strategies or choice of specific securities may be unsuccessful and may cause the portfolio to incur losses.
- **Industry Risk** – The portfolio's investments could be concentrated within one industry or group of industries. Any factors detrimental to the performance of such industries will disproportionately impact on your portfolio. Investments focused in a particular industry are subject to greater risk and are more greatly impacted by market volatility than less concentrated investments.
- **Non-U.S. Securities Risk** – Non-U.S. securities are subject to the risks of foreign currency fluctuations, generally higher volatility and lower liquidity than U.S. securities, less developed securities markets and economic systems and political and economic instability.
- **Emerging Markets Risk** – To the extent that your portfolio invests in issuers located in emerging markets, the risk may be heightened by political changes and changes in taxation or currency controls that could adversely affect the values of these investments. Emerging markets have been more volatile than the markets of developed countries with more mature economies.
- **Currency Risk** – The value of your portfolio's investments may fall as a result of changes in exchange rates.

DISCIPLINARY INFORMATION

BFG does not have any legal, financial or other “disciplinary” item to report to you. Certain advisors associated with BFG may have events that require disclosure to you. Please refer to our Brochure Supplements for detailed disclosures.

OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Other Business Activities

Insurance

An affiliated entity, BFG Insurance Service, LLC is a licensed insurance agency with the State of Kansas. As such, certain IAR's of BFG may be compensated by this entity for selling insurance products to clients to whom our investment advisory services offered. A portion of our IAR's time is spent in connection with these activities.

Tax Service

Certain associated persons with BFG are also part of BFG Tax Service, LLC. BFG Tax Services, LLC ("BTS") provides assistance with Tax Planning and Preparation. This usually includes tax return preparation, representation before the IRS, state tax return preparation, income, gift & estate tax returns, business start up & corporate taxes, 1031 tax-free real estate exchanges and IRA distribution strategies.

When investment management, plan implementation, financial planning services or tax planning are offered, there is a potential conflict of interest since there is an incentive for the party offering investment management and financial planning services to recommend the services for which associated persons of our firm may receive compensation through Barber Tax Service, LLC. However, investment management/financial planning clients are under no obligation to act upon any of our recommendations or to utilize the services of the tax planning division.

Broker Dealer

BFG is not a broker/dealer, but our IARs are registered representatives and investment advisory representatives of National Planning Corporation ("NPC"), or NPC of America (in the states of Florida and New York), a full service broker-dealer, member FINRA/SIPC, which compensates them for effecting securities transactions or providing advisory services. When placing securities transactions through NPC in their capacity as registered representatives, they may earn sales commissions. Because the IARs are dually registered agents of NPC and BFG, NPC has certain supervisory and administrative duties pursuant to the requirements of FINRA Conduct Rule 3040. NPC and BFG are not affiliated companies. IARs of BFG spend a portion their time in connection with broker/dealer activities.

As a broker-dealer, NPC engages in a broad range of activities normally associated with securities brokerage firms. Pursuant to the investment advice given by BFG or its IARs, investments in securities may be recommended for clients. If NPC is selected as the broker-dealer, NPC and its registered representatives, including IARs of BFG, may receive commissions for executing securities transactions. When IARs of BFG receive

commissions in connection with the advice given to our advisory clients, BFG may reduce a portion of its fees by the amount of the commissions earned by BFG's IARs.

You are advised that if NPC is selected as the broker-dealer, the transaction charges may be higher or lower than the charges you may pay if the transactions were executed at other broker/dealers. You should note, however, that you are under no obligation to purchase securities through IARs of BFG or NPC.

BFG may provide advice regarding investment company securities (mutual funds). You should be aware that, in addition to the advisory fees you pay BFG each Investment Company also pays its own separate investment advisory fees and other expenses. Such fees and expenses are disclosed in the mutual fund's prospectus. In addition, clients should be aware that mutual funds may be purchased separately independent of the investment management services of BFG.

Moreover, you should note that under the rules and regulations of FINRA, NPC has an obligation to maintain certain client records and perform other functions regarding certain aspects of the investment advisory activities of its registered representatives. These obligations require NPC to coordinate with, and have the cooperation of its registered representatives that operate as, or are otherwise associated with, investment advisers other than NPC. Accordingly, NPC may limit the use of certain custodial and brokerage arrangements available to clients of BFG and NPC may collect, as paying agent of BFG, the investment advisory fee remitted to BFG by the account custodian. NPC may retain a portion of the investment advisory fee you pay, as a charge for the functions it performs, and such portion may be further re-allowed to other registered representatives of NPC. The charge will not increase the brokerage charges to you or the fee you have agreed to pay BFG.

IARs of BFG may, in their capacity as registered representatives of NPC, or as agents appointed with various life, disability or other insurance companies, receive commissions, 12(b)-1 fees, fee trails, or other compensation from the respective product sponsors and/or as a result of effecting securities transactions for clients. As previously noted, when commissions or fees are received by our IARs in connection with the advice given to advisory clients, BFG may, but is not obligated to, reduce its fee proportionate to the amount of the commission or fee earned by our IARs. However, clients should note that they are under no obligation to purchase any investment products through a BFG affiliated company or its IARs.

CODE OF ETHICS PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

BFG and persons associated with us are allowed to invest for their own accounts or have a financial interest in the same securities or other investments that we recommend or acquire for your account, and may engage in transactions that are the same as or different than transactions recommended to or made for your account. This creates a conflict of interest. We recognize the fiduciary responsibility to place your interests first and have established policies in this regard to avoid any potential conflicts of interest.

We have developed and implemented a Code of Ethics policy that sets forth standards of conduct expected of our advisory personnel to avoid this conflict of interest. The Code of Ethics addresses, among other things, personal trading, gifts, the prohibition against the use of inside information, and other situations where there is a possibility for conflicts of interest.

The Code of Ethics is designed to protect our clients by deterring misconduct, educating personnel regarding the firm's expectations and laws governing their conduct, reminding personnel that they are in a position of trust and must act with complete propriety at all times, protecting the reputation of BFG, guarding against violation of the securities laws, and establishing procedures for personnel to follow so that we may determine whether our personnel are complying with the firm's ethical principles.

All advisory personnel are required to report to the Firm's Chief Compliance Officer initial and annual holdings and quarterly transactions in reportable securities, as defined in the Code and the Chief Compliance Officer is responsible for reviewing such reports. The Code also sets forth general standards of conduct and practices to be followed by all personnel to minimize conflicts of interest, including restrictions on gifts to or from brokers, clients and others, restrictions on service on the boards of other companies, restrictions on participation in investment clubs and policies designed to prevent personal trading conflicts. In addition, the Code (including the Firm's Insider Trading Policy Statement) includes provisions designed to prevent and enforce the Firm's strict policy against the misuse of material non-public information by all personnel. The Firm's Chief Compliance Officer is responsible for the oversight and administration of the Code.

All associated persons sign a letter of acknowledgment that they have read the Personal Trading Policy, fully understand it and will abide by it at all times while under the employ of BFG.

We have established the following restrictions in order to ensure our fiduciary responsibilities to you are met:

1. A director, officer or employee of BFG shall not buy or sell any securities for their personal portfolio(s) where their decision is substantially derived, in whole or in part, by reason of his or her employment unless the information is also available to the investing public on reasonable inquiry. No director, officer or employee of BFG shall prefer his or her own interest to that of the advisory client.
2. We maintain a list of all securities holdings for itself, and anyone associated with this advisory practice with access to advisory recommendations. These holdings are reviewed on a regular basis by an appropriate officer/individual of BFG.
3. We emphasize the unrestricted right of the client to decline to implement any advice rendered, except in situations where we are granted discretionary authority of the client's account.
4. We emphasize the unrestricted right of the client to select and choose any broker-dealer (except in situations where we are granted discretionary authority) he or she wishes.
5. We require that all individuals must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
6. Any individual not in observance of the above may be subject to termination.

You may request a complete copy of our Code by contacting us at the address, telephone or email on the cover page of this Part 2; attn.: Chief Compliance Officer.

BROKERAGE PRACTICES

We have relationships with various custodians, all members FINRA/SIPC, to act as custodians your account. We may recommend that you establish accounts with one of these custodians to maintain custody of your assets and to effect trades for your accounts. Some of the products, services and other benefits provided by these custodians benefit us and may not benefit you or your account. Our recommendation/requirement that you place assets with these custodians may be based in part on benefits the custodians provide us, and not solely on the nature, cost or quality of custody and execution services provided by the custodian.

We are independently owned and operated and not affiliated with any of these independent qualified custodians. The custodians provide us with access to their institutional trading and custody services. These services include brokerage, custody, research and access to mutual funds and other investments that are otherwise generally available only to institutional investors.

We place trades for your account subject to our duty to seek best execution and other fiduciary duties. We may use broker-dealers other than these custodians to execute trades for your account maintained at the custodian, but this practice may result in additional costs to you so that we are more likely to place trades through the selected custodian rather than other broker-dealers. You may be able to obtain lower commissions and fees from other brokers and the value of products, research and services given to us is not a factor in determining the selection of broker/dealer or the reasonableness of their commissions.

The custodian's execution quality may be different than other broker-dealers.

Additionally, we have outsourced our back-office tasks to Orion Advisors. These include tasks of daily database reconciliation, statement generation and deliver, and advisory fee filling. Orion's system will provide us with customized reporting, GIPS-compliant composites, trade upload creation and pending trade follow-up for us to provide maintenance activities for your account.

For our client accounts maintained in custody with one of these custodians, the custodians generally do not charge separately for custody but are compensated by account holders through commissions or other transaction-related fees for securities trades.

We will aggregate (combine) trades for ourselves or our associated persons with your trades, providing that the following conditions are met:

1. Our policy for the aggregation of transactions shall be fully disclosed separately to our existing clients (if any) and the broker-dealer(s) through which such transactions will be placed;
2. We will not aggregate transactions unless it believes that aggregation is consistent with its duty to seek the best execution (which includes the duty to seek best price) for you and is consistent with the terms of our investment advisory agreement with you for which trades are being aggregated.
3. No advisory client will be favored over any other client; each client that participates in an aggregated order will participate at the average share price for all our transactions in a given security on a given business day, with transaction costs based on each client's participation in the transaction;
4. We will prepare a procedure specifying the participating client accounts and how to allocate the order among those clients;
5. If the aggregated order is filled in its entirety, it will be allocated among clients in accordance with the allocation statement; if the order is partially filled, it will be allocated pro-rata based on the allocation statement;
6. Our books and records will separately reflect, for each client account, the orders of which aggregated, the securities held by, and bought for that account.
7. We will receive no additional compensation or remuneration of any kind as a result of the proposed aggregation; and
8. Individual advice and treatment will be accorded to each advisory client.

As a matter of policy and practice, we do not utilize research, research-related products and other services obtained from broker-dealers, or third parties, on a soft dollar commission basis.

REVIEW OF ACCOUNTS

The underlying securities within our investment management are regularly monitored. These reviews will be made by Dean Barber (CEO, CIO, CCO), Shane Barber, Paul Miller, Bruce Godke, Melissa Baker and Eric Sheerin all IAR's. An annual review is usually conducted in person or by telephone. The number of accounts assigned depends on which IAR has the personal relationship with the client. The purpose of all these reviews is to ensure that the investment plan continues to be implemented in a manner which matches your objectives and risk tolerances. More frequent reviews may be triggered by material changes in variables such as your individual circumstances, or the market, political or economic environment. You are urged to notify us firm of any changes in your personal circumstances.

In addition to the quarterly statements and confirmation of transactions that you receive from the custodian, BFG (through the outside vendor, Orion Adviser Services) will be provided detailed quarterly account statements. Financial planning/Consulting clients will receive no regular reports from the Firm.

CLIENT REFERRALS AND OTHER COMPENSATION

The custodians we utilize make available to us other products and services that benefit us but may not benefit your accounts. Some of these other products and services assist us in managing and administering your accounts. These include software and technology that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of our fees from your account, and assist with back-office functions, recordkeeping and reporting.

Many of these services generally may be used to service all or a substantial number of our accounts. The custodians also make available to us other services intended to help us manage and further develop its business enterprise. These services may include consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, and marketing. In addition, the custodians may make available, arrange and/or pay for these services rendered to us by third parties. The custodians may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to us.

While as a fiduciary, we endeavor to act in your best interest, our recommendation that you maintain your assets in accounts at one of our recommended custodians may be based in part on the benefit to us or the availability of some of the foregoing products and services and not solely on the nature, cost or quality of custody and brokerage services provided by the custodian, which may create a potential conflict of interest.

From time to time, we may receive expense reimbursement for travel and/or marketing expenses from distributors of investment and/or insurance products. Travel expense reimbursements are typically a result of attendance at due diligence and/or investment training events hosted by product sponsors. Marketing expense reimbursements are typically the result of informal expense sharing arrangements in which product sponsors may underwrite costs incurred for marketing such as advertising, publishing and seminar expenses. Although receipt of these travel and marketing expense reimbursements are not predicated upon specific sales quotas, the product sponsor reimbursements are typically made by those sponsors for whom sales have been made or it is anticipated sales will be made.

IARs endeavor at all times to put the interest of our clients first as a part of their fiduciary duty. However, you should be aware that the receipt of additional compensation through expense reimbursements creates a conflict of interest that may impact the judgment of the IARs when making advisory recommendations.

CUSTODY

All Client account assets are held by a qualified custodian. BFG periodically reviews Clients' custody relationships to ascertain their effectiveness, responsiveness and costs. BFG, however, is not responsible for the actions of a Client's custodian.

Clients should carefully review account statements received directly from the qualified custodian. We also urge you to compare the account statement you receive from your qualified custodian with the statements provided by us.

INVESTMENT DISCRETION

We have authority to supervise and direct on an ongoing basis your investments in accordance with your investment objectives and guidelines or your written Investment Policy Statement. We are authorized, in its discretion and without prior consultation with you to: (1) buy, sell, exchange and otherwise trade any stocks, bonds or other securities or assets and (2) determine the amount of securities to be bought or sold and (3) place orders with the custodian. Any limitations to such authority will be communicated by you to us in writing.

We shall employ broker dealers and markets as is prudent for your account. We will not, however, employ a broker dealer affiliated with us without first disclosing the affiliation to you and obtaining your written consent, we shall not be liable for any act or omission of any broker dealer (other than an affiliated broker dealer employed with your written consent).

The limitations on investment and brokerage discretion held by BFG for you are:

1. For discretionary clients, we require that it be provided with authority to determine which securities and the amounts of securities to be bought or sold, as well as the broker-dealer to be used and the commission rates to be paid.
2. Any limitations on this discretionary authority shall be included in this written authority statement. You may change/amend these limitations as required. Such amendments shall be submitted in writing.

Research products and services received by us from broker-dealers will be used to provide services to all our clients.

VOTING YOUR SECURITIES

We will not vote proxies under its limited discretionary authority. You are welcome to vote proxies or designate an independent third-party at your own discretion. You designate proxy voting authority in the custodial account documents. You must ensure that proxy materials are sent directly to you or your assigned third party. We do not take action with respect to any securities or other investments that become the subject of any legal proceedings, including bankruptcies. Should you have any questions about a particular solicitation, please contact BFG or your IAR.

FINANCIAL INFORMATION

We are not aware of any financial condition that is reasonably likely to impair our ability to meet our contractual commitments to you.
