**FIRM CONTACT:
LARRY P. ISAACS, MANAGING MEMBER AND CHIEF COMPLIANCE OFFICER**

This Wrap Fee Program Brochure provides information about the qualifications and business practices of Dakota Financial Management. If you have any questions about the contents of this brochure, please contact us by telephone at (424)744-8656 or email at larry@dakota-fm.com. The information in this brochure has not been approved or verified by the United States Securities and Exchange Commission or by any State Securities Authority.

Additional information about Dakota Financial Management is also available on the SEC's website at www.adviserinfo.sec.gov

Please note use of the term “registered investment adviser” and description of Dakota Financial Management and/or our associates as “registered” does not imply a certain level of skill or training. You are encouraged to review this Brochure and Brochure Supplements for our firm’s associates who advise you for more information on the qualifications of our firm and its employees.

Item 2. Material Changes to Part 2A Appendix 1
(Wrap Fee Program Brochure) Of Our Form ADV:

Dakota Financial Management is required to advise you of any material changes to our Wrap Fee Program Brochure (“Wrap Brochure”) from our last annual update, identify those changes on the cover page of our Wrap Brochure or on the page immediately following the cover page, or in a separate communication accompanying our Wrap Brochure. We must state clearly that we are discussing only material changes since the last annual update of our Wrap Brochure, and we must provide the date of the last annual update of our Wrap Brochure.

Please note we do not have to provide this information to a client or prospective client who has not received a previous version of our Wrap Brochure.

Since our last annual update on 3/22/2011, the following items are material to this Brochure:

- 1) Dakota Financial Management no longer offers the referral service whereby Dakota Financial Management pays a portion of the advisory fees to solicitors for referrals.
- 2) Dakota Financial Management continues to offer the Corporate Cash Management Program Service.
- 3) Dakota Financial Management shall utilize properly registered and licensed independent money managers or sub-advisors for certain investment portfolios.
- 4) Dakota Financial Management shall switch from SEC to State registration.

Item 9 - Additional Information.....	10
Item 10. Requirements for State-Registered Advisers.....	15

Item 4 - Services, Fees and Compensation

- A. Description of our services, including the types of portfolio management services, provided under each program. We must indicate the wrap fee charged for each program, or, if fees vary according to a schedule, provide such schedule. Further, we are required to indicate whether fees are negotiable and identify the portion of the total fee, or range of fees, paid to portfolio managers.

We offer wrap fee programs as described in this Wrap Fee Program Brochure. Our wrap fee accounts are managed on an individualized basis according to each client's specific investment objectives, financial goals and risk tolerance. Lower fees for comparable services may be available from other sources.

(i) Our Asset Management Wrap Fee Program:

We emphasize continuous and regular account supervision. As part of our asset management service, we may create a portfolio, consisting of individual stocks or bonds, exchange traded funds ("ETFs"), options, mutual funds and other public and private securities or investments. The client's individual investment strategy is tailored to their specific needs and may include some or all of the previously mentioned securities. Each portfolio will be initially designed to meet a particular investment goal, which we determine to be suitable to the client's circumstances. Once the appropriate portfolio has been determined, we review the portfolio at least quarterly and if necessary, rebalance the portfolio based upon the client's individual needs, stated goals, objectives and our view of the financial markets. Each client has the opportunity to place reasonable restrictions on the types of investments to be held in the portfolio.

We may utilize Independent Money Managers, where we may design an investment portfolio and provide ongoing corresponding asset management services on a fee-only basis for a percentage of assets in conjunction with another investment advisory firm. Before selecting other advisers, we make sure that the other advisers are properly licensed or registered.

We pay compensation to Independent Managers for services rendered by these firms to clients and our firm. This compensation, is typically equal to a percentage of the overall investment advisory fee charged by our firm or an agreed upon fixed fee. The advisory fee paid to Independent Managers shall be negotiable in certain circumstances, but shall never exceed the overall amount in our published fee statement. We usually pay twenty-five (25) to fifty-percent (50%) of the overall advisory fee to Independent Managers for their services.

Our Asset Management Wrap Fee Program Fee Schedule:

Assets Under Management	Annual Advisory Fee
First \$1.00 million	2.25%
Next \$1.50 million	1.75%
Next \$2.50 million	1.40%
Next \$5.00 million	1.15%
Over \$10 million	1.00%

*Our firm's fees are generally not negotiable. Further, our firm's fees are billed on a pro-rata annualized basis quarterly in advance based on the value of your account on the last day of the previous quarter.

- B. Explanation that a wrap fee program may cost you more or less than purchasing such services separately and description of the factors that bear upon the relative cost of the program, such as the cost of the services if provided separately and the trading activity in your account(s).

A wrap fee program allows our clients to pay a specified fee for investment advisory services and the execution of transactions. The advisory services may include portfolio management and/or advice concerning selection of other advisers, and the fee is not based directly upon transactions in your account. Your fee is bundled with our costs for executing transactions in your account(s). This results in a higher advisory fee to you. We do not charge our clients higher advisory fees based on their trading activity, but you should be aware that we may have an incentive to limit our trading activities in your account(s) because we are charged for executed trades. By participating in a wrap fee program, you may end up paying more or less than you would through a non-wrap fee program where a lower advisory fee is charged, but trade execution costs are passed directly through to you by the executing broker.

- C. Description of any fees that you may pay in addition to a wrap fee, and description of the circumstances under which you may pay these fees, including, if applicable, mutual fund expenses and mark-ups, mark-downs, or spreads paid to market makers.

You may pay custodial fees, charges imposed directly by a mutual fund, index fund, or exchange traded fund which shall be disclosed in the fund's prospectus (i.e., fund management fees and other fund expenses), mark-ups and mark-downs, spreads paid to market makers, wire transfer fees and other fees and taxes on brokerage accounts and securities transactions. These fees are not included within the wrap-fee you are charged by our firm.

- D. If someone recommending a wrap fee program to you receives compensation as a result of your participation in the program, we must disclose this fact. Further, we are required to explain, if applicable, that the amount of the compensation may be more than what the person would receive if you participated in our other wrap fee program or paid separately for investment advice, brokerage and other services. Finally, we must explain that someone recommending a wrap fee program may have a financial incentive to recommend the wrap fee program over other programs or services.

Our investment advisory representatives receive a portion of the advisory fee that you pay us, either directly as a percentage of your overall fee or as their salary from our firm. In cases where our investment advisory representatives are paid a percentage of your overall advisory fee, this may create an incentive to recommend that you participate in a wrap fee program rather than a non-wrap fee program (where you would pay for trade execution costs) or brokerage account where commissions are charged. This is because, in some cases, we may stand to earn more compensation from advisory fees paid to us through a wrap fee program arrangement if your account is not actively traded.

Item 5 - Types of Clients

Types of clients we typically manage wrap fee accounts on behalf of, include:

- Individuals;
- Trusts, and Estates;
- Pension and Profit Sharing Plans;
- Corporations, Limited Liability Companies and/or other business types

Item 6 - Portfolio Manager Selection and Evaluation

- A. Description of how our firm selects and reviews portfolio managers, our basis for recommending or selecting portfolio managers for particular clients, and our criteria for replacing or recommending the replacement of portfolio managers for the program and for particular clients.

Our firm selects and reviews outside portfolio managers based on the following factors:

- past performance;
- investment philosophy;
- market outlook;
- experience of portfolio managers and executive team;
- disciplinary, legal and regulatory histories of the firm and its associates;
- whether established compliance procedures are in place to address at a minimum, insider trading, conflicts of interest, anti-money laundering.

- 1) Standards we use to calculate portfolio manager performance, such as industry standards or standards used solely by our firm.

We do not calculate portfolio manager performance. Instead, we rely upon the performance figures based on client's monthly or quarterly statements or reports provided to us by third party portfolio managers.

- 2) Indication of whether we review, or whether any third-party reviews, performance information to determine or verify its accuracy or its compliance with presentation standards. If so, we must briefly describe the nature of the review and the name of any third party conducting the review.

We do not review performance information or hire third parties to do so, in order to determine or verify its accuracy or compliance with presentation standards.

- 3) If applicable, an explanation that neither our firm nor a third-party reviews portfolio manager performance information, and/or that performance information may not be calculated on a uniform and consistent basis.

Our firm does not review performance information from portfolio managers and we do not hire party firms to do so. As a result, performance information may not be calculated on a uniform and consistent basis.

- B. Disclosure of whether our firm or any related persons act as a portfolio manager for a wrap fee program described in the wrap fee program brochure. We must explain the conflicts of interest that we face because of this arrangement and describe how we address these conflicts of interest. Further, we must disclose whether related person portfolio managers are subject to the same selection and review as the other portfolio managers that participate in the wrap fee program. If they are not, we must describe how we select and review related person portfolio managers.

Our firm and its related persons act as portfolio manager(s) for the wrap fee program(s) previously described in this Wrap Fee Program Brochure. This may create a conflict of interest in that other investment advisory firms may charge the same or lower fees than our firm for similar services. Our related person portfolio managers are not subject to the same selection and review as outside portfolio managers that participate in the wrap fee program. This is because we have chosen not to utilize outside portfolio managers.

- C. If our firm, or any of our supervised persons covered under or investment adviser registration, act as a portfolio manager for a wrap fee program described in the wrap fee program brochure, we must respond to Items 4.B, 4.C, 4.D (Advisory Business), 6 (Performance-Based Fees and Side- By-Side Management), 8.A (Methods of Analysis, Investment Strategies and Risk of Loss) and 17 (Voting Client Securities) of Part 2A of Form ADV (Firm Brochure).

Our firm and supervised persons do act as portfolio manager(s) for a wrap fee program described in this Wrap Fee Program Brochure.

(i) Advisory Business:

See Item 4 of this Wrap Fee Program Brochure for information about our wrap fee advisory programs.

(ii) Individual Tailoring of Advice to Clients:

We offer individualized investment advice to clients utilizing the following services offered by our firm: Traditional Portfolio Management and Non-Traditional Portfolio Management.

(iii) Ability of Clients to Impose Restrictions on Investing in Certain Securities or Types of Securities:

We usually do not allow clients to impose restrictions on investing in certain securities or types of securities due to the level of difficulty this would entail in managing their account. In the rare instance that we would allow restrictions, it would be limited to the following services: Traditional Portfolio Management and Non-Traditional Portfolio Management.

(iv) Participation in Wrap Fee Programs.

Our wrap fee and non-wrap fee accounts are managed on an individualized basis according to the client's investment objectives, financial goals and risk tolerance. We do not manage wrap fee accounts in a different fashion than non-wrap fee accounts.

(v) Performance-based fees and side-by-side management.

Our firm does not charge performance-based fees on regularly managed accounts.

Methods of analysis, investment strategies and risk of loss.

A. Description of the methods of analysis and investment strategies we use in formulating investment advice or managing assets.

Methods of Analysis:

- Charting;
- Fundamental;
- Technical;
- Cyclical.

Investment Strategies we use:

- Long term purchases (securities held at least a year);
- Short term purchases (securities sold within a year);
- Trading (securities sold within 30 days);
- Short sales;
- Margin transactions;
- Option purchases and option writing, including covered uncovered or spreading strategies;

Please note:

Investing in securities involves risk of loss that clients should be prepared to bear. While the stock market may increase and your account(s) could enjoy a gain, it is also possible that the stock market may decrease and your account(s) could suffer a loss. It is important that you understand the risks associated with investing in the stock market, are appropriately diversified in your investments, and ask us any questions you may have.

B. Our practices regarding cash balances in client accounts, including whether we invest cash balances for temporary purposes and, if so, how.

We generally invest client's cash balances in money market funds, FDIC Insured Certificates of Deposit, high-grade commercial paper and/or government backed debt instruments. Our investment objectives are to provide for liquidity, preservation of principle, diversification of risk, and maximization of yield. In most cases, at least a partial cash balance will be maintained in a money market account so that our firm may debit advisory fees for our services related to our Traditional Portfolio Management and Non-Traditional Portfolio Management, as applicable.

Voting Client Securities.

A. If we have, or will accept, proxy authority to vote client securities, we must briefly describe our voting policies and procedures, including those adopted pursuant to SEC Rule 206(4)-6.

We do not and will not accept the proxy authority to vote client securities. Clients will receive proxies or other solicitations directly from their custodian or a transfer agent. In the event that proxies are sent to our firm, we will forward them on to you and ask the party who sent them to mail them directly to you in the future. Clients may call, write or email us to discuss questions they may have about particular proxy votes or other solicitations.

However, third party money managers selected or recommended by our firm may vote proxies for clients. Therefore, except in the event a third party money manager votes proxies, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2)

making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Therefore (except for proxies that may be voted by a third party money manager), our firm and/or you shall instruct your qualified custodian to forward to you copies of all proxies and shareholder communications relating to your investment assets.

Item 7 - Client Information Provided to Portfolio Manager(s)

We are required to describe the information about you that we communicate to your portfolio manager(s), and how often or under what circumstances we provide updated information. Our firm communicates with your portfolio manager(s) on a regular basis as needed (daily, weekly or monthly) to ensure that your most current investment goals and objectives are understood by your portfolio manager(s). In most cases, we will communicate such information as part of our regular investment management duties. Nevertheless, we will also communicate information to your portfolio manager(s) when you ask us to, when market or economic conditions make it prudent to do so, etc.

Item 8 - Client Contact with Portfolio Manager(s)

Clients are always free to directly contact their portfolio manager(s) with any questions or concerns they have about their portfolios or other matters.

Item 9 - Additional Information

- A. We are required to respond to: 1. Item 9 (Disciplinary Information); and 2. Item 10 (Other Financial Industry Activities and Affiliations) of Part 2A of Form ADV.
1. We have determined that our firm and management have no disciplinary information to disclose.
 2. We have no other financial industry activities and affiliations to disclose.
- B. We are required to respond to: 1. Items 11 (Code of Ethics or Interest in Client Transactions and Personal Trading); 2. Item 13 (review of Accounts); 3. Item 14 (Client Referrals and Other Compensation); and 4. Item 18 (Financial Information) of Part 2A of Form ADV, as applicable to our wrap fee clients.

1. Code of Ethics, participation or interest in client transactions and personal trading.

Brief description of our Code of Ethics adopted pursuant to SEC rule 204A-1 and offer to provide a copy of our Code of Ethics to any client or prospective client upon request.

We recognize that the personal investment transactions of members and employees of our firm demand the application of a high Code of Ethics and require that all such transactions be carried out in a way that does not endanger the interest of any client. At the same time, we believe that if investment goals are similar for clients and for members and employees of our firm, it is logical and even desirable that there be common ownership of some securities.

Therefore, in order to prevent conflicts of interest, we have in place a set of procedures (including a pre-clearing procedure) with respect to transactions effected by our members, officers and employees for their personal accounts¹. In order to monitor compliance with our personal trading policy, we have a quarterly securities transaction reporting system for all of our associates.

Furthermore, our firm has established a Code of Ethics which applies to all of our associated persons. An investment adviser is considered a fiduciary. As a fiduciary, it is an investment adviser's responsibility to provide fair and full disclosure of all material facts and to act solely in the best interest of each of our clients at all times. We have a fiduciary duty to all clients. Our fiduciary duty is considered the core underlying principle for our Code of Ethics which also includes Insider Trading and Personal Securities Transactions Policies and Procedures. We require all of our supervised persons to conduct business with the highest level of ethical standards and to comply with all federal and state securities laws at all times. Upon employment or affiliation and at least annually thereafter, all supervised persons will sign an acknowledgement that they have read, understand, and agree to comply with our Code of Ethics. Our firm and supervised persons must conduct business in an honest, ethical, and fair manner and avoid all circumstances that might negatively affect or appear to affect our duty of complete loyalty to all clients. This disclosure is provided to give all clients a summary of our Code of Ethics. However, if a client or a potential client wishes to review our Code of Ethics in its entirety, a copy will be provided promptly upon request.

- a) If our firm or a related person invests in the same securities (or related securities, e.g., warrants, options or futures) that our firm or a related person recommends to clients, we are required to describe our practice and discuss the conflicts of interest this presents and generally how we address the conflicts that arise in connection with personal trading.

See Item 9 Section B (1.) of our Code of Ethics description. Related persons of our firm may buy or sell securities and other investments that are also recommended to clients. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request.

- b) If our firm or a related person recommends securities to clients, or buys or sells securities for client accounts, at or about the same time that you or a related person buys or sells the same securities for our firm's (or the related person's own) account, we are required to

¹ For purposes of the policy, our associate's personal account generally includes any account (a) in the name of our associate, his/her spouse, his/her minor children or other dependents residing in the same household, (b) for which our associate is a trustee or executor, or (c) which our associate controls, including our client accounts which our associate controls and/or a member of his/her household has a direct or indirect beneficial interest in.

describe our practice and discuss the conflicts of interest it presents. We are also required to describe generally how we address conflicts that arise.

See Item 9 Section B (1.) of our Code of Ethics description. Related persons of our firm may buy or sell securities for themselves at or about the same time they buy or sell the same securities for client accounts. In order to minimize this conflict of interest, our related persons will place client interests ahead of their own interests and adhere to our firm's Code of Ethics, a copy of which is available upon request. Further, our related persons will refrain from buying or selling the same securities within 48 hours of buying or selling for our clients. If related persons' accounts are included in a block trade, our related persons will always trade personal accounts last.

2. Review of accounts.

- a) Review of client accounts, along with a description of the frequency and nature of our review, and the titles of our employees who conduct the review.

We review accounts on at least a monthly basis for our clients subscribing to the following services: Traditional Portfolio Management and Non-Traditional Portfolio Management. The nature of these reviews is to learn whether clients' accounts are in line with their investment objectives, appropriately positioned based on market conditions, and investment policies, if applicable. Only our Financial Advisors or Portfolio Managers will conduct reviews.

- b) Review of client accounts on other than a periodic basis, along with a description of the factors that trigger a review.

We may review client accounts more frequently than described above. Among the factors which may trigger an off-cycle review are major market or economic events, the client's life events, requests by the client, or other material changes.

- c) Description of the content and indication of the frequency of written or verbal regular reports we provide to clients regarding their accounts.

We do not provide written reports to clients, unless asked to do so. Verbal reports to clients take place on at least an annual basis when we meet with clients subscribing to the following service(s): Traditional Portfolio Management and Non-Traditional Portfolio Management.

3. Client referrals and other compensation.

- a) If someone who is not a client provides an economic benefit to our firm for providing investment advice or other advisory services to our clients, we must generally describe the arrangement. For purposes of this Item, economic benefits include any sales awards or other prizes.

Our firm may recommend that clients establish brokerage accounts with Schwab Institutional division of Charles Schwab & Co., Inc. (“Schwab”), J.P. Morgan Chase & Co. and International Cash Distributors, LLC (“ICD”), (collectively “broker-dealer”) registered broker-dealers, Members SIPC, to maintain custody of Clients’ assets and to effect trades for their accounts. Our firm is independently owned and operated and not affiliated with broker-dealer. Our firm may also recommend that Clients establish accounts with firms other than broker-dealer.

Our firm places trades for its Clients' accounts subject to its duty to seek best execution and its other fiduciary duties. Our firm may use broker-dealers other than these broker-dealers to execute trades for client accounts maintained at broker-dealers, but this practice may result in additional costs to clients so that we are more likely to place trades through these broker-dealers rather than other broker-dealers. Broker-dealer’s execution quality may be different than that of other broker-dealers.

For our client accounts maintained in its custody, broker dealer generally does not charge separately for custody services but is compensated by account holders through commissions or other transaction-related or asset-based fees for securities trades that are executed through broker dealer or that settle into broker-dealer accounts.

Some of the products, services and other benefits provided by broker-dealer’s benefit us and may not benefit our firm's client accounts. Our recommendation/requirement that a client place assets in broker-dealer’s custody may be based in part on benefits broker-dealer provides to us, and not solely on the nature, cost or quality of custody and execution services provided by broker-dealer.

Broker-dealer also makes available to our firm other products and services that benefit us but may not benefit clients’ accounts. These benefits may include national, regional or specific to our firm, educational events organized and/or sponsored by broker-dealer. Other potential benefits may include occasional business entertainment of personnel of our firm by broker-dealer personnel, including meals, invitations to sporting events, including golf tournaments, and other forms of entertainment, some of which may accompany educational opportunities. These other products and services assist us in managing and administering clients’ accounts. These include software and other technology (and related technological training) that provide access to client account data (such as trade confirmations and account statements), facilitate trade execution (and allocation of aggregated trade orders for multiple client accounts), provide research, pricing information and other market data, facilitate payment of our fees from its clients’ accounts, and assist with back-office training and support functions, recordkeeping and client reporting. Many of these services generally may be used to service all or some substantial number of our firm’s accounts, including accounts not maintained at broker-dealer. Broker-dealer also makes available to us other services intended to help our firm manage and further develop its business enterprise. These services may include professional compliance, legal and business consulting, publications and conferences on practice management, information technology, business succession, regulatory compliance, employee benefits providers, human capital consultants, insurance and

marketing. In addition, broker-dealer may make available, arrange and/or pay vendors for these types of services rendered to our firm by independent third parties. Broker-dealer may discount or waive fees it would otherwise charge for some of these services or pay all or a part of the fees of a third-party providing these services to us. While, as a fiduciary, our firm endeavors to act in its clients' best interests, our recommendation/requirement that clients maintain their assets in accounts at broker-dealer may be based in part on the benefit to our firm of the availability of some of the foregoing products and services and other arrangements and not solely on the nature, cost or quality of custody and brokerage services provided by broker-dealer, which may create a potential conflict of interest.

But for soft dollar arrangements, we would have to obtain the aforementioned services and products for cash. As a result of receiving such products and services for no cost, we may have an incentive to continue to place client trades through broker-dealers that offer soft dollar arrangements. This interest conflicts with the clients' interest of obtaining the lowest commission rate available. Therefore, our firm must determine in good faith, based on the "best execution" policy stated above that such commissions are reasonable in relation to the value of the services provided by such executing broker-dealers.

From time-to-time our firm may make an error in submitting a trade order on a client's behalf. When this occurs, we may place a correcting trade with the broker-dealer which has custody of the client's account. If an investment gain results from the correcting trade, the gain will remain in the client's account unless the same error involved other client account(s) that should have received the gain, it is not permissible for the client to retain the gain, or our firm confers with the client and the client decides to forego the gain (e.g., due to tax reasons). If the gain does not remain in the client's account and Schwab is the custodian, broker-dealer will donate the amount of any gain \$100 and over to charity. If a loss occurs greater than \$100, we will pay for the loss. Broker-dealer will maintain the loss or gain (if such gain is not retained in the client's account) if it is under \$100 to minimize and offset its administrative time and expense. Generally, if related trade errors result in both gains and losses in the client's account, they may be netted.

- b) If our firm or a related person directly or indirectly compensates any person who is not our employee for client referrals, we are required to describe the arrangement and the compensation.

We do not pay referral fees (non-commission based) to independent solicitors (non-registered representatives) for the referral of their clients to our firm in accordance with State rules and statutes.

4. Financial information.

- a) If we require or solicit prepayment of more than \$500 in fees per client, six months or more in advance, we must include a balance sheet for our most recent fiscal year.

We do not require nor do we solicit prepayment of more than \$500 in fees per client, six months or more in advance, therefore we have not included a balance sheet for our most recent fiscal year.

- b) If we are an state-registered adviser and have discretionary authority or custody of client funds or securities, or we require or solicit prepayment of more than \$500 in fees per client, six months or more in advance, we must disclose any financial condition that is reasonably likely to impair our ability to meet contractual commitments to clients.

We have nothing to disclose in this regard.

- c) If we have been the subject of a bankruptcy petition at any time during the past ten years, we must disclose this fact, the date the petition was first brought, and the current status.

We have nothing to disclose in this regard.

If we are registering or are registered with one or more state securities authorities, we must respond to the following additional Item.

Item 10. Requirements for State-Registered Advisers

In addition to any relationship or arrangement described in response to Item 9.A.2 of Part 2A Appendix 1 of Form ADV, we must describe any relationship or arrangement that our firm or any of our management persons have with any issuer of securities that is not listed in Item 9.A.2 of Part 2A Appendix 1 of Form ADV.

We are State registered and have responded to this Item in Item 9.A.2 of this Part 2A Appendix 1 of Form ADV.
