This Prospectus sets forth basic information about the Fund that you should know before investing. It should be read and retained for future reference.

The date of this Prospectus is September 30, 2011.

SUMMARY SECTION

Investment Objective

The Jubak Global Equity Fund (the “Fund”) seeks long term capital appreciation.

Fees and Expenses

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees

(fees paid directly from your investment)

Maximum sales charge (load) imposed on purchases	None
Maximum deferred sales charge (load)	None
Redemption fee if redeemed within 90 days of purchase (as a percentage of amount redeemed)	2.00%
Wire fee	\$20
Overnight check delivery fee	\$15
Retirement account fees (annual maintenance and full redemption requests)	\$15

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

Management fees	1.20%
Distribution (Rule 12b-1) Fee	0.25%
Other expenses	1.51%
Acquired fund fees and expenses	0.06%
Total annual fund operating expenses ¹	3.02%
Fee waiver and/or expense reimbursements ²	(1.21%)
Total annual fund operating expenses after fee waiver and/or expense reimbursements ^{1, 2}	1.81%

¹ The total annual fund operating expenses and net operating expenses do not correlate to the ratio of expenses to average net assets appearing in the financial highlights table, which reflects only the operating expenses of the Fund and does not include acquired fund fees and expenses.

² Effective July 1, 2011, the Fund’s advisor has contractually agreed to waive its fees and/or absorb expenses of the Fund to ensure that total annual fund operating expenses (excluding taxes, leverage interest, brokerage commissions, dividend expenses on short sales, acquired fund fees and expenses as determined in accordance with Form N-1A, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation) do not exceed 1.65% of average daily net assets of the Fund. This agreement is in effect until September 30, 2012, and it may be terminated before that date only by the Trust’s Board of Trustees. The Fund’s advisor is permitted to seek reimbursement from the Fund, subject to limitations, for fees it waived and Fund expenses it paid for three years from the date of any such waiver or payment.

SUMMARY SECTION

Example

This example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds.

The example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

<u>One Year</u>	<u>Three Years</u>	<u>Five Years</u>	<u>Ten Years</u>
\$184	\$820	\$1,481	\$3,251

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 59% of the average value of its portfolio.

Principal Investment Strategies

Under normal market conditions, the Fund will invest at least 80% of its net assets in equity securities of companies located throughout the world, including the United States, and at least 40% of its assets in companies organized, headquartered or doing a substantial amount of business outside the United States. The Fund considers a company that has, at the time of investment, at least 50% of its assets or derived at least 50% of its revenue during the most recent fiscal year from business outside the United States as doing a substantial amount of business outside the United States. The Fund will invest primarily in equity securities of companies located in developed countries and may invest up to 40% of its assets in emerging markets.

The Fund's investments in equity securities may include common stocks, preferred stocks and convertible securities. The Fund may invest in any size company, including small and mid capitalization companies. The Fund will focus its investment in a portfolio of stocks across all industry groups, market capitalization ranges and geographic locations (but in no less than three different countries). From time to time, the Fund may have a significant portion of its assets invested in the securities of companies in one or a few countries or regions.

The Fund also may invest in American, European, and global depository receipts ("ADRs", "EDRs", and "GDRs", respectively) and exchange-traded funds ("ETFs"). ADRs are receipts that represent interests in foreign securities held on deposit by U.S. banks. EDRs and GDRs have the same qualities as ADRs, except that they may be traded in several international trading markets. ETFs are investment companies that invest in portfolios of securities designed to track particular market segments or indices and that have shares which are bought and sold on securities exchanges.

The Fund advisor's investment process is based on a large number of factors, including macro-economic trends and geopolitical issues, as well as more fundamental analysis of specific company performance, competitors and markets. The Fund's advisor also considers other factors including political risk, monetary policy risk, and regulatory risk when selecting foreign (non-U.S.) securities. The advisor's investment approach begins with a macro-economic approach that identifies important long-term global economic, financial, demographic, technology, and political trends and then seeks to identify specific companies that will be positively affected by these trends prior to general recognition of their consequences by markets. In choosing the specific stocks to buy to take advantage of these long-term trends the advisor looks at fundamental positioning in a company's market, management track records, competitive advantage with respect to competitors, and financial staying power, and then seeks to buy the best

stocks based on these metrics whenever short-term market volatility gives the Fund an opportunity to buy these stocks at low or reasonable prices.

Principal Risks of Investing

Before you decide whether to invest in the Fund, carefully consider these risk factors and special considerations associated with investing in the Fund, which may cause investors to lose money.

- **Investment Risks:** An investment in the Fund is subject to investment risk, including the possible loss of the entire principal amount that you invest.
- **Equity Risks:** A principal risk of investing in the Fund is equity risk, which is the risk that the value of the securities held by the Fund will fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests.
- **Foreign Investment Risks:** The Fund's investments in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. Adverse political, economic or social developments could undermine the value of the Fund's investments or prevent the Fund from realizing the full value of its investments.
- **Currency Risks:** Foreign securities that trade in, and receive revenues in, foreign currencies are subject to the risk that those currencies will decline in value relative to the U.S. dollar or, in the case of hedging positions, that the U.S. dollar will decline in value relative to the currency being hedged.
- **Emerging Markets Risks:** The Fund's investments in foreign issuers in developing or emerging market countries involve exposure to changes in economic and political factors. The economies of most emerging market countries are in the infancy stage of capital market development. As a result, their economic systems are still evolving and their political systems are typically less stable than those in developed economies. Emerging market countries often suffer from currency devaluation and higher rates of inflation.
- **Management Risks:** The Fund is subject to management risk because it is an actively managed portfolio. The Fund's advisor applies investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these will produce the desired results.
- **Non-Diversification Risks:** The Fund is non-diversified, which means the Fund may focus its investments in the securities of a comparatively small number of issuers. Investment in securities of a limited number of issuers exposes the Fund to greater market risk and potential losses than if its assets were diversified among the securities of a greater number of issuers.
- **Small- and Mid-Cap Company Risks:** The securities of small- or mid-cap companies may be subject to more abrupt or erratic market movements and may have lower trading volumes or more erratic trading than securities of larger companies or the market averages in general.
- **ETF Risks:** The risk of ETFs generally reflects the risk of owning shares of the underlying securities held by the ETFs, although the lack of liquidity in an ETF could result in its value being more volatile than the underlying portfolio of securities. The Fund limits its investment in shares of other investment companies including ETFs to the extent allowed by the Investment Company Act of 1940, as amended (the "1940 Act").

Performance

The Fund does not have a full calendar year performance record to compare against other mutual funds or broad measures of securities market performance such as indices. Performance information will be available after the Fund has been in operation for one calendar year.

Investment Advisor

Jubak Asset Management, LLC (the “Advisor”)

Portfolio Manager

James Jubak has served as the portfolio manager of the Fund since its inception on June 30, 2010.

Purchase and Sale of Fund Shares

To purchase shares of the Fund, you must invest at least the minimum amount.

<u>Minimum Investments</u>	<u>To Open Your Account</u>	<u>To Add to Your Account</u>
Direct Regular Accounts	\$500	\$250
Traditional and Roth IRA Accounts	\$500	\$250
Automatic Investment Plan	\$500	\$250
Gift Account For Minors	\$500	\$250

Fund shares are redeemable on any business day by written request or by telephone.

Tax Information

The Fund’s distributions are taxable, and will be taxed as ordinary income or capital gains, unless you are investing through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account. Such tax-deferred arrangements may be taxed later upon withdrawal of monies from those arrangements.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase shares of the Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

INVESTMENT OBJECTIVE AND PRINCIPAL INVESTMENT STRATEGIES

Investment Objective

The Fund's investment objective is long term capital appreciation. The Fund's investment objective is not fundamental, and may be changed by the Board of Trustees without shareholder approval. There is no guarantee that the Fund will achieve its objective.

Principal Investment Strategies

Under normal market conditions, the Fund will invest at least 80% of its net assets in equity securities of companies located throughout the world, including the United States, and will invest at least 40% of its assets in companies organized, headquartered or doing a substantial amount of business outside the United States. The Fund considers a company that has, at the time of purchase, at least 50% of its assets or derived at least 50% of its revenue during the most recent fiscal year from business outside the United States as doing a substantial amount of business outside the United States. The Fund will invest primarily in equity securities of companies located in developed countries and may invest up to 40% of its assets in emerging markets.

The Fund's investments in equity securities may include common stocks, preferred stocks and convertible securities. The Fund may invest in any size company, including small and mid capitalization companies. The Fund will focus its investment in a portfolio of stocks across all industry groups, market capitalization ranges and geographic locations (but in no less than three different countries). From time to time, the Fund may have a significant portion of its assets invested in the securities of companies in one or a few countries or regions.

The Fund also may invest in ADRs, EDRs, GDRs and ETFs. ADRs are receipts that represent interests in foreign securities held on deposit by U.S. banks. EDRs and GDRs have the same qualities as ADRs, except that they may be traded in several international trading markets. ETFs are investment companies that invest in portfolios of securities designed to track particular market segments or indices and that have shares which are bought and sold on securities exchanges.

The Advisor's investment process is based on a large number of factors, including macro-economic trends and geopolitical issues, as well as more fundamental analysis of specific company performance, competitors and markets. The Advisor also considers other factors including political risk, monetary policy risk, and regulatory risk when selecting foreign (non-U.S.) securities. The Advisor's investment approach begins with a macro-economic approach that identifies important long-term global economic, financial, demographic, technology, and political trends and then seeks to identify specific companies that will be positively affected by these trends prior to general recognition of their consequences by markets. In choosing the specific stocks to buy to take advantage of these long-term trends the Advisor looks at fundamental positioning in a company's market, management track records, competitive advantage with respect to competitors, and financial staying power, and then seeks to buy the best stocks based on these metrics whenever short-term market volatility gives the Fund an opportunity to buy these stocks at low or reasonable prices. The Advisor expects that, in general, companies located or conducting business in developing countries will offer better growth opportunities than those dependent on developed economies over the next two or three decades, and the Fund's investments will generally reflect this belief. The Advisor will sell a stock when it believes the reward no longer justifies the risk. For example, this can happen when the value of a stock has climbed so far and so quickly that the Advisor's projections of future appreciation no longer meet the Advisor's risk adjusted hurdle rate; something fundamental at the company changes so that the Advisor's projection of the future stock price appreciation no longer meets the Advisor's risk-adjusted hurdle rate; or the risk in the stock or in the market increases so that the Advisor raises its risk adjusted hurdle rate and the stock's projected appreciation no longer meets the threshold.

When current market, economic, political or other conditions are unsuitable and would impair the pursuit of the Fund's investment objective, the Fund may temporarily invest up to 100% of its assets in cash, or cash equivalents, including but not limited to, obligations of the U.S. Government, money market fund shares, commercial paper, repurchase agreements, certificates of deposit and/or bankers acceptances, as well as other interest bearing or

discount obligations. When the Fund takes a temporary defensive position, it may not achieve its investment objective.

Principal Risks of Investing

The Fund's principal risks are mentioned below. Before you decide whether to invest in the Fund, carefully consider these risk factors and special considerations associated with investing in the Fund, which may cause investors to lose money.

- **Investment Risks:** An investment in the Fund is subject to investment risk, including the possible loss of the entire principal amount that you invest.
- **Equity Risks:** A principal risk of investing in the Fund is equity risk, which is the risk that the value of the securities held by the Fund will fall due to general market and economic conditions, perceptions regarding the industries in which the issuers of securities held by the Fund participate, or factors relating to specific companies in which the Fund invests. For example, an adverse event, such as an unfavorable earnings report, may depress the value of equity securities of an issuer held by the Fund; the price of common stock of an issuer may be particularly sensitive to general movements in the stock market; or a drop in the stock market may depress the price of most or all of the common stocks and other equity securities held by the Fund. The stock market has been subject to significant volatility recently which has increased the risk associated with an investment in the Fund. Common stock of an issuer in the Fund's portfolio may decline in price if the issuer fails to make anticipated dividend payments because, among other reasons, the issuer of the security experiences a decline in its financial condition. Common stock is subordinated to preferred stocks, bonds and other debt instruments in a company's capital structure, in terms of priority with respect to corporate income, and therefore will be subject to greater dividend risk than preferred stocks or debt instruments of such issuers. In addition, while broad market measures of common stocks have historically generated higher average returns than fixed income securities, common stocks have also experienced significantly more volatility in those returns.
- **Foreign Investment Risks:** The Fund's investments in non-U.S. issuers may involve unique risks compared to investing in securities of U.S. issuers. Adverse political, economic or social developments could undermine the value of the Fund's investments or prevent the Fund from realizing the full value of its investments. Financial reporting standards and transaction settlement systems for companies based in foreign markets differ from those in the United States. Finally, the value of the currency of the country in which the Fund has invested could decline relative to the value of the U.S. dollar, which may affect the value of the investment to U.S. investors. In addition, the underlying issuers of certain depositary receipts, particularly unsponsored or unregistered depositary receipts, are under no obligation to distribute shareholder communications to the holders of such receipts, or to pass through to them any voting rights with respect to the deposited securities.
- **Currency Risks:** Foreign securities that trade in, and receive revenues in, foreign currencies are subject to the risk that those currencies will decline in value relative to the U.S. dollar or, in the case of hedging positions, that the U.S. dollar will decline in value relative to the currency being hedged. Currency rates in foreign countries may fluctuate significantly over short periods of time due to the imposition of currency controls or other political developments in the United States or abroad. As a result, the Fund's investments in non-U.S. dollar-denominated securities and currencies may reduce the returns of the Fund.
- **Emerging Markets Risks:** The Fund's investments in foreign issuers in developing or emerging market countries involve exposure to changes in economic and political factors. The economies of most emerging market countries are in the infancy stage of capital market development. As a result, their economic systems are still evolving and their political systems are typically less stable than those in developed economies. Emerging market countries often suffer from currency devaluation and higher rates of inflation.

- **Management Risks:** The Fund is subject to management risk because it is an actively managed portfolio. The Advisor applies investment techniques and risk analyses in making investment decisions for the Fund, but there can be no guarantee that these will produce the desired results.
- **Non-Diversification Risks:** The Fund is non-diversified, which means the Fund may focus its investments in the securities of a comparatively small number of issuers. Investment in securities of a limited number of issuers exposes the Fund to greater market risk and potential losses than if its assets were diversified among the securities of a greater number of issuers.
- **Small- and Mid-Cap Company Risks:** The securities of small- or mid-cap companies may be subject to more abrupt or erratic market movements and may have lower trading volumes or more erratic trading than securities of larger companies or the market averages in general. In addition, such companies typically are subject to a greater degree of change in earnings and business prospects than are larger, more established companies.
- **ETF Risks:** The risk of ETFs generally reflects the risk of owning shares of the underlying securities held by the ETFs, although the lack of liquidity in an ETF could result in its value being more volatile than the underlying portfolio of securities. The Fund limits its investment in shares of other investment companies including ETFs to the extent allowed by the 1940 Act. Fund assets invested in ETFs and other mutual funds incur a layering of expenses, including operating costs and advisory fees that you indirectly bear as a shareholder in the Fund.

Portfolio Holdings Information

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio securities is available in the Fund's Statement of Additional Information ("SAI") dated September 30, 2011. Currently, disclosure of the Fund's holdings is required to be made quarterly within 60 days of the end of each fiscal quarter, in the Fund's annual report and semi-annual report to Fund shareholders, and in the quarterly holdings report on Form N-Q.

MANAGEMENT OF THE FUND

Investment Advisor

The Advisor, Jubak Asset Management LLC, is the Fund's investment advisor and provides investment advisory services to the Fund pursuant to an investment advisory agreement between the Advisor and the Trust (the "Advisory Agreement"). The Advisor was founded in 2010 and its principal address is 9 W. 57th Street, 26th Floor, New York, NY 10019. The Advisor is registered with the SEC. The Advisor does not currently manage other assets.

The Advisor is owned and managed by Tangent Advisors, LLC and James Jubak, who is the Advisor's Chief Investment Officer. Although Mr. Jubak had not previously managed a mutual fund or other client assets prior to the Fund's inception, he has been researching and analyzing portfolio securities as an investment journalist since 1985 and has maintained and reported the results of a hypothetical investment portfolio on the internet since 1997.

Pursuant to the Advisory Agreement, the Fund pays the Advisor an annual advisory fee of 1.20% of the Fund's average daily net assets for the services and facilities it provides, payable on a monthly basis. The Advisor waived its entire management fee for the fiscal year ended May 31, 2011.

A discussion regarding the basis of Board's approval of the Advisory Agreement is available in the Fund's semi-annual report to shareholders for the period ending November 30, 2010.

Portfolio Manager

James Jubak is responsible for the day-to-day management of the Fund.

James Jubak is the Advisor's Chief Investment Officer and is also the author of the "Jubak Picks" website and was recently awarded the 2009 "Best in Business" Award for excellence by the Society of American Business Editors and Writers. Nielsen Net Ratings rated Mr. Jubak the most-read investment journalist on the internet in February 2008 and February 2009. From 1997 to May 2009, Mr. Jubak served as the Senior Markets Editor for MSN Money, where he began the "Jubak's Picks" hypothetical portfolio. Mr. Jubak is also the author of the book, *The Jubak Picks*, published by Crown in December 2008. Mr. Jubak was a Knight Bagehot Journalism Fellow at Colombia University from 1983 to 1984 and earned his PhD in English literature from the University of Virginia.

The SAI provides additional information about the portfolio manager's compensation structure, other accounts managed by the portfolio manager and the portfolio manager's ownership of Fund securities.

Fund Expenses

The Fund is responsible for its own operating expenses. The Advisor has contractually agreed, however, to waive its fees and/or absorb expenses of the Fund to ensure that the net annual fund operating expenses (excluding taxes, leverage interest, brokerage commissions, dividend expenses on short sales, acquired fund fees and expenses as determined in accordance with Form N-1A, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation) do not exceed the percentage stated above in the Fund's expense table.

Any reduction in advisory fees or payment of expenses made by the Advisor may be reimbursed by the Fund in subsequent fiscal years if the Advisor so requests. This reimbursement may be requested if the aggregate amount actually paid by the Fund toward operating expenses for such fiscal year (taking into account the reimbursement) does not exceed the current limitation on Fund expenses and the limitation on Fund expenses in place at the time of the fee waiver or expense reimbursement. The Advisor is permitted to be reimbursed for fee reductions and/or expense payments made for a period of three years from the date the expenses were waived and/or Fund expenses were reimbursed. Any such reimbursement is contingent upon the Board's subsequent review and ratification of the reimbursed amounts and will not cause the total fee paid to exceed the applicable limitation on Fund expenses. The Fund must pay current ordinary operating expenses before the Advisor is entitled to any reimbursement of fees and/or expenses.

DISTRIBUTION PLAN

Distribution (Rule 12b-1) Plan

The Fund has adopted a plan pursuant to Rule 12b-1 of the 1940 Act that allows the Fund to pay distribution fees for the sale and distribution of its shares. The plan provides for the payment of a distribution fee at the annual rate of up to 0.25% of average daily net assets. Since these fees are paid out of the Fund's assets, these fees will increase the cost of your investment and, over time, may cost you more than paying other types of sales charges.

Additional Payments to Broker-Dealers and Other Financial Intermediaries

The Advisor, out of its own resources, and without additional cost to the Fund or its shareholders, may provide additional cash payments or non-cash compensation to broker-dealers or intermediaries that sell shares of the Fund. These additional cash payments are generally made to intermediaries that provide shareholder servicing, marketing support and/or access to sales meetings, sales representatives and management representatives of the intermediary. The Advisor may pay cash compensation for inclusion of the Fund on a sales list, including a preferred or select sales list, in other sales programs or may pay an expense reimbursement in cases where the intermediary provides shareholder services to the Fund's shareholders. The Advisor may also pay cash compensation in the form of finder's fees that vary depending on the Fund and the dollar amount of the shares sold.

YOUR ACCOUNT WITH THE FUND

Share Price

The offering price of the Fund's shares is based upon the net asset value per share ("NAV"). The NAV is determined by dividing (a) the difference between the value of the Fund's securities, cash and other assets and the amount of the Fund's expenses and liabilities by (b) the number of shares outstanding (assets – liabilities / # of shares = NAV). The NAV takes into account all of the expenses and fees of the Fund, including management fees and administration fees, which are accrued daily. The Fund's NAV is typically calculated as of the close of regular trading (generally, 4:00 p.m. Eastern Time) on each day that the New York Stock Exchange ("NYSE") is open for unrestricted business. The Fund's NAV may be calculated earlier if trading on the NYSE is restricted or if permitted by the SEC. The NYSE is closed on weekends and most U.S. national holidays. However, foreign securities listed primarily on non-U.S. markets may trade on weekends or other days on which the Fund does not value its shares, which may significantly affect the Fund's NAV on days when you are not able to buy or sell Fund shares.

In certain circumstances, the Fund employs fair value pricing to ensure greater accuracy in determining daily NAVs and to prevent dilution by frequent traders or market timers who seek to exploit temporary market anomalies. The Board has adopted procedures in the event that the Fund must utilize fair value pricing, including when reliable market quotations are not readily available, when the Fund's pricing service does not provide a valuation (or provides a valuation that, in the judgment of the Advisor, does not represent the security's fair value), or when, in the judgment of the Advisor, events have rendered the market value unreliable (see the discussion of fair value pricing of foreign securities in the paragraph below). Valuing securities at fair value involves reliance on the judgment of the Board (or a committee thereof), and may result in a different price being used in the calculation of the Fund's NAV from quoted or published prices for the same securities. Fair value determinations are made in good faith in accordance with procedures adopted by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it sells the security.

Fair value pricing may be applied to foreign securities held by the Fund upon the occurrence of an event after the close of trading on non-U.S. markets but before the close of trading on the NYSE when the Fund's NAV is determined. If the event may result in a material adjustment to the price of the Fund's foreign securities once non-U.S. markets open on the following business day (such as, for example, a significant surge or decline in the U.S. market), the Fund may value such foreign securities at fair value, taking into account the effect of such event, in order to calculate the Fund's NAV. Other types of portfolio securities that the Fund may value at fair value include, but are not limited to: (1) investments that are illiquid or traded infrequently, including "restricted" securities and private placements for which there is no public market; (2) investments for which, in the judgment of the Advisor, the market price is stale; (3) securities of an issuer that has entered into a restructuring; (4) securities for which trading has been halted or suspended; and (5) fixed income securities for which there is not a current market value quotation.

Buying Fund Shares

To purchase shares of the Fund, you must invest at least the minimum amount indicated in the following table.

	To Open	To Add to
<u>Minimum Investments</u>	<u>Your Account</u>	<u>Your Account</u>
Direct Regular Accounts	\$500	\$250
Traditional and Roth IRA Accounts	\$500	\$250
Automatic Investment Plan	\$500	\$250
Gift Account For Minors	\$500	\$250

Shares of the Fund may be purchased by check, by wire transfer of funds via a bank or through an approved financial intermediary (*i.e.*, a supermarket, investment advisor, financial planner or consultant, broker, dealer or other investment professional and their agents) authorized by the Fund to receive purchase orders. A financial intermediary may charge additional fees and may require higher minimum investments or impose other limitations

on buying and selling Fund shares. You may make an initial investment in an amount greater than the minimum amounts shown in the preceding table and the Fund may, from time to time, reduce or waive the minimum initial investment amounts. The minimum initial investment amount is automatically waived for Fund shares purchased by Trustees of the Trust and current or retired directors and employees of the Advisor and its affiliates.

In-Kind Purchases and Redemptions

The Fund reserves the right to accept payment for shares in the form of securities that are permissible investments for the Fund. The Fund also reserves the right to pay redemptions by an “in-kind” distribution of securities (instead of cash) from the Fund. In-kind purchases and redemptions are taxable events and may result in the recognition of gain or loss for federal income tax purposes. See the SAI for further information about the terms of these purchases and redemptions.

Additional Investments

Additional subscriptions in the Fund generally may be made by investing at least the minimum amount shown in the table above. Exceptions may be made at the Trust’s discretion. You may purchase additional shares of the Fund by sending a check together with the investment stub from your most recent account statement to the Fund at the applicable address listed in the table below. Please ensure that you include your account number on the check. If you do not have the investment stub from your account statement, list your name, address and account number on a separate sheet of paper and include it with your check. You may also make additional investments in the Fund by wire transfer of funds or through an approved financial intermediary. The minimum additional investment amount is automatically waived for shares purchased by Trustees of the Trust and current or retired directors and employees of the Advisor and its affiliates. Please follow the procedures described in this Prospectus.

Customer Identification Information

To help the government fight the funding of terrorism and money laundering activities, federal law requires all financial institutions to obtain, verify and record information that identifies each person who opens an account. When you open an account, you will be asked for your name, date of birth (for a natural person), your residential address or principal place of business, and mailing address, if different, as well as your social security number or taxpayer identification number. Additional information is required for corporations, partnerships and other entities. Applications without such information will not be considered in good order. The Fund reserves the right to deny applications if the application is not in good order.

This Prospectus should not be considered a solicitation to purchase or as an offer to sell shares of the Fund in any jurisdiction where it would be unlawful to do so under the laws of that jurisdiction.

Automatic Investment Plan

If you intend to use the Automatic Investment Plan (“AIP”), you may open your account with the initial minimum investment amount. Once an account has been opened, you may make additional investments in the Fund at regular intervals through the AIP. If elected on your account application, funds can be automatically transferred from your checking or savings account on the 5th, 10th, 15th, 20th or 25th of each month. In order to participate in the AIP, each additional subscription must be at least \$50, and your financial institution must be a member of the Automated Clearing House (“ACH”) network. The first AIP purchase will be made 15 days after the Fund’s transfer agent (the “Transfer Agent”) receives your request in good order. The Transfer Agent will charge a \$25 fee for any ACH payment that is rejected by your bank. Your AIP will be terminated if two successive mailings we send to you are returned by the U.S. Postal Service as undeliverable. You may terminate your participation in the AIP at any time by notifying the Transfer Agent at 1-888-88JUBAK (58225) at least five days prior to the date of the next AIP transfer. The Fund may modify or terminate the AIP at any time without notice.

Timing and Nature of Requests

The purchase price you will pay for the Fund's shares will be the next NAV calculated after the Transfer Agent or your authorized financial intermediary receives your request in good order. "Good order" means that your purchase request includes: (1) the name of the Fund, (2) the dollar amount of shares to be purchased, (3) your purchase application or investment stub, and (4) a check payable to ***Jubak Global Equity Fund***. All requests received in good order before 4:00 p.m. (Eastern Time) will be processed on that same day. Requests received after 4:00 p.m. (Eastern Time) will be transacted at the next business day's NAV.

Methods of Buying

Through a broker-dealer or other financial intermediary

The Fund is offered through certain approved financial intermediaries (and their agents). The Fund is also offered directly. An order placed with a financial intermediary or its authorized agent is treated as if such order were placed directly with the Fund, and will be executed at the next NAV calculated by the Fund. Your financial intermediary will hold your shares in a pooled account in its (or its agent's) name. The Fund may pay your financial intermediary (or its agent) to maintain your individual ownership information, maintain required records, and provide other shareholder services. The financial intermediary which offers shares may require payment of additional fees from its individual clients. If you invest through your financial intermediary, the policies and fees may be different than those described in this Prospectus. For example, the financial intermediary may charge transaction fees or set different minimum investments. Your financial intermediary is responsible for processing your order correctly and promptly, keeping you advised of the status of your account, confirming your transactions and ensuring that you receive copies of the Fund's Prospectus. Please contact your financial intermediary to determine whether it is an approved financial intermediary of the Fund or for additional information.

By mail

The Fund will not accept payment in cash, including cashier's checks. Also, to prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks, money orders or starter checks for the purchase of shares.

To buy shares of the Fund, complete an account application and send it together with your check for the amount you wish to invest in the Fund to the address indicated below. To make additional investments once you have opened your account, write your account number on the check and send it together with the most recent confirmation statement received from the Transfer Agent. If your check is returned for insufficient funds, your purchase will be canceled and a \$25 fee will be assessed against your account by the Transfer Agent.

Regular Mail:

Jubak Global Equity Fund
P.O. Box 2175
Milwaukee, Wisconsin 53201

Overnight Delivery:

Jubak Global Equity Fund
803 West Michigan Street
Milwaukee, Wisconsin 53233-2301

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents.

By telephone

To make additional investments by telephone, you must authorize telephone purchases on your account application. If you have given authorization for telephone transactions and your account has been open for at least 15 days, call the Transfer Agent toll-free at 1-888-88JUBAK (58225) and you will be allowed to move money in amounts of at least \$250 but not greater than \$50,000 from your bank account to the Fund account upon request. Only bank accounts held at U.S. institutions that are ACH members may be used for telephone transactions. If your order is placed before 4:00 p.m. (Eastern Time) shares will be purchased in your account at the NAV determined on that day. For security reasons, requests by telephone will be recorded.

By wire To open an account by wire, a completed account application is required before your wire can be accepted. You may mail or send by overnight delivery your account application to the Transfer Agent. Upon receipt of your completed account application form, an account will be established for you. The account number assigned will be required as part of the instruction that should be provided to your bank to send the wire. Your bank must include the name of the Fund, the account number, and your name so that monies can be correctly applied. Your bank should transmit funds by wire to:

UMB Bank, n.a.

ABA Number 101000695

For credit to Jubak Global Equity Fund

A/C # 9871916456

For further credit to:

“Jubak Global Equity Fund”

Your account number(s)

Name(s) of investor(s)

Social security or tax payer ID number

Before sending your wire, please contact the Transfer Agent at 1-888-88JUBAK (58225) to notify it of your intention to wire funds. This will ensure prompt and accurate credit upon receipt of your wire. Your bank may charge a fee for its wiring service.

Wired funds must be received prior to 4:00 p.m. (Eastern Time) to be eligible for same day pricing. **The Fund and UMB Bank, n.a. are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.**

Selling (Redeeming) Fund Shares

Through a broker-dealer or other financial intermediary

If you purchased your shares through an approved financial intermediary, your redemption order must be placed through the same financial intermediary. The financial intermediary must receive and transmit your redemption order to the Transfer Agent prior to 4:00 p.m. (Eastern Time) for the redemption to be processed at the current day's NAV. Orders received after 4:00 p.m. (Eastern Time) will be transacted at the next business day's NAV. Please keep in mind that your financial intermediary may charge additional fees for its services.

By mail

You may redeem shares purchased directly from the Fund by mail. Send your written redemption request to **Jubak Global Equity Fund** at the address indicated below. Your request must be in good order and contain the Fund name, the name(s) on the account, your account number and the dollar amount or the number of shares to be redeemed. The redemption request must be signed by all shareholders listed on the account. Additional documents are required for certain types of shareholders, such as corporations, partnerships, executors, trustees, administrators, or guardians (*i.e.*, corporate resolutions dated within 60 days, or trust documents indicating proper authorization).

Regular Mail:

Jubak Global Equity Fund

P.O. Box 2175

Milwaukee, Wisconsin 53201

Overnight Delivery:

Jubak Global Equity Fund

803 West Michigan Street

Milwaukee, Wisconsin 53233-2301

A Medallion signature guarantee must be included if any of the following situations apply:

- You wish to redeem more than \$50,000 worth of shares;
- When redemption proceeds are sent to any person, address or bank account not on record;
- If a change of address was received by the Transfer Agent within the last 15 days;
- If ownership is changed on your account; or
- When establishing or modifying certain services on your account.

By telephone

To redeem shares by telephone, call the Fund at 1-888-88JUBAK (58225) and specify the amount of money you wish to redeem. You may have a check sent to the address of record, or, if previously established on your account, you may have proceeds sent by wire or electronic funds transfer through the ACH network directly to your bank account. Wire transfers are subject to a \$20 fee paid by the shareholder and your bank may charge a fee to receive wired funds. Overnight check delivery is subject to a \$15 fee (additional charges may apply for Saturday delivery). . You do not incur any charge when proceeds are sent via the ACH network; however, credit may not be available for two to three business days.

If you are authorized to perform telephone transactions (either through your account application form or by subsequent arrangement in writing with the Fund), you may redeem shares up to \$50,000, by instructing the Fund by phone at 1-888-88JUBAK (58225). Unless noted on the initial account application, a Medallion signature guarantee is required of all shareholders in order to qualify for or to change telephone redemption privileges.

Note: The Fund and all of its service providers will not be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the caller must verify the following:

- The Fund account number;
- The name in which his or her account is registered;
- The social security or tax identification number under which the account is registered; and
- The address of the account holder, as stated in the account application form.

Medallion Signature Guarantee

In addition to the situations described above, the Fund reserves the right to require a Medallion signature guarantee in other instances based on the circumstances relative to the particular situation.

Shareholders redeeming more than \$50,000 worth of shares by mail should submit written instructions with a Medallion signature guarantee from an eligible institution acceptable to the Transfer Agent, such as a domestic bank or trust company, broker, dealer, clearing agency or savings association, or from any participant in a Medallion program recognized by the Securities Transfer Association. The three recognized Medallion programs are Securities Transfer Agents Medallion Program, Stock Exchanges Medallion Program and New York Stock Exchange, Inc. Medallion Signature Program. Signature guarantees that are not part of these programs will not be accepted. Participants in Medallion programs are subject to dollar limitations which must be considered when requesting their guarantee. The Transfer Agent may reject any signature guarantee if it believes the transaction would otherwise be improper. *A notary public cannot provide a signature guarantee.*

Systematic Withdrawal Plan

You may request that a predetermined dollar amount be sent to you on a monthly or quarterly basis. Your account must maintain a value of at least \$500 for you to be eligible to participate in the Systematic Withdrawal Plan ("SWP"). The minimum withdrawal amount is \$250. If you elect to receive redemptions through the SWP, the Fund will send a check to your address of record, or will send the payment via electronic funds transfer through the ACH network, directly to your bank account. You may request an application for the SWP by calling the Transfer Agent toll-free at 1-888-88JUBAK (58225). The Fund may modify or terminate the SWP at any time. You may terminate your participation in the SWP by calling the Transfer Agent at least five business days before the next withdrawal.

Payment of Redemption Proceeds

You may redeem shares of the Fund at a price equal to the NAV next determined after the Transfer Agent and/or authorized agent receives your redemption request in good order. Generally, your redemption request cannot be processed on days the NYSE is closed. All requests received in good order by the Transfer Agent and/or authorized agent before the close of the regular trading session of the NYSE (generally, 4:00 p.m. Eastern Time) will usually be sent to the bank you indicate or mailed on the following day to the address of record. In all cases, proceeds will be processed within seven calendar days and sent to you after your redemption request has been received.

If you purchase shares using a check and soon after request a redemption, the Fund will not honor your request. The request will need to be submitted after the check has cleared. Furthermore, there are certain times when you may be unable to sell Fund shares or receive proceeds. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than three business days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists affecting the sale of the Fund's securities or making such sale or the fair determination of the value of the Fund's net assets not reasonably practicable; or (3) for such other periods as the SEC may permit for the protection of the Fund's shareholders.

Other Redemption Information

Shareholders who have an IRA or other retirement plan must indicate on their redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have taxes withheld will generally be subject to a 10% federal income tax withholding.

The Fund generally pays sale (redemption) proceeds in cash. However, under unusual conditions that make the payment of cash unwise (and for the protection of the Fund's remaining shareholders), the Fund may pay all or part of a shareholder's redemption proceeds in liquid securities with a market value equal to the redemption price (redemption-in-kind).

The Fund may redeem all of the shares held in your account if your balance falls below the Fund's minimum initial investment amount due to your redemption activity. If, within 30 days of the Fund's written request, you have not increased your account balance, your shares will be automatically redeemed at the current NAV. The Fund will not require that your shares be redeemed if the value of your account drops below the investment minimum due to fluctuations of the Fund's NAV.

Cost Basis Information

As of January 1, 2012, federal law requires that open-end regulated investment companies report their shareholders' cost basis, gain or loss, and holding period to the IRS on their shareholders' Consolidated Form 1099s when "covered" shares of the regulated investment companies are redeemed. Covered shares are any shares acquired (including pursuant to a dividend reinvestment plan) on or after January 1, 2012.

The Fund has chosen “first-in, first-out” (“FIFO”) as its standing (default) tax lot identification method for all shareholders, which means this is the method the Fund will use to determine which specific shares are deemed to be sold when there are multiple purchases on different dates at differing prices, and the entire position is not sold at one time. The Fund’s standing tax lot identification method is the method it will use to report the sale of covered shares on your Consolidated Form 1099 if you do not select a specific tax lot identification method. You may choose a method other than the Fund’s standing method at the time of your purchase or upon the sale of covered shares. Please refer to the appropriate Treasury regulations or consult your tax advisor with regard to your personal circumstances.

Tools to Combat Frequent Transactions

The Fund discourages excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm the Fund’s performance. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps may include monitoring trading activity and using fair value pricing. Although these efforts (which are described in more detail below) are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity may occur. Further, while the Fund makes efforts to identify and restrict frequent trading, the Fund receives purchase and sale orders through financial intermediaries and cannot always know or detect frequent trading that may be facilitated by the use of intermediaries or the use of group or omnibus accounts by those intermediaries. The Fund seeks to exercise its judgment in implementing these tools to the best of its ability in a manner that the Fund believes is consistent with shareholder interests.

Redemption Fee

You will be charged a redemption fee of 2.00% of the value of the shares being redeemed if you redeem your shares of the Fund within 90 days of purchase. The “first in, first out” (“FIFO”) method is used to determine the holding period; this means that if you bought shares on different days, the shares purchased first will be redeemed first for the purpose of determining whether the redemption fee applies. The redemption fee is deducted from the sale proceeds and is retained by the Fund for the benefit of its remaining shareholders. The fee will not apply to redemptions (i) due to shareholder’s death or disability, (ii) from certain omnibus accounts with systematic or contractual limitations, (iii) of shares acquired through reinvestments of dividends or capital gains distributions, (iv) through certain employer-sponsored retirement plans or employee benefit plans or, with respect to any plan, to comply with minimum distribution requirements, (v) effected pursuant to an automatic non-discretionary rebalancing program, (vi) pursuant to asset allocation programs, wrap fee programs, and other investment programs offered by financial institutions where investment decisions are made on a discretionary basis by investment professionals, (vii) pursuant to the SWP, or (viii) by the Fund of accounts falling below the minimum initial investment amount. The Fund reserves the right to waive this fee in other circumstances if the Advisor determines that doing so is in the best interests of the Fund.

Monitoring Trading Practices

The Fund may monitor trades in an effort to detect short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder’s accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interest of shareholders. Due to the complexity and subjectivity involved in identifying abusive trading activity, there can be no assurance that the Fund’s efforts will identify all trades or trading practices that may be considered abusive.

General Transaction Policies

Some of the following policies are mentioned above. In general, the Fund reserves the right to:

- vary or waive any minimum investment requirement;
- refuse, change, discontinue, or temporarily suspend account services, including purchase or telephone redemption privileges, for any reason;
- reject any purchase request for any reason (generally, the Fund does this if the purchase is disruptive to the efficient management of the Fund due to the timing of the investment or an investor's history of excessive trading);
- delay paying redemption proceeds for up to seven calendar days after receiving a request, if an earlier payment could adversely affect the Fund; and
- reject any purchase or redemption request that does not contain all required documentation.

If you elect telephone privileges on the account application or in a letter to the Fund, you may be responsible for any fraudulent telephone orders as long as the Fund and/or its service providers have taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified.

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact the Fund by telephone, you may also mail your request to the Fund at the address listed under "Methods of Buying."

Please note that the value of your account may be transferred to the appropriate state if no activity occurs in the account within the time period specified by the state law.

Your broker or other financial intermediary may establish policies that differ from those of the Fund. For example, the organization may charge transaction fees, set higher minimum investments, or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Contact your broker or other financial intermediary for details.

DIVIDENDS AND DISTRIBUTIONS

The Fund will make distributions of net investment income and net capital gains, if any, at least annually, typically in December. The Fund may make an additional payment of dividends or distributions if it deems it desirable at any other time during the year.

Some of the Fund's investment income may be subject to foreign income taxes that are withheld at the country of origin. Tax conventions between certain countries and the United States may reduce or eliminate such taxes.

If you buy shares of the Fund just before it makes a distribution (on or before the record date), you will receive some of the purchase price back in the form of a taxable distribution.

All dividends and distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive net investment income dividends in cash, while reinvesting capital gain distributions in additional Fund shares; or (2) receive all dividends and distributions in cash. If you wish to change your distribution option, please write to the Transfer Agent before the payment date of the distribution.

If you elect to receive distributions in cash and the U.S. Postal Service cannot deliver your check, or if your distribution check has not been cashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV and to reinvest all subsequent distributions.

FEDERAL INCOME TAX CONSEQUENCES

The following discussion is very general. Because each shareholder's circumstances are different and special tax rules may apply, you should consult your tax advisor about your investment in the Fund.

You will generally have to pay federal income taxes, as well as any state or local taxes, on distributions received from the Fund, whether paid in cash or reinvested in additional shares. If you sell Fund shares, it is generally considered a taxable event.

Distributions of net investment income, other than "qualified dividend income," and distributions of short-term capital gains, are taxable for federal income tax purposes at ordinary income tax rates. Distributions of net capital gain (*i.e.*, the excess of net long-term capital gain over net short-term capital loss) are taxable for federal income tax purposes as long-term capital gain, regardless of how long the shareholder has held Fund shares. For taxable years beginning on or before December 31, 2012, distributions reported as qualified dividend income are taxed to individuals and other non-corporate investors at rates applicable to long-term capital gains, provided certain holding period and other requirements are satisfied. Dividends paid by a Fund may qualify in part for the dividend deduction available to corporate shareholders, provided certain holding period and other requirements are satisfied.

You may want to avoid buying shares of the Fund just before it declares a distribution (on or before the record date), because such a distribution will be taxable to you even though it may effectively be a return of a portion of your investment.

Dividends declared in October, November or December to shareholders of record as of a date in such month and paid during the following January are treated as if received on December 31 of the calendar year when the dividends were declared. Information on the federal income tax status of dividends and distributions is provided annually.

If you are neither a citizen nor a resident of the United States, certain dividends you receive from the Fund may be subject to federal withholding tax. To the extent that the Fund's distributions are subject to such withholding, the Fund will withhold federal income tax at the rate of 30% (or such lower rate as may be determined in accordance with any applicable treaty). Dividends that are reported by the Fund as "interest-related dividends" or "short-term capital gain dividends" are generally exempt from such withholding for taxable years of the Fund beginning before January 1, 2012.

If you do not provide the Fund with your correct taxpayer identification number and any required certifications, you will be subject to backup withholding on your redemption proceeds, dividends and other distributions. Backup withholding will not, however, be applied to payments that have been subject to the 30% withholding tax on shareholders who are neither citizens nor residents of the United States. The backup withholding rate is currently 28% and is scheduled to increase to 31% in 2013.

FINANCIAL HIGHLIGHTS

The following table is intended to help you understand the Fund's financial performance. Certain information reflects financial results for a single Fund share. The total return figures represent the percentage that an investor in the Fund would have earned (or lost) on an investment in the Fund (assuming reinvestment of all dividends and distributions). The financial information for the period shown has been audited by Tait, Weller & Baker LLP, an independent registered public accounting firm, whose report, along with the Fund's financial statements, is included in the Fund's annual report, which is available upon request (see back cover).

Per share operating performance.

For a capital share outstanding throughout the Period.

	For the Period June 30, 2010* to May 31, 2011	
Net asset value, beginning of period	\$	10.00

² *Annualized.*

³ *Effective July 1, 2011, the Fund's advisor has contractually agreed to waive its fees and/or absorb expenses of the Fund to ensure that total annual fund operating expenses (excluding taxes, leverage interest, brokerage commissions, dividend expenses on short sales, acquired fund fees and expenses as determined in accordance with Form N-1A, expenses incurred in connection with any merger or reorganization, or extraordinary expenses such as litigation) do not exceed 1.65% of average daily net assets of the Fund.*

⁴ *Based on average shares outstanding during the period*

PRIVACY NOTICE

The Fund collects non-public information about you from the following sources:

- Information we receive about you on the application form or other forms;
- Information you give us orally; and/or
- Information about your transactions with us or others.

We do not disclose any non-public personal information about our shareholders or former shareholders without the shareholder's authorization, except as permitted by law or in response to inquiries from governmental authorities. We may share information with affiliated and unaffiliated third parties with whom we have contracts for servicing the Fund. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibilities. We maintain physical, electronic and procedural safeguards to guard your non-public personal information and require third parties to treat your personal information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared by those entities with unaffiliated third parties.

FOR MORE INFORMATION

You can find more information about the Fund in the following documents:

Statement of Additional Information (SAI)

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Additional information about the Fund's investments is available in the Fund's annual and semi-annual reports to shareholders. In the Fund's annual report, you will find a discussion of the market conditions and investment strategies that significantly affected the Fund's performance during its most recent fiscal year.

The Fund's SAI and annual and semi-annual reports are available on the Fund's website at www.jubakfund.com. You can obtain a free copy of the Fund's SAI, request other information, or inquire about the Fund by contacting a broker that sells the Fund or by calling the Fund (toll-free) at 1-888-88JUBAK (58225) or by writing to:

Jubak Global Equity Fund
c/o UMB Fund Services, Inc.
P.O. Box 2175
Milwaukee, WI 53201

You may review and copy information including the shareholder reports and SAI at the Public Reference Section of the SEC in Washington, DC. You can obtain information on the operation of the Public Reference Section by calling (202) 551-8090. Reports and other information about the Fund are also available:

- Free of charge from the SEC's EDGAR database on the SEC's Internet website at <http://www.sec.gov>;
- For a fee, by writing to the Public Reference Section of the SEC, Washington, DC 20549-1520; or
- For a fee, by electronic request at the following e-mail address: publicinfo@sec.gov.
